REPORT OF THE HEAD OF HUMAN RESOURCES – SHEENAGH REES

Matter for Decision

Wards Affected: All wards

Introduction of a Carer's Policy

1. Purpose of Report:

The purpose of this report is to seek Member approval to introduce a Carer's Policy to support employees with caring responsibilities.

2. Background:

The Council has a responsibility for the welfare of its employees and as such recognises that some employees are carers and therefore may need extra support whilst at work to assist them with their caring responsibilities.

Carers UK estimates that there are currently six and a half million carers in the UK - a number that continues to rise. More than four million carers provide up to 19 hours of unpaid care for a family member or friend each week and of these, more than three million are still in paid work.

Employees do not legally have to notify their employer that they are a carer. However, in a healthy working environment, carers are more likely to notify someone of their responsibilities. Generally checking on an employee's wellbeing regularly during one to ones, supervisions and/or appraisals can encourage open dialogue with employees and provide opportunities for employees to raise anything that may be impacting on their general wellbeing.

When an employee informs their manager that they are a carer, the manager can take simple but effective action to enable them to balance their caring and employment responsibilities and these actions are set out in the policy.

The policy defines carers as employees with significant caring responsibilities that have a substantial impact on their working lives. These employees are responsible for the care and support of disabled, elderly or sick partners, relatives or friends who are unable to care for themselves. It distinguishes carers from employees who have childcare responsibilities as the requirements of a carer are more unpredictable and emotionally distressing.

3. Development of the Policy

The introduction of a Carers Policy was first discussed by the joint trade unions at the Local Government Services Forum. The trade unions put forward a sample policy drafted by the Employers for Carers Organisation. Using this sample policy, the attached Carers Policy (provided in **Appendix 1**) was developed and subsequently agreed by the trade unions.

4. Communication of the Policy

As this is a new policy, it is important that it is communicated widely across the Council. We will do this by including an article in the Council's newsletter In The Loop, we will place it on the HR Intranet, we will send an email to all Heads of Service requesting them to cascade details of the new policy to all their service areas and we will also advertise the policy on the payslips to ensure that all employees, whether they have an online payslip or a paper payslip, are aware of the new policy.

5. Financial Impacts:

There are no financial impacts associated with this report.

6. Integrated impact assessment:

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016. The first stage assessment, attached at appendix 1 has indicated that a more in-depth assessment is not required. A summary is included below:

“A full impact is not required as there is no impact on any protected group. It also has no negative impact on bio-diversity or the Welsh Language”.

7. Valleys Communities Impacts:

No Implications

8. Workforce Impacts:

The introduction of this policy will have a positive impact on those employees across our workforce who are carers.

9. Legal Impacts:

No implications.

10. Risk Management Impacts:

No implications.

11. Consultation:

There is no requirement under the Constitution for external consultation on this item. The proposed changes have been communicated with the Trade Unions via the Local Government Services Forum who were fully supportive of the introduction of this policy.

12. Recommendations:

It is **RECOMMENDED** that Members **APPROVE** the introduction of the Carers Policy.

1. Policy Statement

Neath Port Talbot Council recognizes and understands that some employees may find it difficult to combine work and caring and this policy sets out what support the Council offers to enable employees to do this.

2. Definition of a Carer

Neath Port Talbot Council defines a carer as employees with significant caring responsibilities that have a substantial impact on their working lives. These employees are responsible for the care and support of disabled, elderly or sick partners, relatives or friends who are unable to care for themselves. The activities that carers undertake are wide ranging, including help with personal care; help with mobility; managing medication; practical household tasks; emotional support; and help with financial matters or paperwork.

For the purpose of this policy the needs of carers are different to those employees with mainstream childcare issues. Caring can be unpredictable and emotionally upsetting; it can happen overnight, for example if an employee's parent has a stroke, or it can creep up on someone, for example if their partner develops a debilitating long term health condition. It is not like mainstream childcare as its circumstances and milestones are different and often more uncertain.

For example, with mainstream childcare, the child's journey is more predictable as he or she grows older, goes through schooling and becomes more independent. With caring, the milestones can be very different and go in the opposite direction; for example, an elderly parent becoming more frail and dependant or a disabled child continuing to have high support needs as they become an adult. It is also much easier (and often more acceptable) to talk about childcare in the workplace than it is to discuss caring for a parent with dementia or a partner with a disability, for example.

3. Commitment to supporting carers

The Council recognises that some people have caring responsibilities and that carers will constitute a part of its workforce. It also recognises that some employees may find it difficult to combine work and caring. We have, therefore, adopted the following code of good practice in order to support employees who are, or who are likely to become carers.

We believe that carers should have the same opportunity to obtain a job within the organisation and keep their job as everyone else and is committed to providing as much support as is reasonably practicable.

4. Identification and disclosure

Over two million people in the UK become carers every year and around the same number of people cease caring; carers are therefore not a static group and the same will be true within any workplace. The Council therefore acknowledges that it needs to strike a balance between recognising the special circumstances of caring and not classifying carers as a rigid or separate group as it will be a group whose members, and needs, will be constantly changing.

Employees may not recognise themselves as carers, for example employees who are caring at a distance - ie supporting someone such as an elderly parent who does not live with them – may be less likely to consider themselves as a carer.

Employees are not obliged to disclose to their line manager that they are caring for someone but are actively encouraged to do so. All line managers should ask whether staff they are supervising have caring responsibilities, and should have due regard to issues of confidentiality concerning this information.

Employees who don't feel able to disclose this information to their line manager can approach their trade union representative or HR Officer.

Once the carer has been identified the line manager should ensure that they are aware of and feel able to access the range of support the Council offers.

5. Flexible Working

All employees with caring responsibilities are entitled to request to work flexibly in order to attend to the needs of the individual whom they care for.

The Council offers various types of flexible working:

- **Flexi-time.** Employees are required to work within set times but outside of these 'core hours' have some flexibility in how they work their hours.
- **Home working / mobile working.** Employees spend part of their working week away from the workplace.
- **Job sharing.** Usually two employees share the work normally done by one person.

- **Reduced hours working.** Employees might work shorter days or fewer days in a week.
- **Term-time working.** Employees don't work during school holidays and either take paid or unpaid leave or their salary is calculated pro-rata over the whole year.
- **Compressed hours.** Employees work their total hours over fewer working days eg a ten day fortnight is compressed into a nine day fortnight.

Employees who have worked for the Council for at least 26 weeks can make a request for flexible working. If agreed it would result in a permanent change to their terms and conditions. Only one request is allowed in a year. The Council can refuse a request, but will give the employee good business reasons from a specific list which is set out in the Flexible Working Policy. Employees can appeal against this decision. For further information, please refer to the Flexible Working Policy on the HR Intranet.

Line managers should also consider informal arrangements such as use of a telephone, or private time/space to make calls, at work, in connection with their role as a carer.

6. Crisis situations

The Council recognises that employees with caring responsibilities are not always able to plan ahead - accidents or illnesses can occur without warning and care arrangements can break down unexpectedly. Emergency leave is therefore important to carers, who can be called home at short notice on such occasions. All carers are entitled to take time off in order to attend to the sudden needs of the individual whom they care for.

All employees have a statutory right to take "reasonable time off" to deal with unexpected situations involving a dependant. Employees must inform their line manager as soon as possible after the emergency has happened.

A dependant includes an employees' husband, wife or partner, child or parent, or someone living with them as part of their family. Others who rely on them for help in an emergency may also qualify.

The situations where emergency leave might be taken are:

- a disruption or breakdown in care arrangements
- when a dependant falls ill, has been assaulted or in an accident (including when the person is hurt or upset rather than physically injured)

- to make longer term arrangements for a dependant who is ill or injured (but not to provide long term care themselves)
- to deal with an incident involving a child during school hours
- to deal with the death of a dependant.

7. Carers Leave

The Council acknowledges that employees with caring commitments may need time off to deal with medical appointments/discharge from hospital etc.

Employees should discuss with line managers, in advance, any leave which they can reasonably expect to need for their caring commitments so that managers and the other members of the team can plan work, meetings and other leave around those dates.

Some types of medical appointments can be booked in advance and carers are expected to book these at the start or end of the working day, to minimise disruption at work. With prior approval, time off for planned appointments can normally be made up later, taken as flexi or annual leave.

The Council acknowledges that employees with caring responsibilities may need flexible leave arrangements as well as flexible working arrangements in order to manage all aspects of their caring role. It therefore provides the following options which should be discussed with the line manager:-:

- Parental Leave
- Time off for dependants
- Additional Annual Leave Purchase Scheme
- Career breaks

8. Other support for carers

All employees with caring responsibilities are entitled to use their telephone at work, in private, in connection with their role as a carer.

Information about external sources of support is also available, please see below:-

NHS Direct Wales - <https://www.nhsdirect.wales.nhs.uk/livewell/carers/>

Carers Trust Wales - <https://carers.org/country/carers-trust-wales-cymru>

9. Role of line managers

Managers, especially line managers, are the gatekeepers to this policy and play a key role in its implementation. The Council recognises that each carer's situation is different and may require a different response from the manager, taking into account the whole range of organisational support available.

Employees need to feel able to take up these policies without feeling that they might be treated less favourably. Managers can help by creating an open workplace culture that is supportive to carers.

Creating a workplace culture that is supportive to carers also requires the endorsement of top-level management. This Policy has been approved by the Council's Personnel Committee on _____.

