Noise Pollution Register

As a business we care about our residents. We have devised a monthly register to monitor and log feedback with regards to possible noise pollution due to our activities. Each month we will call to see a number of residents to keep track of our pollution. Each resident will have the ability to rank our noise pollution out of 10 with 10 being excellent and 1 being very poor.

DATE: 16.5.22

I hereby show my full support for Mr. Daniel Dyer and Rum & Co in their application for both TEUs (Temporary Events Notices) and A long term and official premises license.

I have had no issues with noise pollution or customer anti-social behaviors to date.

I'm happy to agree and show my support for Mr. Dyer's and Rum & Co's application for their Temporary Events Notices. I have not had any issues with the late 02:30 closing so I am more than happy with an earlier closing time for the time being.

If Mr. Dyer and Rum & Co apply for the same times as they have now on their wrongfully transferred premise license, I do not have an issue with this. Mr. Dyer has made every effort to keep any noise to a minimum.

As a very local resident to the premises, I feel the license times for the sale of alcohol and live entertainment that Rum & Co have applied for within their official premises license will not cause any concern to myself and my property AS LONG as they continue to actively promote the very same dedication they have shown so far.

Rum & Co has already shown that they can keep noise pollution to a minimum since they opened, and this proves they are not a risk to noise pollution. As residents we expect some level of noise to be standard living near by such premises but Rum & Co has not yet shown ANY reason for concern.
