Additional Grant Funding For Youth Work.

Purpose of the Report

To seek Member approval to create six full time employees for the period 2019 - 2020 to develop Youth Homelessness and Youth Mental Health & Wellbeing provisions and also the West Glamorgan Regional Partnership to support Young Carers within Neath Port Talbot. It is proposed that the following posts are created:

Youth Homelessness & Wellbeing Team Leader	JNC 17-20
Youth Homelessness Youth Workers x 2	JNC 13-16
Youth Mental Health & Wellbeing Youth Workers x 2	JNC 13-16
Young Carers Youth Worker x 1	JNC 13-16

Executive Summary

The Welsh government has allocated additional funding to each local authority via the Youth Support Grant to better equip Youth Services to deliver, and increase access to, provision aimed at the early identification and support of young people with emerging mental health, emotional or wellbeing issues and young people who are homeless or those at risk of or have experienced youth homelessness

The Youth Service proposes to use this additional Youth Support Grant to employ a team of Youth Workers who will provide targeted support for young people through youth work interventions. This support will be delivered in line with the Youth Support Grant criteria.

West Glamorgan Regional Partnership funding has been granted to the Youth Service to raise awareness of young carers with the aim of increasing referrals to the Young Carers provision.

Background

Neath Port Talbot Youth Service has delivered grant funded targeted Youth Work for over 19 years, the latest grant from the Welsh Government has additional funding attached which targets Youth Mental/ Emotional Health & Wellbeing and Youth Homelessness.

The Mental/ Emotional Health & Wellbeing allocation of the Youth Support Grant aims to develop a non-clinical model of intervention focusing on youth work approaches with the following additional criteria:

- Strengthen your youth work offer so it is better equipped to deliver, and increase access to, provision aimed at the early identification and support of young people with emerging mental health, emotional or wellbeing issues. This should include a focus on developing resilience through non-clinical/community support
- Strengthen collaborative, partnership working arrangements between the youth service and health, education, social care and voluntary sectors, ensuring a coordinated approach at a local level

- Ensure appropriate referral pathways and mechanisms for the effective tracking of young people identified as in need of support are in place and enhanced where appropriate
- Consider digital technology as a means of increasing availability and access.
- Explore the role of the Youth Engagement and Progression Framework, which already has these systems in place to reduce NEET figures, expanding its scope to identify mental health and wellbeing risk factors and help broker support;
- Recognise the need to work closely with local Child and Adolescent Mental Health Services, and local primary mental health care support services, to reduce demand for services through early identification and signposting to interventions;
- Take a flexible approach according to local need, but reflect the important role that youth work plays in providing safe places for young people to meet their peers and trusted adults, combating against issues associated with loneliness and isolation;
- Recognise the role of youth work in supporting young people to develop their personal resilience and emotional regulation skills; and ensure, therefore, that young people can access youth work, no matter where they live, alongside more targeted support depending on local need.
- The Youth Homelessness allocation of the Youth Support Grant aims to develop & deliver Youth Engagement and Progression Framework and youth work early intervention activity aimed at tackling youth homelessness. This must include:
 - Strengthening early identification systems to account for indicators associated with youth homelessness
 - Developing appropriate referral mechanisms, signposting, and pathways of support
 - Developing and delivering youth service-led training to practitioners across a range of local services so that they develop awareness of

youth homelessness and understand how to support young people effectively

- Employ a specific role aimed at establishing collaborative, partnership working arrangements across housing, health, education, social care, voluntary sectors, and a wide range of services/partners to ensure a coordinated approach and shared working practices.

West Glamorgan Regional Partnership funding has been approved to help raise awareness of young carers and the youth service aims to carry this out by employing a Young Carers Youth Worker to coordinate, facilitate awareness raising sessions and follow up these sessions with support, sign posting and referrals when needed.

Work will be carried out in conjunction with the schools and inform them of potential young carers and assist them to have the right information and support in order to cater for this vulnerable group of young people.

The Young Carers Youth Worker will look to grow the Keeping in Touch aspect of the young carers project as this is expanding and only looks like continuing to do so. The Youth Service has been able to provide an additional bus for transporting the young carers through this funding and this in turn has enabled a larger group of young carers to meet up, develop and to support each other through additional staffing and resources.

The Young Carers Youth Worker will also look at developing work to up skill professionals and partner agencies around the issues faced by young carers.

The current Youth Service Structure (Appendix 1) doesn't have capacity to deliver the additionality covered above. It is proposed that the additional Grant money is used to employ 6 new youth work posts. The proposed structure is attached as Appendix 2.

