

AUDIT COMMITTEE

10.00 AM - THURSDAY, 24 SEPTEMBER 2015

PORT TALBOT CIVIC CENTRE, COMMITTEE ROOMS 1/2

PART 1

1. To receive any declarations of interest from Members.
2. To receive the Minutes of the previous Audit Committee held on 26th June 2015 (*Pages 3 - 6*)

To receive the Report of the Director of Finance and Corporate Services

3. Closure of Accounts 2014/15 (*Pages 7 - 168*)

To receive the Reports of the Head of Financial Services

4. Internal Audit Service - Progress Report to 31st August 2015 (*Pages 169 - 178*)
5. Update on Grant Management Control Arrangements (*Pages 179 - 206*)
6. Treasury Management Monitoring 2015/16 (*Pages 207 - 212*)
7. Any urgent items at the discretion of the Chairman pursuant to Section 100B(4)(b) of the Local Government Act 1972.
8. Access to Meetings - to resolve to exclude the public for the following items pursuant to Section 100A(4) & (5) of the Local Government Act 1972 and the relevant Exempt Paragraphs 14 of Part 4 of Schedule 12A to the above Act.

PART 2

To receive the Private Report of the Head of Financial Services

9. Special Investigation (*Pages 213 - 216*)

S.Phillips
Chief Executive

Civic Centre
Port Talbot

Thursday, 17 September 2015

Committee Membership:

Chairman: Councillor Mrs.L.H.James

Vice Chairman: Councillor J.D.Morgan

Members: Councillors Ms.C.Clement-Williams, D.W.Davies,
Mrs.R.Davies, J.S.Evans, M.Harvey, I.B.James,
D.Keogh, A.R.Lockyer, Mrs.K.Lloyd and S.Rahaman

Voting Lay Mrs.J.Jenkins
Member:

AUDIT COMMITTEE

(Port Talbot Civic Centre, Committee Rooms 1/2)

Members Present:

26 June 2015

Chairman: Councillor Mrs.L.H.James

Councillors: D.W.Davies, Mrs.R.Davies, M.Harvey,
A.R.Lockyer, Mrs.K.Lloyd and S.Rahaman

Officers In Attendance D.Rees, Miss A.O'Donnell, Mrs.J.North,
Mrs.D.Mulligan and Miss.C.Davies

**Representing the
Wales Audit Office:** Mrs.J.McNicholas

Voting Lay Member: Mrs.J.Jenkins

1. **TO RECEIVE THE MINUTES OF THE PREVIOUS AUDIT
COMMITTEE HELD ON THE 20TH MARCH 2015**

RESOLVED: that the Minutes of the meeting held on the 20th March
2015, be approved

2. **MEMBER'S DECLARATION OF INTEREST**

The following Member made a declaration of interest at the commencement
of the meeting:

Councillor M. Harvey - Report of the Director of Finance and
Corporate Services –Internal Audit
Service– as he was known to the
Teacher of Awel Y Mor.

Councillor D.W. Davies - Report of the Director of Finance and
Corporate Services – Special
investigations - Chair of Governors
Llangatwg School

3. **CLOSURE OF ACCOUNTS 2014/15**

Members received information in relation to the Council's Outturn position for Revenue and Capital and the Statement of Accounts for 2014/15, as detailed within the circulated report.

Following an inspection by the Wales Audit Office, it is required that the Statement of Accounts be signed off by the Chairman of the Audit Committee at the meeting on 24th September, 2015.

It was highlighted that on page 72 'Will Roberts' should read 'Will Roberts' and on Page 97 there were four Councillor and not five Councillors representing Neath Port Talbot Homes.

RESOLVED: that the above report be noted.

4. **INTERNAL AUDIT SERVICE - ANNUAL REPORT FOR THE YEAR ENDED 31ST MARCH 2015**

Members were provided with details of the work undertaken for the financial year 2014/15 compared with that included in the Internal Audit Plan and to highlight issues relevant to the performance of the section.

It was highlighted that one of the terms of reference of this Committee is to 'monitor internal (and external) audit performance'. In order to comply with this requirement to monitor the in-house service, an annual report is given outlining Internal Audit work undertaken during the last year.

RESOLVED: that the report be noted

5. **INTERNAL AUDIT SERVICE - PROGRESS REPORT TO 31ST MAY 2015**

Members were provided details of the work undertaken for the period from 1st March 2015 to 31st May 2015 and an update on progress against the 2015/16 Internal Audit Plan.

RESOLVED: that the report be noted

6. **INTERNAL AUDIT SERVICE - UPDATE REPORT JUNE 2015**

Members were provided with a response to queries raised at the March 2015 meeting on what joint working arrangements exist within the authority.

Members were also made aware of other issues relating to audit and governance.

RESOLVED: that the report be noted

7. **TREASURY MANAGEMENT MONITORING 2015/16**

Members received information on items which included Bank Base Rates, Borrowing and Investment Income, as detailed within the circulated report.

RESOLVED: that the report be noted.

8. **ACCESS TO MEETINGS**

RESOLVED: that pursuant to Section 100A(4) and (5) of the Local Government Act 1972, the public be excluded for the following items of business which involved the likely disclosure of exempt information as defined in Paragraphs 12, 13 and 14 of Part 4 of Schedule 12A to the above Act.

9. **SPECIAL INVESTIGATION**

Members were provided with details of special investigations that have recently been completed and Members were verbally updated on the special investigation currently in progress.

RESOLVED: that the report be noted.

NEATH PORT TALBOT COUNTY BOROUGH COUNCIL

AUDIT COMMITTEE

24TH SEPTEMBER 2015

REPORT OF THE DIRECTOR OF FINANCE & CORPORATE SERVICES

H JENKINS

MATTER FOR DECISION

ALL WARDS

CLOSURE OF ACCOUNTS 2014/15

1. Purpose of the Report

- 1.1 This report addresses the need for Members to approve the audited Annual Statement of Accounts by 30th September 2015.

2. Background

- 2.1 The draft Statement of Accounts must be prepared and passed to the Council's External Auditors by 30th June each year. They then have a three month period to audit the accounts and at the end of this period they provide a report for Members consideration and approval before the statutory deadline of 30th September.
- 2.2 The draft Statement of Accounts was provided to the Wales Audit Office on the 15th June 2014, well in advance of the deadline of the end of June and the auditors have completed the majority of their audit work.

3. Closure of Accounts 2014/15

- 3.1 The Wales Audit Office intends to issue an unqualified audit report on the financial statements. Their work identifies that all non-trivial

misstatements which were identified have been corrected in the Council's Final Statement of Accounts which is included as Addendum 1.

- 3.2 There have been a number of changes made since the June meeting, primarily relating to adjustments within our capital accounting statements and some misallocated debtor and creditor balances.
- 3.3 Only one of the issues identified during the audit had a net impact on the Council's Comprehensive Income and Expenditure Statement at year end. This relates to income received for the asset recovery scheme which was included in the accounts as a creditor. However, it is unlikely that these amounts will be repaid, so the balance of £86,000 must be treated as income in 2014/15 and this has then been transferred to reserves at year end.
- 3.4 Details of all the amendments are provided in Appendix 3 of the Audit of the Financial Statements Report prepared by the Wales Audit Office, which can be found as Addendum 2.
- 3.5 The Wales Audit Office report identifies that they have no major concerns about the qualitative aspects of the Council's accounting practices and financial reporting. They found the information provided to be relevant, reliable, comparable, and easy to understand.
- 3.6 The auditors recognise that the Council continues to refine its closure process, building on the significant improvement they have seen in the last few years. However, they identify that there are still a number of issues within the capital accounts and whilst recognising that this is a complex area, they expect further improvements to be made for the 2015/16 closure process.

4. Recommendations

4.1 It is recommended that:

- Members approve the Letter of Representation;
- The final 2014/15 Statement of Accounts as included in the Addendum is approved by Members;
- The Chair of the Audit Committee be authorised to sign the Letter of Representation and the Statement of Accounts;

- Officers are tasked with continuing to make improvements to the accounts preparation process to ensure continued improvements are achieved.

5. Reason for proposed decisions

- 5.1 To ensure that the Council's Statement of Accounts is approved by the statutory deadline of 30th September.

EXPLANATORY FOREWORD

1. INTRODUCTION

Welcome to the financial statements for Neath Port Talbot County Borough Council. The financial statements have been prepared in accordance with the requirements of the Code of Practice on Local Authority Accounting (the Code) which is based on International Financial Reporting Standards (IFRS).

The purpose of this foreword is to provide a guide to the main statements contained in the accounts and to comment on and summarise the Council's overall financial performance for the year.

A glossary is provided at the end of the Statement of Accounts which provides a description of some of the specialist terms used in the document.

2. ACCOUNTING STATEMENTS

The Statement of Accounts is made up of a number of statements which are accompanied by explanatory notes. The following paragraphs provide an explanation of the purpose of the information included within these Statements.

Statement of Responsibilities

This Statement, which can be seen at the front of the Statement of Accounts, sets out the respective responsibilities of the Authority and the Section 151 officer.

Movement in Reserves Statement

This shows the movement in the year on the different reserves held by the Authority, analysed into 'usable reserves', that is, those that can be applied to fund expenditure or reduce local taxation and other reserves. The Surplus or Deficit on the Provision of Services line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance. The Net Increase/Decrease before Transfers to Earmarked Reserves line shows the statutory General Fund Balance, before any discretionary transfers to or from earmarked reserves undertaken by the Authority.

Comprehensive Income and Expenditure Statement

This Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations and this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Balance Sheet

This statement shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The net assets of the Authority, that is its assets less liabilities, are matched by the reserves held by the Authority. Reserves are reported in two categories. The first category of reserves are usable reserves,

EXPLANATORY FOREWORD

that is, those reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use, for example, the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt. The second category of reserves is those that the Authority is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses, for example, the Revaluation Reserve, where amounts would only become available to provide services if the assets are sold, and reserves that hold timing differences shown in the Movement in Reserves Statement line "Adjustments between accounting basis and funding basis under regulations". Trust Fund balances are not included as these represent assets held in trust for third parties rather than in ownership of the Authority.

Cash Flow

This statement shows the changes in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital borrowing to the Authority.

3. REVENUE SPENDING IN 2014/15

The Authority's Budget Requirement for 2014/15 was set at £269.879m. Actual spending compared to the budget was as follows:

EXPLANATORY FOREWORD

Council Fund	Revised Budget £000	Actual £000
Expenditure		
Directly Controlled Expenditure	231,176	230,656
Capital Financing	16,631	16,631
Levies, Contributions and Miscellaneous Funds	6,843	6,799
Council Tax Support	17,002	16,386
Contingencies and Reserves	1,328	769
Outcome Agreement Grant	(1,461)	(1,469)
Net Expenditure	271,519	269,772
Income		
Revenue Support Grant / NNDR	(209,769)	(209,769)
Council Tax	(60,265)	(60,265)
Less Discretionary Rate Relief	155	161
Total Income/Budget Requirement	(269,879)	(269,873)
NET BUDGET (SURPLUS)/DEFICIT TO BALANCES	1,640	(101)
Council Fund Working Balance		
Opening Working Balance 1st April		(13,713)
Movement in Balance		(101)
Closing Working Balance 31st March		(13,814)

4. CAPITAL SPENDING IN 2014/15

	Actual £000
Capital investment	57,902
The expenditure was financed by:	
Government Grants and Other Contributions	(22,708)
Loans	(31,512)
Capital Receipts	(1,250)
Direct Revenue Contributions and Reserves	(2,432)
	(57,902)

EXPLANATORY FOREWORD

5. EXTERNAL DEBT

At the year end, the Authority's total external debt was £194.224m. Sources of borrowing include the Public Works Loan Board and Banks for long term borrowing and other financial institutions for short term borrowing.

6. RESERVES AND BALANCES AT 31ST MARCH 2015

	Actual £000
To support revenue expenditure	28,386
To support capital expenditure	772
Revenue Working Balances	13,814

7. EXCEPTIONAL ITEMS

This note is used to explain any items included within the exceptional items line of the Comprehensive Income and Expenditure Statement.

There are no items of this nature in the Statement of Accounts for this year.

8. REVALUATION OF ASSETS

During 2014/15, the net book value of assets increased by £0.4m as a consequence of a revaluation performed by the Director of Environment.

The Authority's Property, Plant and Equipment are valued on a 5 year rolling programme by the Director of Environment in accordance with the Royal Institute of Chartered Surveyors Statements of Asset Valuation Practice.

The significant assumption applied when estimating the fair value of Property, Plant and Equipment is that the asset will continue in its existing use. Where there is a market for the asset, its value will be determined with reference to the market, but in instances where no market exists for an asset, Depreciated Replacement Cost, which is the current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and all relevant forms of obsolescence and optimisation, will be used as the basis of valuation.

During 2014/15, Property, Plant and Equipment was valued as at 1st November 2014, on an investment and market value basis as appropriate; Community Assets were valued as at 1st January 2015, on an historic cost basis; and Civic Amenities and Landfill Sites were valued as at 1st January 2015 on a depreciated replacement cost and fair value basis as appropriate.

Assets Held For Sale are valued annually and were valued as at 31st March 2015. These assets were valued on the basis of fair market value.

EXPLANATORY FOREWORD

9. IMPAIRMENT DUE TO FAILED ICELANDIC BANKS

The Council has recognised an impairment loss of £25,000 in its accounts in 2014/15 in relation to the impairment of Icelandic Bank Investments. This is due to the fact the dividends anticipated from the former KSF bank are less than previously estimated.

10. INTERNATIONAL ACCOUNTING STANDARD 19

The Accounts comply with the requirements of the above standard with the revenue accounts reflecting the current year cost of pension provision to employees as advised by the Pension Fund Actuary. The Balance Sheet contains the Actuary's assessment of the Authority's share of the Pension Fund liability at 31st March.

The pension fund liability disclosed in the Balance Sheet is the total projected deficit that exists over the expected life of the Fund. This deficit changes on an annual basis dependent on the performance of investments and the actuarial assumptions that are made in terms of current pensioners, deferred pensioners and current employees.

11. SIGNIFICANT PROVISIONS

There are two significant provisions:

- An insurance provision of £7.2m to cover the likely cost of settling outstanding insurance liabilities. This is made up of a long term provision of £5.2m and a short term provision of £2m.
- A provision of £1m for Housing Warranties following the transfer of the Housing stock to Neath Port Talbot Homes in March 2011.

12. GROUP ACCOUNTS

There is a requirement for local authorities to produce Group Accounts to recognise material financial or controlling interests in companies, voluntary organisations, public bodies etc. An assessment was made of all such interests and this did not identify any relationship which is considered material, therefore, Group Accounts have not been prepared.

13. IMPACT OF CURRENT ECONOMIC CLIMATE ON THE AUTHORITY

In June 2014, the former Local Government Minister advised councils to expect reductions of up to 4.5% in revenue budgets for 2015/16. During September/October 2014, the Welsh Government's Draft Budget and Provisional Local Government Announcements showed that whilst the Welsh Government's Budget had been cut by 0.4% it had prioritised funding for the Health Service and provided a cash reduction to Local Government of 3.4%, which was slightly better than previously expected. The Final Local Government Settlement of December 2014 showed some minor changes to the Provisional Settlement.

Since 2010, the UK Government has implemented cuts to public sector funding through various policy initiatives such as Welfare and Benefit Reforms and cuts to Departmental Budgets. The Chancellor of the Exchequer, in his Autumn Statement

EXPLANATORY FOREWORD

at the beginning of December 2014, stated that further Public Sector spending reductions will be required to 2019 and beyond. For 2015/16, the Welsh Government's Budget has been cut by 0.4%; it gave a commitment to support Schools Expenditure by 1% better than the change in percentage to its budget and given the increased pressure on the Health Service has prioritised additional funding to Health thus reducing funding available to other Welsh Government budgets.

Neath Port Talbot Council's budget for 2015/16 totals £268.3m. This represents a cash reduction of £1.6m on the current year but in real terms, after allowing for inflation, pay awards and service demands is a reduction of £18m or 6.6%. This reduction is in addition to the £17m delivered to balance the current year's budget in 2014/15. At budget setting stage in February 2015, the Council envisaged that Welsh Government funding to Local Government would continue to reduce over the next two financial years by 3% per annum. However, following the May 2015 UK election, the Conservative Government stated that they will continue to require further savings in public sector spending. On the 4th June 2015, the Chancellor announced £3bn in year savings from Whitehall Departments, of which £50m relates to Wales. Further information also became available from a Special Budget in July 2015, together with a comprehensive spending review which is due to report back late autumn 2015. As neither the UK nor Welsh Government announced their budgets for 2016/17, further reductions to the anticipated 3% cut for Local Government in Wales are now being explored. This will continue to provide pressure on Council services and the service that can be delivered with fewer resources whilst demand continues to grow.

In setting the Budget, Members have to consider the requirement of delivering its statutory services as well as those other services that the public and users have come to expect. The challenge has been to set a budget at activity levels that are sustainable and equitable. Members also have to consider the demand for services and changes to these services in light of the impact on:

- Service users
- Employees
- Legislation including the Equality Act considerations
- Income generation
- Council tax level
- Welsh Government improvement targets.

The UK and Welsh Government have not yet provided funding indications for 2016/17 and future years, but the current austerity measures and funding cuts are predicted by various groups to continue until 2020 or beyond. The Council has had to assume, as part of its Forward Financial Plan, that funding will be cut by 3% in each year from 2016/17 and will need to look for further savings to balance budgets from those financial years.

14. CHANGE IN ACCOUNTING POLICIES

Changes in accounting policies are made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance.

EXPLANATORY FOREWORD

15. FURTHER INFORMATION

Further information relating to the accounts can be obtained from the Director of Finance and Corporate Services, Neath Port Talbot County Borough Council, Civic Centre, Port Talbot, SA13 1PJ.

STATEMENT OF RESPONSIBILITIES

THE AUTHORITY'S RESPONSIBILITIES

The Authority is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs in accordance with Section 151 of the Local Government Act 1972. In this Authority, that officer is the Director of Finance and Corporate Services:
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the Statement of Accounts.

SECTION 151 OFFICER'S RESPONSIBILITIES

The Section 151 Officer is responsible for the preparation of the Authority's Statement of Accounts in accordance with proper practice as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in Great Britain (the Code).

In preparing this statement of accounts, the Section 151 Officer has:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent;
- complied with the Code.

The Section 151 Officer has also:

- kept proper accounting records which were up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities;
- ensured that the accounts show a true and fair view of the financial position and income and expenditure of the Authority.

Section 151 Officer:

Director of Finance and Corporate Services

Date: 24th September 2015

Approval of accounts for 2014/15 in accordance with Regulations 10(2) of the Accounts and Audit (Wales) Regulations 2014.

Chair of Audit Committee:

Councillor Mrs L James

Date: 24th September 2015

(995)	Interest Received	(731)
8,562	Interest Paid	8,813

NOTES TO THE ACCOUNTS

1. ACCOUNTING POLICIES

i. General Principles

The Statement of Accounts summarises the Authority's transactions for the 2014/15 financial year and its position at the year-end of 31st March 2015.

The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014, which those Regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 and the CIPFA Service Reporting Code of Practice 2014/15 (SeRCOP), supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

ii. Accruals of expenditure and income

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- revenue from the sale of goods is recognised when the Authority transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.
- revenue from the provision of services is recognised when the Authority can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.
- supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet.
- expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- interest receivable on investments and payable on borrowing is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract,
- where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

NOTES TO THE ACCOUNTS

iii. **Acquired and discontinued operation**

There are no new acquired and discontinued operations during 2014/15.

iv. **Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in three months or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Authority's cash management.

v. **Prior Period Adjustments, Changes in Accounting Policies, Estimates and Errors**

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, that is, in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

vi. **Charges to Revenue for Non-Current Assets**

Services, support services and trading accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service.
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off.
- amortisation of intangible assets attributable to the service.

The Authority is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Authority in

NOTES TO THE ACCOUNTS

accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisation are therefore replaced by the contribution in the General Fund Balance for a Minimum Revenue Provision by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

vii. Employee Benefits

Benefits Payable during Employment

Short term employee benefits are those due to be settled within 12 months of the year end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits for current employees and are recognised as an expense for services in the year in which employees render service to the Authority. An accrual is made for the cost of holiday entitlements (or any form of leave such as flexitime) earned by employees but not taken before the year end, which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service or, where applicable, to the Non Distributed Costs line in the Comprehensive Income and Expenditure Statement at the earlier of when the authority can no longer withdraw the offer of those benefits or when the authority recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end.

Post-Employment Benefits

Employees of the Authority are members of two separate pension schemes:

- the Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE).
- the Local Government Pensions Scheme, administered by the City and County of Swansea.

NOTES TO THE ACCOUNTS

Both schemes provided defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Authority.

However, the arrangements for the teachers' scheme mean that liabilities for these benefits cannot ordinarily be identified specifically to the Authority. The scheme is therefore accounted for as if it was a defined contribution scheme and no liability for future payments of benefits is recognised in the Balance Sheet. The Children's and Education Services line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to Teachers' Pensions in the year.

The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme.

- the liabilities of the City and County of Swansea Pension Fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit method which is an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.
- liabilities are discounted to their value at current prices.
- the assets of the City and County of Swansea Pension Fund attributable to the Authority are included in the Balance Sheet at their fair value.
 - quoted securities – current bid price
 - unquoted securities – professional estimate
 - utilised securities – current bid price
 - property – market value
- the change in the net pensions liability is analysed into the following components:
 - current service cost – the increase in liabilities as a result of years of service earned this year, which is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked
 - past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs
 - net interest on the net defined benefit liability (asset), i.e. net interest expense for the authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined

NOTES TO THE ACCOUNTS

benefit liability (asset) during the period as a result of contribution and benefit payments.

- Remeasurements comprising:
 - the return on plan assets – excluding amounts included in net interest on the net defined benefit liability (asset), which is charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
 - actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions, which is charged to the Pensions Reserve
- contributions paid to the City and County of Swansea pension fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Authority also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff, including teachers, are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

viii. Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period; the Statement of Accounts is adjusted to reflect such events
- those that are indicative of conditions that arose after the reporting period; the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

NOTES TO THE ACCOUNTS

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

ix. Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable, plus accrued interest; and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Gains and losses on the repurchase or early settlement of borrowing are credited and debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Authority has a policy of spreading the gain or loss over the term of the replacement loan. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified into two types:

- loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market
- available for sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments.

NOTES TO THE ACCOUNTS

Loans and Receivables

Loans and receivables are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Authority has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable, plus accrued interest and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Available for Sale Assets

Available for sale assets are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective rate of interest for the instrument. Where there are no fixed or determinable payments, income, for example from dividends, is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Authority.

Assets are maintained in the Balance Sheet at fair value. Values are based on the following principles:

- instruments with quoted market prices – the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis
- equity shares with no quoted market prices – independent appraisal of company valuations.

