5. **ALLEGED PUBLIC FOOTPATH - GLYNNEATH**

Decision:

That no modification order be made for the alleged public footpath along the path to the rear of house No's 11 to 22 Park Avenue and No. 8 Earlsfield Close in the Community of Glynneath (as detailed in the circulated report).

Reasons for Decision:

- (a) The path between point A and point F (Park Avenue) during the relevant period varied and so the same route was not in use to satisfy the minimum period of 20 years uninterrupted use;
- (b) There is no evidence that point C joined a public highway throughout the relevant period and so the claimed public path did not terminate on a public highway during the relevant period;
- (c) The application does not specify any other point east of point C as a place of public resort nor is there any consensus as to whether that point may have been during the relevant period;
- (d) The amount of people supporting this application within the relevant period is too low to be able to conclude that this can represent the public at large.