All of the additional posts will be recruited using the local authorities recruitment and selection policy and procedures. The posts will be advertised under the prior consideration process at first and if applicable will be advertised internally within the local authority. If any posts remain vacant after this approval to advertise externally will be sought. All of these posts are fixed term contracts to 31st March 2020.

Financial Impact

The total cost of the additional funding will be £314,042. This amount is divided between West Glamorgan Regional Partnership grant of £39,182 and £274,860 from Welsh Government which has been allocated but is subject to approval. This will have a positive financial impact to the organisation.

These additional posts on the staffing structure will ensure the service is able to meet the additionality set out in the West Glamorgan Regional Partnership plan and Youth Support Grant Work Plan for 2019/2020.

Financially the Local Authority will have six new full time positions that can be advertised within the organisation.

A financial appraisal is attached as Appendix 3 stating the salary costs for the grants.

Equality Impact Assessment

The equality implications of the proposals have been assessed in accordance with the Equality Act 2010. The Equality Impact Assessment (EIA) Screening Tool has determined that this proposal does not require an Equality Impact Assessment. See Appendix 4 for EIA Screening Tool.

Workforce Impacts

There are no workforce impacts associated with this report. The additional posts line management will be built into the existing Youth Service Management Team.

Legal Impacts

There are no legal impacts associated with this report.

Risk Management Impacts

There are no risk management issues associated with this report.

If the proposals were not accepted then the additional support would not be delivered to young people which may result in young people facing a

range of issues including poor emotional/mental health and wellbeing, young people becoming homeless and young carers not being identified and given support.

Other Impacts

There are no other impacts associated with this report.

Consultation

There is no requirement under the Constitution for external consultation on this item.

Recommendations

It is RECOMMENDED that Members APPROVE the creation of six full time employees for the period 2019 - 2020 to develop Youth Homelessness and Youth Mental Health & Wellbeing provisions and also the West Glamorgan Regional Partnership to support Young Carers within Neath Port Talbot. It is proposed that the following posts are created:

Youth Homelessness & Wellbeing Team Leader	JNC 17-20
Youth Homelessness Youth Workers x 2	JNC 13-16
Youth Mental Health & Wellbeing Youth Workers x 2	JNC 13-16
Young Carers Youth Worker x 1	JNC 13-16

FOR DECISION

Reasons for Proposed Decision

The recommendation is made that members approve the proposed use of additional grants to enable changes to the youth service structure and the recruitment of the additional youth workers needed to carry out the work stipulated within the grant plans.

Implementation of Decision

The decision is proposed for implementation after the three day call in period

Time to Change Wales Campaign

1. Executive Summary

Mental health related absence accounts for the most days lost to sickness absence and therefore it is a priority in the workforce plan to develop a strategy in relation to mental health in the workplace.

The Time to Change Wales Campaign's Employer Pledge provides a framework for employers to work within to support employees with their mental health. The Campaign provides support to employers including training and access to a range of resources. There are no financial costs to the scheme. Corporate Directors and trade unions have been consulted and are supportive of this proposal.

2. Purpose of Report

The purpose of this report is to ask Members for authority to commit to the Time to Change Wales Campaign's Employer Pledge Commitment.

3. Background information

Mental health related absence has represented the highest number of days lost to sickness absence in the Council for a number of years and because of this, it is a Workforce Plan priority to develop actions to support the mental health of our employees

Time to Change Wales is a national campaign to end the stigma and discrimination faced by people with mental health problems. The campaign is delivered by a partnership of two leading Welsh mental health charities, Mind Cymru and Hafal, overseen by a Programme Management Board (PMB) which includes the Chief Executives and key senior staff from the two partner organisations. The PMB also includes people with lived experience of mental health problems and individuals with expertise relevant to the campaign. The campaign is funded by Big Lottery, Comic Relief and Welsh Government.

People who experience mental illness often face stigma and discrimination in the workplace, socially and within families. This can make life with a mental health problem more difficult than the symptoms themselves. The Campaign seeks to improve knowledge and understanding about mental illness and, most importantly of all, get people talking about mental health. This is an evidenced based approach, which has demonstrated that by sharing lived experiences and life stories by those who have suffered or suffer with mental health problems, this can lead to transformational change in attitude and a reduction in stigma and discrimination amongst those with who the story is shared. Champions and people are at the heart of the Time to Change Wales programme.

4. The Employer Pledge Commitment

The Time to Change Wales pledge is a public declaration that an organisation wants to step up to tackle mental health stigma and discrimination. It isn't a quality mark, accreditation or endorsement. There is no test or application. Employers just have to commit to taking actions that are realistic and right for them, that will lead to a

reduction in discrimination within the organisation and wider community.