NOTES TO THE ACCOUNTS

x. Foreign Currency Translation

Where the Authority has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year end, they are reconverted at the spot exchange rate at 31st March. Resulting gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

The Authority has foreign exchange exposure resulting from an element of the settlement received from Glitnir. This is being held in Icelandic kroner in an escrow account due to the current imposition of currency controls.

xi. Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Authority are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non Specific Grant Income (non ringfenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

xii. Heritage Assets

The adoption of FRS30 requires the Authority to include Heritage Assets in its Statement of Accounts and to provide information in relation to other Heritage Assets not included in the Accounts. Heritage assets are defined as assets which have historical, artistic, scientific, technological, geographical or environmental

NOTES TO THE ACCOUNTS

qualities that are held and maintained principally for their contribution to knowledge and culture. In the absence of historic cost the insurable sum is deemed as an appropriate and relevant method of valuation.

The Authority does not depreciate heritage assets and some of the other measurement rules have been varied in relation to Heritage Assets as follows:

If an item suffers physical deterioration the carrying value will be reviewed and any impairment recognised in the accounts. Also, any disposals will be recognised in the accounts and disclosed as a separate note to the financial statements.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Authority's general policies on impairment. Where Heritage Assets are disposed of these are accounted for in accordance with the Authority's general provisions relating to the disposal of property, plant and equipment. Disposal proceeds are disclosed separately in the notes to the financial statements and are accounted for in accordance with statutory accounting requirements relating to capital expenditure and capital receipts.

Because of the diverse nature of heritage assets and the potential cost implication of obtaining specialist valuations, the Authority only recognises heritage assets in the balance sheet where an insurance valuation has been undertaken and where the valuation for an individual heritage asset is £5,000 or more. These items are deemed to have indeterminate lives and a high residual value and consequently the Authority does not consider it appropriate to charge depreciation.

xiii. Intangible assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Authority as a result of past events, such as software licences, is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Authority.

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Authority's goods or services.

The Authority does not currently have any intangible assets.

xiv. Interest in Companies and Other Entities

The Authority holds no material value interests in companies and other entities that have the nature of subsidiaries, associates and jointly controlled entities and therefore there is no requirement to prepare group accounts. Transactions for the Authority's companies are included within the Authority's own single entity accounts.

NOTES TO THE ACCOUNTS

xv. Inventories and Long Term Contracts

Inventories are included in the Balance Sheet at average purchase price or latest purchase price. This is a departure from normal practice which values stock at the lower of cost or net realisable value. The effect of this departure is not material.

Long term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the value of works and services received under the contract during the financial year.

xvi. Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

The Authority does not currently hold any properties for investment purposes.

xvii. Jointly controlled operations and Jointly Controlled Assets

Jointly controlled operations are activities undertaken by the Authority in conjunction with other ventures that involve the use of the assets and resources of the ventures rather than the establishment of a separate entity. The Authority recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant or equipment that are jointly controlled by the Authority and other ventures, with the assets being used to obtain benefits for the ventures. The joint venture does not involve the establishment of a separate entity. The Authority accounts for only its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

xviii. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

NOTES TO THE ACCOUNTS

The Authority as Lessee

Finance Leases

Property, Plant and Equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the authority at the end of the lease period).

The Authority is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments, for example, where there is a rent free period at the commencement of the lease.

The Authority as Lessor

Finance Leases

Where the Authority grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Authority's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss

NOTES TO THE ACCOUNTS

on disposal, that is, netted off against the carrying value of the asset at the time of disposal, matched by a lease (long-term debtor) asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve (England and Wales) in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve (England and Wales).

The written-off value of disposals is not a charge against council tax, as the cost of noncurrent assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Authority grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments, for example, where there is a premium paid at the commencement of the lease. Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

xix. Overhead and Support Costs

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice 2014/15 (SeRCOP). The total absorption costing principle is used; the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Authority's status as a multi-functional, democratic organisation.
- Non-Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

NOTES TO THE ACCOUNTS

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

xx. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Authority and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential, such as repairs and maintenance, is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management

The Authority does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance, that is, it will not lead to a variation in the cash flows of the Authority. In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Authority.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

The Authority's Accounting Policy for adopted roads is to recognise them as donated infrastructure assets. The measurement basis for adopted roads will be historic cost in line with other operational infrastructure assets. In the case of adopted roads the historic cost will be deemed to be zero.

NOTES TO THE ACCOUNTS

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost.
- all other assets – fair value, determined as the amount that would be paid for the asset in its existing use (existing use value – EUV).

Where there is no market based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value.

Where non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value, for example, for vehicles, plant and equipment.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance, up to the amount of the accumulated gains.
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line/s in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1st April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).

NOTES TO THE ACCOUNTS

- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line/s in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line/s in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life, such as freehold land and certain Community Assets and assets that are not yet available for use, such as assets under construction.

Depreciation is calculated on the following basis:

- other buildings – straight line allocation over the useful life of the property as estimated by the valuer.
- vehicles, plant, furniture and equipment – straight line allocation over the useful life of the assets.
- infrastructure – straight line allocation over 40 years.

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been

NOTES TO THE ACCOUNTS

classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals, if there are any, are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal, that is, netted off against the carrying value of the asset at the time of disposal. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment, or set aside to reduce the Authority's underlying need to borrow. Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written off value of disposals is not a charge against council tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Componentisation

Land and buildings are separate assets and will always be accounted for separately.

Where a single asset may have a number of different components each having a different useful life, three factors are taken into account to determine whether a separate valuation of components is to be recognised in the accounts in order to provide an accurate figure for depreciation.

- **Materiality with regards to the Authority's financial statements.**
Componentisation will only be considered for individual non land assets that have a net book value of more than £2.5m or 0.5% of total net book value.
- **Significance of component**
For individual assets meeting the above threshold, where services within a building, such as boilers, heating, lighting, ventilation, etc. are a material component of the cost of that asset, that is greater than 30%, then those services will be valued separately on a component basis.
- **Difference in rate or method of depreciation compared to the overall asset.**
Only those elements that normally depreciate at a significantly different rate from the non-land element as a whole, or that require a different method of depreciation will be identified for componentisation.

NOTES TO THE ACCOUNTS

Consideration for componentisation is undertaken in the financial year after an asset is revalued or brought into use, this is due to the fact that the Authority charges depreciation based on opening balances.

Assets that fall below the de-minimis levels and the tests above can be disregarded for componentisation on the basis that any adjustment to depreciation charges would not result in material misstatements in the accounts.

Where assets are material and are to be reviewed for significant components, it is recommended that the minimum level of apportionment for the non-land element of assets is:

- Mechanical and electrical services
- Structure

Professional judgement will be used in establishing materiality levels, the significance of components, useful lives, depreciation methods and apportioning asset values over recognised components. Revaluations of the Authority's property assets will continue to be undertaken on a five year rolling programme basis, at which point, the revaluation takes into account the value and condition of the assets, relevant components and also de-recognition where relevant. Where there is a major refurbishment of an asset, a new valuation is sought in the year of completion and a revision to the useful life.

The Authority does not undertake componentisation of Infrastructure assets.

Materiality levels will be periodically reviewed to ensure that they remain appropriate.

xxi. Public Finance Initiative (PFI) and similar contracts

PFI and similar contracts are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As an authority is deemed to control the services that are provided under its PFI schemes, and as ownership of the property, plant and equipment will pass to an authority at the end of the contracts for no additional charge, an authority is required to carry the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

This Authority does not have any such agreements.

xxii. Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Authority may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

NOTES TO THE ACCOUNTS

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Authority becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year; where it becomes less than probable that a transfer of economic benefits will now be required, or a lower settlement than anticipated is made, the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party, for example, from an insurance claim, this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Authority settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Authority a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

xxiii. Reserves

The Authority sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Authority; these reserves are explained in the relevant policies.

NOTES TO THE ACCOUNTS

xxiv. Revenue Expenditure Funded from Capital under statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Authority has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

xxv. Value Added Tax (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

2. ACCOUNTING STANDARDS ISSUED BUT NOT YET ADOPTED

The Code of Practice requires that the Authority discloses information relating to the anticipated impact of an accounting change that will be required by a new standard that has been issued but not yet adopted. This requirement applies to the adoption of the following new or amended standards within the 2015/16 Code:

➤ IFRS 13 Fair Value Measurement

This International Financial Reporting Standard is designed to provide a consistent definition of fair value and enhanced disclosure requirements. It is applicable for assets and liabilities covered by those IFRS standards that currently permit or require measurement at fair value, with some exceptions. The adoption of this standard will require surplus assets, that is, assets that are not being used to deliver services, but which do not meet the criteria to be classified as either investment properties or non-current assets held for sale, to be revalued to market value rather than the value in existing use, as at present. The Council's operational property, plant and equipment assets are outside the scope of IFRS 13. Overall this standard is not expected to have a material impact on the Statement of Accounts, due to the comparatively low value of surplus assets held by the Council.

The adoption of IFRS 13 in CIPFA's Code of Practice will not require the publication of a third Balance Sheet.

➤ IFRIC 21 Levies.

This International Financial Reporting Interpretation Committee standard is an interpretation of International Accounting Standard 37 for Provisions, Contingent Liabilities and Contingent Assets, which sets out criteria for the recognition of a liability, one of which is the requirement for the Council to have a present obligation as a result of a past event, which is known as an obligating event.

IFRIC 21 provides guidance on when to recognise a liability for a levy imposed by a government, both for levies accounted for in accordance with IAS37 and those where the timing and amount of the levy is certain. It specifies the obligating event as the activity that triggers the timing of the payment of the

NOTES TO THE ACCOUNTS

levy. The amount payable may be based on information relating to a period before the obligation to pay arises or the levy is payable only if a threshold is reached, or both. It is not anticipated that this Standard will have a material impact on the Statement of Accounts.

- Annual Improvements to IFRSs (2011 – 2013 Cycle).
The International Accounting Standards Board has adopted the Annual Improvements process to deal efficiently with a collection of narrow scope amendments to IFRSs even though the amendments are unrelated. The IFRS Interpretations Committee reviews the proposed amendments within the annual improvements process and makes recommendations to the IASB before they are issued. Each year the IASB discusses and decides upon proposed improvements to IFRSs as they have arisen throughout the year and rather than separately publishing a series of piecemeal changes, the proposals are published together, in an attempt to streamline the standard setting process. The improvements included are minor and principally provide clarification. These changes will not have a material impact on the Statement of Accounts.

The Code of Practice covering the issues identified above requires implementation from 1st April 2015 and there is therefore no impact on the 2014/15 Statement of Accounts.

3. CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgement made in the Statement of Accounts is:

- As at 31st March 2015, the Authority has £0.857m outstanding of the original £12m deposited with the UK subsidiaries of the former Icelandic banks of Heritable Ltd and Kaupthing Singer and Friedlander Ltd. In preparing the accounts, preferred creditor status has been assumed in line with the Icelandic Courts decision.
- The amount shown as outstanding in the Authority's balance sheet is £0.074m, this is due to the fact that the balances have been impaired down to reflect the likely future amounts receivable. Further information regarding Icelandic bank defaults can be found in Note 43 to the accounts.

4. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Authority's Balance Sheet at 31st March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

NOTES TO THE ACCOUNTS

Provisions – Insurance Claims

The Authority has a provision of £7.2m as at 31st March 2015 to meet the potential cost of insurance liabilities. The number and value of potential claims includes actuarial assumptions particularly in respect of the most recent financial years as these are immature in terms of insurance experience. Any significant change in assumptions and/or number and value of claims could significantly alter the value of the provision. The Authority holds Insurance Reserves to mitigate any risk.

Pensions Liability

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries was engaged to provide the Authority with expert advice and assumptions and the various costings and disclosures necessary to comply with the code of practice. If any of the assumptions change as a result of actual experience then the net liability of the Authority would increase or decrease as a result.

5. EVENTS AFTER THE REPORTING PERIOD

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events.
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

In June 2015, the Council entered into an agreement to sell its Icelandic Escrowed Kroner which had been held under Icelandic Government currency control arrangements. The Council expects to receive approximately £290,000 of the original £387,000 investment and will deal with the accounting implications of this sale in its 2015/16 Accounts.

There are no other known events that would materially affect these accounts.

6. ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

The following sets out a description of the reserves that the adjustments are made against.

NOTES TO THE ACCOUNTS

General Fund Balance

The General Fund is the statutory fund into which all the receipts of the Authority are required to be paid and out of which all liabilities of the Authority are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Authority is statutorily empowered to spend on its services or on capital investment at the end of the financial year.

Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year end.

Capital Grants Unapplied

The Capital Grants Unapplied Account holds the grants and contributions received towards capital projects for which the Authority has met the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

NOTES TO THE ACCOUNTS

NOTES TO THE ACCOUNTS

Depreciation

The following useful lives have been used in the calculation of depreciation:

Land	Depreciation not applicable
Buildings	20 - 40 years
Vehicles, Plant, Furniture and Equipment	5 - 20 years
Infrastructure	40 years

Effects of Changes in Estimates

During 2014/15, there have been no material changes made to the accounting estimates for property, plant and equipment.

Revaluations

The Authority carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years. All valuations were carried out internally. Valuations of land and buildings were carried out in accordance with the methodologies and basis for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Valuations of vehicles, plant, furniture and equipment are based on historic cost.

The Heritage Assets recognised in the balance sheet consist of works of Art and are held in the balance sheet at the value used for insurance purposes. The Heritage Assets were last revalued in 2013/14 by Sotheby's, recognised experts in the valuation of works of art. The two most significant items included in the balance sheet are:

- Matthew Kessels (1784-1836) Scene of the Deluge which can be found on display in the Orangery at Margam Country Park.
- A Roman marble statue of Lucius Aelius Verus Caesar 2nd which again can be found on display in the Orangery at Margam Country Park.

Heritage Assets not included on the balance sheet

The Authority also identified Heritage Assets which are not recorded in the Balance Sheet. The majority of these assets are held by the Authority's Library and Museum Service, the collection is located currently at Y Wern School stores in Ystalyfera.

These Assets are of a diverse nature and therefore the cost or valuation information is not available as conventional valuation approaches lack sufficient reliability. The Council is of the opinion that the costs of obtaining the valuations for these assets would be disproportionate in terms of the benefit derived.

NOTES TO THE ACCOUNTS

Heritage Assets considered but not recognised in the Balance Sheet are listed below:

Heritage Land, Buildings and Infrastructure

- Margam Park including the Orangery, Castle and Citrus House is an operational asset because it has varied operational uses and is used by the Authority to provide educational and leisure services. Although the asset includes historical buildings they are not used solely for the achievement of the Authority's objectives in relation to heritage. Consequently, these assets need not be classed as heritage assets and remain capitalised in Property, Plant and Equipment.
- Hen Egwlys at Margam Country Park
- Gnoll House and Cellar Remains at Gnoll Country Park

Art and Museums

- Thomas Horner collection of watercolours
- Charcoal drawing by eminent Welsh artist Will Roberts
- Oil painting by Dorothy Coombe Tennant

Transport

- Full scale renovated gas tram

Other

- Floor tiles from Neath Abbey
- Pottery Shards from the Neath Roman fort excavations
- Industrial Tools
- Collections of books, newspapers and photographs
- Civic Regalia including mayoral chains

13. FINANCIAL INSTRUMENTS

Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

NOTES TO THE ACCOUNTS

	Long Term		Current	
	31st Mar 2015 £000	31st Mar 2014 £000	31st Mar 2015 £000	31st Mar 2014 £000
	Investments			
Loans and receivables at amortised cost:

Fair Values of Assets and Liabilities

Financial liabilities and financial assets represented by loans and receivables are carried on the Balance Sheet at amortised cost. The fair value of the loans and receivables and financial liabilities is determined by calculating the Net Present

NOTES TO THE ACCOUNTS

Value (NPV) of future cashflows, which provides an estimate of the value of payments in the future as at 31st March 2015, using the following assumptions:

- For loans from the PWLB and other loans payable, borrowing rates from the PWLB have been applied to provide the fair value under PWLB debt redemption procedures.
- For loans receivable prevailing benchmark market rates have been used to provide the fair value.
- No early repayment or impairment is recognised.
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the carrying amount or the billed amount.
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The discount rate used in the NPV calculation is equal to the current rate in relation to the same instrument from a comparable lender and is the rate applicable in the market as at 31st March 2015, for an instrument with the same duration. Where it is difficult to obtain the rate for an instrument with identical features in an active market then the prevailing rate of a similar instrument with a published market rate has been used as the discount factor. For those banks that have gone into administration or receivership the NPV calculation uses the rate at which the investment was originally placed.

The values calculated are as follows:

	31st Mar 2015		31st Mar 2014	
	Carrying Amount £000	Fair Value £000	Carrying Amount £000	Fair Value £000
PWLB Debt	(127,926)	(157,761)	(111,201)	(119,901)
Non-PWLB Debt	(65,298)	(78,739)	(63,462)	(57,704)
Non-PWLB Debt Temporary Borrowing	(1,000)	(1,000)	-	-
Total debt	(194,224)	(237,500)	(174,663)	(177,605)
Long Term creditors	(36,221)	(36,221)	(30,262)	(30,262)

31st March 2015 – Debt

The fair value of the liabilities is higher than the carrying amount because the Authority's portfolio of PWLB loans includes a number of fixed rate loans where the interest payable is higher than the prevailing rates available for similar loans in the market at the Balance Sheet date. This shows a notional future loss, based on economic conditions at 31st March 2015, arising from a commitment to pay interest to lenders above market rates.

NOTES TO THE ACCOUNTS

Fair Value of Assets

	31st Mar 2015		31st Mar 2014	
	Carrying Amount £000	Fair Value £000	Carrying Amount £000	Fair Value £000

Balance o/s at year end	597	729	0	15	597	744

15. CONSTRUCTION CONTRACTS

At 31st March 2015, the Authority has entered into a number of contracts for the construction of Property, Plant and Equipment. The budgeted cost of these commitments for 2015/16 and future years are shown in the table below. Similar commitments at 31st March 2014 were £41.4m. The major commitments are:

Major Capital Commitments	2015/16 £000	Future £000	Total £000
Ysgol Newydd Bae Baglan	24,000	9,500	33,500
Ysgol Gyfun Ystalyfera Re-modelling	5,900	9,900	15,800
Leisure facility at Aberafan Seafront	5,393	500	5,893
Neath Town Centre Redevelopment Phase 1	4,600	250	4,850
Street Lighting Replacement Programme	4,000	3,000	7,000
Total	43,893	23,150	67,043

For the purpose of this note, a major commitment is defined as being in excess of one million pounds.

NOTES TO THE ACCOUNTS

16. DEBTORS

31st Mar 2014		31st Mar 2015
£000		£000

Long and Short Term - Injury and Damage Compensation Claims

This provision covers the estimated cost of settling all the outstanding insurance claims of the Authority that existed at 31st March 2015.

NOTES TO THE ACCOUNTS

Long and Short Term - Other Provisions – Housing Warranties

This long term provision has been set aside in recognition of the warranties and commitments relating to potential liabilities following the transfer of housing services in 2010/11. A short term provision has been created for £44,000 which reflects the costs likely to be incurred in the next financial year.

Short Term - Other Provisions – Voluntary Redundancy

The Council undertook a significant exercise to seek volunteers for voluntary redundancy as part of the Council's savings strategy and in line with the Council's commitment to avoid compulsory redundancy as far as is possible. Most of those who agreed to finish left the Authority before 31st March 2015. However, there were some agreements to leave after this date and accounting regulations require the Authority to account for the costs in the year that the agreement was made. A charge has been made to the individual revenue accounts for the cost of these leavers in 2014/15 with this provision of £59,000 being set up to meet the costs when the individuals actually leave.

21. USABLE RESERVES

Movements in the Authority's usable reserves are detailed in the Movement in Reserves Statement and summarised below:

31st Mar 2014 £000		31st Mar 2015 £000
(36,242)	Earmarked Reserves	(29,158)
(13,713)	Working Balances: General Fund	(13,814)
(13,070)	Unapplied Grants	(10,265)
(7,631)	Usable Capital Receipts	(6,826)
(70,656)	Total	(60,063)

22. UNUSABLE RESERVES

31st Mar 2014 £000		31st Mar 2015 £000
(99,095)	Revaluation Reserve	(100,367)
(340,761)	Capital Adjustment Account	(343,447)
2,688	Financial Instruments Adjustment Account	2,526
314,293	Pensions Reserve	367,623
(52)	Deferred Capital Receipts Reserve	(41)
3,814	Accumulated Absences Account	4,230
(119,113)	Total	(69,476)

NOTES TO THE ACCOUNTS

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost,
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1st April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2013/14		Revaluation Reserve	2014/15	
£000	£000		£000	£000
	(98,038)	Balance at 1st April		(99,095)
(3,559)		Upward revaluation of assets	(5,421)	
188		Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	1,858	
		Impairment losses on non-current		
82		Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services	116	
	(3,289)	Difference between fair value depreciation and historical cost depreciation		(3,447)
1,522		Accumulated gains on assets sold or scrapped	1,561	
710		Amount written off to the Capital Adjustment Account	614	
	2,232			2,175
	(99,095)	Balance at 31st March		(100,367)

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Authority as finance for the costs of acquisition, construction and enhancement.

NOTES TO THE ACCOUNTS

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1st April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 6 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

NOTES TO THE ACCOUNTS

2013/14		Capital Adjustment Account	2014/15	
£000	£000		£000	£000
	(328,098)	Balance at 1st April		(340,761)

(8,918)		Statutory provision for the financing of capital investment charged against the General Fund	(9,336)	
(4,001)		Capital expenditure charged against the General Fund	(2,432)	
	(41,269)	Use of Capital Receipts Reserve to repay loans	-	(35,726)
2		Deferred Sale proceed to Comprehensive Income and Expenditure Account	-	
	2			0
	(340,761)	Balance at 31st March		(343,447)

NOTES TO THE ACCOUNTS

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions. The Authority uses the Account to release premiums and discounts paid which were received on the early redemption of loans. Over time, the premiums are posted back to the General Fund Balance in accordance with statutory arrangements for spreading the effect on council tax. In the Authority's case, this period is the unexpired term that was outstanding on the loans when they were redeemed. As a result the balance of the premiums at 31st March 2015 will be charged to the General Fund until 2055.

2013/14		Financial Instruments Adjustment	2014/15	
£000	£000		£000	£000
(136)	2,824	Balance at 1st April	(162)	2,688
-	-	Proportion of premiums incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements	-	-
-	-	Proportion of discounts received in previous financial years to be released to the General Fund Balance in accordance with statutory requirements	-	-
-	(136)	Transfer of Impairment to General Fund Balances	-	(162)
-	2,688	Balance at 31st March	-	2,526

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Authority makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Authority has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

NOTES TO THE ACCOUNTS

2013/14 £000	Pension Reserve	2014/15 £000
401,700	Balance at 1st April	314,293
(106,040)	Actuarial gains or losses on pensions assets and liabilities	44,570
40,093	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	32,250
(21,460)	Employer's pensions contributions and direct payments to pensioners payable in the year	(23,490)
314,293	Balance at 31st March	367,623

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2013/14 £000	Deferred Capital Receipts Reserve	2014/15 £000
(91)	Balance at 1st April	(52)
-	Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	-
39	Transfer to the Capital Receipts Reserve upon receipt of cash	11
(52)	Balance at 31st March	(41)

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, that is, annual leave entitlement carried forward at 31st March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

NOTES TO THE ACCOUNTS

2013/14		Accumulated Absences Account	2014/15	
£000	£000		£000	£000
(3,928)	3,928	Balance at 1st April	(3,814)	3,814
3,814		Settlement or cancellation of accrual made at the end of the preceding year		
		Amounts accrued at the end of the current year	4,230	
	(114)	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements		416
	3,814	Balance at 31st March		4,230

23. CASH FLOW STATEMENT – OPERATING ACTIVITIES

- a. Adjustments to net surplus or deficit on the provision of services for non-cash movements

2013/14 £000		2014/15 £000

929	Amounts of non current assets written off on disposal or sale as part of the gain/loss on disposal to the CIES	1,574
18,633	Increase/ (decrease) in Pension Liability	8,760
601	Impairments charged to the CIES	(26)
(45)	Finance lease interest	(45)
(43)	Foreign exchange gains/(loss)	(35)
3,047	Other non-cash items charged to net surplus/deficit on the provision of services	1,061
45,388		34,575

- b. Adjustments for items included in the net surplus or deficit on the provision of services that are investing and financing activities

NOTES TO THE ACCOUNTS

2013/14 £000		2014/15 £000
1,077	Proceeds from the sale of property, plant and equipment	434
23,567	Other receipts from investing activities	17,100
24,644		17,534

24. CASH FLOW STATEMENT – INVESTING ACTIVITIES

2013/14 £000		2014/15 £000
(45,174)	Purchase of property, plant and equipment	(50,442)
(854,060)	Purchase of short term and long term investments	(480,650)
-	Other payments for investing activities	-
1,077	Proceeds from the sale of property, plant and equipment	434
866,300	Proceeds from short term and long term investments	491,710
23,567	Other receipts from investing activities	17,100
(8,290)	Net cash flows from Investing Activities	(21,848)

25. CASH FLOW STATEMENT – FINANCING ACTIVITIES

2013/14 £000		2014/15 £000
-	Cash receipts of short and long term borrowing	23,574
-	Cash payments for the reduction of the outstanding liabilities relating to finance leases	-
(980)	Repayments of short and long term borrowing	1,402
-	Other payments for financing activities	-
(980)	Net cash flows from Financing Activities	24,976

26. AMOUNTS REPORTED FOR RESOURCE ALLOCATION DECISIONS

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the CIPFA Service Reporting Code of Practice. However, decisions about resource allocation are taken by the Authority's Cabinet on the basis of budget reports analysed across directorates. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement)
- The cost of retirement benefits is based on cash flows (payment of employer's pension's contributions) rather than current service cost of benefits accrued in the year
- Expenditure on some support services is budgeted for centrally and not charged to directorates.

NOTES TO THE ACCOUNTS

27. ACQUIRED AND DISCONTINUED OPERATIONS

Where operations have been acquired or discontinued in the year the Code requires disclosure of the nature of the acquired and discontinued operations and details of any outstanding liabilities in respect of discontinued operations.

There are no known events for inclusion in this note for the year.

28. TRADING OPERATIONS

The Authority has established two trading units where the service manager is required to operate in a commercial environment and balance their budget by generating income from other parts of the Authority or other organisations. Details of these units are as follows:

2013/14 £000		2014/15 £000
(902)	Catering Services	Turnover
989		Expenditure
87		(Surplus)/Deficit
(800)	Trade Refuse	Turnover
800		Expenditure
0		(Surplus)/Deficit-excluding full overheads

29. AGENCY SERVICES

South Wales Trunk Road Agency

The Authority performs agency work on trunk roads in South and West Wales on behalf of the Welsh Government and the expenditure is fully reimbursed. The financial activity relating to this contract is not included in the Comprehensive Income and Expenditure Statement.

2013/14 £000		2014/15 £000
50,311	Expenditure - fully reimbursed by Welsh Government	50,132

Houses to Homes, Home Improvement Loans and Vibrant and Viable Places

The Welsh Government has established a funding stream to provide loans to homeowners and landlords wishing to renovate properties and to offer them for sale or rent. They have arranged for local authorities to act as their agents to implement these schemes.

The terms and conditions for the scheme have been determined by the Welsh Government as follows:

- loans will be interest free;
- the maximum loan period is dependent upon whether the renovated property is to be sold or let;
- the amount of loan is capped at £25,000 per unit of accommodation with the maximum funding per applicant being £150,000.

NOTES TO THE ACCOUNTS

Neath Port Talbot's role is to promote these schemes, manage the applications, undertake financial and property checks and to submit the application to the lead authority. Funding is provided to the Council before any loan is issued to a successful applicant. To date, the Council has received £720,000 for the Houses to Home Scheme and paid out £298,000. In addition the Council has received £312,550 in respect of the Home Improvement Loan Scheme and £600,000 in relation to Vibrant and Viable places; no payments had been made from these funds as at 31st March 2015.

30. POOLED BUDGETS –JOINT EQUIPMENT STORE

Joint Equipment Store – Health, Neath Port Talbot Council and the City and Country of Swansea

Neath Port Talbot Council is party to a pooled arrangement with the Health Board and the City and County of Swansea. This arrangement is led by the City and County of Swansea.

The agreement for this pool is that the host partner shall retain operational responsibility for any costs, expenses or liabilities in excess of the Pooled Fund at any time during its existence, other than where these have been incurred with the express agreement of the Partners. Where this agreement has been made, the Partners are jointly responsible in the proportions of their respective contributions to the pool.

2013/14			2014/15	
£000	£000		£000	£000
		Funding provided to the pooled budget:		
(619)		City and County of Swansea	(749)	
(389)		Neath and Port Talbot Council	(496)	
(978)		The Health Board	(864)	
	(1,986)	Total Contributions		(2,109)
	2,038	Expenditure met from the pooled budget:		2,003
	52	Net (surplus)/deficit arising on the pooled budget during the year		(106)
	-	Authority share of the net (surplus)/deficit arising on the pooled budget		-

NOTES TO THE ACCOUNTS

31. MEMBERS REMUNERATION

The Authority paid the following amounts to members of the Council during the year.

2013/14 £000		2014/15 £000
1,198	Basic Allowance/Basic and Senior Salaries	1,201
13	Expenses	13
1,211	Total	1,214

32. OFFICERS REMUNERATION

The Council is required to provide details on a range of remuneration issues, such as the median remuneration for all employees compared to the Chief Executive, the amounts earned by senior officers, salary costs greater than £60,000 and the cost and number of any exit packages. The information prepared for the remuneration notes includes the staff employed at the voluntary aided Faith Schools in the area, which are:

- Alderman Davies Church in Wales Primary
- Bryncoch Church in Wales Primary
- St Therese's Catholic Primary
- St Joseph's Catholic Primary, infants and junior schools
- St Joseph's Comprehensive.

The Accounts and Audit Regulations (Wales) 2014 introduced the requirement for the Statement of Accounts to include a ratio showing the remuneration of the Council's highest paid officer, its Chief Executive, compared to the median remuneration of all employees which is £20,849. The ratio is:

	Pay multiple
Median employee earnings : Chief Executive's earnings	1 : 6

The remuneration paid to the Authority's senior employees is as follows:

	2013/14	-	-	-	-
Director of Finance and Corporate Services	2014/15	103,680	-	16,796	120,476
	2013/14	100,693	-	14,634	115,327

The Employers pension contribution of 16.2% (14.5% in 2013/14) excludes any deficit contribution to the fund and represents the normal contribution required for the year.

The Chief Executive's figures do not include any remuneration for the Chief Executive in his role as Returning Officer. There was no election in 2013/14 and the costs in 2014/15 were £5,313, which is based on rates defined by the respective election bodies.

The information for the Director of Education, Leisure and Lifelong Learning included in the table above reflects the full year payment for the new Director in 2014/15, with the 2013/14 comparatives showing both the new and former Director of Education, Leisure and Lifelong Learning. Although the former Director is still employed by the Council, he was seconded to the Welsh Government on a full time basis on 2nd May 2013. The former director was paid salary, fees, allowances and expenses of £108,618 (£109,800 during 2013/14), with the Authority being fully reimbursed for the costs incurred during his time with the Welsh Government.

The new Director of Environment took up the position on 1st September 2014. There are two lines showing for the Director of Environment to show the pay of the retiring director followed by the pay of the newly appointed director in 2014/15.

The Director of Social Services, Health and Housing post has not been filled by a council employee, but if it had been the salary range would have been £100,722 to £108,618 (2013/14 £98,745 to £108,618). A payment of £169,400 has been made to Windsor Transformational Limited in 2014/15 (2013/14 £154,700), who provided the services of the Interim Director of Social Services, Health and Housing to the Council. This is an all-inclusive payment and the company takes responsibility for all taxes.

The number of Authority's other employees receiving more than £60,000 remuneration for the year, excluding employer's pension contributions, in bands of £5,000 is listed below.

NOTES TO THE ACCOUNTS

			2014/15 Number of employees	2013/14 Number of employees
£60,000	-	£64,999	13	14
£65,000	-	£69,999	11	16
£70,000	-	£74,999	7	7
£75,000	-	£79,999	10	13

NOTES TO THE ACCOUNTS

33. EXTERNAL AUDIT COSTS

The Authority has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections provided by the Authority's external auditors:

2013/14 £000		2014/15 £000
177	Fees payable to Wales Audit Office for external audit services carried out by the appointed auditor for the year	177
125	Fees payable to Wales Audit Office for statutory work carried out under the local government measure	99
100	Fees payable to Wales Audit Office for the certification of grant claims and returns for the year	74
402	Total	350

The Council received a rebate of £14,000 in relation to the local government measure fee. In addition, Wales Audit Office made a distribution of their reserves for 2013/14 which resulted in the Council received income of £58,000. Neither of these items is reflected in the table above.

NOTES TO THE ACCOUNTS

34. GRANT INCOME

The Authority credited the following grants and contributions to the Comprehensive Income and Expenditure Statement:

2013/14 £000		2014/15 £000
	Credited to Taxation and Non Specific Grant Income	
1,477	Improvement Agreement Grant	1,469
173,941	Revenue Support Grant	165,375
13,278	Harbour Way Peripheral Distributor Road (PDR) Grant	2,443

5,990	Other Services Grants	2,615
98,798	Total	101,819

NOTES TO THE ACCOUNTS

35. RELATED PARTIES

The Authority is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Authority.

Central Government

Central government has significant influence over the general operations of the Authority – it is responsible for providing the statutory framework, within which the Authority operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties, such as council tax bills and housing benefits. Grants received from government departments are set out in the subjective analysis in Note 26 on reporting for resources allocation decisions. Grant receipts are shown in Note 34.

Members

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2014/15 is shown in Note 31.

The following relationships have been identified between the Council and its Members:

- A taxi firm owned by a Member of the Authority had a contract with the Authority for the provision of specified taxi services. This contract was entered into in full compliance with the Authority's Standing Orders and services of £360,000 were purchased during the year (2013/14 - £329,000).
- The Council has a lease with another Member for the provision of three vending machines at the cost of £1 per machine.
- One member owns Heddfan Properties which has four properties rented out through the Council's Social Letting Agency, whilst another Member uses this service to rent out a flat.
- During 2014/15 Grwp Gwalia, the employer of another Member, had contracts with the Authority for the provision of housing, support services and residential care.
- The employer of another Member provided the Council's banking services.
- A Council Member is acting as a director of Neath Port Talbot Home Inspection Services Ltd, whilst four Members are on the board of NPT Homes. Also the Celtic Leisure Board has two Council Members.
- In addition, various grants and funds were paid to organisations in which Members have an interest. These payments were made with proper consideration of declarations of interest. The relevant Members did not take part in any discussion or decision relating to the grants.

Details of all these arrangements are recorded in the Register of Members Interest.

NOTES TO THE ACCOUNTS

Officers

The Chief Executive of the Authority and the Director of Environment are both unpaid appointed directors of Baglan Bay Company Ltd and Coed Darcy Ltd. Baglan Bay Ltd has been established to oversee the transformation of the former BP Baglan Bay petrochemicals plant into a multi-million pound employment site by St Modwen, who is one of the UK's leading regeneration specialists, whilst Coed Darcy Ltd has responsibility for overseeing the development of the former BP site at Llandarcy.

The Chief Executive and Head of Legal Services are unpaid shareholder representatives on behalf of the Council with Neath Port Talbot Waste Management Ltd. The role does not involve any decision making on the day to day running of the Company. The Council's Group Accountant-Environment is the Company Secretary for this company.

The Chief Executive is the unpaid Secretary to the Swansea Bay City Region Board which advises Ministers on economic development, infrastructure and related matters across South West Wales.

The Director of Social Services, Health and Housing, the Head of Community Care and a member of staff from Legal Services are unpaid directors for the Neath Port Talbot Home Inspection Services Ltd.

The Director of Social Services, Health and Housing is a major shareholder, director and company secretary for Windsor Transformational Education Services Limited, which is the company providing the services of the Director to the Council.

The Head of Legal Services, due to his past membership of the board of Neath Port Talbot Community Transport, does not advise on any matters relating thereto.

The Director of Environment, is a paid director of Neath Port Talbot Waste Management Company Ltd and Neath Port Talbot Recycling Ltd who are the companies providing waste disposal services to Neath Port Talbot County Borough Council.

The Director of Environment is a board member of the Neath Canal Company which oversees the running and development of the canal network within the Authority's boundary.

The Director of Environment is a board member of the Neath Harbour Commission which oversees the running and development of the Neath Estuary and Harbour.

Entities Significantly influenced by the Authority

Waste

The Authority owns a Waste Management Company (Neath Port Talbot Waste Management Company Ltd) and relevant transactions and details are included in notes to the Balance Sheet.

The Waste Management Company has a 100% shareholding in the operating company for the materials recycling plant (Neath Port Talbot Recycling Ltd). The

NOTES TO THE ACCOUNTS

Authority paid waste management charges to NPT Recycling Ltd in 2014/15 on behalf of Neath Port Talbot CBC and Bridgend CBC of £7.951m (£8.183m in 2013/14) and received income from Bridgend CBC. At the 31st March 2015 the Council owed the Company £301,000 and had made payments in advance of services of £710,000.

Home Inspection Services

The Authority established a company in 2007 which provides a range of building/property services. The company issued £1,000 of share capital which is 100% owned by the Authority. The board of the company consists of three unpaid Authority staff and one member, who have full decision making powers. The day to day operations are carried out by employees from the Council.

The Authority received income of £90,000 from NPT Home Inspection Services Limited in 2014/15 for professional fees and ECO funding for the Renewal scheme; there was a £170,000 outstanding balance owed by NPT Home Inspection Services Limited on the 31st March 2015. As at the 31st March 2015, there was no money owed by the Authority to NPT Home Inspection Services Limited. Further information is available in Note 49-Group Accounts.

Celtic Leisure

The Council uses Celtic Leisure to manage its indoor leisure activities and the Gwyn Hall. This body is a company limited by guarantee, with the Authority's board membership limited to 20%. The Authority pays Celtic Leisure an annual management fee to run the service (excluding the structural maintenance of buildings) which for 2014/15 was £1.98m (£1.91m in 2013/14). There are no outstanding balances at 31st March 2015.

Neath Port Talbot Homes

Neath Port Talbot Homes is an industrial provident charitable organisation which was established in 2011 to take ownership and management of council housing in Neath Port Talbot. It is run by a voluntary Board made up equally of four tenants, four Councillors and also four independent people. The Authority paid Neath Port Talbot Homes £470,000 from April 2014 to March 2015; £388,000 of this relates to supporting people charges. In the same period, the Authority charged Neath Port Talbot Homes £715,000. There was a £114,000 outstanding balance owed by Neath Port Talbot Homes on the 31st March 2015.

Baglan Bay Company Limited

This is a company whose principal activity is that of monitoring the remediation of former BP sites in the Swansea Bay Area with the Authority holding 50% of the shares. There is no ultimate controlling party for this company.

Coed Darcy Limited

The principal activity of this company is that of property investment and regeneration. The company is also responsible for monitoring the remediation of the former BP oil refinery at Llandarcy. It also has an aim to stimulate and promote the creation within Wales of new enterprises.

The Authority holds a 46% share in Coed Darcy Limited and there is no ultimate controlling party for this company.

NOTES TO THE ACCOUNTS

During the year, the company paid the Authority £53,000 (2013 £31,000) for rates on empty properties. There are creditors due to the Authority within one year held within Coed Darcy's balance sheet of £6,000 (2013 £nil).

36. CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it.

2013/14 £000		2014/15 £000
	Capital Investment	
45,174	Property, Plant and Equipment	50,442
-	Investment Properties	-
-	Intangible Assets	-
8,544	Revenue Expenditure Funded From Capital Under Statute	7,460
-	Non Enhancement Expenditure - Chargeable against Services	-
-	Non Enhancement Expenditure - Chargeable against the Revaluation Reserve	-
53,718		57,902
	Sources of Finance	
(1,530)	Capital receipts	(1,250)
(26,820)	Government grants and other contributions	(22,708)
	Sums Set aside from revenue	
(4,001)	Direct revenue contributions and reserves	(2,432)
(21,367)	Loans	(31,512)
(53,718)		(57,902)

Where Capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Authority that has yet to be financed.

2013/14 £000		2014/15 £000
(207,493)	Opening Capital Financing Requirement	(219,942)
(4,276)	Increase In Underlying Need To Borrow (Supported By Government Financial Assistance)	(4,271)
(17,091)	Increase In Underlying Need To Borrow (Unsupported By Government Financial Assistance)	(27,241)
-	Assets Acquired Under Finance Leases	-
-	Assets Acquired Under PFI/PPP Contracts	-
8,918	Minimum Revenue Provision and prudential borrowing	9,336
-	Set Aside Receipts	-
(219,942)	Closing Capital Financing Requirement	(242,118)

NOTES TO THE ACCOUNTS

37. LEASES

Authority as Lessee

Finance Leases

The Authority recognised the existence of two finance leases in its 2011/12 Accounts, which had previously been categorised as operating leases.

The assets acquired under such leases are carried as Property, Plant and Equipment in the Balance Sheet at the following net amounts, which were subject to revaluation as at 31st March 2012.

31st Mar 2014		31st Mar 2015
£000		£000
3,036	Other Land and Buildings	2,960

The Authority is committed to making minimum payments under these leases comprising settlement of the long term liability for the interest in the property acquired by the Authority and finance costs that will be payable by the Authority in future years, while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

31st Mar 2014 £000		31st Mar 2015 £000
	Finance Lease Liabilities	
10	Current	11
938	Non current	927
1,094	Finance lease costs payable in future years	1,049
2,042	Minimum Lease Payments	1,987

The minimum lease payments will be payable over the following periods:

	Minimum Lease Payments		Finance Lease Liabilities	
	31st Mar 2014 £000	31st Mar 2015 £000	31st Mar 2014 £000	31st Mar 2015 £000
Not later than one year	55	55	11	11
Between 1 and 5 years	221	221	48	50
Later than 5 years	1,766	1,711	889	877
	2,042	1,987	948	938

NOTES TO THE ACCOUNTS

Operating Leases

Historically, the Authority leased property under operating lease agreements ranging from office buildings to industrial units and land. However, there are no arrangements going forward and there are no future lease payments due.

31st Mar 2014 £000		31st Mar 2015 £000
8	Not later than one year	-
-	Between 1 and 5 years	-
-	Later than 5 years	-
8		0

Authority as Lessor

Operating Lease

The Authority currently leases out property under operating lease agreements ranging from Indoor Market units to shops, clubs, land etc. Following a review of the agreements no changes to the accounts are necessary.

The lease income received in 2014/15 was £951,000 and in 2013/14 was £1.028m. The leases are short term by nature and future income streams will be affected by external factors most noticeably economic conditions and therefore cannot be estimated with certainty.

In addition, the Council has transferred the following homes to Gwalia on a Full Repairing and Insuring (FRI) lease basis:

- Arwelfa
- Caewern
- Dan Y Bryn
- Gorffwysfa
- Hafod
- Min Yr Afon
- Morfa Afan
- Trem Y Glyn

Gwalia will develop four new homes to replace these homes with the exception of Dan y Bryn, which is to remain operational. The new homes must all be opened no later than May 2015 or such date as agreed between the Council and the Contractor.

As the new homes are opened the residents will be transferred into them. The existing homes will be decommissioned and handed back to the Council. In the event that the Contractor elects to close the Dan Y Bryn site at any time, it too will be handed back.

The lease rental on the existing homes is charged by the Council from contract commencement and the Council received income of £208,000 during 2014/15 (2013/14 £272,000). However, the rentals paid for each home from contract commencement will be refunded to the Contractor if that home is closed in

NOTES TO THE ACCOUNTS

accordance with the agreed development programme and the Council has set up a reserve to meet the cost of any refund of this nature. These refunds will be earned as each home is closed but will not become payable until the entire development programme, including, the older people's housing scheme, is completed. No refunds will be made for any home where there is slippage in the programme for closure of that home and transfer of its residents and staff to it.

38. TERMINATION BENEFITS

The Council undertook a significant exercise to seek volunteers for voluntary redundancy as part of the Council's savings strategy and in line with the Council's commitment to avoid compulsory redundancy as far as is possible. Those leaving under the scheme received voluntary redundancy payments in line with the Council's Scheme and where eligible, accessed their pensions. Full details of the numbers and costs are included in Note 32 – Exit Packages.

39. PENSION SCHEMES ACCOUNTED FOR AS DEFINED CONTRIBUTION SCHEMES

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by the Department for Education. The Scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The Scheme is technically a defined benefit scheme. However, the Scheme is unfunded and the Department for Education uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. The Council is not able to identify its share of underlying financial position and performance of the Scheme with sufficient reliability for accounting purposes. For the purposes of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2014/15, the Council paid £6.444m to Teachers' Pensions in respect of teachers' retirement benefits, representing 14.10% of pensionable pay. The figures for 2013/14 were £6.418m and 14.10%.

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the teachers' scheme. These costs are accounted for on a defined benefit basis and detailed in Note 40.

40. DEFINED BENEFIT PENSION SCHEMES

Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement.

