The Committee chose to scrutinise the following Cabinet Board items:

#### Cabinet Board Proposals

#### 3.1 Quarter 2 Key Performance Monitoring

The Committee received information in relation to the Quarter 2 Key Performance Monitoring as contained within the circulated report.

Members queried how often were the food establishments inspected. Officers explained food establishments were prioritised based on risk. Officers stated that food establishments that were high risk were assessed twice a year, the medium risk establishments were assessed once a year, and low risk food establishments were assessed every three years.

Members questioned how food establishments with one star ratings were addressed. Officers explained that they worked with the operator of the premises and identified how they were falling short of the standard. Officers added that they would then focus on weak areas and try to help them improve their practice.

Members referred to indicator CP/021, and queried why it was flagged as red when there were three months left in the year for the target to be achieved. Officers explained the data was from 1<sup>st</sup> April – 30<sup>th</sup> September. Members highlighted the data wasn't very well presented and didn't seem to show the true reflection.

Members asked how robustly staff and budgets were monitored. Officers explained that they reported on the Performance Indicators as well as Corporate Indicators. Staff supervision and appraisals took place regularly.

Following scrutiny, it was agreed that the report be noted.

Members congratulated Officers on all their hard work.

Members queried would the Authority have to pay VAT. Officers explained they would pay it initially, but claim the VAT back.

Members queried what would be the risk if there weren't any interest from third parties in occupying the building. Officers explained that it was difficult to eliminate risk altogether. Officers explained that they had attempted to minimise the risk as much as possible.

Members questioned were there any companies interested in occupying the building. Officers explained that they had liaised with numerous companies, but some were more interested than others.

Following scrutiny, the Committee were supportive of the proposals to be considered at Cabinet Board.