Every organisation is different and there are any number of ways in which the pledge can be put into action. A draft action plan for the Council is attached at Appendix 1, and this has been developed in partnership with our trade unions. The action plan draws on the internal resources we already have in place as well as resources that will be made available by Time to Change Wales, including support to train a pool of 'Employee Champions' who will be instrumental in disseminating messages and information about mental health. The actions include awareness raising actions as well as the development of policies and processes that help address mental health problems in the workplace, help for managers and employees to enable them to talk about mental health, and actions to ensure employees have access to information and where to find help.

5. Next steps

If Member approval is given to commit the Council to the Employer Pledge Commitment it is intended to implement the action plan as set out in the appendix to this report.

6. Financial impact

There is no financial impact in relation to this Pledge.

7. Integrated impact assessment

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act 2010, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016.

The first stage assessment has indicated that a more in-depth assessment is not required. A summary is included below:

“A full impact assessment is not required as the initiative to sign the employer pledge will not in itself affect any changes to employment. As and when actions are developed and prior to implementation this first stage screening assessment will be re-visited to determine whether anything has changed and whether a full impact assessment is then needed”.

8. Workforce impacts

The intention behind the Time to Change Wales campaign is to have a positive impact in relation to stigma and discrimination faced by people with mental health problems within the workplace. Trade unions are supporting the initiative and are key members of the project team established to deliver the action plan.

9. Legal impacts

No implications

10. Risk Management impacts

This proposal is a mitigating action in relation to Operational risk HR2, the risk of service delivery failure if sickness absence levels increase across the Council – as mental health related absence accounts for the highest reason for sickness absence, by putting in place supportive measures to address mental health in the workplace the risk of increased sickness absence should be addressed positively.

11. Crime and Disorder Impacts

No impact.

12. Counter Terrorism Impacts

No impact.

13. Consultation

There is no requirement for external consultation on this item.

14. Recommendation

It is recommended that Members approve the proposal to commit to the Time to Change Wales Campaign's Employer Pledge Commitment.

15. Reasons for proposed decision

To support employees with mental health problems in the workplace.

16. Implementation of decision

The decision is proposed for implementation after the three day call in period.

Employer Pledge Action Plan

In order to continue with your request to sign the Time to Change Wales Employer Pledge, please complete this document and email it to: pledge@timetochangewales.org.uk. We ask that you submit your plan a **minimum of four weeks** before the date of your pledge signing to allow us time to feedback on your plan and commission your pledge board.

It's not a problem if your action plan is still a draft at this stage. You can add to and develop your plan at any time as we encourage organisations to think about their action plan as a living document. While neither a quality mark nor endorsement, for a Pledge to have real value, it should lead to some practical action. Your action plan document will not be shared with anyone outside of Time to Change Wales but we need to see that you are serious about being active in the campaign to ensure the Time to Change Wales Employer Pledge maintains its value.

You should have received a full guide on how to fill out your action plan, along with an explanation of the seven key principles listed in the plan. If you have not received this, please email pledge@timetochangewales.org.uk.

This template is not prescriptive but offers a variety of suggested actions that may give ideas for writing your organisation's action plan. There are a number of suggested actions for each section but you should not feel that you are required to include as many actions in your plan. Neither should you be limited by these suggestions, in fact, we encourage you to identify actions that are relevant and achievable in your organisation.

We will include information about mental health and signpost to support services as part of our induction for new employees. We will ensure that all line-managers / Head teachers are aware of signposting routes to relevant mental health support services. We are currently researching training courses on Mental Health First Aid, with a view to training 2 employees per Directorate to provide additional support to our employees. We will offer guidance to any schools who wish to create their own Mental Health First Aiders. 	<p>Rachelle McClaughlan</p> <p>Cath Roberts</p> <p>Shaun Burgess via website</p> <p>Amy Hutchings</p>	<p>July 2019</p> <p>August 2019</p> <p>August 2019</p> <p>September 2019</p>	<p>If we decide to use Mental Health First Aiders, we will measure performance by the numbers of employees who use this service. Website summary

Please supply us with a summary of your pledge commitment and any activity you are planning on doing to accompany your logo. **Please note:** we may edit the text before it is published on our website.

Neath Port Talbot County Borough Council is delighted to work with Time to Change Wales on its campaign to end the stigma and discrimination faced by people with mental health problems. As a Council, we value the commitment of our employees who help us to deliver high quality services to the communities we serve. In order to support our employees we are working to improve our knowledge and understanding of mental illness to reduce the stigma that surrounds it. We will provide interventions for our employees who are experiencing mental illness and thereby creating an organisation in which individuals feel valued, supported and able to talk about mental health.

Please send this Action Plan **a minimum of 4 weeks before** your intended pledge date to:
