#### **1.4. Promotion of Licensing Objectives**

The following information has been provided by the applicant:

General - all four licensing objectives:

The Prevention of Crime & Disorder:

Ensure at all times there will be an effective and responsible manager on duty.

To ensure that all staff are trained.

Organise the lay-out and location of various pieces of equipment within the premises so that equipment can be properly monitored.

Ensure that staffing levels are adequate to maintain a safe environment.

Ensure that staff are aware that those who are heavily intoxicated or disorderly are to be managed in such a way that they will not be a harm to staff, patrons or themselves.

Ensure that staff are vigilant to prevent the use or supply of illegal drugs.

Ensure that staff prevent glasses and bottles being brought into or out of the premises by patrons.

Ensure that where the consumption of alcohol is likely to be in the open air that consideration is given to the use of toughened or plastic vessels.

Staff will report to the relevant authorities anyone dealing with illegal drugs.

Staff do not permit entry or serve anybody who is heavily intoxicated or seems to be under the influence of drugs.

Provide notices as appropriate in connection with under-age drinking etc.

#### Public Safety:

Ensure that the premises does not become overcrowded.

Ensure that means of escape in the event of fire or other emergency are always kept clear.

Ensure that the staff are informed about safe evacuation procedures.

Ensure that the disabled or infirm are able to evacuate the premises.

Provide a sufficient number of people employed to secure the safety of the premises and its patrons.

Provide appropriate instruction, training and supervision of those employed to secure the safety of the premises.

Ensure that all appliances pertinent to safety are tested on a regular basis and a written record of the tests are kept.

Provide toughened or plastic drinking vessels if patrons consume drink outside the premises.

#### The Prevention of Public Nuisance:

Ensure that noise from amplified music does not have an adverse impact on those living or working in the vicinity of the premises e.g. closing windows and doors.

Ensure that staff are made aware of the steps to be taken should there be any disorderly conduct.

Ensure that patrons arriving and leaving by taxi and minibuses should do so without disturbing the residents.

Consider whether any light pollution is caused by lighting appliances at the premises and if so to minimise it.

Ensure refuse is stored and disposed of appropriately.

To be mindful of those who live and work in the vicinity when disposing of empty bottles or when deliveries are being made.

Staff to minimise noise when leaving the premises.

Take appropriate steps to avoid any noxious smells.

The Protection of Children from Harm:

Ensure that staff are aware that it is prohibited to sell alcohol to children.

Ensure that any child on the premises is accompanied by a responsible adult.

Where films or television are available, to ensure if children are in the premises that the films are in accordance with the recommendations of the British Board of Film Classifications.

Request proof of age if in any doubt as to the age of anyone at the premises.

Provide a non-smoking area.

Children are permitted in the premises up until 18.00, but they must be at least 14 years old and after 18.00 no-one under 18 is permitted in the premises.

## 1.5. **Relevant Representations:**

### **Responsible Authorities Representations**

#### Police

See Appendix 1

#### Environmental Health

See Appendix 2

### **Interested Parties Representations**

See Appendix 3.

## 1.6. **Policy Considerations**

It is considered that the following policies are relevant to this application:

### Statement of Licensing Policy

#### **6.0 *Prevention of Crime & Disorder***

6.9 *The Council considers that certain types of premises are likely to require additional measures or conditions due to the nature, type and mode of operation. These would include premises, which sell alcohol and cater mainly for the 16-25 age group and provide regulated entertainment, or premises which provide events or entertainment mainly for children.*

*In order to ensure the safety of patrons and other persons in the vicinity of the premises, the council suggests that operating schedules give consideration to the following measures and may require any or all of these measures to be implemented in the interests of minimising crime and disorder.*

#### (iii) *Glasses/Bottles*

*Applicants should, where appropriate be able to demonstrate that they have adequate procedures in place to prevent glasses and bottles being brought into or out of the premises, and there is provision for regular collection of glasses and bottles. The use of toughened drinking vessels and plastic bottles should be considered. Where the consumption of alcohol is likely to be in the*

*open air, e.g. in beer gardens or outside events, toughened or plastic vessels should be used.*

### **8.0 Prevention of Public Nuisance**

- 8.2 *The Council will expect operating schedules to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained to prevent public nuisance. The extent and nature of these measures will be determined by the style and characteristics of the premises and events.*
- 8.3 *The Council may require applicants for premises licences to provide documented noise assessments with a view to minimising noise nuisance.*
- 8.4 *Noise from amplified music is a common source of disturbance. In order to minimise the impact in the vicinity, the licensing authority may require a range of measures to be taken. These may include the installation of soundproofing, air conditioning, acoustic and sound limitation devices.*
- 8.5 *In premises where regulated entertainment is provided, the licensing authority will require a documented noise assessment for the premises, which must indicate whether there is likely to be any nuisance or disturbance to the local community, and if so, what measures are to be implemented to prevent this.*
- 8.6 *The licensing authority may at its discretion waive the requirement for a noise assessment where it can be demonstrated that the nature, type or location of the premises is such that the likelihood of nuisance arising is negligible.*

### Secretary of State's Guidance

#### **Prevention of Nuisance**

- 7.41 *Conditions relating to noise nuisance will normally concern steps necessary to control the levels of noise emanating from premises, from simple mechanisms like ensuring that doors and windows are kept closed after a particular time in the evening to more sophisticated mechanisms like sound level inhibitors on amplification equipment or sound proofing. Any conditions necessary to promote the prevention of public nuisance should be tailored to the style and characteristics of premises and the type of activities expected to take place there.*

7.42 *As with all conditions, it will be clear that conditions relating to noise nuisance may in certain circumstances not be necessary where the provisions of the Environmental Protection Act 1990 and of the Noise Act 1996 adequately protect those living in the vicinity of the premises in question. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be necessary.*

7.43 *Where applications have given rise to representations, any necessary and appropriate conditions should normally focus on the most sensitive periods. For example, music noise from premises usually occurs from mid-evening until either late evening or early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. In certain circumstances, conditions relating to noise may also prove necessary to address any disturbance anticipated as customers enter and leave the premises and therefore, in the immediate vicinity of the premises.*

## **1.7. Officer's Report**

Representations from the police relate exclusively to the provision of plastic drinking vessels outside the premises.

Representations from the environmental health officer refer to noise nuisance and recent problems. The officer makes recommendations to deal with these matters.

Residents of the area refer to existing problems with the premises in respect of noise and also disorder.

## **1.8. Recommendation**

That members determine the application after taking into account the representations received.