NOTES TO THE ACCOUNTS

The Council participates in two post-employment schemes:

- the Local Government Pension Scheme, administered locally by the City and County of Swansea. This is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets. Benefits earned up to 31st March 2014 were linked to final salary, with benefits after this date based on a Career Average Revalued Earnings Scheme.
- arrangements for the award of discretionary post-retirement benefits upon early retirement – this is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there is no investment assets built up to meet these pensions' liabilities, and cash has to be generated to meet actual pension payments as they eventually fall due.

The City and County of Swansea Pension Fund is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the City and County of Swansea Council. Policy is determined in accordance with the Pension Fund Regulations.

The principal risks to the Council of the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme, such as large-scale withdrawals, changes to inflation, bond yields and the performance of the equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge to the General Fund the amounts required by statute.

Discretionary Post –retirement Benefits

Discretionary post-retirement benefits on early retirement are an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. There are no plan assets built up to meet these pension liabilities.

Transactions Relating to Post-employment Benefits

The cost of retirement benefits is recognised in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

NOTES TO THE ACCOUNTS

449.63	Opening fair value of scheme assets	459.78
19.90	Interest Income on assets	19.93
(14.78)	Remeasurement gains/(losses) on assets	28.22
18.76	Contributions by the employer	20.84
5.30	Contributions by participants	5.79
(19.03)	Net benefits paid out	(19.27)
-	Net increase in assets from disposals/acquisitions	-
-	Settlements	-
459.78	Closing fair value of assets	515.29

NOTES TO THE ACCOUNTS

Reconciliation of present value of the scheme liabilities (defined benefit obligation):

	Funded liabilities: Local Government		Unfunded liabilities: Discretionary	
	2014/15 £m	2013/14 £m	2014/15 £m	2013/14 £m
Opening Balance at 1st April	(734.93)	(813.85)	(39.14)	(37.48)
Current service cost	(19.23)	(21.90)	-	-
Interest cost	(31.32)	(35.52)	(1.59)	(1.48)
Contributions from scheme participants	(5.79)	(5.30)	-	-
Remeasurement gains and (losses)				
Actuarial gains/losses arising from changes in financial assumption	(75.25)	65.28	(3.00)	2.00
Actuarial gains/losses arising from changes in demographic assumptions	-	5.21	-	(1.59)
Actuarial gains and losses due to liability experience	3.98	52.92	1.48	(3.00)
Net benefits paid out	19.27	19.03	2.65	2.70
Past service cost (incl. curtailments)	0.19	(0.80)	(0.23)	(0.29)
Net increase in liabilities-disposals/acquisitions	-	-	-	-
Settlements	-	-	-	-
Closing balance at 31st March	(843.08)	(734.93)	(39.83)	(39.14)

NOTES TO THE ACCOUNTS

Local Government Pension Scheme assets comprised:

	Fair value of scheme	
	2014/15 £000	2013/14 £000
Cash and cash equivalents	14,465	14,419
Equity instruments		
By industry type		
Consumer	65,981	43,254
Manufacturing	35,509	43,103
Energy and utilities	26,677	28,625
Financial institutions	57,414	46,210
Health and care	26,320	26,109
Information Technology	16,145	15,163
Telecommunications Services	11,632	7,387
Sub total	239,678	209,851
Pooled Equity Investment Vehicles		
UK	45,641	46,545
Overseas	83,552	69,566
Sub total	129,193	116,111
Property	25,267	22,992
Fixed Interest		
Fixed Interest	61,715	60,712
Index linked	8,886	6,932
Sub total	70,601	67,644
Hedge Funds	17,265	16,413
Private Equity	9,744	8,028
Global Tactical Asset Allocation	5,169	5,195
Net Current Assets	3,908	(873)
Total assets	515,290	459,780

All scheme assets have quoted prices in active markets.

The risks relating to assets in the scheme are also analysed by company size below:

NOTES TO THE ACCOUNTS

	Fair Value of scheme	
	2014/15 £000	2013/14 £000
Equity instruments:		
By company size		
Large capitalisation	176,011	128,515
Small capitalisation	63,667	81,336
Sub total equity instruments	239,678	209,851

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by AON Hewitt, an independent firm of actuaries, estimates for the City and County of Swansea Pension Fund being based on the latest full valuation of the scheme as at 31st March 2013.

The significant assumptions used by the actuary have been:

	Local Government Pension		Discretionary Benefits Arrangements	
	2014/15 £m	2013/14 £m	2014/15 £m	2013/14 £m
Mortality assumptions:				
Longevity at 65 for current pensioners:				
Men	22.6	22.5	-	-
Women	25.1	25.0	-	-
Longevity at 65 for future pensioners:				
Men	24.8	24.7	-	-
Women	27.4	27.3	-	-
Rate of inflation:				
RPI	2.9%	3.4%	2.9%	3.2%
CPI	1.8%	2.4%	1.8%	2.2%
Rate of increase in salaries	3.3%	3.9%	-	-
Rate of increase in pensions	1.8%	2.4%	1.8%	2.2%
Rate for discounting scheme liabilities	3.2%	4.3%	3.1%	4.2%

Sensitivity Analysis

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The approximate impact of changing the key assumptions on the present value of the funded defined benefit obligation as at 31st March 2015 and the projected service cost for the year ending 31st March 2016 is set out below:

NOTES TO THE ACCOUNTS

Discount Rate assumption

Adjustment to discount rate	+0.1% p.a.	-0.1% p.a.
Present value of total obligation (£m's)	827.34	859.12
% change in present value of total obligation	-1.9%	1.9%
Projected service cost (£m's)	22.12	23.56
Approximate % change in projected service cost	-3.1%	3.2%

Rate of general increase in salaries

Adjustment to salary increase rate	+0.1% p.a.	-0.1% p.a.
Present value of total obligation (£M's)	848.30	837.93
% change in present value of total obligation	0.6%	-0.6%
Projected service cost (£m's)	22.83	22.83
Approximate % change in projected service cost	0.0%	0.0%

Rate of increase to pensions in payment and deferred and rate of revaluation of pension accounts assumption

Adjustment to pension increase rate	+0.1% p.a.	-0.1% p.a.
Present value of total obligation (£M's)	854.19	832.13
% change in present value of total obligation	1.3%	-1.3%
Projected service cost (£m's)	23.56	22.12
Approximate % change in projected service cost	3.2%	-3.1%

Post retirement mortality assumption

Adjustment to mortality age rating assumption	-1 year	+1 year
Present value of total obligation (£M's)	865.60	820.58
% change in present value of total obligation	2.7%	-2.7%
Projected service cost (£m's)	23.60	22.06
Approximate % change in projected service cost	3.4%	-3.4%

Asset Liability Matching Strategy

The City and County of Swansea Pension Fund has not formally adopted any asset liability matching strategies within its current statement of investment principles. The Pension Fund is an open defined benefit LGPS fund which is open to new membership. Noting the positive cashflow of the Fund at this present time, the Fund has adopted a medium/long term investment horizon in its allocation to growth assets, however, the need to meet on-going liabilities, is addressed by the allocation to cash distributing assets in the form of bonds, property and infrastructure.

Impact on the Authority's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The City and County of Swansea Pension Fund has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next twenty five years and they monitor these funding levels. The next triennial valuation is due to be completed on 31st March 2016.

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31st March 2016 is £19.81m. Expected

NOTES TO THE ACCOUNTS

payments to beneficiaries of the Discretionary Benefits schemes in the year to 31st March 2016 are £1.07m for the LGPS Scheme and £1.61m for Teachers.

41. CONTINGENT LIABILITIES AND ASSETS

Liability - Municipal Mutual Insurance (MMI)

MMI ceased writing insurance business on 30th September 1992 and an arrangement was put in place in 1994 to ensure an orderly run off. In the event of it becoming clear that a solvent run off was unlikely to be achieved, it was identified that a Scheme of Arrangement would be triggered which would pass some of the liability to repay old claims to the Council.

The Scheme was triggered on 13th November 2012 and since this time, charges have been made to take account of known costs of £94,000, together with a long term provision of £108,000 to reflect the estimated clawback. As further claims are met, the Scheme Administrator may revisit the levy rate and increase the Council's liability by up to £425,000, but as this has not happened and the liability is not certain, this element has not been included in the accounts.

Liability - Rentals

The Council has entered into an agreement with Gwalia for them to provide residential care home services. As part of this agreement, lease rentals are charged by the Council on the existing homes. However, the rentals paid for each home from contract commencement will be refunded to Gwalia if that home is closed in accordance with the agreed development programme. These refunds will be earned as each home is closed but will not become payable until the entire development programme is complete. This is identified as a contingent liability as the obligation to repay the lease rentals will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

At this stage, the Council will act prudently and add an additional £208,000 to the reserve within its accounts for the repayment which could fall due. The reserve balance set aside for this purpose at 31st March is £751,000.

Liability - Equal Pay Back Pay

As a result of retrospective legislation, compensation payments made during 2008/09 could now be classified as pensionable. The guidance from the Local Government Employers Pension Committee is that settlements made in advance of the legislative change should not be reopened unless there are compelling reasons. Due to the on-going uncertainty around this matter, no allowance has been made in the accounts; the sum involved is between £182,000 and £269,000.

Liability – Holiday Pay

There have been a range of cases in relation to the payment of holiday pay over the last few years. These cases have resulted in a change to the way in which employers must calculate holiday pay.

NOTES TO THE ACCOUNTS

If an employee is required to work overtime as a regular part of their job, their pay when on holiday should reflect what they would earn as part of their normal working week, including the overtime element.

The current legislation does include a time constraint and any back dated claims have been limited so they can only be made if it is less than three months since an incorrect payment of holiday pay, although a claim can be backdated until such time as there is a three month break between underpayments.

The Council has examined its current arrangements and as a result of this exercise, identified that there is only very restricted areas where guaranteed overtime is worked. The contracts for these areas take this fully into account and the staff members accrue holiday entitlement at a level which reflects their compulsory additional hours.

Consideration has been given to areas throughout the organisation and, at this stage, it is felt unlikely that a successful claim could be made for an additional holiday pay allowance. However, due to the on-going uncertainty around this matter, this note is included with no allowance in the accounts. The position will remain under review by a group made up of staff from Human Resources, Finance and Legal throughout the next financial year.

42. DISCLOSURE OF NATURE AND EXTENT OF RISK ARISING FROM FINANCIAL INSTRUMENTS

Key Risks

The Council's activities expose it to a variety of financial risks. The key risks are:

- Credit Risk the possibility that other parties might fail to pay amounts due to the Council
- Liquidity Risk the possibility that the Council might not have funds available to meet its commitments to make payments
- Re-financing Risk the possibility that the Council might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms
- Market Risk the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates movements.

Overall Procedures for Managing Risk

The Council's overall risk management procedures focus on the unpredictability of financial markets, and are structured to implement suitable controls to minimise these risks. The procedures for risk management are set out through a legal framework based on the Local Government Act 2003 and associated regulations. These require the Council to comply with the CIPFA Prudential Code, the CIPFA Code of Practice on Treasury Management in the Public Services and investment guidance issued through the Act. Overall, these procedures require the Council to manage risk in the following ways:

NOTES TO THE ACCOUNTS

- by formally adopting the requirements of the CIPFA Treasury Management Code of Practice;
- by the adoption of a Treasury Policy Statement and treasury management clauses within its financial regulations / standing order / constitution;
- by approving annually in advance prudential and treasury indicators for the following three years limiting;
 - The Council's overall borrowing;
 - Its maximum and minimum exposures to fixed and variable rates;
 - Its maximum and minimum exposures to the maturity structure of its debt;
 - Its maximum annual exposures to investments maturing beyond a year.
- by approving an investment strategy for the forthcoming year setting out its criteria for both investing and selecting investment counterparties in compliance with the Government guidance.

These are required to be reported and approved at or before the Council's annual Council Tax setting budget or before the start of the year to which they relate. These items are reported with the annual treasury management strategy which outlines the detailed approach to managing risk in relation to the Council's financial instrument exposure. Actual performance is also reported after each year, as is a mid-year update.

The annual treasury management strategy, which incorporates the Investment Strategy and the prudential indicators, was approved by Full Council on 4th February 2015 and is available on the Council website.

These policies are implemented by a central treasury team. The Council maintains written principles for overall risk management, as well as written policies (Treasury Management Practices – TMPs) covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash. These TMPs are a requirement of the Code of Practice and are reviewed periodically.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard and Poors Credit Ratings Services. The Annual Investment Strategy also considers maximum amounts and time limits in respect of each financial institution. Deposits are not made with banks and financial institutions unless they meet the minimum requirements of the investment criteria. Additional selection criteria are also applied after this initial criteria is applied.

The key areas of the Investment Strategy in relation to minimum criteria for investment counterparties and investment limits are:

NOTES TO THE ACCOUNTS

Maturities up to a maximum of 1 year (Specified Investments)				
	Minimum “High” Credit Criteria	Funds Managed	Maximum amount	Maximum Duration
Fixed term deposits with fixed rate and fixed maturity				
Debt Management Agency Deposit Facility	N/A	In-house	Unlimited	1 year
Term deposits – local authorities	N/A	In-house	£10m	1 year
Term deposits – Nationalised & part nationalised UK bank/ building societies	Fitch short-term rating F1 with support rating of 1	In-house	£20m	1 year
Term deposits – UK banks/ building societies	Fitch short-term rating F1+ with support rating of 1	In-house	£20m	1 year
Term deposits – UK banks/ building societies	Fitch short-term rating F1+	In-house	£15m	1 year
Term deposits – Barclays Bank PLC	Fitch short-term rating F1 with a support rating of 1 and a short term stable outlook	In-house	£15m	6 months
Term deposits – UK banks/ building societies	Fitch short-term rating F1 with a support rating of 1 and a short term stable outlook	In-house	£10m	6 months
Principality Building Society	Fitch short-term rating F2	In-house	£3m	6 months
Term deposits – non UK banks	Fitch short-term rating F1+	In-house	£5m	6 months
Callable deposits	Fitch short-term rating F1 or F1+	In-house	Criteria as above with the addition of a £3m limit for the Council’s bankers, Santander.	
Maturities in excess of 1 year (Non-specified Investments)				
Fixed term deposits with fixed rate and fixed maturity - a maximum of £25m will be held in non-specified investments all of which will be sterling denominated.				
Debt Management Agency Deposit Facility	N/A	In-house	Unlimited	5 years
Term deposits – Local Authorities	N/A	In-house	£10m	5 years
Term deposits – UK Banks / Building Societies	Fitch long-term rating A	In-house	£10m	5 years
Term deposits – non UK Banks	Fitch long-term rating A	In-house	£3m	5 years

NOTES TO THE ACCOUNTS

Maturities up to a maximum of 1 year (Specified Investments)				
	Minimum “High” Credit Criteria	Funds Managed	Maximum amount	Maximum Duration
Term deposits – Building Societies	Fitch long-term rating A	In-house	£3m	5 years
Fixed term deposits with variable rate and variable maturities				
Callable deposits	Fitch long-term rating A	In-house	Criteria as above.	

The Authority’s maximum exposure to credit risk in relation to its investments in individual banks and building societies cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. A risk of irrecoverability applies to all of the Authority’s deposits but by adopting stringent investment criteria this risk can be minimised.

However, the Authority did have investments with the failed Icelandic banks that, despite meeting the credit criteria, collapsed and went into administration in October 2008.

No breaches of the Council’s counterparty criteria occurred during the reporting period and the Council does not expect any losses from non-performance by any of its counterparties in relation to deposits and bonds.

The Council does not allow credit for its trade debtors. The following analysis shows the age profile of the due amounts:

31st Mar 2014 £000		31st Mar 2015 £000
2,519	Current - up to one month	3,968
659	One to three months	661
329	Three to six months	1,117
1,184	Six months to one year	878
1,768	More than one year	2,417
6,459	Total	9,041

Liquidity Risk

The Council manages its liquidity position through the risk management procedures above (the setting and approval of prudential indicators and the approval of the annual treasury and investment strategies) as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available when needed.

The Council has ready access to borrowings from the money markets to cover any day to day cash flow need, and the PWLB and money markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finances to meet its commitments under financial instruments.

NOTES TO THE ACCOUNTS

Refinancing and Maturity Risk

The Council maintains a significant debt and investment portfolio. Whilst the cash flow procedures above are considered against the refinancing risk procedures, longer term risk to the Council relates to managing the exposure to replacing financial instruments as they mature. This risk relates to both the maturing of longer term financial liabilities and longer term financial assets.

The approved treasury indicator limits for the maturity structure of debt and the limits placed on investments placed for greater than one year in duration are the key parameters used to address this risk. The Council approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters.

The maturity analysis of financial liabilities (excluding interest) is as follows:

31st Mar 2014 £000		31st Mar 2015 £000
(1,436)	Less than 1 year	(2,667)
(1,667)	Between 1 and 2 years	(4,546)
(9,511)	Between 2 and 5 years	(12,507)
(21,969)	Between 5 and 10 years	(21,413)
(137,502)	More than 10 years	(153,090)
(172,085)	Total	(194,223)

Market Risk

Interest Rate Risk – The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in variable and fixed interest rates would have the following effects:

- borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- borrowings at fixed rates – the fair value of the borrowing will fall (no impact on revenue balances);
- investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and
- investments at fixed rates – the fair value of the assets will fall (no impact on revenue balances).

Borrowings are not carried at fair value on the balance sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance.

NOTES TO THE ACCOUNTS

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. This Strategy is used to set a treasury indicator which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor the market and interest rate forecasts during the year and adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed.

If all interest rates had been 1% higher (with all other variables held constant) the financial effect at 31st March would be:

	31st Mar 2015 £000
Increase/decrease in interest received and credited to the CIES Account	476
Increase/decrease in external interest payable and debited to the CIES Account	1,942

Price Risk – The Council does not invest in equity shares or marketable bonds.

Foreign Exchange Risk – The Council has foreign exchange exposure resulting from an element of the settlement received from Glitnir. This is being held in Icelandic kroner in an escrow account due to the current imposition of currency controls.

43. TREASURY MANAGEMENT INVESTMENTS - ICELANDIC BANK DEFAULTS

The Council has the following investments outstanding in the UK subsidiaries of the former Icelandic bank Heritable and Kaupthing Singer and Friedlander (KSF):

Bank	Original Principal Invested £m	Repaid to 31st Mar 2015 £m	Balance Sheet at 31st Mar 2015 £m
Heritable Bank Ltd	9.000	8.597	0.000
Kaupthing Singer & Friedlander Ltd (KSF)	3.000	2.546	0.074
Total	12.000	11.143	0.074

Details of dividends received and anticipated in relation to these two institutions are detailed in the paragraphs below:

NOTES TO THE ACCOUNTS

Heritable Bank Ltd

Heritable Bank is a UK registered bank under Scottish law. The company was placed into administration on 7th October 2008. To date the bank's administrators have paid out dividends totalling 94.02p in the £. The latest administrators report states that no further dividends are anticipated; a position which is reflected in the Council's accounts.

Date	Repayment
Received to date	94.02%
No further repayments anticipated	

Kaupthing Singer and Friedlander Ltd (KSF)

KSF is a UK registered bank under English law. The current position on actual payments received and estimated future pay outs is as shown in the table. The Authority has decided to recognise an impairment based on recovering 85p in the £, which is based on advice provided by its Treasury Management Advisors.

Date	Repayment
Received to date	82.50%
December 2015	2.50%

Recoveries are expressed as a percentage of the Authority's claim in the administration, which includes interest accrued up to 7th October 2008.

Glitnir Bank hf

Glitnir Bank hf is an Icelandic entity. Following steps taken by the Icelandic Government in early October 2008, its domestic assets and liabilities were transferred to a new bank (new Glitnir) with the management of the affairs of Old Glitnir being placed in the hands of resolution committee. Following the Icelandic Supreme Court decision to grant UK local authorities priority status, the winding up board made a distribution to creditors in a basket of currencies in March 2012.

An element of the distribution is in Icelandic Kroner which has been placed in an escrow account in Iceland and is earning interest of 3.71%. This element of the distribution has been retained in Iceland due to currency controls currently operating in Iceland and as a result is subject to exchange rate risk, over which the Authority has no control.

The distribution has been made in full settlement, representing 100% of the claim.

In June 2015, the Council entered into an agreement to sell its Icelandic Escrowed Kroner which had been held under Icelandic Government currency control arrangements. The Council expects to receive approximately £290,000 of the original £387,000 investment and will deal with the accounting implications of this sale in its 2015/16 Accounts.

NOTES TO THE ACCOUNTS

Foreign exchange risk in Relation to Icelandic Deposits

The Authority has foreign exchange exposure resulting from an element of the settlement received from Glitnir. This is being held in Icelandic kroner in an escrow account due to the current imposition of currency controls.

Accounting for Impairment

The total impairment recognised in the Income and Expenditure Account is £25,000, also included is £22,000 of assumed investment interest. The impairment is due to the fact that the total percentage dividends assumed for Kaupthing Singer and Friedlander are less than reflected in the 2013/14 Accounts.

44. HERITAGE ASSETS: FIVE YEAR SUMMARY OF TRANSACTIONS

	2010/11	2011/12	2012/13	2013/14	2014/15
	£000	£000	£000	£000	£000
Initial recognition of heritage assets					
Works of Art	-	786	-	-	-
Total initial recognition	0	786	0	0	0
Acquisition of heritage assets					
Works of Art	-	-	-	-	-
Total cost of Acquisition	0	0	0	0	0
Value of heritage assets acquired by donation					
Works of Art	-	-	-	-	-
Total Donations	0	0	0	0	0
Transfer of assets from other categories in the period					
Works of Art	-	-	-	-	-
Total Transfers	0	0	0	0	0
Revaluation of assets in the period					
Works of Art	-	-	-	517	(120)
Total Revaluation	0	0	0	517	(120)

45. HERITAGE ASSETS: FURTHER INFORMATION ON THE MUSEUM'S COLLECTIONS

Details of the Heritage Assets held by the Authority are included in Note 12 : Heritage Assets.

46. TRUST FUNDS

The Authority administers various trust funds. The application of these funds covers a wide field ranging from educational, social and recreational needs, to the relief of sickness and protection of historic buildings. As these funds are not the property of

NOTES TO THE ACCOUNTS

the Authority, they are not included in the Balance Sheet or Comprehensive Income and Expenditure Statement.

Details of the unaudited accounts balances at 31st March are as follows:

2013/14 £000	Trust Funds	2014/15 £000
599	* Welsh Church Acts (WCA)	608
1,527	Education Trust Funds (Note 1)	1,629
63	Social Services Trust Fund	64
2,189		2,301

* The opening position for the WCA has been updated to reflect the audited position.

The Education Trust Funds balance as at 31st March is made up of the following:

2013/14 £000	Education Trust Funds	2014/15 £000
1,160	Investment at Market Value	1,256
276	Cash	282
91	Investment at Book Value	91
1,527		1,629

The Social Services Trust Funds are stated at book value.

