1.7 Policy Considerations

Licensing Policy

6.2 The Council acknowledges that licensed premises, especially those offering late night/early morning entertainment, alcohol and refreshment for large numbers of people, can be a significant source of crime and disorder problems. The Council expects the licensing trade to fully co-operate and play its part in minimising crime and disorder.

6.5 Applicants will be required to consider measures to prevent crime and disorder. The following are examples of control measures that may need to be addressed in the operating schedule, having regard to their particular type of premises and/or activities: -

- (a) Effective and responsible management of premises
- (b) Training and supervision of staff
- (c) The internal layout and the location of various pieces of equipment within premises, including the position of cash registers, gaming machines etc.
- (d) The provision location and suitability of any CCTV and the need for Police and local authority to have right of access to tapes.
- (e) The use of plastic or toughened drinking vessels.
- (f) The adequacy of staffing levels to maintain a safe environment.
- (g) Management policy and action in relation to people who become intoxicated or disorderly.
- (h) Participation in Pub watch or other similar schemes.
- (i) The controls in place to prevent the use or supply of illegal drugs, including entry policies and search procedures.
- (j) The policy/procedure in respect of age verification and preventing sales of alcohol to under age people.
- (k) Adoption of best practice guidance (e.g. safer clubbing, Security by design etc)
- (l) The likelihood of disorder, if a licence is granted.

8.1 Licensed premises, especially those operating late at night and in the early hours of the morning can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises. The Council wishes to maintain and protect the amenity of residents and businesses from potential consequence of the operation of licensed premises. However it also recognises

the economic, social, and cultural importance that such premises provide, and will endeavour to ensure that a reasonable balance is maintained.

8.2 The Council will expect operating schedules to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained to prevent public nuisance. The extent and nature of these measures will be determined by the style and characteristics of the premises and events.

Secretary Of States Guidance

2.33 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance perhaps affecting a few people living locally as well as major disturbance affecting the whole community. It may also include in appropriate circumstances the reduction of the living and working amenity and environment of interested parties (as defined in the 2003 Act) in the vicinity of licensed premises.

2.34 Conditions relating to noise nuisance will normally concern steps necessary to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time in the evening to more sophisticated measures like the installation of acoustic curtains or rubber speaker mounts. Any conditions necessary to promote the prevention of public nuisance should be tailored to the style and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid unnecessary or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.

1.8 Officer Report

The application seeks to extend the operating hours by two hours on Monday to Saturday and one and half hours on Sunday, with licensable activities finishing thirty minutes earlier. Representations relating to crime and disorder have been received from the police and the environmental health officer.

Members are advised that since the submission of this application, an application for review of the licence has been submitted by the police relating to issues of crime and disorder and public nuisance.

Recommendation

That members determine the application after hearing all submissions

SUBJECT: Licensing Application received for a variation at Jimmys Bar, 33 Station Road, Port Talbot.

I have the following comments to make relating to the application listed –

1. In order to minimise the potential for public nuisance as a result of entertainment noise I recommend that a condition be applied to any licence that entertainment noise shall be inaudible inside any noise sensitive property.

Wednesday 1st October 2008.

Sir,

**Police Objections to vary a premises licence under Section 34 of the Licensing Act 2003
and Police application for Review of Premises Licence under the Licensing Act 2003.**

I am in receipt of an application to vary a premises licence under Section 34 of the Licensing Act 2003 at the below-referred licensed premises:

Name: Jimmy's Bar
Address: 33 Station Road,
Port Talbot,
SA13 1NN
Premises Licence No 002562

As you are aware Mr James Gladstone HALL, Mary Louise Hall and Tracy Helen HALL of 59 Tydraw Street, Port Talbot SA13 1BR. The Premises Licence Holders for Jimmy's Bar, 33 Station Road, Port Talbot SA13 1NN have submitted the above-referred application to vary the Premises Licence as follows:

Appendix 2

To open to the public between 12:00 – 04:30 hours Monday – Saturday and 12:00 – 02:00 hours on Sunday for the following licensable activities:

1. The performance of live amplified music – regulated entertainment.
2. The performance of recorded amplified music.
3. Dancing.
4. Provision of late night refreshment.
5. The sale by retail of alcohol on the premises.
6. Children to be allowed to attend party or other social gathering when accompanied by an adult.

On behalf of the Chief Officer of Police I formally and strongly submit objections to the variation application and request a review of the Premises License on the grounds that if the Premises were allowed to continue to operate in its present manner and or in accordance with the variation application if granted it would not promote the licensing objectives namely:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance; and
- the protection of children from harm.

I have to report that Senior Police Officers at Force and Divisional Command Team level and supported by rank and file officers from within the Neath Port Talbot Division, have serious concerns that if Jimmys Bar continues to operate in its present manner and or is given permission to carry out licensable activities until 04:30 hours Monday – Saturday and until 02:00 hours on Sunday. That Incidents of Violence, Public Order, Serious Assaults, Sexual Predation and Anti-Social Behaviour will not only continue at current levels but will substantially increase in their frequency and numbers of casualties.

This increase in Late Night Alcohol related violence and victims will lead to an unacceptable strain on police and ambulance resources and to staff at

“Accident and Emergency Departments” in local and neighbouring hospitals which could impact on duties and treatments scheduled for later times on those days and dates.

The application will also have a negative effect on local Social and Community based Services as it will lead to a significant rise in Community resources aimed and directed towards the treatment of alcohol and drug dependency and would have an adverse effect on the Environment. As a result of extended noise and light pollution being generated by the increased and extended pedestrian and vehicular movements, excessive littering and increased vandalism which will in addition to further burdening the Neath & Port Talbot County Borough Council resources.

This will have a negatively impact on local, residents, and commercial premises and affect the general perception of the Port Talbot Town Centre alike.

Police records show that the area has already witnessed late night incidents involving Homicides, Wounding, Grievous Bodily Harm, other Assaults, and Sex attacks, Fights, Disturbances and assaults on Police Officers.

Late night alcohol related occurrences at Station Road, Port Talbot have already increased to alarming levels with incidents of alcohol induced Violence and Public Order already matching much more densely populated City Centre areas within Wales and beyond.

In a recent Port Talbot Partnerships and Communities Acting Together (PACT) Meetings. Residents have complained about Anti- Social Behaviour in the Port Talbot area and Station Road, Port Talbot has indicated above has been identified as a "Hot Spot" in relation to Anti-Social and Public Order related incidents.

In addition to the above the Police, Local Authority and our Partnership Agencies have received a number of reported incidents of under age persons as young as 15 years of age being allowed access into Jimmys Bar, served alcohol and being offered drugs from other patrons inside the premises.

As a result of the above I respectfully submit the Police are objecting to the application and are formally requesting an urgent review of the Premises Licence is undertaken.

The above information is submitted for your perusal and consideration.

Yours Faithfully

Gareth Jones