10. Review

This policy will be reviewed in two years, following changes in legislation or as a result of operational issues.

Neath Port Talbot Council understands the difficulty that some carers face and is committed to providing as much support as is reasonably practicable. The Council welcomes comments and suggestions from all staff on how the organisation may further improve the working environment so that it is better equipped to deal with the varying needs of carers in the workforce.

Law relating to this document

Leading statutory authority

Work and Families Act 2006

Equality Act 2010

The Employment Rights Act 1996

Employment Relations Act 1999

Since April 2007 the Work and Families Act 2006 (The Work and Families (Northern Ireland) Order 2006 in Northern Ireland) has given carers, as well as parents, the right to request flexible working such as changing hours or working from home.

The Act currently defines a carer as someone who cares for, or expects to care for, a spouse or partner, a relative such as a child, uncle, sister, parent-in-law, son-in-law or grandparent, or an adult who is not a relative but lives at the same address as the carer. Under the National Carers Strategy, published in June 2008, there was a government commitment to review the definition of 'carer' in the Flexible Working Regulations to consider extending it to the 20% of carers who currently miss out. These are carers who are not a close relation of the person they care for or who do not live with them. Evidence shows that most employers are open to requests from people not currently eligible under the new law, such as those that care for, say, an elderly neighbour.

This policy goes beyond what the law requires in offering the right to request flexible working to all employees with caring responsibilities.

Protection from discrimination

If an employee is looking after someone who is elderly or disabled, the law – under the Equality Act 2010 – will protect them against direct discrimination or harassment because of their caring responsibilities. This is because they are counted as being 'associated' with someone who is protected by the law because of their age or disability. Employers need to ensure that they do not discriminate against employees with caring responsibilities. Direct discrimination is where an employee is treated less favourably than someone else because they are caring for an elderly or disabled person. Examples of this could include someone being refused a job because of their caring responsibilities or an employee not being offered a promotion because of their caring responsibilities.

Impact Assessment - First Stage

It is essential that all initiatives undergo a first stage impact assessment to identify relevance to equalities and the Welsh language as well as an evaluation of how the proposal has taken into account the sustainable development principle (the five ways of working); an incorrect assessment could ultimately be open to legal challenge.

The first stage is to carry out a short assessment to help determine the need to undertake a more in-depth analysis (the second stage).

Relevance will depend not only on the number of people/service users affected, but also the significance of the effect on them.

When completing the first step you must have regard to the following:

- Does the initiative relate to an area where important equality issues have been, or are likely to be, raised? (For example, funding for services to assist people who are victims of rape/sexual violence or individuals with particular care need; disabled people's access to public transport; the gender pay gap; racist or homophobic bullying in schools)
- Is there a significant potential for reducing inequalities, or improving outcomes? (For example, increasing recruitment opportunities for disabled people).
- Does the initiative relate to instances where opportunities to use the Welsh language are likely to be affected or where the language is likely to be treated less favourably? (For example, increase the number of Welsh speakers moving from/to a certain area; closing specific Welsh language services or put those services at risk services;
- Does the initiative relate to the improvement of economic, social, environmental and cultural well-being? To what extent does the initiative prevent things getting worse? (For example, funding for services to assist in cultural well-being; changes in policies that promote independence and/or assist carers)

1. Provide a description and summary of the initiative.

Identify which service area and directorate has responsibility for the initiative.

2. Identify who will be affected by the initiative.

If you answer **Yes** to service users, staff or wider community continue with the first stage of the assessment

If you answer **No** to service users, staff or wider community or **Yes** to 'Internal administrative process only', go to **Question 5 – sustainable development principle**.

3. Using relevant and appropriate information and data that is available to you think about what impact there could be on people who share protected characteristics; whether they are service users, staff or the wider community.

Some things to consider include:

- transport issues
- accessibility
- customer service
- cultural sensitivity
- financial implications
- loss of jobs

Definitions of impacts (either positive or negative):

- High – likely to be highly affected by the initiative
- Medium - likely to be affected in some way
- Low - likely to be affected by the initiative in a small way
- Don't know - the potential impact is unknown

You **must** provide reasons, and indicate what evidence you used, in coming to your decision.

4. Using relevant and appropriate information and data that is available, think about what impact there could be on opportunities to use the Welsh language and in treating the language no less favourably than English.

Definitions of impacts are the same as in **Question 3**.

The classification 'Don't Know' should be categorised as 'High Impact' in both questions 3 & 4.

5. Consider how the initiative has embraced the sustainable development principle in accordance with the Section 7c of the Well-being of Future Generations Act 2015.

Give details of the initiative in relation to the 5 ways of working:

- **Long term** - how the initiative supports the long term well-being of people
- **Integration** - how the initiative impacts upon our wellbeing objectives
- **Involvement** - how people have been involved in developing the initiative
- **Collaboration** - how we have worked with other services/organisations to find shared sustainable solutions;
- **Prevention** - how the initiative will prevent problems occurring or getting worse

6. The most appropriate statement must be selected (and the relevant box ticked) based on the first stage of the assessment and an explanation of how you have arrived at this decision must be given.

In addition a summary of the how the initiative has embraced the sustainable development principle must also be included.

Where the first stage of the assessment indicates that a more in-depth analysis is required the second stage of the assessment will need to be completed and this will need to be started immediately.

A first stage assessment must be included as a background paper for all Cabinet/Cabinet Board/ Scrutiny Committee Reports.

Where the first stage assessment is completed by an accountable manager it must be signed off by a Head of Service/Director.

Report Title:

Apprentice and Work Experience Programmes within Neath Port Talbot Council

Purpose of the Report:

To provide Members with information about Apprentice and Work Experience Programmes.

Executive Summary

The report outlines for Members the activity that is taking place across the Council in support of our Apprentice and Work experience programmes, provided and facilitated by the Learning, Training and Development team.

Background:

The Welsh Government has set out a vision for addressing the needs of the Welsh economy by developing opportunities for young people and adults to engage in work experience or apprenticeship programmes. The Council's Workforce Plan 2018-2022 sets out the priority to "improve access, equality and

equity of opportunity, through supporting people into employment who are new to the workplace and focusing on progression in the workplace”.

Apprenticeships

Apprenticeships offer a work-based route for learners across a wide range of sectors and activities.

These can be accessed in two ways

- **Foundation Apprentice** - The Foundation Apprentice is usually not employed by the Local Authority; their pay is in line with National Living Wage provisions. There is a requirement to attend college usually one day per week (off the job training) whilst working towards a Level 2 qualification relevant to their job role. The duration of the Foundation Apprenticeship is between 12 – 18 months.
- **Modern Apprentice** - This apprenticeship is classed as employed by the Council and pay is line with the Council’s pay and grading system. They will also attend a college, usually one day per week, (off the job training) whilst working towards a Level 2/3 qualification relevant to their job role. The usual length of a Modern Apprenticeship is 2/3 years (although this may be longer for some trades, for example civil engineer).The funding for the qualifications is accessed via a Training Provider (e.g. Neath Port Talbot Colleges) and there is no financial cost to the Local Authority for the training.

Current Position

Since 2016 the Council has supported 55 apprentices:

Directorate	All Apprentice Placements since 2016	Now in permanent employment following completion of apprenticeship	Current Apprentices
Chief Executives	7	0	6 *
Social Services Health & Housing	11	5	6
Finance & Corporate	5	2	3
Environment	23	8	14 *
Education Leisure & Lifelong Learning	9	2	7
Total	55	17	36

The above table shows that out of a total of 55 Apprentices as follows:

- 17 secured permanent employment with the Council on completion of their apprenticeship.
- 36 continue to be supported to complete their programmes.
- 2 Modern Apprentices left the Council on completion of their Apprentice programme.

Traineeships

Traineeships are the start of an individual's learning journey. On completion of a traineeship, they can progress onto a Foundation apprenticeship, and then onto a Modern Apprentice programme. Traineeships are for individuals of 18 years old and under, and not in full time education.

The Council supports Traineeships as paid placements from external training agencies, for example, NPT College, Pathways or Peoples Plus.

To begin with, an individual will commence a placement over 3 days for a total of 21 hours. This will then increase to support the individual to achieve the relevant level 1 qualification over a period of 12 months.

Work Experience

The Council offers a range of work experiences for young people and adults. For example, young people who are still at school, or young adults, can access work experience via programmes such as the Duke of Edinburgh Award or Welsh Baccalaureate.

Since April 2019 the Council has hosted 36 work experience placements. 32 were pupils from local secondary schools. 20 came to the Council via the Duke of Edinburgh award programme and were hosted by the library service, and 12 were hosted work experience placements supported by the Environment and Social Services Directorates.

Channel to Work

This programme supports young people aged 14 to 25 who are living in foster care or care leavers, into gaining all skills necessary to lead an independent and

full life. It aims to help our young people to increase their soft skills such as confidence building and to raise aspirations for their future whilst undertaking work experience in a safe and supportive environment. Placements have been supported in Social Services Health and Housing, Chief Executives and Environment.

Funded programmes for employees

The Learning, Training and Development team access external funding streams to support the development of existing employees and to enable them to gain qualifications. Funding is available that enables employees to undertake qualification/s relevant to their role and responsibilities e.g Diploma and NVQ Qualifications from Levels 2 to 5.

Currently we have 60 employees that have accessed qualifications that are fully funded by Welsh Government via Neath College or other specialist training provider's e.g Talk Training.