Note 1:

The Accounts are prepared on a receipts and payments basis as opposed to an accruals basis as the gross income of the charity is less than £100,000 per annum.

47. LOCAL TAXATION

Council Tax

Council tax is the current form of local taxation for domestic properties. All domestic properties are placed into one of nine valuation bands according to their open market value at 1st April 2003. The average amount of council tax for a property in Band D in 2014/15 was £1,542.24. This was calculated by dividing the amount of council tax required by Neath Port Talbot CBC, each community council, and the South Wales Police Authority by the council tax base of 45,913 (which is the number of properties we collect council tax from, adjusted by discounts etc., and converted to the equivalent number of Band D properties). The amounts for properties in other bands are calculated by multiplying the Band D figure by the relevant multiplier in the table below:

NOTES TO THE ACCOUNTS

Band	A	B	C	D	E	F	G	H	I	Total
Multiplier	6/9	7/9	8/9	9/9	11/9	13/9	15/9	18/9	21/9	
No. of chargeable dwellings	13,002	26,048	10,918	6,835	3,997	1,306	495	85	14	62,700

Business Rates

Non domestic rates are calculated by multiplying a property's rateable value by the rating multiplier (or rate in the pound). Rateable values are determined by the Valuation Office Agency and the multiplier is set by the Welsh Government. The multiplier for 2014/15 was 47.3p (2013/14 46.4p). The Authority is responsible for collecting rates due from businesses in its area but pays the proceeds into the NNDR pool administered by the Welsh Government. The Welsh Government redistributes the sums payable back to local authorities on the basis of a fixed amount per head of population.

In 2014/15, the total non domestic rateable value at the year end was 101.398m (2013/14 97.781m).

Significant precepts or demands

An element of the council tax bill relates to funding which is paid over to other organisations. The main demands and precepts were:

48. JOINTLY CONTROLLED OPERATIONS AND JOINTLY CONTROLLED ASSETS

The Authority participates in a number of Joint Venture Operations which have not involved the establishment of a separate entity.

All revenue transactions other than those relating to Margam Crematorium are included within the Comprehensive Income and Expenditure Statement and any associated current liabilities and/or current assets are held on the balance sheet. The Margam Crematorium, being a significant non-current asset is included on the balance sheet of the Authority at the appropriate fair value. Due to materiality, no other balances / reserves are included on the balance sheet of the Authority and are held by the organisation(s) as outlined in the following notes:

NOTES TO THE ACCOUNTS

Margam Joint Crematorium Committee

The Authority manages a Crematorium facility under a joint arrangement with Bridgend County Borough Council. The share of operating expenditure and income relating to Neath Port Talbot County Borough Council is shown below:

Expenditure £000	Income £000	Net £000
456	(502)	(46)

This Authority's share of the net equity within the crematorium balance sheet is £62,624.

South West Wales Integrated Transport Consortium

The Authority in conjunction with three neighbouring authorities had established a joint committee for the purpose of delivering an integrated transport strategy for the region (SWWITCH). This has now been dissolved due to the external funding being withdrawn on 1st April 2014. The Deed of Termination was signed on the 8th April 2015.

Archives

The Authority has established together with the City and County of Swansea a joint committee to undertake the running of the Archives service. The service is run by the City and County of Swansea and Neath Port Talbot's contribution for 2014/15 was £94,000 (2013/14 £106,000).

This Authority's share of the reserves held by the City and Council of Swansea is £50,000 (2013/14 £50,000).

Joint Resilience Committee

The Authority has entered into a joint arrangement with the City and County of Swansea for the provision of emergency planning for civil contingencies. The Authority contribution for 2014/15 was £75,000 (2013/14 £75,000).

Education through Regional Working (ERW) (formerly SWAMWAC)

The Authority is part of a joint committee with five other neighbouring authorities to deliver Education through Regional Working. This is managed by Pembrokeshire County Council.

The total annual contribution of all participating authorities for 2014/15 was £250,000 (2013/14 £156,000) of which this Authority's share was £37,500 (2013/14 £25,000).

There are specific reserves held for constituent authorities of £412,000 with this Council's share being £62,000. Any other assets belonging to the Committee are held by the host authority in trust for each of the constituent members in equal share.

NOTES TO THE ACCOUNTS

Welsh Purchasing Consortium

The Welsh Purchasing Consortium is a collaborative procurement organisation which is made up of 19 Unitary Authorities across Wales and run operationally by a central management team. Contracting activity within the WPC is undertaken by individual member Authorities on behalf of the whole membership on a reciprocal basis.

The total contribution for all members for 2014/15 was £243,000 (2013/14 £244,125), with this Authority's share being £12,150 (2013/14 £13,500). At 31st March, there were reserves of £419,947 with Neath Port Talbot Council share being £23,712 (2013/14 £402,738 and £25,369).

Coroners

The Coroners district areas were amalgamated on 1st April 2014. The service is run by the City and County of Swansea and Neath Port Talbot's contribution for 2014/15 was £175,000.

49. GROUP ACCOUNTS

NPT Home Inspection Services

As stated in the Explanatory foreword, no Group Accounts have been prepared on the basis of materiality.

However, the Authority holds a 100% shareholding of NPT Home Inspection Services Limited. This company was originally set up to provide a variety of building related services for a range of organisations, including other local authorities.

The financial year for this company was originally 31st March, but this was changed to 30th September for the 2013/14 accounts. The accounts for NPT Home Inspection Services (Registration Number 0686245) can be obtained from Companies House in Cardiff upon completion of their audit.

Final 31st Mar 2013 £000		Year to 30th Sep 2014 £000
182	Net Assets/(Liabilities)	103
115	Net Profit/(Loss)	(78)

Neath Port Talbot Waste Management Company Limited

The Authority has a 100% shareholding in Neath Port Talbot Waste Management Company Ltd (NPTWM) who ran the former landfill site. NPTWM has a 100% shareholding in Neath Port Talbot Recycling Ltd which continues to take residual domestic and commercial waste from Neath Port Talbot and Bridgend Councils. NPTWM also has a 50% interest in a joint venture company Green Energy (South Wales) Ltd, through a wholly owned shell company, Neath Port Talbot (Green

NOTES TO THE ACCOUNTS

Energy) Ltd, with Maesgwyn Energy Ltd, a subsidiary of the Walters Group. This is examining the possibility of developing other facilities.

Included within the balance sheet of the Authority at 31st March 2015 are the land of NPT WM (at nil value) and the fair value of land, buildings, equipment and plant of Neath Port Talbot (Recycling) Ltd of £2.6m (2013/14 £2.8m).

The accounts for NPTWM (Registration Number 2633569) can be obtained from Companies House in Cardiff upon completion of their audit.

Neath Port Talbot (Recycling) Limited

The accounts for Neath Port Talbot (Recycling) Ltd. (Registration Number 3595980) for 2014/15 are not yet available, though it is considered that these will continue to be immaterial for Group Account purposes.

Final 2013/14 £000		Draft 2014/15 £000
(1,216)	Net Assets/(Liabilities)	not available
(133)	Net Profit/(Loss)	not available

The accounts for both companies in 2014/15 reflect a management fee of £175,000 (2013/14 £175,000) payable from NPT Recycling to NPT Waste Management. The accounts for both companies can be obtained from Companies House in Cardiff upon completion of their respective audits.

Baglan Bay Company Limited

The Authority holds a 50% share in Baglan Bay Company Limited with other shares being held by St Modwen Developments Limited (25%) and The Prince's Foundation (25%).

The principal activity of the company is that of monitoring the remediation of former BP sites in the Swansea area.

The accounts for Baglan Bay Company Limited are prepared to the 30th November each year and are considered to be immaterial for Group Account purposes. The accounts for this company, registration number 06383208, are available from Companies House, Cardiff.

Year to 30th Nov 2013 £000		Year to 30th Nov 2014 £000
(22)	Net Assets/(Liabilities)	(31)
(13)	Net Profit/(Loss)	(9)

NOTES TO THE ACCOUNTS

Coed Darcy Limited

The Authority holds a 46% share in Coed Darcy Limited with other shares being held by St Modwen Developments Limited (49%) and The Prince's Foundation (5%).

The principal activity of the company is that of property investment. The company is also responsible for monitoring the remediation of the former BP oil refinery at Llandarcy. It also has an aim to stimulate and promote the creation within Wales of new enterprises.

The accounts for Coed Darcy Limited are prepared to the 30th November each year and are considered to be immaterial for Group Account purposes. The accounts for this company, registration number 00577934, are available from Companies House, Cardiff.

Year to 30th Nov 2013 £000		Year to 30th Nov 2014 £000
5,750	Net Assets/(Liabilities)	5,947
169	Net Profit/(Loss)	187

Green Energy (South Wales) Limited

The Authority has a 50% interest in this company, due to it being part owned by the Authority's NPT Waste Management Company Limited. The other shares are owned by Maesgwyn Energy Limited.

The principal activity of the company is the treatment and disposal of non-hazardous waste. The accounts are considered to be immaterial for Group Account purposes and the accounts for the company, registration number 07141378, will be available from Companies House, Cardiff.

Final 2013/14 £000		Draft 2014/15 £000
(6)	Net Assets/(Liabilities)	not available
(5)	Net Profit/(Loss)	not available

50. LANDFILL SITES

The Authority has an obligation to account for obligations relating to landfill sites. This includes the duty to undertake restorative works and provide after care.

The Authority is required to recognise a provision when:

- there is a legal or constructive present obligation arising from a past event;
- it is probable that this will lead to an outflow of resources; and
- the entity can reliably estimate the amount.

The landfill site at Giants Grave is operated by Neath Port Talbot Waste Management Limited (the Company) which is a wholly owned subsidiary of the

NOTES TO THE ACCOUNTS

Authority. The Company is liable for the aftercare costs at the site, however, if the Company ceased to exist then the liability would pass to the Authority.

The site is now in aftercare phase and the Company is in receipt of the closure report and aftercare plan which has been agreed by Natural Resources Wales. The Company has a provision within its audited accounts as at 31st March 2015 of £0.792m to deal with any unforeseen residual restoration work. The Council also holds a reserve of £0.989m to meet any future landfill obligations.

At present, the Company generates sufficient income to cover the on-going annual monitoring costs at the site. In the event that responsibility for these costs transfers to the Council, then the Council will provide funding within its base budget to cover these on-going costs.

51. EXCEPTIONAL ITEMS

This note is used to explain any items included within the exceptional items line of the Comprehensive Income and Expenditure Statement.

There are no items of this nature in the Statement of Accounts for this year.

52. NON DISTRIBUTED COSTS

Non-Distributed Costs are costs that do not relate directly to the provision of a service and can include items such as the cost of discretionary benefits awarded to employees retiring early and the depreciation on surplus assets.

The significant charge in 2014/15 relates to impairment and depreciation on surplus capital assets £1.836m (2013/14 £143,000) with adjustments in relation to the Pension Fund making up the remaining balance of £45,000 (2013/14 £1.090m)

ANNUAL GOVERNANCE STATEMENT

Section One – Scope and responsibility

Neath Port Talbot County Borough Council must ensure that its business is conducted in accordance with the law and proper standards, that public money is safeguarded, properly accounted for and used economically, efficiently and effectively.

The Council also has a general duty under the Local Government (Wales) Measure 2009 to “make arrangements to secure continuous improvement in the exercise of its functions” and in discharging this duty, the Council must have regard in particular to the need to improve the exercise of its functions in terms of the following seven aspects of improvement:

1. Making progress towards an authority’s strategic objectives (as set out in the Corporate Plan).
2. Improving service quality.
3. Improving service availability.
4. Fairness especially in reducing inequality in accessing or benefiting from services, or improving the wellbeing of disadvantaged groups.
5. Exercising functions in ways that contribute to the sustainable development of an area.
6. Improving the efficiency of services and functions.
7. Innovation and change which contributes to any of the above.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Council has approved and adopted a code of corporate governance, to ensure it is consistent with the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) Framework.

ANNUAL GOVERNANCE STATEMENT

Section Two - The Purpose of the Governance Framework

The governance framework comprises the systems and processes, and culture and values, by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have resulted in the delivery of appropriate, cost effective and efficient services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives. To evaluate the likelihood of those risks and the impact, and to manage them efficiently, effectively and economically.

Page 115 Section three onwards summarises the governance framework and the system of internal control which has been in place within the Council for the year ending 31st March 2015. The framework is described to reflect the arrangements in place to meet the core principles of effective governance and provide clear details on the assurances taken during the year on the effectiveness of governance arrangements and the improvement work that arises from taking such assurances.

In 2014, the Wales Audit Office undertook a comprehensive assessment of our arrangements and they presented their findings to Council in January 2015, full report details are available here: <http://www.npt.gov.uk/default.aspx?page=7009>. There were no statutory recommendations made by the Wales Audit Office as no significant shortcomings were identified. There were, however, a range of proposals for improvement put forward for the Council's consideration and most of those proposals for improvement were accepted by the Council and are in the process of being implemented. The Council's response to the report is available here: <http://moderngov.neath-porttalbot.gov.uk/documents/s9270/Council%20covering%20report%20Jan15%203.pdf>. The improvement work will be overseen by the Corporate Governance Group, with progress reported in our Annual Governance Statement to the Audit Committee.

ANNUAL GOVERNANCE STATEMENT

Section Three - The Governance Framework

The Council's governance environment embraces the six core principles of the CIPFA/SOLACE framework as detailed in the table below:

Core Principle One:	
Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.	
Description of Governance Mechanisms	Assurances received
<p>Full Council approves the Single Integrated Plan (SIP); the Corporate Improvement Plan; and associated Annual Reports.</p>	<ul style="list-style-type: none"> ➤ The key plans describe the Council's short term and long term priorities to ensure citizens receive high quality services whether directly, or in partnership. ➤ The Corporate Improvement Plan is audited by the Wales Audit Office and was considered compliant with the Local Government Measure 2009 in 2014-15. ➤ The Single Integrated Plan ensures that our partnerships are underpinned by a common understanding and purpose, which is shared by all partners. ➤ Annual reports on both plans are produced and published and describe the extent to which the plans have been implemented. The annual reports inform annual reviews of the priorities. During 2014-15 we reviewed the priorities for both Plans to ensure they remain relevant in the current financial climate.
<p>Strategic Equality Plan</p>	<ul style="list-style-type: none"> ➤ We aim to promote equality of opportunity, combating discrimination and harassment and promoting good community relations. The Council has a Strategic Equality Plan (SEP) to make sure it does what the law says, which is treating all people fairly. We are currently reviewing our equality objectives to ensure they remain relevant in the current climate of austerity and will be publishing a revised SEP during 2015-16. ➤ We received no complaints in relation to our current SEP.
<p>Corporate Performance Management Framework.</p>	<ul style="list-style-type: none"> ➤ We revised our performance management framework in 2014-15 to ensure there is a "golden thread" of accountability running through our organisation

ANNUAL GOVERNANCE STATEMENT

<p>Core Principle One: Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.</p>	
Description of Governance Mechanisms	Assurances received
<p>Page 117</p>	<p>linking strategic activities to operational activities.</p> <ul style="list-style-type: none"> ➤ Chief Officer objectives are set annually and link to the Council's priorities as set out in the Corporate Improvement Plan. A new appraisal system allows the Chief Executive to assess their progress. ➤ A new approach was introduced in 2014-15 to ensure there was greater consistency across the Council in relation to service business plans produced at Head of Service level. An external evaluation was done of the new approach and recommendations from the evaluation have informed our 2015-16 business planning to improve and strengthen arrangements. ➤ We also introduced performance report cards at the operational level and each team is required to demonstrate what is being achieved for the resources invested in that service area. Staff morale and customer satisfaction measures are also included in the report card to ensure there is a more holistic view of service performance. We have evaluated the quality of report cards during 2014-15 and are considering any further improvements needed. ➤ Performance scrutiny was identified as an improvement area and the new report cards will be used within the scrutiny process to give a holistic view of service performance. ➤ We will be undertaking work to introduce a staff appraisal system for all staff during the next twelve months. ➤ We also use programme and project management tools to support the implementation of change across the Council where the use of such tools is efficient and effective.
<p>Forward Financial Plan (FFP).</p>	<p>The FFP, as approved by members in February 2014, was delivered during</p>

ANNUAL GOVERNANCE STATEMENT

<p>Core Principle One: Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.</p>	
Description of Governance Mechanisms	Assurances received
<p>Page 118</p>	<p>2014-15. The FFP was then reviewed and updated in 2014-15, in order to meet the Council's legal duty to set a balanced budget for 2015-16. Council formally approved the revised FFP in February 2015, which produced a revised forecast funding gap of £50 million over the period 2015-16 to 2017-18. The strategies contained within the revised FFP were subject to Member scrutiny prior to the final FFP being considered and approved.</p> <ul style="list-style-type: none"> ➤ Over the autumn of 2014 we carried out an extensive programme of consultation and engagement with a very wide range of stakeholders on a range of proposals that have significant impacts on local people. The Council also took steps to ensure the equality impact of proposals was explicitly considered when developing and agreeing the proposals within the revised FFP.
<p>Revenue and Capital Budgets.</p>	<ul style="list-style-type: none"> ➤ The Council's Annual Budget and Capital Programme were set in the context of the revised Forward Financial Plan and Corporate Improvement Plan. ➤ Monthly reports produced for senior officers are now in an improved format and improved quarterly reports for elected Members are being developed to support the monitoring expenditure forecasts against the agreed cash limits for the revenue budget. ➤ A Capital Programme Steering Group meets monthly to review expenditure against budget on the capital programme and to update the capital programme as funding decisions are made on relevant specific grants with reports to senior officers and elected Members as appropriate. ➤ Capital and revenue expenditure and related activities are subject to annual audit by the Wales Audit Office (WAO) and an unqualified opinion (our

ANNUAL GOVERNANCE STATEMENT

Core Principle One: Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.	
Description of Governance Mechanisms	Assurances received
	information in the financial statements was sound) was provided on the Annual Statement of Accounts by WAO for 2013-14.
Annual Statement of Accounts	<ul style="list-style-type: none"> ➤ The Statement of Accounts is a statutory summary of the Council's financial affairs for the financial year and is prepared in accordance with the Code of Practice on Local Government Accounting (the Code). ➤ The purpose of the Statement of Accounts is to give electors, local taxpayers, council members and any other interested parties clear information on the overall finances of the Council and to demonstrate the good stewardship of public money for the year.
Asset Management Plans	<ul style="list-style-type: none"> ➤ We maintain a number of asset plans to ensure we get value for money from our assets (these include Property, Fleet, Highways, ICT and Human Resources). The Corporate Assessment conducted by Wales Audit Office made a number of proposals for improving arrangements in relation to property and ICT asset management, which we will be implementing during 2015-16.
Procurement	<ul style="list-style-type: none"> ➤ We aim to ensure that best use is made of resources and that tax payers and service users receive good value for money. Over the last two years we have been making improvements to the way we buy goods and services and introduced an electronic ordering and payment system, to replace paper based systems. This has resulted in better management information being available on the goods and services we buy. ➤ Internal Audit checked the information flow of the new system before implementation and there will be planned on going checks of the system.
NPT People Strategy.	<ul style="list-style-type: none"> ➤ The NPT People Strategy sets out how the Council will lead, manage and

Page 119

ANNUAL GOVERNANCE STATEMENT

<p>Core Principle One: Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.</p>	
Description of Governance Mechanisms	Assurances received
	<p>develop everyone within its workforce, in social partnership with the trade unions and with the overall aim of ensuring that the workforce capacity and capability required to deliver its priorities is in place.</p>
<p>Workforce Strategy.</p>	<ul style="list-style-type: none"> ➤ We have an effective employee relations and change management process in place, based on a model of social partnership with trade unions. ➤ The Council's political leadership have provided clear and consistent direction in terms of what is expected from senior officers, i.e. a workplace culture based on trust, respect, and early and meaningful consultation. ➤ The Council has clear service level and council wide priorities, and an assessment of the workforce related implications has been undertaken for 2015-16. ➤ An agreed programme of work for the Human Resources team is in place to support the delivery of our improvement priorities and related change management activity. ➤ To date we have implemented three major voluntary redundancy programmes and as a result face a number of ongoing challenges. These include sustaining sufficient capacity and capability to deliver services and functions, ensuring that services can continue to operate safely and effectively with a reduced workforce, providing the learning, training and development needed for the residual workforce to cope with huge changes in the organisation, ensuring there is capacity to support our improvement and budget priorities within a context of diminishing resources, as well as delivering the business as usual work programme. It will be an ongoing challenge to have the right number of people, with the right skills, in the right place, doing the right things.

Page 120

ANNUAL GOVERNANCE STATEMENT

<p><u>Core Principle One:</u> Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.</p>	
Description of Governance Mechanisms	Assurances received
	<p>An establishment control process is being implemented and an organisational structure data base is being developed.</p> <ul style="list-style-type: none"> ➤ Our workforce management arrangements were also examined as part of the Corporate Assessment conducted by Wales Audit Office. There were three proposals for improvement relating to human resources, which we will be implementing in the next 12 months.
<p>Internal Audit Section.</p>	<ul style="list-style-type: none"> ➤ Internal Audit Section – this is an independent and objective assurance service, to the management of the Council and an effective way of identifying failures in service delivery. ➤ During 2014-15, 71 formal reports were issued with recommendations made where appropriate which allowed the Annual Report, which is presented to the June Audit Committee, to give Audit Committee Members “Reasonable assurance can be given that there have been no major weaknesses noted in relation to the various internal control systems operating within the Authority”. ➤ The Internal Audit plan involves Internal Audit carrying out a series of audit reviews in order to provide an opinion on the internal controls, risk management and governance arrangements of the Council. ➤ Each year the Internal Audit section carries out a number of special investigations which will include investigations into suspected incidents of fraud, irregularity and malpractice.
<p>Audit Committee.</p>	<ul style="list-style-type: none"> ➤ No significant governance issues were identified during 2014-15. This assurance is given to the Audit Committee in the annual Audit Report, which is presented in June.

Page 121

ANNUAL GOVERNANCE STATEMENT

<p><u>Core Principle One:</u> Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.</p>	
Description of Governance Mechanisms	Assurances received
	<ul style="list-style-type: none"> ➤ The Audit Committee monitors the work plan of the Internal Audit Section, and the work of external audit, throughout the year. ➤ Enhancements have been made throughout the year to the reports provided to Members by Internal Audit. ➤ Work is on-going to strengthen the role of Audit Committee in relation to risk management and its review of special investigations.
<p>Audit Manager annual report.</p>	<ul style="list-style-type: none"> ➤ Audit Manager provides an annual report to Audit Committee highlighting any concerns and to give assurance to elected Members regarding the Council's internal systems.
<p>Auditor General for Wales (Wales Audit Office).</p>	<ul style="list-style-type: none"> ➤ The Auditor General for Wales reports annually on his audit and assessment work in relation to whether the Council has discharged its duties and met the requirements under the Local Government (Wales) Measure 2009. The annual improvement report was issued in November 2014 and also incorporated the Corporate Assessment report. The report concluded that "the Council has been delivering its key priorities but limitations in governance arrangements and performance evaluation present risks to it being able to sustain progress in the future." No statutory recommendations were made by the Wales Audit Office as no significant shortcomings were identified. However, there were a range of proposals for improvement for the Council to consider. Most of those proposals for improvement were accepted by the Council and are in the process of being implemented.

ANNUAL GOVERNANCE STATEMENT

Core Principle Two:	
Members and officers working together to achieve a common purpose with clearly defined functions.	
Description of Governance Mechanisms	Assurances received
<p>The Council's Constitution is one based on an operating model of Council Leader and Cabinet.</p>	<ul style="list-style-type: none"> ➤ The Constitution clearly sets out the different, but complementary, responsibilities of Members and Officers to ensure there is effective leadership throughout the authority. ➤ The Constitution provides for full Council to approve or adopt the policy framework and budget. ➤ Committees of the Council are confirmed at annual meetings of the Council and have clear terms of reference and membership. Amendments to committee arrangements are taken back to full Council for consideration and agreement during the civic year. ➤ Following the review of democratic arrangements in 2013-14, a number of proposals for strengthening arrangements have been taken forward in 2014-15. These are covered in Section Four.
<p>The Chief Executive (as Paid Head of Service) leads the Council Officers and chairs the Corporate Directors and Corporate Management Groups (includes all Heads of Service).</p>	<ul style="list-style-type: none"> ➤ There are clear job descriptions for all staff, which highlight their roles and responsibilities.
<p>The Director of Finance and Corporate Services is the Section 151 officer under the Local Government Act 1972.</p>	<ul style="list-style-type: none"> ➤ The Director of Finance and Corporate Services is the responsible officer for the proper administration of the financial affairs of the Authority. ➤ This finance function provides support to directorates and determines the budget preparation and financial monitoring processes. ➤ This function also provides the annual statement of accounts for the Authority.
<p>Designated Monitoring Officer.</p>	<ul style="list-style-type: none"> ➤ The Head of Legal Services carries overall responsibility for legal compliance.

ANNUAL GOVERNANCE STATEMENT

Core Principle Two: Members and officers working together to achieve a common purpose with clearly defined functions.	
Description of Governance Mechanisms	Assurances received
Head of Democratic Services.	<ul style="list-style-type: none"> ➤ The Head of Democratic Services created by the Local Government Measure 2011 is the Head of Corporate Strategy and Democratic Services. During 2014-15 the Head of Democratic Services reported formally to the Democratic Services Committee on the adequacy of resources available to deliver the support related to the democratic functions of the Council as required by the Local Government Measure 2011.
Head of ICT.	<ul style="list-style-type: none"> ➤ The Head of Information and Communications Technology is the Authority's designated Senior Information Risk Owner (SIRO), a role recommended in the Local Government Data Handling guidance and which is reinforced by the Public Services Network (PSN) Information Assurance requirements. ➤ It has been agreed that the SIRO will report directly to the Corporate Directors' Group on data protection matters and will chair the Information Security Group as recommended by a recent audit carried out by the Information Commissioner's Office (ICO). ➤ The SIRO is accountable for information risk throughout the Authority.
Members' Allowance scheme and Staff Pay Structure.	<ul style="list-style-type: none"> ➤ The Council has a clear scheme setting out the terms and conditions for remunerating members and officers and an effective structure for managing the process. ➤ The Independent Remuneration Panel Wales conducted a compliance audit during the year. 3 minor non-compliance issues were identified in relation to the NPT scheme and all 3 issues have been fully addressed in arrangements for the 2015-16 civic year.
Partnership Governance Arrangements (including Terms of Reference).	<ul style="list-style-type: none"> ➤ The Council has in place governance arrangements for partnerships which: <ul style="list-style-type: none"> ○ Clarify the roles of members both individually and collectively in relation to the partnership and to the Council;

ANNUAL GOVERNANCE STATEMENT

Core Principle Two: Members and officers working together to achieve a common purpose with clearly defined functions.	
Description of Governance Mechanisms	Assurances received
	<ul style="list-style-type: none"> ○ Clearly set out the legal status of the partnership; and ○ Make clear the extent to which representatives or organisations both understand and make clear to all other partners the extent of their authority to bind their organisation to partner decisions. ➤ During 2014-15, we reviewed and updated the terms of reference and membership for the Community Safety and Health/Wellbeing Partnerships. This will action a recommendation made by the Wales Audit Office to clarify governance arrangements in relation to community safety matters

Core Principle Three: Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.	
Description of Governance Mechanisms	Assurances received
<ul style="list-style-type: none"> ➤ Anti-fraud, corruption and malpractice policy which incorporates a whistle blowing policy. ➤ Public Services Ombudsman for Wales. 	<ul style="list-style-type: none"> ➤ Conduct of Members is monitored by the Public Services Ombudsman for Wales and the Council's Standards Committee. ➤ The Whistle blowing Policy and Procedure documents will be reviewed by June 2015 in line with Wales Audit Office recommendations and amalgamated into one document. Whistle blowing complaints are monitored by the Council's Audit Section to ensure that complaints are responded to, as well as monitoring which takes place and is reported to Members in the annual equalities employment information report and published on the Council's internet. ➤ The standing declarations register is updated by Members as and when a

	<p>procedural framework and addressing any issues arising is not considered to be a problem.</p> <ul style="list-style-type: none"> ➤ The above arrangements ensure that members and officers exercise leadership by behaving in ways that demonstrate high standards of conduct and effective governance.
<p>The Corporate Comments, Compliments and Complaints Policy (which takes account of the Complaints Wales Group's 'Model Concerns and Complaints Policy' and accompanying guidance on implementation)</p>	<ul style="list-style-type: none"> ➤ We have implemented the requirement for reports on comments, compliments and complaints received, to be submitted on a regular basis to elected Members. The instances, their resolution and lessons learned have been configured into the scrutiny committee schedule over the next 12 months. ➤ Directorate complaints officers meet regularly with the Customer Services Manager who has responsibility for the Corporate Complaints Policy. A shared electronic record has been created for the purpose of collecting information on a regular ongoing basis to assist reporting and analysis. ➤ The Customer Service Manager attends the all Wales Complaints group meetings also attended by the Public Services Ombudsman to share good practice with representatives from the 22 Welsh Local authorities who have now all adopted the model two stage policy. ➤ The Customer Services Manager compiles an annual report to provide an overview of the previous year's activity. The report went to Policy & Resources on 27th November 2014 and identified that there were no systemic weaknesses arising from the process. It is intended that Complaints and Compliments activity will be integrated in to the Council's wider performance management arrangements to better support Members to overview performance on a holistic basis.

ANNUAL GOVERNANCE STATEMENT

Core Principle Three: Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.	
Description of Governance Mechanisms	Assurances received
<p>Page 128</p>	<ul style="list-style-type: none"> ➤ Welsh Government introduced new arrangements for handling social services complaints, which came into force on 1 August 2014: Social Services Complaints Procedure (Wales) Regulation 2014 and the Representation Procedures (Wales) Regulation 2014. The aim of the new arrangements is to improve the experience for people making complaints. The process has been simplified and the guidance for local authorities has been made easier to understand. The new procedures are based on two principles: 1) everyone who makes a complaint about social services has a right to be listened to. Their views, wishes and feelings must be heard; and their concerns should be resolved quickly and effectively; and 2) complaints can highlight where services need changing. It is important that we learn from complaints to identify where our services should be changed and improved. ➤ As a result we have changed the way we deal with social services complaints to comply with the new arrangements. Individual service areas are responsible for ownership of the process and the former Complaints and Representations Unit in Social Services Health and Housing has been disbanded with the revised duties being relocated to the Directorate support office.
<p>The Authority has a Senior Information Risk Owner (SIRO)</p>	<ul style="list-style-type: none"> ➤ The Council continues to undertake annual IT Health Checks which incorporate internal and external penetration testing as part of yearly PSN (Public Services Network) accreditation. The accreditation takes the form of an annual submission detailing how the Authority performs against a host of controls based upon ISO27001. The last reaccreditation, which was successful, took place in November 2014.

ANNUAL GOVERNANCE STATEMENT

Core Principle Three: Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.	
Description of Governance Mechanisms	Assurances received
	<ul style="list-style-type: none"> ➤ A high level ICT audit was undertaken by the Welsh Audit Office in April 2014 and no action plan resulted from the Audit. We will work with both the Wales Audit Office and the internal audit section to put in place a series of IT audits which will be undertaken during the 2015-16.
Equality Impact Assessment (EIA) Framework. Page 129	<ul style="list-style-type: none"> ➤ The Council has a legal duty to assess all its proposed functions, policies and procedures for their impact on protected groups as defined in the Equality Act 2010. The EIA Framework allows the council to recognise and address possible discrimination; avoid or remove any inequalities; improve the services provided and improve customer access and relationships. ➤ The profile of EIAs has been raised significantly over the last year and completed assessments are included in papers as part of the executive reporting process. ➤ During 2014-15 there was one judicial review, relating to the decisions taken following a review of grant funding to the third sector. The judgement was in favour of the Council.

Core Principle Four: Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.	
Description of Governance Mechanisms	Assurances received
The Council's Constitution	<ul style="list-style-type: none"> ➤ The Constitution sets out how the Council operates and the process for policy and decision making. Within this framework all the decisions are taken by Council, Cabinet or Cabinet Boards.

ANNUAL GOVERNANCE STATEMENT

Core Principle Four: Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.	
Description of Governance Mechanisms	Assurances received
	<ul style="list-style-type: none"> ➤ The decisions are presented in a comprehensive written format and have any relevant implications highlighted via a compliance statement. The Cabinet Scrutiny Committee considers any decisions directly before the Cabinet meets. ➤ The Leader of Council initiated a review of democratic arrangements in 2013-14 and a set of proposals for improvement have been developed to strengthen decision making arrangements and associated administrative practice, which will be implemented in 2015-16. ➤ Meetings are held directly before Cabinet and Cabinet Board meetings with Cabinet Members in attendance to hear the thoughts and comments of Scrutiny. This is referred to as contemporaneous scrutiny.
Modern.Gov'	<ul style="list-style-type: none"> ➤ As part of the Strengthening and Modernising Democratic Arrangements review, last year we introduced the 'Modern.Gov' Committee Administration Management software system. This has enabled: <ul style="list-style-type: none"> ○ Easier search function for documents and reports; ○ Publication of Forward Work Programmes on the Council's website; ○ Clearer agendas including names of reports instead of 'Report of the Head of'; ○ Clearer minutes linked to agenda headings; ○ Streamlined back office agenda and report pack construction; and ○ Improved 'Council and Democracy' web pages.
Scrutiny Committees	<ul style="list-style-type: none"> ➤ As part of the Strengthening and Modernising Democratic Arrangements review, last year we implemented a number of proposals for strengthening scrutiny, as well as incorporating the output from the peer review we took part in in 2013-14.

Page 130

ANNUAL GOVERNANCE STATEMENT

Core Principle Four: Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.	
Description of Governance Mechanisms	Assurances received
	<ul style="list-style-type: none"> ➤ The scrutiny process is now supported by more effective forward planning arrangements; selection of items for scrutiny; questioning techniques and there is evidence of a larger number of actions and recommendations arising from the scrutiny process.
Corporate Risk Policy, Corporate Risk Register and procedures for Risk management	<ul style="list-style-type: none"> ➤ The Director of Finance is responsible for overseeing the implementation and continuous development of corporate risk. ➤ We have a number of well-established systems for identifying and managing risk and some systems which are less developed. However, we acknowledge that whilst we have a risk management policy and procedures in place designed to capture a corporate overview of risk, those arrangements are not being complied with and are not fit for purpose. Resources have been identified to take forward the improvement work needed to provide and sustain effective corporate risk management and will be implemented in 2015-16.
Health and Safety	<ul style="list-style-type: none"> ➤ In terms of health and safety, the Council has continued to maintain the 'Occupational Health and Safety Assessment Series 18001 (OHSAS 18001) as part of its commitment in providing a safer working environment. ➤ OHSAS is an internationally recognised standard for health and safety management, based on a process of continual improvement and is subject to an external audit process by a UKAS registered organisation. ➤ OHSAS 18001 has played a significant role in setting a framework specifically for the Council, which has ensured consistency regarding key documents, has raised safety awareness and encouraged a safer working environment leading to year on year accident reduction. Since the introduction of OHSAS 18001 (2006), the number of total accidents in 2006-07, were 767, compared to 389 in 2014-15.

ANNUAL GOVERNANCE STATEMENT

Core Principle Four: Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.	
Description of Governance Mechanisms	Assurances received
<p>The Council's financial management arrangements (including a range of policies and procedures such as financial regulations, financial procedures, contract standing orders, accounting instructions and officer delegations)</p>	<ul style="list-style-type: none"> ➤ These arrangements conform to the governance requirements of the CIPFA Statement of the Role of the Chief Financial Officer in Local Government (2010), all relevant legislation and within the terms of its Constitution. These arrangements are also audited on an annual basis and no significant findings were identified during 2014-15. ➤ The Director of Finance and Corporate Services is responsible for ensuring there are proper arrangements in place for the administration of the financial affairs of the Council. Corporate Directors are responsible for the financial management of their respective services and are supported by regular financial management information, which includes monthly financial monitoring reports. ➤ In addition, quarterly budget and FFP monitoring reports are submitted to the Council, Chief Officers and Scrutiny Committees, culminating in the production of the statutory Annual Statement of Accounts. ➤ The budget setting process for 2014-15 was one of the toughest to date and difficult decisions on cuts were unavoidable as a consequence. The savings identified came from a prolonged and intense professional and Cabinet Member input and where appropriate subject to consultation with service users, staff and trade unions, and scrutinised by the relevant committee.
<p>CSSiW, Serious Concerns Protocol applied to Children and Young People Services.</p>	<ul style="list-style-type: none"> ➤ Over the past two years the service has made significant improvements. As a result and following a recent inspection in February 2015, the Care and Social Services Inspectorate Wales (CSSiW) has announced that the serious concerns protocol has been lifted. A huge amount of effort has gone into service redesign and redevelopment and the vast improvements made have been evidenced in the CSSiW inspection report in a range of areas.

Page 132

ANNUAL GOVERNANCE STATEMENT

Core Principle Four: Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.	
Description of Governance Mechanisms	Assurances received
Information Commissioner's Office audit (ICO).	<ul style="list-style-type: none"> ➤ The Council took up the offer of a voluntary audit in October 2013 and we specifically asked the ICO to look at areas where we were conscious that improvement was necessary rather than on those areas we were performing well in. ➤ The purpose of the audit was to provide the ICO and the Council with an independent assurance of the extent to which the Council is complying with the Data Protection Act (within the agreed scope). The overall conclusion was there was a limited level of assurance that processes and procedures are in place and delivering data protection compliance. The audit identified considerable scope for improvement in existing arrangements to reduce the risk of non-compliance with the Data Protection Act and made a number of recommendations for the Council to implement. ➤ The ICO undertook a follow up audit in July 2014 to check what progress had been made following the recommendations and in August signed off the audit as being complete. ➤ An action plan was put in place to implement the recommendations and to date good progress has been made. The action plan is overseen by Corporate Governance Group.
Wales Audit Office – Corporate Assessment	<ul style="list-style-type: none"> ➤ In 2014, the Wales Audit Office undertook a comprehensive assessment of our arrangements and they presented their findings to Council in January 2015. The report concluded that: The Council has been delivering its key priorities but limitations in governance arrangements and performance evaluation present risks to it being able to sustain progress in the future. No statutory recommendations were made by the Wales Audit Office as no significant shortcomings were identified; however, there were a range of

Page 133

	of service delivery.
Regional collaborative arrangements: ERW, Western Bay, City Region, Waste Services	<ul style="list-style-type: none"> ➤ A number of reports have been brought forward to the Council to ensure the participation of the Council is properly authorised.
Corporate communications and engagement activities.	<ul style="list-style-type: none"> ➤ We have a number of channels of communication in place with all sections of the community, stakeholders and staff. Our corporate communications and engagement system comprises of internal and external networks. Internal networks include: <ul style="list-style-type: none"> ○ Staff monthly e-newsletter - which features stories on our improvement objectives and other important information relevant to staff; ○ Staff Intranet – acts as an internal information portal (including press releases); ○ Staff consultations – e.g. Children’s services staff consultation, consultation on 2015-16 budget proposals; ○ Chief Executive Roadshows – a series of Chat with the Chief sessions were held with staff to explain the FFP and its implications; and ○ Website user testing – we undertook a number of sessions with staff to ensure our webpages were fit for purpose. ➤ External networks include: <ul style="list-style-type: none"> ○ Public consultations – we undertook a number of public consultations throughout the year on various topics. The main one being on budget proposals for 2015-16. ○ Partnership events – we held a number of partnership events throughout the year, these included one on the 2015-16 budget proposals and one on

ANNUAL GOVERNANCE STATEMENT

Core Principle Six: Engaging with local people and other stakeholders to ensure robust public accountability.	
Description of Governance Mechanisms	Assurances received
	<p>Equalities.</p> <ul style="list-style-type: none"> ○ Public meetings - last year senior Officers from the Council attended several public meetings to brief the public on specific budget proposals e.g. Cymmer Pool and Cwmavon Library. ○ Website user testing – we undertook a number of sessions with equality groups to ensure our webpages are accessible to everyone. <p>➤ The monitoring arrangements in place to ensure that the above networks are operating effectively are limited and more work needs to be done to test how effective they are.</p>

Page 38

Section Four - Review of effectiveness

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Chief Officers and the Internal Audit Service who have responsibility for the development and maintenance of the governance environment and also by comments made by the external auditors and other review agencies and inspectorates. A Corporate Governance Group, reporting to the Corporate Directors' Group ensures that improvement work is scheduled, resourced and monitored.

The review mechanism includes:

- **Constitution review and monitoring** - the Chief Executive and the Head of Legal Services are required to monitor and review the operation of the Constitution, and to report to Council at least annually on any proposed changes. During 2014-15, the Head of Legal services has reported to Council on a number of occasions with amendments to the Constitution.

ANNUAL GOVERNANCE STATEMENT

- **A resourced Scrutiny function** (which holds the Executive to account) - as part of the Strengthening and Modernising Democratic Arrangements review, last year we implemented a number of proposals to strengthen our scrutiny arrangements, as well as incorporating the output from the peer review we took part in in 2013-14 (mentioned in core principle four). We will formally evaluate the changes we have made in 2015-16.
- **Standards Committee** – during the year the committee met to consider reports relating to decisions of the Adjudication Panel for Wales and the Ombudsman grant of dispensations to Councillors.
- **Audit Committee** - work is underway to strengthen the role of the Audit Committee to allow more time at meetings, for the consideration of risk management issues. This will commence when the review of the Authority's Risk Management Strategy is complete.
- **Internal Audit Service** – the service prepares an annual plan of work which is then monitored throughout the year by the Audit Committee. A series of audit reviews are carried out throughout the year, in order to provide an opinion on the internal control, risk management and governance arrangements of the Council. During 2014-15, 71 formal reports were issued.
- **Financial and performance information** – In 2015-16, we will strengthen existing mechanisms to bring together financial and performance information so that there is a clearer picture of how we use available resources.
- **Information Commissioners audit report** - following the audit report from the Information Commissioner, we developed an action plan to implement the recommendations made and the Corporate Governance Group has responsibility to oversee this action plan.
- **Wales Audit Office audit report** (Annual Improvement Report (incorporating the Corporate Assessment report) – the report was considered by the Corporate Management Team, Cabinet and full Council. There were no significant breaches of internal control and no statutory recommendations were made by the Wales Audit Office. However, there were a range of proposals for improvement for the Council to consider and these have been

ANNUAL GOVERNANCE STATEMENT

included in our Corporate Improvement Plan 2015-18. The Corporate Governance Group has responsibility to oversee the Corporate Assessment action plan.

- **Care and Social Services Inspectorate Wales (CSSiW) report** - CSSiW announced that the Serious Concerns protocol has been lifted for the Council following its last inspection in February 2015.
- **Annual Reports** – the Council produces a number of annual reports throughout the year to give assurances on our governance arrangements. These include the following: Asset Management, Audit Service Annual Report, Complaints, Compliments and Comments Annual Report, Occupational Health and Safety and Joint Resilience Annual Report, Information Management & Information Governance Annual Report, Ombudsman Annual Report, Performance Annual Report, Social Services Director’s Annual Report, Strategic Equality Plan Annual Report, Welsh Language Scheme - Annual Monitoring Report. The Corporate Governance group will oversee any risks identified to governance arrangements, arising from these annual reports.

Page 40

Governance Issues – progress to date

The table below describes the governance issues identified during 2013-14 and the progress made against these during 2014-15.

Key Improvement area	Lead Officer	Progress	Carry forward for 2015-16
1. Complete scheduled governance reviews of Local Service Board arrangements for community safety and health and wellbeing.	Head of Corporate Strategy and Democratic Services	Terms of reference and membership have been reviewed and updated for Community Safety and Health & Wellbeing partnerships.	No – completed
2. Conduct post-implementation review of revised performance	Head of Corporate Strategy and	A post implementation review of business plans and report cards was completed and evaluation feedback circulated to senior	Yes

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NEATH PORT TALBOT COUNTY BOROUGH COUNCIL

I have audited the accounting statements and related notes of Neath Port Talbot County Borough Council for the year ended 31 March 2015 under the Public Audit (Wales) Act 2004.

Neath Port Talbot County Borough Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet and the Cash Flow Statement.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 8, the responsible financial officer is responsible for the preparation of the statement of accounts, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Neath Port Talbot County Borough Council's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Explanatory Foreword to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Neath Port Talbot County Borough Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Neath Port Talbot County Borough Council as at 31 March 2015 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014/15.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NEATH PORT TALBOT COUNTY BOROUGH COUNCIL

Opinion on other matters

In my opinion, the information contained in the Explanatory Foreword is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns;
- I have not received all the information and explanations I require for my audit;
- The Governance Statement contains material misstatements of fact or is inconsistent with other information I am aware of from my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Neath Port Talbot County Borough Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

GLOSSARY OF TERMS

This Glossary of Terms has been prepared on the basis that a basic knowledge of accountancy terms is held. It provides a description of specialist terms relating to the local government finance.