Qualifications	NPT College	Talk Training	Number of staff
Business Administration	9	2	11
Management	2	21	23

Registration for all Domiciliary Care Workers by 1st April 2020 is mandatory. This means that in order to work as a Domiciliary Care Worker in Wales, a person must be registered with (SCW) by this date.

www.npt.gov.uk

The register is a list of people who have shown they are suitable to work in social care. Everyone on the register must show they are:

- Appropriately qualified
- Are physically and mentally fit to practice
- Have the character and competence
- Following the Code of Professional Practice for Social Care (the Code) and practice guidance for their role
- Intend to practice social care in Wales
- Will practice in the field their application relates to their application for registration.

3. Payment of the Registration Fee

The current fee for a Domiciliary Care Worker to register with SCW is £20.00. This will increase to £35 by April 2022. It is the employee's responsibility to register and prove they are suitable to work in their field.

4. Neath Port Talbot's Position

Whilst there is sympathy with Domiciliary Care Workers, Neath Port Talbot Council does not have a contractual obligation to reimburse statutory registration fees. The Council does reimburse the cost of statutory registration fees paid by some employee groups. However, a 2016 joint review with the trade unions into registration fees concluded that it would not reimburse the cost of registration fees that may apply to any additional groups of employees in future.

Despite this agreement, the trade unions have formally requested the Council consider paying the fee for Domiciliary Care Workers for one year on the basis that this is a predominantly female, part-time workforce.

5. Proposal:

The offer is to reimburse Domiciliary Care Workers with 50 percent of the registration fee, set at £20.00 per registrant, for all registrations completed by

the SCW 1st April 2020 mandatory registration deadline. Reimbursement will be provided upon receipt of proof of registration and payment.

The offer is subject to the following points:

- This does not include any registrations or renewal fees after 1st April 2020.
- This offer does not create a precedent should further employee groups become subject to statutory registration in the future, or where current registration arrangements change e.g. a fees increase. The offer is also made on the basis that there is no commitment from the Council to extend reimbursement beyond 1st April 2020.
- No further review of statutory registration fees across the Council will be undertaken.

The Chair of the LGS Joint Trade Unions has accepted this offer, subject to Member approval.

6. Financial Impacts:

The one year cost of reimbursing £10.00 per registrant is approximately £2k.

7. Integrated impact assessment:

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016). The first stage assessment, attached at appendix 2 has indicated that a more in-depth assessment is not required. A summary is included below:

“A full impact is not required as there is no impact on any protected group. It also has no negative impact on bio-diversity or the Welsh Language”.

8. Valleys Communities Impacts:

No Implications

9. Workforce Impacts:

This will have a positive impact on a group that are currently expecting to pay the full registration fee themselves.

10. Legal Impacts:

No implications.

11. Risk Management Impacts:

No risks identified.

12. Consultation:

There is no requirement under the Constitution for external consultation on this item.

13. Recommendations:

It is **RECOMMENDED** that Member's **APPROVE** reimbursement to Domiciliary Care Workers for payment of 50 percent of the registration fee, set at £20.00 per registrant, for all registrations completed within the mandatory Social Care Wales deadline of 1st April 2020.

Impact Assessment - First Stage

It is essential that all initiatives undergo a first stage impact assessment to identify relevance to equalities and the Welsh language as well as an evaluation of how the proposal has taken into account the sustainable development principle (the five ways of working); an incorrect assessment could ultimately be open to legal challenge.

The first stage is to carry out a short assessment to help determine the need to undertake a more in-depth analysis (the second stage).

Relevance will depend not only on the number of people/service users affected, but also the significance of the effect on them.

When completing the first step you must have regard to the following:

- Does the initiative relate to an area where important equality issues have been, or are likely to be, raised? (For example, funding for services to assist people who are victims of rape/sexual violence or individuals with particular care need; disabled people's access to public transport; the gender pay gap; racist or homophobic bullying in schools)
- Is there a significant potential for reducing inequalities, or improving outcomes? (For example, increasing recruitment opportunities for disabled people).
- Does the initiative relate to instances where opportunities to use the Welsh language are likely to be affected or where the language is likely to be treated less favourably? (For example, increase the number of Welsh speakers moving from/to a certain area; closing specific Welsh language services or put those services at risk services;
- Does the initiative relate to the improvement of economic, social, environmental and cultural well-being? To what extent does the initiative prevent things getting worse? (For example, funding for services to assist in cultural well-being; changes in policies that promote independence and/or assist carers)

1. Provide a description and summary of the initiative.

Identify which service area and directorate has responsibility for the initiative.

2. Identify who will be affected by the initiative.

If you answer **Yes** to service users, staff or wider community continue with the first stage of the assessment

If you answer **No** to service users, staff or wider community or **Yes** to 'Internal administrative process only', go to **Question 5 – sustainable development principle**.

3. Using relevant and appropriate information and data that is available to you think about what impact there could be on people who share protected characteristics; whether they are service users, staff or the wider community.

Some things to consider include:

- transport issues
- accessibility
- customer service
- cultural sensitivity
- financial implications
- loss of jobs

Definitions of impacts (either positive or negative):

- High – likely to be highly affected by the initiative
- Medium - likely to be affected in some way
- Low - likely to be affected by the initiative in a small way
- Don't know - the potential impact is unknown

You **must** provide reasons, and indicate what evidence you used, in coming to your decision.

4. Using relevant and appropriate information and data that is available, think about what impact there could be on opportunities to use the Welsh language and in treating the language no less favourably than English.

Definitions of impacts are the same as in **Question 3**.

The classification 'Don't Know' should be categorised as 'High Impact' in both questions 3 & 4.

5. Consider how the initiative has embraced the sustainable development principle in accordance with the Section 7c of the Well-being of Future Generations Act 2015.

Give details of the initiative in relation to the 5 ways of working:

- **Long term** - how the initiative supports the long term well-being of people
- **Integration** - how the initiative impacts upon our wellbeing objectives
- **Involvement** - how people have been involved in developing the initiative
- **Collaboration** - how we have worked with other services/organisations to find shared sustainable solutions;
- **Prevention** - how the initiative will prevent problems occurring or getting worse

6. The most appropriate statement must be selected (and the relevant box ticked) based on the first stage of the assessment and an explanation of how you have arrived at this decision must be given.

In addition a summary of the how the initiative has embraced the sustainable development principle must also be included.

Where the first stage of the assessment indicates that a more in-depth analysis is required the second stage of the assessment will need to be completed and this will need to be started immediately.

A first stage assessment must be included as a background paper for all Cabinet/Cabinet Board/ Scrutiny Committee Reports.

Where the first stage assessment is completed by an accountable manager it must be signed off by a Head of Service/Director.

Introduction of Guaranteed Interview Scheme for Veterans of the Armed Forces

1. Purpose of Report:

The purpose of this report is to seek Member approval to introduce a Guaranteed Interview Scheme for Veterans of the Armed Forces.

2. Background:

The Council received a letter on behalf of Darren Millar, Clwyd West AM and the Chair of the Cross Party Group on Armed Forces and Cadets in relation to introducing a Guaranteed Interview Scheme for veterans of the armed forces, (attached as **Appendix 1**). Mr Millar lobbied the First Minister to introduce a Guaranteed Interview Scheme in the Welsh Government and following this has encouraged local authorities in the Wales to follow suit and introduce a Scheme.

In a press release, Mr Millar said that many veterans face difficulty in trying to access employment once they have left their time in the military and guaranteed interviews are one way of helping them overcome the barrier they face. In the United States, there are guaranteed interviews with some public sector employers so that veterans have the opportunity to at least present themselves directly to an employer, and these have proved to be very successful in assisting veterans in their transition back to civilian life.

As a result of this, as a Council, we are seeking approval to adopt a Guaranteed Interview Scheme for Armed Forces Veterans.

3. Amendments to Policies

In order to qualify for a guaranteed interview, the candidate must meet all the essential criteria for the post, be currently serving in the armed forces and within 12 weeks of the discharge date, or have the armed forces as the last long term employer, with no more than 3 years lapsed since the discharge date.

The Council's Recruitment and Selection Policy has been amended to reflect the Guaranteed Interview Scheme. In addition to this, the corporate application form has an option for veterans to tick that they are claiming a guaranteed interview. The Council's website also has information on the Guaranteed Interview Scheme on the front page of the jobs pages.

4. Financial Impacts:

There are no financial impacts associated with this report.

5. Integrated impact assessment:

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016. The first stage assessment, attached at appendix 1 has indicated that a more in-depth assessment is not required. A summary is included below:

“A full impact is not required as there is no impact on any protected group. It also has no negative impact on bio-diversity or the Welsh Language”.

6. Valleys Communities Impacts:

No Implications

7. Workforce Impacts:

The introduction of this guaranteed interview scheme will have a positive impact on potential applicants and will reflect positively on the Council as an employer.

8. Legal Impacts:

No implications.

9. Risk Management Impacts:

No implications.

10. Consultation:

There is no requirement under the Constitution for external consultation on this item. The proposal has been communicated with the Trade Unions via the Local Government Services Forum who were fully supportive of the initiative.

11. Recommendations:

It is **RECOMMENDED** that Members **APPROVE** the introduction of a Guaranteed Interview Scheme for Veterans of the Armed Forces.

Dear Cllr Rob Jones,

Re: Guaranteed Interview Scheme for Veterans

The National Assembly for Wales' Cross-Party Group on Armed Forces and Cadets recently held a discussion on transition services for military personnel leaving the Armed Forces.

The group wrote to the First Minister in February to ask what consideration the Welsh Government had given to introducing a guaranteed interview scheme for veterans applying for roles within the Welsh Government.

Following a positive response from the Welsh Government the group has asked me to write to you to ask what consideration Neath Port Talbot Council has given to introducing a similar scheme.

Guaranteed interview schemes for veterans has been the norm in various departments in the United States Government for some years and numerous councils across the United Kingdom have benefited from rolling out similar schemes.

I would be grateful if you could discuss this proposal with the relevant members of your team and consider introducing a guaranteed interview scheme.

I look forward to your reply.

Yours sincerely,

Darren Millar AM

Workforce Information Report

Purpose of Report

The purpose of this report is to provide Members with the 2019 / 20 Quarter 3 Workforce Information report. The report is attached at Appendix 1.

Executive Summary:

This report provides Members with a range of data and information in relation to the workforce of the Council.

Workforce Information:

This data set has been developed to provide Members with an overview of the Council's workforce, including how many people we employ, where we employ them, how we employ them (work patterns), their protected characteristics, Welsh language ability and key workforce trends. Understanding how our workforce is distributed across the Council and analysing trends in workforce activity helps inform workforce planning, strategies and key decision making.

The data presented in this report may raise questions for Members, so for example, where Members see fluctuations in sickness absence levels in particular services, they may want to take the opportunity to refer this to the relevant scrutiny committee for further investigation.

Sickness absence

The Local Government All Wales benchmarking figures for sickness absence in 2018 / 2019 show an average FTE days lost across the 22 councils of 10.48 FTE days. Neath Port Talbot's end of year figure of

9.79 FTE days places the Council at 7th place in the benchmarking table and with average absence lower than the Welsh average.

Quarter 3 data for 2019 / 2020, compared with the same period last year, shows a 14% increase in days lost to sickness absence.

To understand why absence has increased this year when compared with last year, it is interesting to note the trend in long term absence. Chart 5 provides an overview of the breakdown between long term absence (continuous absence of 28 days or more) and short term absence (continuous absence of less than 28 days). Long term absence has seen an increase of 4%.

If we look then to why employees are absent from work, Chart 6 sets out data in relation to the top ten reasons for sickness absence. This shows increases in mental health related absence, indicating that the mental health of our workforce is a priority for action. Cancer related absence has also seen a significant increase in this quarter, with the majority of this absence linked to long term absence from work.

Pay Policy Statement 2020 / 2021

Purpose of the Report:

To inform Members of Personnel Committee of the Pay Policy Statement for 2020 / 2021, to be presented to Council for approval on 25th March 2020. The Statement is attached as Appendix 1.

Executive Summary:

It is a requirement of the Localism Act 2011 that the Council produces a Pay Policy Statement for each financial year, setting out specific information in relation to the pay of the Council's workforce. The Statement that has been prepared for 2020 / 2021, and attached at Appendix 1, has been developed in line with guidance produced by the Public Services Staff Commission "Transparency of Senior Pay in the Devolved Welsh Public Sector" and to reflect national and local developments in pay.

Background:

The Localism Act 2011 requires local authorities to produce a Pay Policy Statement for each financial year articulating its policy towards a range of issues relating to the pay of its workforce, particularly in relation to senior staff and the lowest paid within the workforce. This is with the aim of increasing accountability, transparency and fairness in the setting of local pay.

The statement must be prepared annually, considered and approved by full Council and published on the Council's website.

An initial Pay Policy statement was developed and approved by this Council in March 2012. As required by legislation, the Pay Policy Statement must be reviewed at least annually, and then approved and published by 31st March each subsequent year.

The Pay Policy Statement for 2020 / 2021 is attached at Appendix 1. The format of the document has been developed with reference to the Public Sector Staff Commission's guidance "Transparency of Senior Pay in the Devolved Welsh Public Sector" and the content has been updated to take account of national and local pay related developments, outlined in this report.

Pay related developments

It is the Council's policy that any nationally agreed pay awards, negotiated at a national level by the local government employers in conjunction with the recognised Trade Unions will be applied, unless full Council determines otherwise. In 2018, rates of pay applicable from 1st April 2018 and 1st April 2019 were agreed at a national level for the Chief Executive, Chief Officers, and Local Government Services employees and in respect of Soulbury Officers and Youth & Community Workers, rates of pay applicable from 1st September 2018 and 1st September 2019. These are the rates of pay reflected in the attached statement.

Negotiations in respect of pay awards to apply from 1st April 2020 (or in the case of Soulbury Officers and Youth & Community Workers, to apply from 1st September 2020), have not yet concluded. The Council will apply these pay awards, as and when they are agreed, and as set out in the respective pay agreements.

Pay Multiples

Whilst the Localism Act excludes schools from the scope of local authority Pay Policy Statements, the Pay Policy Statement for this Council sets out details of pay multiples both including and excluding employees who are appointed and managed by schools:

Basis	Pay Multiple
Lowest paid employee earnings: Chief Executive's earnings	1 : 8:21
Median employee FTE* earnings: Chief Executive	1 : 5.98
Lowest paid employee earnings: average Chief Officer earnings	1 : 5.28
Median employee FTE* earnings: average Chief Officer earnings	1 : 5.98

* FTE= Full Time Equivalent

Financial impacts:

The Council spends 47% of gross expenditure on its workforce.

Integrated impact assessment:

There is no requirement to undertake an Integrated Impact Assessment as this report is for monitoring / information purposes.

Valleys Communities Impacts:

No implications

Workforce impacts:

The Pay Policy Statement sets out the impact of the Council's pay strategy on pay relativities within the workforce, and particularly the relationship between the highest and the lowest paid within the organisation.

Legal impacts:

It is a requirement under the Localism Act 2011 that the Council produces a Pay Policy Statement for the financial year 2020 / 2021 and that it is considered and approved by full Council, and subsequently published on the Council's website.

Risk Management Impacts:

Failure to consider and approve a Pay Policy Statement for the financial year 2020 / 2021 will place the Council in breach of the Localism Act 2011.

Consultation:

There is no requirement under the Constitution for external consultation on this item.

Recommendation:

It is recommended that Members note the Pay Policy Statement for 2020 / 2021, which will be presented to Council in March 2020 for approval.

This is Neath Port Talbot County Borough Council's (NPT) ninth annual Pay Policy Statement. This Statement covers the period 1st April 2020 to 31st March 2021.

This Pay Policy Statement provides the framework for decision making on pay and in particular decision making on senior pay. Preparing and publishing this statement is a requirement under the Localism Act 2011. The provisions in the Act do not apply to the staff of local authority schools and therefore teaching staff are not included in the scope of this document.

This Pay Policy Statement has been reviewed by the Council's Personnel Committee on 24th February 2020 approved by Council on 25th March 2020.

1. INTRODUCTION FROM THE LEADER

This Council is committed to being open and transparent and as Leader I want to ensure that the Council tax payers of Neath Port Talbot County Borough Council have access to information about how we pay people.

Council services are delivered by people, and most of the people we employ live and work in this County Borough. I want to ensure that Council services are the best they can be, so our pay policy seeks to ensure we can attract, retain and motivate the best employees with the right skills to deliver our services.

This, of course, has to be balanced against the need to ensure value for money for the local Council taxpayer.

The Council is one of the main employers in this area and it is important that the Council can offer good quality employment on reasonable terms and conditions and fair rates of pay. This will have a beneficial impact on the quality of life within the community as well as on the local economy.

Cllr R G Jones
Leader of Council

2. LEGISLATIVE FRAMEWORK

The Council has the power to appoint staff under Section 112 of the Local Government Act 1972 and complies with all relevant employment legislation in determining the pay and remuneration of its staff.

3. TERMS AND CONDITIONS OF EMPLOYMENT

The Council employs approximately 6,800 employees. The posts they are employed within are covered by a range of terms and conditions drawn from either:

- National Joint Council for Local Government Services
- Joint National Council for Chief Executives
- Joint National Council for Chief Officers
- Soulbury Committee
- The Joint National Council for Youth and Community Workers
- Teachers (not within the scope of this statement)

The following pay scales are provided as Appendices to this policy:

- **Appendix A** Local Government Services Employees NPT Pay Grades
- **Appendix B** JNC Chief Executive and Chief Officer NPT Pay Grades
- **Appendix C** Soulbury National Pay Grades
- **Appendix D** JNC Youth & Community Worker National Pay Grades

We publish a breakdown of staff numbers by pay band and gender in the **Annual Equalities in Employment Report**, published separately.

National Pay Awards

For all employee groups, any nationally agreed pay awards, negotiated at a national level by the local government employers in conjunction with the recognised Trade Unions will be applied. The Council will pay these nationally agreed pay awards as and when determined unless full Council decides otherwise.

Job Evaluation

In 2008 the Council completed a Job Evaluation exercise in relation to jobs which are governed by the NJC for LGS' terms and conditions of employment. A new pay and grading structure, based on the outcome of the Job Evaluation exercise, was developed in partnership with, and agreed with, our trade unions via a Collective Agreement and introduced in 2008. The pay and grading structure is based on the NJC for LGS' nationally negotiated pay spine as the basis for its pay and grading structure. In order to implement the new LGS pay spine to apply from 1st April 2019, revisions to the pay and grading structure were agreed via Collective Agreement reached with our trade unions in January 2019 to both implement the new pay spine, and at the same

time ensure that arrangements remain equality proofed. The arrangements applied with effect from 1st April 2019.