Accumulated Absences	The Code of Practice requires an adjustment for accumulated absences which gives a monetary value to the cost of holidays accrued by staff but not taken at the end of the financial year. The net effect of this adjustment is reversed from the accounts.
Actuary	An actuary is someone who works with complex mathematical models to predict the likelihood of future years. Their skills are used to work out insurance and pension fund valuations, taking into account relevant factors such as trends in insurance claims and life expectancy.
Cashflow Statement	This statement summarises the movements in cash during the year for both revenue activities and capital activities.
Comprehensive Income and Expenditure Statement	This accounts records day to day spending and income on items such as salaries and wages, the running costs of services and the financing of capital expenditure. It shows the accounting cost in the year, in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation.
Componentisation	Accounting standards require that assets are split into separate components where there are significant differences in the life of elements of the assets which would have a significant effect on the depreciation costs.
Contingent Asset	This is a possible asset that arises from past events but whose existence will only be confirmed after an uncertain future.
Contingent Liability	This is a possible obligation that may arise from past events and whose existence will be confirmed by the occurrence of uncertain future events.
Fair Value	This is the estimated value of an asset or liability at the balance sheet date, assuming that the transaction was negotiated between parties who understand the market.
Financial Instruments	This relates to any contract which gives rise to a financial asset in on organisation and a financial liability or equity instrument of another. A collective name for investments, trade debtors and borrowings.
General Fund Balance	This represents the cumulative retained surpluses on the Council's revenue budget. It provides a cushion against unexpected events or emergencies and the level of the balance is considered as part of the annual budget process each year.
Housing Revenue Account	The Housing Revenue Account was maintained to keep details relating to the Council's Dwellings including council houses up to

GLOSSARY OF TERMS

	<p>March 2011. At this date all Council Dwellings were transferred to NPT Homes. The final adjustments to the HRA Balances were made in 2013/14 and there are some prior year movements to reserves still showing in the accounts.</p>
Impairment	<p>This happens when fixed asset or investment values change significantly due to changes in circumstances. It can occur if there is a significant change in a fixed asset's market value or significant physical damage such as fire. The cost of impairment is charged to the revenue account in the year it occurs.</p>
Jointly Controlled	<p>This refers to operations that the Authority participates in where a separate entity has not been created and would include joint committees with other organisations.</p>
Minimum Revenue Provision (MRP)	<p>A minimum annual charge that has to be made to the revenue accounts to systematically reduce the principal element of loans which have been raised and used to pay for capital schemes.</p>
Movement in Reserves Statement	<p>This statement shows the movement in the year on the different reserves held by the Authority, analysed between the usable reserves which can be applied to fund expenditure or reduce local taxation and other reserves and the unusable reserves which cannot be utilised in this way.</p>
National Non Domestic Rates (NNDR)	<p>Also known as the Business Rate, it is the charge occupiers of business premises pay which is collected by this Authority and paid to the Welsh Government for reallocation. The charge is based on the rateable value of the business premises.</p>
Outcome Agreement Grant	<p>This is a Grant provided by the Welsh Government which is dependent on the Authority meeting pre agreed performance levels.</p>
Pension Reserve	<p>The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits (pensions) and for funding benefits in accordance with statutory provisions.</p>
Pooled Budgets	<p>These are budgets which are joined up across differing organisations with similar objectives and used to ensure improvements through coordinating expenditure.</p>
Precepts	<p>Precepts are levied on the Authority by non-billing organisations such as the police and community councils to enable them to cover their costs in the performance of their services or duties.</p>
Provision	<p>This is an amount set aside in the accounts for a past event which is likely or certain to result in a financial cost some time in the future, though the exact amount and date may be uncertain.</p>
Public Works Loans Board (PWLB)	<p>This is a Government Agency which provides longer term loans to local authorities.</p>

GLOSSARY OF TERMS

Related Party Transactions	These are disclosed to highlight any relationships that may exist between the Authority and third parties which may materially affect or influence the way the Authority or third parties are able to operate.
Resource Allocation Decisions	This refers to the accounting basis used by the Authority to make its accounting decisions. The Council operates a Management Budget for budget setting processes and this excludes some of the accounting adjustments required for the statutory accounts.
Reserves	These are sums set aside to meet future expenditure. They may be earmarked to fund specific expenditure or be held as general reserves to fund non-specific future expenditure.
Revaluation Reserve	This reserve is used to record gains in fixed asset values as a result of formal revaluations of the Authority's fixed assets.
Revenue Expenditure funded from Capital under Statute	This represents revenue expenditure which the Council is allowed to apply to Capital under statutory provisions. It does not result in fixed assets controlled by the Authority.
Revenue Support Grant/NNDR	This is general government grant in support of local authority services which is paid by the Welsh Government. The distribution of this grant tries to take account of the differing needs in each Authority.
Wales Audit Office	A body that independently examines the activities of the Authority.

Audit of Financial Statements Report

Neath Port Talbot County Borough Council

Audit year: 2014-15

Issued: September 2015

Document reference: 497A2015

Purpose of this document

This document is a draft supplied in confidence solely for the purpose of verifying the accuracy and completeness of the information contained in it and to obtain views on the conclusions reached.

Handling prior to publication

This document and the copyright comprised therein is and remains the property of the Auditor General for Wales. It contains information which has been obtained by the Auditor General and the Wales Audit Office under statutory functions solely to discharge statutory functions and has been prepared as the basis for an official document that may be issued or published in due course. It may also contain information the unauthorised disclosure of which may be an offence under section 54 of the Public Audit (Wales) Act 2004. Except as expressly permitted by law, neither the document nor any of its content may be reproduced, stored in a retrieval system and/or transmitted in any form or by any means, or disclosed to any person other than the original recipient without the prior written permission of the Wales Audit Office. It must be safeguarded at all times to prevent publication or other improper use of its content. Unauthorised use or disclosure may result in legal proceedings. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at infoofficer@wao.gov.uk.

Status of report

This document has been prepared as part of work performed in accordance with statutory functions.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 Code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties. In relation to this document, the Auditor General for Wales and the Wales Audit Office are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at info.officer@audit.wales.

Summary of corrections made to the draft financial statements which should be drawn to the attention of the Audit Committee	12

Summary report

Introduction

1. The Auditor General is responsible for providing an opinion on whether the financial statements give a true and fair view of the financial position of Neath Port Talbot County Borough Council (the Council) at 31 March 2015 and its income and expenditure for the year then ended.
2. We do not try to obtain absolute assurance that the financial statements are correctly stated, but adopt the concept of materiality. In planning and conducting the audit, we seek to identify material misstatements in your financial statements, namely, those that might result in a reader of the accounts being misled.
3. The quantitative level at which we judge such misstatements to be material for the Council's accounts is £4,645,000. Whether an item is judged to be material can also be affected by certain qualitative issues such as legal and regulatory requirements and political sensitivity, for example, the remuneration note.
4. International Standard on Auditing (ISA) 260 requires us to report certain matters arising from the audit of the financial statements to those charged with governance of a body in sufficient time to enable appropriate action.
5. This report sets out for consideration the matters arising from the audit of the financial statements of the Council, for 2014-15, that require reporting under ISA 260.

Status of the audit

6. We received the draft financial statements for the year ended 31 March 2015 on 15 June, ahead of the agreed deadline, and have now substantially completed the audit work.
7. We are reporting to you the more significant issues arising from the audit, which we believe you must consider prior to approval of the financial statements. The audit team has already discussed these issues with officers.

Proposed audit report

8. It is the Auditor General's intention to issue an unqualified audit report on the financial statements once you have provided us with a Letter of Representation based on that set out in [Appendix 1](#).
9. The proposed audit report is set out in [Appendix 2](#).

Significant issues arising from the audit

Uncorrected misstatements

10. There are no non-trivial misstatements identified in the financial statements, which remain uncorrected.

Corrected misstatements

11. There are misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process. They are set out with explanations in [Appendix 3](#).

Other significant issues arising from the audit

12. In the course of the audit, we consider a number of matters both qualitative and quantitative relating to the accounts and report any significant issues arising to you. There were some issues arising in these areas this year:
 - **We have no major concerns about the qualitative aspects of your accounting practices and financial reporting.** We found the information provided in the main to be relevant, reliable, comparable, material and easy to understand. We concluded that estimates are appropriate and financial statement disclosures unbiased, fair and clear. The Council continues to refine its closure processes building on the significant improvement we've seen in the last few years. However, although the number of errors overall is reducing there are still a number of issues being identified within the capital accounts. It is appreciated that capital is a complex area but further improvements are still needed to the closure processes for 2015-16.
 - **We did not encounter any significant difficulties during the audit.** We received information in a timely and helpful manner in the main and were not restricted in our work.
 - **There were no significant matters discussed and corresponded upon with management which we need to report to you.**
 - **There are no other matters significant to the oversight of the financial reporting process that we need to report to you.**
 - **We did not identify any material weaknesses in your internal controls that we have not reported to you already but there is one issue that we need to bring to your attention.** Although the accounts correctly reflect all exit packages as required by the Accounts and Audit Regulations (Wales) 2014, on review some settlement payments did not evidence that the payments related to a dispute, complaint or formal proceedings as required by the Council's template business case. The Council needs to ensure that all settlement payments made outside the normal voluntary redundancy/early retirement framework are fully supported and completed in accordance with the Council's approved procedures.
 - **There are no 'other matters' specifically required by auditing standards to be communicated to those charged with governance.**

Independence and objectivity

13. As part of the finalisation process, we are required to provide you with representations concerning our independence.
14. We have complied with ethical standards and in our professional judgment, we are independent and our objectivity is not compromised. There are no relationships between the Wales Audit Office and the Council that we consider to bear on our objectivity and independence.

[Date]

Representations regarding the 2014-15 financial statements

This letter is provided in connection with your audit of the financial statements of Neath Port Talbot County Borough Council (the Council) for the year ended 31 March 2015 for the purpose of expressing an opinion on their truth and fairness and their proper preparation.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

We have fulfilled our responsibilities for:

- the preparation of the financial statements in accordance with legislative requirements and CIPFA Code of Practice on Local Authority Accounting in the UK 2014-15; in particular the financial statements give a true and fair view in accordance therewith; and
- the design, implementation, maintenance and review of internal control to prevent and detect fraud and error.

Information provided

We have provided you with:

- Full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;

-
- additional information that you have requested from us for the purpose of the audit; and
 - unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
 - The results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - Our knowledge of fraud or suspected fraud that we are aware of and that affects the Council and involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
 - Our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
 - Our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
 - The identity of all related parties and all the related party relationships and transactions of which we are aware.
 - Our knowledge of all known partnerships and joint working/collaborative arrangements that would impact on the financial statements.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

Significant assumptions used in making accounting estimates, including those measured at fair value, are reasonable.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The Council has complied with all conditions imposed by relevant grant paying organisations and can reasonably expect to receive the amounts of grant included within the accounts.

The Council has complied with all aspects of contractual agreements that would require adjustment to, or disclosure in, the accounting statements and related notes.

The reserves of the Council have been reviewed and are properly treated within the final accounts in accordance with the CIPFA guidance.

The provisions of the Council have been reviewed and have been properly treated within the final accounts in accordance with IAS 37.

The Council has accounted for and disclosed its partnership and joint/collaborative working arrangements in accordance with accounting standards and the CIPFA Code.

The agreed recommendations set out in the 2013-14 Wales Audit Office financial accounts reports have been satisfactorily implemented.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. A summary of these items is set out below:

- [xxxx]

Representations by the Audit Committee

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by the Audit Committee on [insert date].

Signed by:

[Officer who signs on behalf of management]

Date:

Signed by:

[Officer or Member who signs on behalf of those charged with governance]

Appendix 2

Proposed audit report of the Auditor General to the Members of the Audit Committee of Neath Port Talbot County Borough Council

I have audited the accounting statements and related notes of Neath Port Talbot County Borough Council for the year ended 31 March 2015 under the Public Audit (Wales) Act 2004. Neath Port Talbot County Borough Council's accounting statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet and the Cash Flow Statement.

The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15 based on International Financial Reporting Standards (IFRSs).

Respective responsibilities of the responsible financial officer and the Auditor General for Wales

As explained more fully in the Statement of Responsibilities for the Statement of Accounts set out on page 8, the responsible financial officer is responsible for the preparation of the statement of accounts, which gives a true and fair view.

My responsibility is to audit the accounting statements and related notes in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Financial Reporting Council's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements and related notes sufficient to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to Neath Port Talbot County Borough Council's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the responsible financial officer and the overall presentation of the accounting statements and related notes.

In addition, I read all the financial and non-financial information in the Explanatory Foreword to identify material inconsistencies with the audited accounting statements and related notes and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies, I consider the implications for my report.

Opinion on the accounting statements of Neath Port Talbot County Borough Council

In my opinion the accounting statements and related notes:

- give a true and fair view of the financial position of Neath Port Talbot County Borough Council as at 31 March 2015 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15.

Opinion on other matters

In my opinion, the information contained in the Explanatory Foreword is consistent with the accounting statements and related notes.

Matters on which I report by exception

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept;
- the accounting statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit;
- the Governance Statement contains material misstatements of fact or is inconsistent with other information I am aware of from my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of Neath Port Talbot County Borough Council in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

Appendix 3

Summary of corrections made to the draft financial statements which should be drawn to the attention of Members of the Audit Committee

During our audit we identified the following misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process.

	Value of correction	Nature of correction	Reason for correction
1		Comprehensive Income and Expenditure statement (CIES)	Depreciation in respect of vehicles purchased for the Environment Directorate had been incorrectly recharged across all services in the CIES.
	£802,159	£802,159 of depreciation to be reallocated to environmental and regulatory services.	
	£64,530	£64,530 of depreciation to be reallocated to highways and transport.	
2	£4,678,000	<p>Comprehensive Income and Expenditure statement Adult Social Care Gross expenditure and Income increased.</p> <p>Note 26 – Amounts Reported for Resource Allocation Decisions – Directorate Income and Expenditure: Social Services, Health & Housing directorate</p> <p>Fees, Charges and Other services income – Increased Other service expenses Increased</p>	Client income of £4,678,000 collected by Residential Homes has been incorrectly credited to expenditure.

	Value of correction	Nature of correction	Reason for correction
3	<p>£1,248,460 CIES Income & expenditure</p> <p>£969,440 Debtors and Creditors</p> <p>£1,248,460</p> <p>£1,248,460</p>	<p>CIES Gross income and expenditure reduced</p> <p>Note 16 - Debtors - Central government bodies reduced Note 19 - Creditors - Other local authorities reduced</p> <p>Note 34 - Grant Income – Credited to Services – Other services grants – reduced</p> <p>Note 26 – Environment – Government grants reduced Other service expenses reduced</p>	<p>Workways Grant: Grant monies received as lead partner in respect of expenditure incurred by partners, and the subsequent payment of grant to partners should be excluded from the accounts as it does not represent the Council's own activity.</p>
4	Narrative	Note 3 – Critical judgements in applying accounting policies: has been updated to provide additional information.	To improve link between figures in Note 3 and those in Note 43: Treasury management Investments – Icelandic Banks.
5	£129,000	<p>Note 11 – Property Plant and Equipment (PPE): Assets under construction, was overstated by £129,000.</p> <p>Note 16 Debtors – Central Government Bodies was understated by £129,000.</p>	£129,000 of reclaimable VAT had been incorrectly capitalised, resulting in asset values being overstated and debtors understated.
6	£574,000	<p>Note 11 – PPE:</p> <p>Revaluation increases/decreases recognised in the revaluation reserve – decreased by £574,000.</p> <p>Revaluation increases/decreases recognised in surplus/deficit on provision of services increased by £574,000.</p>	The split of revaluation increases/decreases between those charged to revaluation reserve and those to CIES was incorrect.
7	£1,113,000	<p>Note 11 – PPE</p> <p>The Cost and Accumulated Depreciation of Assets Under Construction were both reduced by £1,113,000.</p>	Assets under Construction (AUC) incorrectly included the cost and impairment of £1,113,000 for the Margam Crematorium cremators which had been damaged by fire. These were written off as the assets no longer existed.

	Value of correction	Nature of correction	Reason for correction
8	£142,000	Note 11 – PPE Other land and buildings – revaluation increases to revaluation reserve increased. De-recognition disposals increased.	Reconciliation of revaluations per PPE note 11 to revaluation reserve identified that revaluations of assets on disposal have been incorrectly netted down within the PPE note.
9	£1,000,000	Note 11 – PPE Surplus assets increased Note 18 – Assets held for sale: Assets newly classified as held for sale decreased.	The Land at Tir Morfa Road Sandfields incorrectly classified as Assets Held For Sale, transferred to PPE Note 11 surplus assets.
10	£146,530	Note 11 – PPE Vehicle additions reduced. Note 19 Creditors – Other entities and individuals reduced. Capital financing corrected.	Five vehicles delivered in April 2015 had been incorrectly included within creditors and vehicle assets in 2014-15.
11	£299,832	Note 11 – PPE – Assets Under Construction was increased. Note 19 – Creditors – Other Entities and Individuals was increased.	A construction invoice for £299,832 in respect of capital works undertaken in March 2015 had been charged to 2015-16 in error.
12	£71,657	Note 11 – PPE – Other Land and Buildings increased. Note 19 – Creditors: Central Government Bodies increased.	A £71,657 payment to HMRC for stamp duty relating to the purchase of land at Burrows Yard, Port Talbot on 30 March 2015, had been charged to 2015-16 in error.
13	£48,651	Note 16 Debtors Other entities and individuals – decreased. Note 19 Creditors Other entities and individuals – decreased.	Wayleaves receipts had been incorrectly posted to creditors rather than posted against the existing debtor balance.
14	£2,115,000	Note 16 Debtors Central government bodies – decreased Other local authorities - increased	Grant due from other lead partner Councils (Swansea, Pembroke, and Bridgend) for work undertaken by the Council had been incorrectly classified under Central government bodies.

	Value of correction	Nature of correction	Reason for correction
15	£80,462	Note 17 – Cash and cash equivalents: Bank current accounts increased. Note 19 – Short term Creditors – ‘Other entities and individuals’ increased.	An £80,462 payment to Barclaycard was not made until 10 April 2015, and should therefore be recorded as a creditor rather than as an outstanding March 2015 bank payment.
16	£86,000	Note 19 Creditors – ‘Other entities and individuals’ was reduced. CIES – ‘Other Housing services’ and Movement in Reserves Statement – transfer to earmarked reserves increased.	Grant income received from the Home Office for the asset recovery incentive scheme was incorrectly included in creditors – ‘Other entities and individuals’.
17	£3,777,000	Note 19 – Creditors ‘Other Local Authorities’ decreased. ‘Other entities and individuals’ increased.	The £3,777,000 cash balance which the Council owed to SWTRA at 31 March 2015 was incorrectly categorised as Other Local Authorities within Note 19 Creditors, it should be categorised within Other entities and individuals.
18	(£16,409,000) Fees £1,623,000 Other service expenses £14,790,000 Support service recharges	Note 26 – ‘Amounts reported for Resource Allocation Decisions’ 2013-14 comparative figures to be included in the ‘Services and support services not in analysis’ for consistency.	2013-14 figures relating to internal recharges, were restated to improve accuracy and comparability with 2014-15.
19	£731,000	Note 26 – Education, Leisure & Lifelong Learning directorate Fees, charges & other services income decreased. Government grants increased. Note 34 Grant Income Credited to Services – Pupil Deprivation Grant increased.	A £731,000 Welsh Government grant to support pupil deprivation improvement had been incorrectly credited to Fees, charges & other services and omitted from Note 34 grant income.
20	Narrative	Note 29 – Agency Services Disclosures added for three schemes where the Council acts in an agency capacity for the Welsh Government.	The Council acts in an agency capacity for three Welsh Government schemes – Houses to Homes, Home Improvement Loans, and Visible and Viable Places – which had not been reflected in Note 29.

	Value of correction	Nature of correction	Reason for correction
21	£20,849 Median salary Treatment of teachers in non-LEA controlled schools	Note 32 – Officers remuneration: The median remuneration of all the Council's employees has been added and the note expanded to explain that teachers in schools not controlled by the LEA are included within the note.	The median remuneration of all the Council's employees had not been included (£20,849). Teachers employed in non-LEA controlled schools were included in the remuneration note and this had not been highlighted.
22	£31,000 Exit costs banding disclosure	Note 32 – Officers remuneration: Exit bandings corrected. Total cost of exit packages increased to £7,226,000 from £7,195,000.	Exit costs for four officers had been understated.
23	Narrative plus £7,515	Note 32 – Officers remuneration: Employers pension contribution amended to 16.2 per cent from 14.5 per cent Employers pension contributions increased as a result of the above.	The incorrect employers pension contribution percentage had been applied resulting in Senior Officers Pension costs being understated.
24	£11,000 plus Narrative	Note 33 – External Audit Costs: Fees payable to the Wales Audit Office, for the certification of grant claims and returns, reduced to £74,000. Audit fee rebates relating to 2013-14 have now been disclosed.	The fees payable to the Wales Audit Office for the certification of grant claims and returns, for 2014-15, should be £74,000 and not the £85,000 reported. The rebates in relation to prior years needed to be disclosed in the note.
25	Narrative	Note 48 – Joint Committees – Archives. The Council's share of reserves, as at 31 March 2015, was corrected to £50,000.	The Council's share of Archive reserves as at 31 March 2015 was misstated at £150,000.
26	Narrative	The Annual Governance Statement was amended.	A review of the Annual Governance Statement identified a number of areas where additional wording/clarification was required.

AUDIT COMMITTEE

24th September 2015

REPORT OF THE HEAD OF FINANCIAL SERVICES – DAVE REES

SECTION B – MATTERS FOR INFORMATION

WARDS AFFECTED - ALL

Internal Audit Service – Progress Report to 31st August 2015

1. Purpose of the report

To provide details of the work undertaken for the period from the 1st June 2015 to 31st August 2015 and an update on progress against the 2015/16 Internal Audit Plan.

2. Background

- 2.1. One of the terms of reference of this Committee is to ‘monitor internal (and external) audit performance’. In order to comply with this requirement to monitor the in-house service, a progress report is given below outlining internal audit work undertaken in the last quarter. This work is then set against the original Internal Audit Plan to show what progress has been achieved against that plan.
- 2.2. In addition, information is provided for members on the current position regarding staff vacancies and other staffing issues within the section.

3. Audit Assignments Completed

- 3.1. A total of 12 formal audit reports have been issued since the 1st June in line with normal distribution guidelines.
- 3.2. The following is a summary list of the reports that have been issued:
 - 5 Special Investigations
 - 1 Primary School
 - Primary Schools – summary of recommendations

- Creditors – Year End Procedures
- Procurement Cards – schools
- Officers' Interests
- IT Data Centres
- Trading Standards

3.3. Attached as Appendix 1 to this report is a full list of the reports along with a brief summary of their findings.

3.4. In addition to the above, Internal Audit continues to carry out post audit reviews (follow ups) on all the planned audits carried out.

3.5. There are no issues in terms of the post audit reviews that need to be brought to Members' attention.

4. Progress against the Audit Plan

4.1. Appendix 2 gives details of the work carried out to date against the 2015/16 audit plan.

4.2. There are currently 3 special investigations in progress.

5. Performance

5.1 A comparison of the work completed during the financial year with the work planned was provided to the Committee held in June. Attached as Appendix 3 are the performance figures for the section for 2014/15 with comments provided below.

In terms of the overall plan, 100% of high risk audits were completed and overall 92.5% of the plan was achieved.

6. Staffing

6.1 There are currently no staffing issues.

Report Ref	Report Subject	Report Conclusion	Category
R9	Special Investigation	Detail will be provided in the private report presented today.	N/A
R10	Special Investigation	Detail will be provided in the private report presented today.	N/A
R11	Special Investigation	Detail will be provided in the private report presented today.	N/A
R12	Primary Schools Summary Report	This report brought together the findings and recommendations from the schools audited during 14/15 and was issued to all schools for information.	N/A
R13	Special Investigation	Detail will be provided in the private report presented today.	N/A
R14	Creditors Year End Procedures	A number of invoices checked had been allocated to the wrong financial year, the invoices in the main were of low value and additional testing was carried out which did not highlight any significant issues.	2
R15	Special Investigation	Detail will be provided in the private report presented today.	2
R16	Melin Junior School	A number of issues were highlighted by the audit relating a lack of financial reporting and the prime cause of these issues has now been resolved.	3

Report Ref	Report Subject	Report Conclusion	Category
R17	Procurement Cards – Schools	Generally good controls were found to be in place and the only recommend made related to the treatment of VAT, training has now been arranged for all schools staff involved in the use of procurement card. Auditing procurement card use will now be a standard test in all school audits.	2
R18	Officers' Interests	Good controls were found to be in place and the recommendations made will enhance the existing controls.	2
R19	IT Data Centres	The main issues arising from the audit concerned the physical access controls to the data centres,.	3
R20	Trading Standards	Generally good controls were found to be in place and the recommendations made will further enhance the existing controls.	2

Key:

Category 1 – Service risk assessed as low.

Category 2 – Service risk will be assessed as low when the recommendations are implemented.

Category 3 – There are significant risks that Audit Committee needs to be aware of.

Category 4 – Immediate action is required to reduce the level of risk

AUDIT COMMITTEE

REPORT OF THE HEAD OF FINANCIAL SERVICES – DAVE REES

24th SEPTEMBER 2015

MATTERS FOR INFORMATION

WARDS AFFECTED - ALL

UPDATE ON GRANT MANAGEMENT CONTROL ARRANGEMENTS

1. Purpose of Report

- 1.1 The purpose of this report is to provide Members with an update as to the proposed changes to control arrangements of external grants. The process is very much 'work in progress' and further updates will be provided as the process develops.

2. Background

- 2.1 The Wales Audit Office have for several years been reporting that the control arrangements for external grants in Neath Port Talbot are not satisfactory. In their latest report which related to the 2013/14 financial year they concluded:

- The quality of working papers needs to be improved and handover arrangements need to be strengthened when grants are passed to new officers.
- Fifty five percent of claims were submitted late for audit
- Seventy five percent of claims required amendment and/or qualification

The purpose of this note is to update Members as to the work carried out to date to improve these arrangements.

3. Grants Register

- 3.1 The Authority has previously tried to implement an electronic grants register to capture details of all grants received by the Council. Unfortunately the system was found to be too onerous, was not being populated fully and therefore failed to provide any meaningful information.
- 3.2 Instead of re-introducing this electronic system the Head of Financial Services has now tasked one of his Officers, the Group Accountant (Projects) with setting up a simplified spreadsheet based recording system. The initial data gathering for this exercise has been completed and there is now a spreadsheet which contains details of all grants expected by Service Directorates in 2015/16.
- 3.3 Further work is required in this area to develop procedures and processes for ensuring that this spreadsheet based system remains up to date and accurate.

4. Accounting Instruction Update

- 4.1 The Council's Accounting Instruction 14 deals with Grants Administration and the duties of officers. This accounting instruction has not been updated since 2005 and is out of date.
- 4.2 It is proposed that over the forthcoming months this Accounting Instruction is updated to reflect improved control arrangements which take into account the weaknesses identified by the Wales Audit Office.

The updated Accounting Instruction will also include:

- A detailed checklist to be completed by Council Officers when submitting a grant claim to the Wales Audit Office.
- Details of 'bare minimum' information requirements from third parties where they are the recipient of grant funding from Neath Port Talbot.

5. Recommendation

It is recommended that Members note the ongoing 'work in progress' surrounding grant management control arrangements in the Council.

Certification of Grants and Returns 2013-14

Neath Port Talbot County Borough Council

Audit year: 2013-14

Issued: May 2015

Document reference: 289A2015

Status of report

This document has been prepared for the internal use of Neath Port Talbot County Borough Council as part of work performed in accordance with the statutory functions.

No responsibility is taken by the Auditor General, the staff of the Wales Audit Office or, where applicable, the appointed auditor in relation to any member, director, officer or other employee in their individual capacity, or to any third party.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 Code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties.

In relation to this document, the Auditor General for Wales, the Wales Audit Office and, where applicable, the appointed auditor are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at infoofficer@wao.gov.uk.

Summary of certification work outcomes	8
Recommendations	18

Summary

1. Under Paragraph 20 of Schedule 8 to the Government of Wales Act 2006 the Auditor General shall, if required by a local government or other grant-receiving body, make arrangements for certifying claims and returns (referred to as grant claims, hereafter).
2. For 2013-14, we issued 61 grant certificates (41 relating to South Wales Trunk Road Agency (SWTRA) claims) in respect of 17 grant schemes (67 certificates (34 SWTRA) and 20 schemes in 2012-13). These had an aggregate value of £175 million (£213 million in 2012-13). The grant value was £38 million less in 2013-14 mainly due to a reduction in grant received from the European Structural Fund (£30.9 million), the cessation of the Council Tax benefit scheme (£15.2 million), and netted against this an increase in grant received from the SWTRA (£5.7 million).
3. We undertook our work with the aim of certifying individual claims and to answer the question:
 - ‘Does Neath Port Talbot County Borough Council (the Council) have adequate arrangements in place to ensure the production of co-ordinated, accurate, timely and properly documented grant claims?’
4. We can confirm that we have certified all of the claims, at a total audit cost of some £68,000. Overall, the audit findings resulted in a reduction in grant due to the Council of £9,700.
5. We have been reporting for a number of years that the quality and accuracy of grant claims and returns and the Council’s grants control arrangements needed to improve. Whilst the percentage being qualified or amended has fallen slightly in 2013-14 we still have some concerns over the underlying grant management, claim preparation and control processes. For the purposes of reporting on the performance of grants management we have excluded the SWTRA claims from our calculations as they are outside the Council’s control. Our conclusion for 2013-14 is based on the following overall findings:
 - The quality of working papers and claim accuracy has improved in some areas, but there is scope for further improvement. Handover arrangements need to be strengthened when grants are passed to new officers to ensure knowledge of grant schemes and working paper requirements is not lost.
 - Fifty-five per cent of claims/returns were submitted late for audit (15 per cent 2012-13). The Council needs to ensure that grant submission deadlines are achieved.
 - Seventy-five per cent of claims/returns required amendment and/or qualification (78 per cent in 2012-13). The Council needs to address our recommendations in order to improve grant certification arrangements.
6. We are continuing to work with the Council to make improvements for 2014-15.

Headlines

Introduction and background

This report summarises the results of work on the certification of the Council's 2013-14 grant claims and returns

- As appointed auditors of the Council, we are asked on behalf of the Auditor General, to certify grant claims made by the Council.
- For 2013-14, we certified 61 grants/returns (including 41 SWTRA claims) with a total value of £175 million compared to 67 grants/returns (including 34 SWTRA claims) with a value of £213 million in 2012-13.
- We have produced this report so that we can provide feedback collectively to those officers having the responsibility for grant management so that we can work together to identify further improvements which can be made to improve the processes.

Pages 9 to 17

Timely receipt of claims

- Our analysis shows that 45 per cent of grants (excluding SWTRA) received during the year were received on time (85 per cent 2012-13). Of those submitted late, the EDU44 – Welsh in Education, EUR01 – South and West Workways, and TRA23 – Free Concessionary Travel grants were submitted one month late and the EDU15 – School Effectiveness, and the three RG03 – Communities First claims were submitted almost two months late.
- In future, grants officers should ensure that all grant claims are submitted by the deadline.

Pages 9 to 17

Certification results	<p>Qualifications were necessary to eight (40 per cent) (51 per cent in 2012-13) of the Council's grants and returns as a result of auditor certification work this year</p> <ul style="list-style-type: none"> • The qualifications indicate current areas of concern and weaknesses in the grant control environment. Qualification of a claim/return increases the audit time required, which leads to an increase in the audit fee levied on the Council. • Qualifications also lead to a higher risk assessment in the subsequent year, which in turn may increase the amount of substantive testing required. • In addition, where we qualify a claim/return, our findings are considered by the grant-paying body and, if they deem it appropriate, they may reduce the amount payable in respect of the qualification made. • It is important that grants officers consider the reasons for qualifications to grant claims/returns in the year and take actions to address these issues for subsequent years 	Pages 9 to 17
Audit amendments	<p>Amendments were necessary in eight (40 per cent) (36 per cent 2012-13) cases</p> <ul style="list-style-type: none"> • There was only one significant amendment (ie, over £10,000). An amendment of -£11,443 was made on the EYC01 – Flying Start Revenue Grant to decrease grant entitlement as grant paid over to a third party remained unspent at the year-end and was therefore ineligible. • The net amendment of the eight grants is a decrease of £9,674 in funds payable to the Council. • Although amendments are not significant in financial terms they do highlight weaknesses in the grants management process which in turn impact on the level of testing needed and reputation of the Council with grant paying bodies. 	Pages 9 to 17
	<p>NB the flying start revenue grant was both qualified and amended therefore in total 15 out of 20 claims qualified and/or amended. (75 per cent)</p>	

The Council's arrangements

The Council's arrangements for preparing its grants and returns and supporting our certification work require improvements in some areas

- We have found that the appointment of a Grants Co-ordinator with assigned responsibilities for all stages of grant management is pivotal in the effective management of the submission of grant claims/returns for audit. There is no such role at the Council. We believe the creation of this role would significantly improve the efficiency of the grant audit process ([Recommendation 1](#)).
- We have previously provided officers with a Grants Completion Checklist to be included with each grant claim file. This contains a list of self-assessment questions and working paper requirements which the Grants Officer is required to complete and sign as prepared. The Group Accountant is required to confirm that the claim is appropriate and fit for audit and he/she is satisfied with the way in which the grant is compiled. This checklist was not, however, completed for a number of the claims submitted for audit. Grant officers should be reminded that the Grants Completion Checklist should be completed for all claims and that adequate working papers and claim accuracy must be maintained ([Recommendation 2](#)).
- Significant delays were experienced in getting replies to audit queries in a number of cases, we acknowledge that audit queries that relate to third parties' expenditure will sometimes take longer to address, but it is imperative that queries are answered in a timely manner in order for the auditor certification deadline to be met ([Recommendation 7](#)).

Pages 9 to 17

Fees

Our overall fee for certification of grants and returns for 2013-14 is £68,000 which was within our original estimate of £105,000 to £115,000

- Our overall fee for certification of grants and returns for 2013-14 is £68,000 which was lower compared to 2012-13 (£110,000). This is due primarily to a reduction in the number of EUR01 – European Structural Funds and RG01/02 – Communities First audits required and a reduction in BEN01 following the cessation of the Council Tax Benefit element of the claim and not due to an improvement in grants management.

Summary of certification work outcomes

7. Detailed on the following page is a summary of the key outcomes from our certification work on the Council's 2013-14 grants and returns, showing where either audit amendments were made as a result of our work or where we had to qualify our audit certificate.
8. A qualification means that issues were identified concerning the Council's compliance with a scheme's requirements that could not be resolved through adjustment. In these circumstances, it is likely that the relevant grant-paying body will require further information from the Council to satisfy itself that the full amounts of grant claimed are appropriate.

Key information for 2013-14

Overall, we certified 61 grants and returns (including 41 SWTRA claims):
forty-six (including the 41 SWTRA claims) were unqualified with no amendment;
seven were unqualified but required some amendment to the final figures;
seven required a qualification to our audit certificate; and
one was qualified and required some amendment to the final figures.

19	<p>Free Concessionary Travel</p> <p>An amendment was required to increase the figure in line 3d (administration costs) by £1,002 due to the original figure being calculated using incorrect data.</p>	£1,002
20	<p>Free Concessionary Travel – smart card data</p> <p>We qualified our certificate because information was not available in relation to all of the participating operators and therefore the overall percentage of data provided from all participating operators could not be identified.</p>	N/A
	Total effect of amendments to the Council	-£9,673.91

Recommendations

9. We have given each recommendation a risk rating and agreed what action management will need to take. We will follow up these recommendations during next year's audit.

Priority 1

Issues that are fundamental and material to your overall arrangements for managing grants and returns or compliance with scheme requirements. We believe that these issues might mean that you do not meet a grant scheme requirement or reduce (mitigate) a risk.

Priority 2

Issues that have an important effect on your arrangements for managing grants and returns or complying with scheme requirements, but do not need immediate action. You may still meet scheme requirements in full or in part or reduce (mitigate) a risk adequately but the weakness remains in the system.

Priority 3

Issues that would, if corrected, improve your arrangements for managing grants and returns or compliance with scheme requirements in general, but are not vital to the overall system. These are generally issues of best practice that we feel would benefit you if you introduced them.

Issue	Implication	Recommendation	Priority	Comment	Responsible officer and target date
Grants Co-ordinator not in place.	<ul style="list-style-type: none"> • Claims may be qualified. • The Council may not have claimed its full entitlement. • The Council has not complied with the terms and conditions of grant. • Lack of audit trail for public monies. 	R1 The Council should consider appointing a Grants Co-ordinator with assigned responsibility for all stages of grant management.	2	Budget constraints mean that this will not be possible. However, the current review being carried out on grants administration is expected to make recommendations that will achieve the same aims.	David Rees – Review to be completed by July/August 2015.
Claim not prepared correctly: <ul style="list-style-type: none"> • Arithmetic incorrect. • Ineligible expenditure included. • Eligible expenditure or income omitted. • Payments on account incorrect. • Expenditure and income incorrectly classified as eligible/ineligible. • VAT incorrectly included on transactions. 	<ul style="list-style-type: none"> • Claims may be qualified. • Grant may be reclaimed by the Welsh Government. • The Council may not have claimed its full entitlement. • The Council may be claiming grant for instalments already received. 	R2 Claim forms are correctly completed for each grant. A Grant Checklist should be completed and reviewed for each claim.	2	Agreed and will be implemented as part of the review recommendations.	David Rees – Review to be completed by July/August 2015.

Issue	Implication	Recommendation	Priority	Comment	Responsible officer and target date
<p>Lack of supporting evidence to support the claim for funding:</p> <ul style="list-style-type: none"> No evidence provided. No evidence of approval of revised grant allocations. Insufficient evidence to confirm the eligibility of expenditure. No reconciliation of claim figures to underlying records and accounting systems. 	<ul style="list-style-type: none"> Lack of audit trail for public funds. The Council has not complied with the terms and conditions of grant. Claims may be qualified. Grant may be reclaimed by the Welsh Government. 	R3 The Council should put in place systems and controls to ensure that the claim is totally supported by source documentation such as ledger prints/invoices/ calculation of apportionments.	2	The systems for this information are in place. We must ensure however, that there is a discipline to provide adequate information on each grant. We need to work with WAO to ensure that the level and amount of documentation requested is reasonable.	David Rees – Review to be completed by July/August 2015.
<p>Unapproved/ineligible expenditure included:</p> <ul style="list-style-type: none"> Activity outside the claim period. 	<ul style="list-style-type: none"> The Council has not complied with the terms and conditions of grant. Claims may be qualified. Grant may be reclaimed by the Welsh Government. Reduction in future years' grant. 	R4 Only eligible expenditure, and that incurred within the claim period, should be included within the claim. Welsh Government advice should be sought prior to claim completion if in any doubt of the eligibility of expenditure.	2	Agreed. This should be covered by the revised guidance that will come from the review.	David Rees – Review to be completed by July/August 2015.

Issue	Implication	Recommendation	Priority	Comment	Responsible officer and target date
<p>One contract not awarded in accordance with AIB procurement procedures:</p> <ul style="list-style-type: none"> Council procurement procedures not followed. 	<ul style="list-style-type: none"> Claims may be qualified. Grant may be reclaimed by the Welsh Government. The Council has not complied with the terms and conditions of grant. 	<p>R5 The Council should ensure that it complies with procurement procedures when awarding all contracts.</p>	<p>2</p>	<p>Agreed. I would expect this to be an isolated incident but a reminder will be sent to all relevant staff.</p>	<p>David Rees May 2015.</p>
<p>Lack of monitoring of third parties</p> <ul style="list-style-type: none"> Inadequate systems in place between the Council and the third party to ensure grant has been used for the purposes intended or has been fully spent within the claim period. 	<ul style="list-style-type: none"> Claims may be qualified. Grant may be reclaimed by the Welsh Government. The Council has not complied with the terms and conditions of grant. 	<p>R6 The Council must have adequate procedures in place to satisfy itself, its auditor and the grant-paying body that only eligible expenditure incurred by third parties is included in the claim. Such procedures may include obtaining independently certified statements from third parties, a payments monitoring system or a system of spot checks performed by the Council on the third party.</p>	<p>2</p>	<p>There are limits to the amount of information we can sometimes get from a third party and to the level of access we can get to their information. We will however include procedures in the review to endeavour to meet this recommendation.</p>	<p>David Rees – Review to be completed by July/August 2015.</p>

Issue	Implication	Recommendation	Priority	Comment	Responsible officer and target date
<p>Delays in responses to audit queries:</p> <ul style="list-style-type: none"> The audit of grant claims and returns is held up due to lengthy delays in responding to audit queries 	<ul style="list-style-type: none"> Audited claim submission deadlines may be missed. Increased time and audit fees required to follow up responses to queries. Qualifications may arise if queries remain unanswered. 	<p>R7 The Council should ensure that all audit queries are responded to on a timely basis, typically within two working days. Where this is not possible the Council should agree a reasonable timescale for responses with the auditor.</p>	<p>2</p>	<p>Agreed. It will not always be possible to meet a two day timescale but where it is not possible a reasonable alternative timescale should be agreed with WAO and met.</p>	<p>David Rees – Review to be completed by July/August 2015.</p>

AUDIT COMMITTEE

REPORT OF THE HEAD OF FINANCIAL SERVICES – DAVE REES

24th SEPTEMBER 2015

MATTERS FOR MONITORING

WARDS AFFECTED - ALL

TREASURY MANAGEMENT MONITORING 2015/16

1. Purpose of Report

- 1.1 This report sets out treasury management action and information reported recently to Policy and Resources Cabinet Board (3rd September 2015) which also needs to be reviewed by the Audit Committee. The report has been updated to reflect a further dividend received from Heritable Bank.

2. Rates of Interest

- 2.1 Bank base rates remain at of 0.5% (since 5th March 2009) and detailed below are the changes in the bank base rate since April 2008.

Effective Date	Bank Rate
10 April 2008	5.00%
08 October 2008	4.50%
06 November 2008	3.50%
04 December 2008	2.00%
08 January 2009	1.50%
05 February 2009	1.00%
05 March 2009 to date	0.50%

- 2.2 The following table provides examples of external borrowing costs as provided by the Public Works Loans Board as at 18th August 2015:

	Equal Instalments of Principal		Annuity		Maturity	
	Previous 29th June 2015	Current	Previous 29th June 2015	Current	Previous 29th June 2015	Current
	%	%	%	%	%	%
5-5.5 years	1.79	1.89	1.79	1.90	2.35	2.39
10-10.5 years	2.35	2.39	2.38	2.41	2.98	2.95
20-20.5 years	2.98	2.95	3.04	3.00	3.46	3.45
35-35.5 years	3.39	3.38	3.47	3.45	3.49	3.44
49.5-50 years	3.53	3.51	3.52	3.49	3.40	3.36

3. General Fund Treasury Management Budget

- 3.1 The following table sets out the treasury management budget for 2015/16 and consists of a gross budget for debt charges i.e. repayment of debt principal and interest, and interest returns on investment income.

2014/15 Outturn Position £'000		2015/16 Original Budget £'000
16,964	Principal and Interest charges	17,230
246	Contribution to Treasury Management Equalisation Reserve to fund SSIP and other Capital Programme over the next 3 years.	
17,210	Subtotal Expenditure	17,230
	Investment Income	
(806)	- Total	(614)
227	- less allocated to other funds	210
(579)	Subtotal Income	(404)

16,631	Net General Fund	16,826

NB: Other funds include Trust Funds, Social Services Funds,
Schools
Reserves, Bonds etc.

4. Borrowing

4.1 The following borrowing has been arranged with the PWLB:

Date of Advance	Loan Reference	Amount	Interest Rate	Term	Type	Maturity date
30 July 2015	504279	£9.0m	3.12%	48 years	Maturity Loan	1 July 2063

5. Investment Income

5.1 In line with the Council's Investment Strategy, the 2015/16 Original Budget for investment income is £614,000; treasury management investment income generated on investments made to date is £427,000.

Members should note that the majority of investments are classified as 'specified' i.e. up to 12 months and are currently with the major banks including Barclays, Lloyds Group, Bank Santander, Clydesdale and Nationwide Building Society.

5.2 The Council policy will allow investments up to a maximum of £25m for periods of more than 1 year and up to 5 years, and this will be considered when decisions on investing surplus funds are made.

5.3 No additional long term investments have been carried out since the last report. The Council currently has £10m invested for periods in excess of 12 months:

Counterparty	Value £'000	Period	Maturity	Rate %
Eastbourne Borough Council	4,000	4.5 Years	June 18	2.2%
Peterborough City Council	6,000	5 Years	Dec 18	2.1%
TOTAL	10,000			

Icelandic Bank Update

- 5.4 Members should note the following position in relation to the recovery of monies from investments in Icelandic related banks.
- 5.5 Since the last report a further dividend of £364,159 has been paid out by the administrators of the former Heritable Bank. The tables below show the amounts outstanding.

Table 1 – Original Investments

Bank	Original Investment	Amount of Principal Repaid	Current Outstanding Investment
	£'000	£'000	£'000
Heritable	9,000	8,961	39
KSF	3,000	2,546	454
Total	12,000	11,507	493

Table 2 – Investments Held in Escrow Accounts – Icelandic Kroner

Bank	Investment (Sterling Equivalent)	Amount Repaid	Outstanding Investment
	£'000	£'000	£'000
New Glitnir	387	0	387

As previously reported the Local Government Association and Local Authorities are looking at how best to repatriate the amount held in Icelandic Kroner.