The Council seeks to maintain the equality proofed pay and grading structure by subjecting any newly established job or jobs which have significantly changed to a job evaluation assessment. A Joint Job Evaluation Panel, comprising of trained management and trade union representatives continues to meet on a regular basis to consider and determine Grading Appeals.

Starting salaries

It is the Council's policy that all appointments to jobs with the Council are made at the minimum of the relevant pay grade, although this can be varied where necessary, e.g. to secure the services of the best available candidate/s.

Heads of Service can authorise a variation of starting salary for all jobs other than those employed on Chief Officer terms and conditions. The Special Appointments Committee, a committee with delegated authority from Personnel Committee, will determine the starting salary of Heads of Service and the Assistant Chief Executive and full Council will determine the starting salary of Corporate Directors and Chief Executive.

Other pay-related allowances

All other pay-related allowances, e.g. overtime payments, are the subject of national and/or locally negotiated arrangements and subject to Member approval at Personnel Committee or full Council, as appropriate (refer to Decision Making for more information).

The terms and conditions of employment relating to annual leave, hours of work, overtime payment, weekend working arrangements and sick pay for all employee groups (with the exception of teaching staff) are set out in **Appendix E**.

Acting Up and Honoraria Payments

There may be occasions when an employee is asked to carry out duties which are additional to those of their substantive post, for a period of time, or to 'act up' into a more senior job within the Council, covering the full range of duties of the higher job. In such circumstances an additional payment may be made in line with the Council's policy on payment of acting up or honoraria. The schemes can be found at **Appendix F** and apply to LGS employees only.

Personnel Committee must approve any acting up or honoraria payments proposed for officers who are not within the scope of the scheme, or where the acting up or honoraria payment would result in the total pay package exceeding £100,000 approval must be sought from full Council.

Market Pay Scheme

Job evaluation has enabled the Council to set appropriate pay levels based on internal job size relativities within the Council. However, in exceptional circumstances, it may be necessary to take account of the external pay market in order to attract and retain employees with the

necessary specific knowledge, skills and experience.

The Council has a Market Pay Scheme to ensure that the requirement for any market pay supplements is objectively justified by reference to clear and transparent evidence of relevant market comparators, using appropriate data sources. The Market Pay Scheme can be found at **Appendix G**. It is the Council's policy that any such additional payments are kept to a minimum and reviewed on a regular basis so that they can be withdrawn where no longer considered necessary.

The principles underpinning this Market Pay Scheme are applied to all employee groups within the Council. Heads of Service can authorise market pay supplements following a recommendation from the Head of Human Resources. Where it is proposed to apply a market supplement to a Chief Officer post within the Council, approval is sought from the Council's Personnel Committee. Should the market supplement result in the total pay package exceeding £100,000 approval must be sought from full Council.

Local Government Pension Scheme (LGPS)

To help people save more for their retirement, the government now requires employers to automatically enrol their workers into a workplace pension scheme. Neath Port Talbot Council participates in the Local Government Pension Scheme. If an employee has a contract of employment for at least 3 months (and is under 75 years of age), they will be automatically enrolled into the LGPS, from the date employment commenced. Opt out provisions apply.

The employee contribution rates, which are defined by statute, currently range between 5.5 per cent and 12.5 per cent of pensionable pay depending on full time equivalent salary levels. The Employer contribution rate is set by Actuaries advising the City and County of Swansea LGPS Pension fund and reviewed on a triennial basis in order to ensure the scheme is appropriately funded. Following the triennial valuation the employer contribution rate effective from 1st April 2019 is 27.1%. A new employer's rate is due for 1st April 2020 following the completion of the latest actuarial triennial valuation due to be announced in March 2020.

Other employee benefits

The Council believes that it has a responsibility to help support the health, wellbeing and welfare of its employees in order to ensure that they are able to perform at their best. As part of this approach and in common with other large employers the Council provides a small number of non-pay benefits such as eye test vouchers for users of display screen equipment at work, childcare vouchers via a salary sacrifice scheme (following the Government's closure of such schemes, this benefit is now only available for those who joined the scheme prior to October 2018) and participation in the Cycle to Work scheme.

Employees who are members of the LGPS (see above) have the opportunity to join the Salary Sacrifice Shared Costs Additional Voluntary Contributions (AVC) Scheme, assisting employees who wish to increase pension benefits at retirement by paying additional voluntary contributions into the Local Government AVC Scheme.

4. DECISION MAKING

In accordance with the Constitution of the Council, the Council's Personnel Committee has delegated authority for decision-making in relation to staff pensions, staff terms and conditions, i.e. related matters such as job evaluation strategies, national / local pay negotiations, operational conditions of service policies e.g. sickness, Directorate structural / staffing changes, including early retirement / redundancy policies, and industrial disputes.

Under the Local Authorities (Standing Order) (Wales) (Amendment) Regulations 2014 any decision to determine or vary the remuneration of chief officers, or those to be appointed as chief officers, must be made by full Council.

5. COLLECTIVE BARGAINING ARRANGEMENTS WITH TRADE UNIONS

The Council recognises the following trade unions:

NJC for Local Government Services

UNISON
GMB
UNITE

JNC for Chief Officers

UNISON
GMB

Soulbury Committee

Association of Educational Psychologists AEP

UNISON
GMB

Recognition is for the purposes of consultation and negotiation on a collective basis in relation to relevant matters, which are not determined by National Negotiating bodies, which both parties agree are appropriate / beneficial to be determined by agreement. Negotiations are conducted with the aim of reaching agreement and avoiding disputes. Recognition also relates to representation on an individual trade union member basis.

The Chief Executive is the senior officer who leads and takes responsibility of the Council. The Council is a large and complex organisation with a multi-million pound budget. The IRP may make recommendations about any policy in this Pay Policy Statement which relates to the salary of the Council's head of paid service and any proposed change to the salary of the Council's head of paid service. In this Council, the head of paid service is the Chief Executive. The Council, will, as required, consult the IRP in relation to any change to the salary of the Chief Executive which is not commensurate with a change of the salaries of the Council's other staff, and will have regard to any recommendation received from the IRP when deciding whether or not to proceed with making the change.

The Council is required to identify in this pay policy statement whether any such referral has been made to the IRP, and if so, the nature of the referral, the IRP's decision and the Council's response.

An authority which chooses not to follow the advice of the Panel may become subject to a Ministerial direction to reconsider their position. The Act also provides that authorities will be able to reduce (but not increase) the salary payable to their head of paid service in advance of a recommendation from the IRP, so long as the contract under which the salary is payable does not prevent the authority from changing the salary after receiving a recommendation.

The Local Government (Wales) Act 2015 temporarily extends the power of the IRP, under section 143A of the Local Government (Wales) Measure 2011 to cover salaries payable to chief officers (using the Localism Act definition) as well as the head of paid service.

The Council has made two referrals to the IRP. The first was made in November 2016 in relation to the Head of Adult Services, with a proposal to apply a Market Pay Supplement of £10,000 to this post. The IRP approved the proposal. The post has now been deleted from the Council's established structure.

A second referral was made in February 2017 in relation to an honorarium payment paid to the Head of Social Work Services in respect of covering additional duties. Again, the IRP approved the proposal. This post has now been deleted from the Council's established structure.

7. TALENT MANAGEMENT

The Council's key tool for talent management and succession planning is through the Performance Appraisal process which as well as placing an emphasis on performance, seeks to put in place individual learning plans, developing the skills necessary not only for current roles, but with a future focus to support career development and succession planning.

8. PERFORMANCE RELATED PAY

The Council expects high levels of performance from all employees and has implemented a Performance Appraisal Scheme to monitor, evaluate and manage employee performance on an ongoing basis.

No bonus or performance-related pay mechanism applies, although the maximum incremental pay point of the pay grades for the Chief Executive and Corporate Directors are only payable if there is a satisfactory outcome to their respective annual performance appraisal.

9. SUPPORT FOR LOWER PAID STAFF

The Council has committed to continuing discussions with Trade Unions with the objective of introducing the Living Wage on an affordable and sustainable basis when circumstances allow. The introduction of the new LGS pay spine w.e.f. 1st April 2019 saw the lowest spinal column point on the pay spine, SCP 1, equate to the National Living Wage Foundation's national living wage rate of £9.00 per hour (although it is acknowledged that this in itself does not make the Council a 'Living Wage Employer').

The Council has committed to working with Chwarae Teg as part of the Chwarae Teg FairPlay Employer Scheme. Chwarae Teg have supported the Council by carrying out a Gender Equality Audit of the Council's policy and practices, and to use this to inform the development of a Gender Equality Action Plan, which includes specific actions to reduce the Council's Gender Pay Gap. Chwarae Teg will be helping the Council to develop a Mentoring Programme for low paid women, particularly important, as whilst the Council's overall gender profile is 71% female, 97% of those employed in the Council's lowest pay band, Grade 1, are female.

10. EXIT POLICY

Early Retirement, Voluntary Redundancy and Compulsory Redundancy

The Council's Exit Policy for employees prior to reaching normal retirement age, is set out within its Early Retirement, Voluntary Redundancy and Compulsory Redundancy (ER / VR / CR) Scheme, in accordance with Regulations 5 and 6 of the Local Government (Early Termination of Employment) (Discretionary Compensation) Regulations 2006. Please refer to **Appendix I**. Please note that a separate scheme operates for those employed on Teacher terms and conditions of employment.

Under the Scheme, all Early Retirement and Voluntary Redundancy expressions of interest are subject to a robust business case, seeking to limit discretionary compensation to an affordable limit, as well as considering the costs of any consequential organisational / pay grade changes.

Any severance package in respect of early termination of employment that exceeds a threshold of £100,000 must be approved beforehand by full Council. When calculating the value of a severance package, the following payments should be included:

- salary paid in lieu of notice
- lump sum redundancy / severance payment
- cost to the Council of the strain on the pension fund arising from providing early access to an unreduced pension.

The Council has operated a Voluntary Redundancy Scheme during the financial year 2019 / 2020 and details of all employees who exited the Council's employment under this Scheme, as well as the small number of employees who exited under Compulsory Redundancy, can be found in the annual Statement of Accounts.

Exit Cap and Recovery Provisions

The UK Government intends to introduce Regulations that will impose a cap of £95,000 on exit payments for public sector workers. It also intends to develop regulations to enable the recovery of exit payments made to employees who leave the public sector and return within 12 months, although the timetable for these regulations is not as clear. The minimum salary to which the recovery provisions will apply is £80,000 per annum. If and when the UK Government introduces these Regulations, Council policies will be updated as appropriate to take this into account.

Re-employment

Employees who leave the council's employment on the grounds of early retirement (ER) or voluntary redundancy (VR) who are employed on LGS Grades 11, 12 and 13 or equivalent, will not normally be permitted to return to any paid temporary or permanent NPT council employment (which includes schools) or be re-engaged as an agency worker or on a consultancy basis. However, in exceptional circumstances, re-employment may be permitted if the "employing" Head of Service is able to provide a robust business case for doing so which is acceptable to the Director of Finance & Corporate Services and Head of Human Resources, in consultation with the relevant trade union/s.

All other employees who leave the council's employment on the grounds of early retirement (ER) or voluntary redundancy (VR) will not be permitted to return to employment with the council for a period of 12 months following their leaving date. However, again, and in exceptional circumstances, earlier re-employment may be permitted if the "employing" Head of Service is able to provide a robust business case for doing so which is acceptable to the Director of Finance & Corporate services and Head of Human Resources, in consultation with the relevant trade union/s.

Flexible retirement

Employees are permitted to take flexible retirement in accordance with the provisions of the Local Government Pension Scheme and the Council's Flexible Retirement Scheme.

11. OFF PAYROLL ARRANGEMENTS

Where the Council is unable to recruit to a job under a contract of service, or where there is a need for specialist support for a specific project, the Council will, where necessary, consider engaging individuals under a contract for service. These will be sourced through the relevant procurement process under the Council's Contract Procedure Rules, ensuring the Council is able to demonstrate value for money from competition in securing the relevant service.

Where the contract for service is to provide cover for a vacant post, in addition to ensuring adherence to Contract Procedure Rules, decision making in relation to the appointment will be in line with the Council's rules in relation to appointments i.e. Council will determine appointments at Director level, Special Appointments Committee will determine appointments at Head of Service level, and Heads of Service or those acting under their authority will determine appointments at Accountable Manager level and below.

With effect from April 2017, the UK Government introduced "Intermediaries Legislation", known as IR35, reforming tax rules for off-payroll working in the public sector and the Council has implemented the new rules in line with the legislation.

12. PAY RELATIVITIES WITHIN THE COUNCIL

The lowest paid employee is on £17,364 per annum, in accordance with the minimum spinal column point (SCP 1) of the NJC pay spine for Local Government Services employees. This excludes apprentices who are engaged on different arrangements with training being the main feature of the arrangement and it also excludes agency staff.

The highest paid employee is the Chief Executive and the pay band minimum is £129,532 rising to the pay band maximum of £142,485. The current post holder earns £142,485.

The median salary in the Council is £23,836.

The pay multiple between the lowest paid (full time equivalent) employee and the Chief Executive is a ratio of 1:8.21 and the pay multiple between the lowest paid employee and average Chief Officer is a ratio of 1:5.28.

The pay multiple between the median full time equivalent earnings and the Council's Chief Executive is a ratio of 1:5.98 where all Council employees are taken into account and 1:5.98 where employees appointed and managed by head teachers/Governing Bodies are excluded from the calculation, as required by the provisions of the Localism Act 2011.

The multiple between the median full time equivalent earnings and the average Council Chief Officer is 1:3.85 where all Council employees are taken into account and 1:3.85 where employees appointed and managed by head teachers/Governing Bodies are excluded from the calculation, as required by the provisions of the Localism Act 2011.

A	Acting Up Payments – Payment Authorisation Form	6-7

1. PURPOSE

- 1.1** To outline a revised scheme for Acting Up payments for Neath Port Talbot County Borough Council employees (with the exception of those employed under Teaching, Soulbury, Youth & Community Workers and JNC Chief Officer's terms and conditions of employment) from 1st April 2008.
- 1.2** The revised Scheme harmonises the differing former Manual and APT&C Acting-up provisions under a single set of rules.

2. PRINCIPLES

This scheme should adhere to the principles of the Equality of Opportunity in Employment Policy.

3. DEFINITION OF ACTING UP

- 3.1** Acting up **applies** where an employee is formally requested to undertake the **full** duties and responsibilities of a higher graded post for a period of at least one day/shift.
- 3.2** Acting up **does not apply** where:-
- (a) An employee or employees undertake(s) only partial duties and responsibilities of a higher graded post
 - (b) The duties and responsibilities are shared between more than one employee. The Honorarium Scheme provisions may cover these circumstances.
 - (c) There is a permanent change to the normal duties of a job. This may warrant a new or re-evaluation of the post.
 - (d) The post being covered is at the same pay grade. (*this may have an impact on current working practices as employees move from a pay point to pay grade*)
 - (e) There are formal deputising responsibilities, written into the job description, which have been taken into consideration when evaluating the post.

4. PERIOD OF ACTING UP

- 4.1** Under this new Scheme all employees are eligible for an Acting-up payment if they are requested to carry out the full duties and responsibilities of the higher graded post from the first day/shift.
- 4.2** Where the employee is requested to act-up into a distinct and different post on day one e.g. Refuse Loader to Refuse Driver or Care Assistant to Care Officer, it is quite clear this situation comes within the definition of acting-up and the employee is entitled to the appropriate acting-up payment, perhaps for just one day or the hours of the shift.
- 4.3** In the office environment, in circumstances where an employee is absent for whatever reason and there may be a need for another employee to act-up into that role, to come within the scope of this Scheme, the employee must be formally requested to act-up and must take on the full duties/responsibilities of the higher graded post. In practical terms this may well not occur from day one in the office environment

5. PAYMENT

- 5.1** The sum to be paid is the minimum rate of pay that would apply were the employee promoted to the higher graded post. It must be at least one increment higher. The payment will be effective from the first day on which the employee was required to undertake the duties and responsibilities of the higher graded post. The payment will be pro-rata for part-time employees based on the standard 37 hour week.
- 5.2** Where practical, the agreed Acting up arrangements and payment should be set out in writing to the employee, using the form attached (Payment Authorisation Form), stating the remuneration to be received and the anticipated length of the acting up period. If this period [by reference to date/s or circumstances] is subsequently extended, this should be confirmed in writing. Where this is not practical, because urgent arrangements need to be put into place to meet service delivery needs, Acting up arrangements can be confirmed by the line manager / supervisor verbally, authorised and certified for payment on the time-sheet and then followed up subsequently in writing, at a later date.

6. MONITORING AND REVIEW

The Acting-up arrangements and payments will be monitored by the Head of Human Resources from an equality, diversity and cost effective perspective on an annual basis, to ensure that the Scheme is implemented in a non-discriminatory manner in accordance with the provisions of the Scheme. The trade unions will be consulted on the outcome of the annual monitoring/review exercise.

7. GRIEVANCES

An employee can raise a grievance in connection with the application of this scheme via the Authority's Grievance Policy and Procedure.

A	Honoraria Form	6-8
---	----------------	-----

1. PURPOSE

To outline a revised scheme for the payment of honoraria to Neath Port Talbot County Borough Council employees (with the exception of those employed under Teaching, Soulbury, Youth & Community Workers and Chief Officer's terms and conditions of employment) from the date the collective agreement is signed.

2. EQUALITY PRINCIPLE

This scheme should adhere to the principles of the Equality of Opportunity in Employment Policy

3. DEFINITION

3.1 An honoraria is a payment for:

- duties outside the scope of an employee's normal role over an extended period, but not more than 12 months
- duties or responsibilities which are within the scope of an employee's normal role but are temporarily exceptionally onerous

3.2 In both of the above circumstances, honorarium payments are to be initiated by the line manager and agreed in writing using the form attached (Payment Authorisation Form), in advance of these duties or responsibilities being undertaken.

3.3 Honoraria should not be used where there is a permanent change to the normal duties of a job or where an employee is requested to 'Act up' to cover a higher-graded post. In these circumstances the post should be assessed under the Council's Job Evaluation Scheme by being included within the Job Evaluation Questionnaire or an Acting Up payment should be set up.

3.4 Accelerated increments within an employee's pay scale should not be used instead of an honoraria payment. Increments can only be awarded in accordance with the criteria agreed under the NPT Pay and Grading Agreement. Individual managers do not have discretion to authorise increments and they will not be actioned for payment by the payroll section.

4. PRINCIPLES OF APPLICATION

- 4.1.1 Honoraria should be treated as a one-off recognition or reward relating to a particular piece of work or circumstances as described in Section 3, [and should be paid as soon as possible after the completion of that task] **or** staged/regular payments where appropriate.
- 4.2 To ensure consistency across the Council the application and payment of honoraria must be in accordance with this Scheme.
- 4.3 The payment of honoraria should be exceptional rather than the expected norm.

5. PAYMENT LEVELS

- 5.1 In deciding the level of payment to be made, the following should be taken into consideration:
- The nature, scope and level of difficulty of the additional duties/responsibilities
 - The length of time involved
 - The impact on the employee's normal role
 - The level of 'new' learning for the employee
 - Current level of pay
 - The level of pay of a "comparator" post, where appropriate
- 5.2 As honoraria are meant to provide some flexibility for managers to recognise specific tasks, it is expected that payment will be made as soon as possible after successful completion of the task.
- 5.3 Where an employee is receiving regular honoraria payments linked to an additional or exceptionally onerous responsibility, this should be reviewed by the line manager on a regular basis and reference made to section 2 of this scheme.

6. MONITORING AND REVIEW

The Honoraria arrangements and payments will be monitored by the Head of Human Resources from an equality, diversity and cost effective perspective on an annual basis, to ensure that the Scheme is implemented in a non-discriminatory manner in accordance with the provisions of the Scheme. The trade unions will be consulted on the outcome of the annual monitoring/review exercise.

7. GRIEVANCES

An employee can raise a grievance in connection with the application of this scheme via the Authority's Grievance Policy and Procedure.

1. CONTEXT AND PURPOSE OF NPT MARKET PAY SCHEME

The use of a job evaluation system to create an equality-proofed pay and grading structure ensures that basic rates of pay are based on robust “internal pay relativities”. This process may not always result in the consequential basic rates of pay reflecting the value of similar jobs in the wider labour market.

This Market Pay Scheme for Neath Port Talbot Council has been developed in the recognition that the Authority’s services are delivered by employees who possess skills and experience which may sometimes be in short supply and, therefore, the use of market pay supplements is one measure which is available to safeguard the provision of such services.

The purpose of this Market Pay Scheme is to enable the Council to establish competitive rates of pay for specific posts which, do not attract a basic rate of pay which is sufficient to recruit and/or retain the number and quality of postholders required.

A key aim of this Scheme is to ensure that all market pay supplements are initially introduced, and subsequently operated, in a fair and consistent manner which avoids potential non-compliance with equal pay legislation.

In particular, there must be clear evidence that the basic rate of pay for a specific post determined by the Council’s pay and grading structure is significantly less than the relevant market rate of pay for a similar post **and** also that there are recruitment and/or retention problems.

2. NPT MARKET PAY SCHEME IMPLEMENTATION

This Scheme has been implemented alongside the existing NPT pay and grading structure and replaces all former arrangements for market pay supplements and recruitment/retention payments.

Market pay supplements will be applicable to specific post/s and are not intended to reflect the contribution or performance of individual postholders.

3. SCOPE OF MARKET PAY SCHEME

Each post falling within the scope of the NJC for Local Government Services (“Green Book”) will be eligible to attract a market pay supplement, but always subject to a satisfactory recruitment and/or retention business case being developed and approved.

4. PREPARATION OF A MARKET PAY SUPPLEMENT BUSINESS CASE

Prior to a business case being developed in relation to a proposed market pay supplement, the “employing” Head of Service must satisfy him/herself that all other reasonable options have been considered, including a review of the skills, qualifications and experience needed for the post/s in question.

The Head of Human Resources will be responsible for researching the business case for the payment of a market pay supplement and will formally make a recommendation in response to the Head of Service who proposes any such payment in relation to a specific post.

The following criteria will be taken into account when considering if a business case exists for a market pay supplement to be payable:

- availability of relevant NPT workforce data/evidence to demonstrate the nature and extent of the recruitment and/or retention difficulties being experienced, or anticipated, at NPT
- the extent to which there may be an adverse effect on service delivery at NPT if a recruitment and/or retention difficulty is not addressed
- an assessment of the likely duration of the recruitment/retention difficulties being experienced – short term or longer
- the availability of up to date and accurate market pay data from relevant comparator organisations relating to the NPT post/s which are subject to recruitment and/or retention difficulties. Such data may be collected on a local, travel to work/regional or national basis, dependent upon the post/s involved.
- an equality impact assessment must be completed as part of the business case.

Wherever possible, the market pay data from other organisations will comprise not only the basic rate of pay, but also other pay and non-pay benefits, including pension provisions.

Attached is the template business case that must be completed prior to any supplement being implemented.

5. FUNDING

Market supplements will be funded by the “employing” Head of Service.

6. PAYMENT ARRANGEMENTS FOR MARKET PAY SUPPLEMENTS

Each approved market pay supplement will be a calculated static sum, which will not increase as a result of any national pay award or incremental progression. Whilst the market pay supplement will not be included in “basic pay” and will not be taken into account in relation to the calculation of overtime hours worked or other pay allowances, it will be permissible for the market pay supplement to include an appropriate compensatory adjustment for premium rates of pay for contractual overtime and/or contractual unsocial hours working. Market pay supplements will be shown separately on employees’ payslips and will be subject to tax, NI and pension contributions in the normal way.

Market pay supplements will be paid in accordance with the employee’s usual pay frequency. If a postholder in receipt of a market pay supplement moves to an alternative post within the Council which does not attract a market pay supplement, the payment shall cease from the date on which the postholder leaves the post which attracts the pay supplement. The supplement should ensure that the overall remuneration for the post(s) is sufficient to enable the recruitment and retention of staff and no higher.

7. DURATION AND REVIEW OF INDIVIDUAL MARKET PAY SUPPLEMENTS

The duration of market pay supplements will be determined at the outset and should be set at the optimum level to recruit or retain staff, without committing to unnecessary long-term costs that cannot be justified financially or from an equal pay perspective. A market pay supplement will normally be for two years, unless there is a strong business case to justify a longer period. The details will be conveyed to the postholder/s concerned in writing.

The market pay supplement payable for each post will be reviewed at least a year prior to the end date of the supplement, by the employing Head of Service. Where, at the time of the review, the business case to support the continued payment of a market pay supplement is no longer sustainable, the supplement shall be withdrawn and 12 months’ notice of this given in writing. Where a decision is made to withdraw the pay supplement from a specific category of post, this shall apply to all similar posts and their consequential postholders simultaneously.

When the payment has been approved, all employees receiving the supplement will be notified in writing of its approval and the conditions attached to its payment. When advertising and recruiting to any post(s) for which a market supplement is paid, the supplement should be identified as a separate amount which is time-limited and subject to review. Market supplements will not be subject to pay protection.

8. AUTHORISATION PROCESS

Market pay supplements will be considered, and authorised where appropriate, by the “employing” Head of Service following receipt of supporting information and a formal recommendation from the Head of Human Resources.

Designated NPT trade union representatives will be consulted regarding all proposed changes to market pay supplements.

9. ORGANISATIONAL REVIEW OF MARKET PAY SUPPLEMENTS

An annual review will be undertaken of all market pay supplements being paid, in consultation with the trade unions, and the outcome reported to the Corporate Director Group and others, as appropriate.

10. INTERPRETATION

Any matters of interpretation arising from this Scheme will be determined by the Head of Human Resources, in consultation with designated trade union representatives.

Any employee who is aggrieved with the application of this Scheme is entitled to pursue his/her grievance in accordance with agreed procedures.

11. TEMPLATE BUSINESS CASE

MARKET PAY SUPPLEMENT

POST TITLE

1. Introduction

The purpose of the Council’s Market Pay Scheme is to enable the Council to establish competitive rates of pay for specific posts which do not attract a basic rate of pay which is sufficient to recruit and / or retain the quality of postholder required.

The purpose of this paper is to **create/review** (delete as applicable) the market pay supplement applicable to the post of **POST TITLE**.

2. Background

PLEASE PROVIDE A BRIEF SUMMARY. THE SPECIFIC RATIONALE BEHIND THE PAYMENT SHOULD BE PROVIDED IN SECTION 5.

3. Current basic remuneration package

The post has been evaluated under the Council’s Job Evaluation Scheme and awarded Grade **, SCP ** – **, £ - £ per annum.

The allowances received per annum are variable, however at present are:

- Sleeping in allowance = £
- Weekend enhancement = £
- Standby = £

Total = £ per annum

Total remuneration package = £ - £ per annum

4. Market Pay

Background to Market Pay Scheme

A market supplement is paid as an allowance and, in line with the Market Pay Scheme, is not taken into account in relation to the calculation of overtime hours worked or other pay allowances. It is however permissible for the market pay supplement to include an appropriate compensatory adjustment for premium rates of pay for contractual overtime and / or contractual unsocial hours working.

Market payments will be shown separately on employees' payslips and will be subject to tax, NI and pension contributions in the normal way.

Where, at the time of the review, the business case to support the continued payment of a market pay supplement is no longer sustainable, the supplement shall be withdrawn and 12 months' notice of this given in writing.

OUTLINE DETAILS OF CURRENT SUPPLEMENT IF APPLICABLE.

5. Business case for Market Supplement

OUTLINE ANY RECRUITMENT DIFFICULTIES, SERVICE PERFORMANCE ISSUES, DETAILS OF CONSULTATIONS WITH PROFESSIONAL BODIES ETC. AN EQUALITY IMPACT ASSESSMENT MUST FORM PART OF THE BUSINESS CASE.

6. Market Intelligence

Comparable market intelligence has been obtained:-

- o The POST OF is paid £ - £.
- o The POST OF is paid £ plus an of ** = £
- o **IF APPLICABLE** - Neither provision is in London (no London Weighting.)

7. Feedback from Potential Candidates (**IF RELEVANT**)

Feedback from potentially qualified and suitable candidates, informally approached to determine whether or not they would be interested in applying for the **POST**, has determined that the remuneration package currently offered is not sufficient to attract a field of qualified, high calibre

of applicants.

8. Conclusion

Consideration has been given to the following:

- Difficulties attracting suitably qualified candidates to apply for the position evidenced through the failed recruitment campaign in **DATE**;
- The adverse effect on the service delivery and improvements if the recruitment difficulty is not addressed;
- The market pay intelligence that demonstrates that in comparable centres elsewhere in the UK, pay rates are considerably higher.

It is proposed, therefore, to offer/increase the Market Pay Supplement applicable to this post, and to bring the pay package into line with the job market. It is proposed to pay a supplement of £ per annum. This will provide a starting salary of £ per annum.

Terms

The market pay supplement will be paid as an allowance and will be shown separately on payslips. It will not be taken into account in relation to the calculation of overtime hours worked or other pay allowances. It will be subject to tax, NI and pension contributions in the normal way. The pay supplement will apply for a period of xxx years, and subject to review at the end of this period. Should the pay supplement be withdrawn at the time of review, 12 months' notice of this will be given in writing.

1. SCOPE

This Scheme is applicable to all NPT Council employees, excluding Teachers.

2. VOLUNTARY REDUNDANCY (VR)

The Council may, from time to time, in accordance with the needs of the service and within a specified period, invite expressions of interest in voluntary redundancy (VR) as part of its Workforce Strategy to reduce employee costs. It is unlikely that all volunteers will be allowed to leave the Council's employment under this Scheme as the Council will have an ongoing need to retain employees with the necessary skills and competencies to both deliver and transform a range of services.

The Council will consider "bumped" redundancies, where appropriate. In these circumstances, employees may apply for voluntary redundancy, thereby making available their post for employees with transferable skills whose job has or will become redundant and who do not wish to leave the employment of the Council. Such "bumping" of a redundancy will be considered across service areas, with appropriate funding arrangements being agreed by the Heads of Service or Head teachers involved.

All VR expressions of interest will be considered at management's sole discretion, based on a robust business case (including the cost of any consequential organisational/pay grade changes). All VR expressions of interest will need to be authorised by the relevant Head of Service and Directorate Management Team.

The Council's grievance procedure will not apply in the case of VR, but the Head of Human Resources has an advisory and monitoring role in this respect.

3. EARLY RETIREMENT (ER)

Applications for Early Retirement (ER), where a job loss does not take place, will be granted in exceptional circumstances only, and on the basis of "in the interests of efficiency of the service" (due to the range of alternative, and usually more cost-effective, measures available to manage capability issues). All such ER decisions will be subject to a robust business case (including the cost of any consequential organisational/pay grade changes) being approved by the relevant Head of Service and Directorate Management Team, or Head teacher and School Governing Body, as appropriate.

The Council's grievance procedure will not apply in the case of ER, but the Head of Human Resources has an advisory and monitoring role in this respect.

4. FLEXIBLE RETIREMENT

The Council's Flexible Retirement Policy will remain available to eligible employees alongside this ER/VR/CR Scheme.

5. COMPULSORY REDUNDANCY (CR)

It is the Council's policy to prevent compulsory redundancies from arising to the greatest extent possible. However, where unavoidable, selection for compulsory redundancy (CR) will take place in accordance with relevant management of change and associated employment policies.

6. SCHEME PAYMENTS, COSTS AND FUNDING (ER/VR/CR)

VR and CR Payments

Subject to **the total cost to the Council of early release of pension and/or severance payment being limited to the equivalent of 52 weeks' pay** for the employee concerned (see Note 1), the following provisions will apply in cases of Voluntary Redundancy (VR) and Compulsory Redundancy (CR):

early release of pension for "qualifying" employees (see Note 2);

lump sum **statutory redundancy payment** (see Note 3), using the 30 week Statutory Redundancy table (Appendix A);

Lump sum **discretionary compensation payment**, using the Council's 45 week table (Appendix B), (reduced by the statutory redundancy payment referred to above).

Where the total cost of early access to pension and the cost of statutory redundancy payments equates to more than 52 weeks' pay, the payback period may be extended "up to 104 weeks", **but subject to only early access to pension plus statutory redundancy pay being applicable (i.e. no discretionary severance payment)**

ER Payments

Subject to **the total cost to the Council of early release of pension being limited to the equivalent of 52 weeks' pay** (see Note 1), the following will apply in cases of Early Retirement (ER): Early release of pension for "qualifying" employees (see Note 2).

ER, VR and CR Funding

Early retirement, statutory redundancy and discretionary compensation payment costs will all be met by the employing Directorate, with the exception of school Governing Bodies where the costs will be met from a separately identified element of schools' delegated budgets.

Any severance package in respect of early termination of employment that exceeds a threshold of £100,000 must be approved beforehand by Full Council.

7. POST EMPLOYMENT NOTICE PAY (PENP)

With effect from 6th April 2018, the HMRC has changed the way employers must deal with termination payments.

The changes introduce the concept of post-employment notice pay (PENP), which represents the amount of basic pay the employee will not receive because their employment was terminated without full notice being given. PENP is calculated by applying a formula for the total amount of the payment, or benefits paid in connection with the termination of employment. This element of the payment will be subject to tax and National Insurance Contributions (NICs). Any remaining balance of the termination payment, which is not a PENP may be included within the overall £30,000 exemption for tax purposes and is free from NICs.

What this means for employees considering taking VR is if the contractual notice is worked, then no tax and national insurance would be deducted from the VR payment. However, if the contractual notice period is not worked then tax and national insurance would be deducted from the VR payment, at an amount depending on the termination date and the date the VR acceptance is signed.

This change applies to payments, or benefits received on, or after, 6 April 2018 in circumstances where the employment also ended on, or after, 6 April 2018.

Further guidance is available by visiting:-

<https://www.gov.uk/government/news/new-rules-for-taxation-of-termination-payments>

7. OTHER ER/VR/CR PROVISIONS

In cases of **compulsory redundancy (CR)**, there will be a presumption that employees will continue to be employed during the statutory notice period, particularly as this will maximise the prospects of potential redeployment. Employees in this situation must arrange to take any outstanding annual leave during the notice period but, if not practicable and certified accordingly by the relevant Head of Service, an employee will be paid for any untaken annual leave which remains outstanding on expiry of the notice period. Any annual leave entitlement exceeded will be recovered from pay. Exceptionally, pay in lieu of notice, which is subject to tax and National Insurance, may be granted.

Employees leaving the Council's employment on the grounds of **ER or VR** will do so on the basis of a **mutually agreed termination date, with no notice period being applicable on either side** and with **no extra payment being made** for any outstanding holidays, time off in lieu or flexi leave.

Employees who leave the Council's employment on the grounds of early retirement (ER) or voluntary redundancy (VR) who are employed on LGS Grades 11, 12 and 13 or equivalent, will not normally not be permitted to return to any paid temporary or permanent NPT Council employment (which includes schools) or be re-engaged as an agency worker or on a consultancy basis. However, in exceptional circumstances, re-employment may be permitted if the "employing" Head of Service is able to provide a robust business case for doing so which is acceptable to the Director of Finance & Corporate Services and Head of Human Resources, in consultation with the relevant trade union/s.

All other employees who leave the Council's employment on the grounds of early retirement (ER) or voluntary redundancy (VR) will not be permitted to return to employment with the Council for a period of 12 months following their leaving date. However, in exceptional circumstances, earlier re-employment may be permitted if the "employing" Head of Service is able to provide a robust business case for doing so which is acceptable to the Director of Finance & Corporate Services and Head of Human Resources, in consultation with the relevant trade union/s.

8. NOTES

Note 1: All employees who are made redundant are entitled to a statutory redundancy payment (see Note 3 below).

"Qualifying" employees are also entitled to early release of pension if their employment is terminated on the grounds of redundancy (or in the interest of efficiency of the service). Statutory redundancy payments may be enhanced through the payment of discretionary compensation payments and will be calculated having regard to the total cost of:

- (a) early release of pension,
- (b) statutory redundancy payments and
- (c) discretionary compensation payments not exceeding - in total – the equivalent of 52 weeks' pay for the employee concerned.

For example, where an employee's entitlement under the 45 week table takes the total cost above the value of his/her annual pay, the number of weeks of redundancy and/or discretionary compensation payments and/or the weekly pay calculator rate will be adjusted downwards as necessary.

The definition of a "week's pay" will be in accordance with statutory provisions for redundancy pay calculation purposes.

In summary, this will be the gross amount payable for a week's work in accordance with the employee's contract of employment as applicable on the "calculation date", which will be the pay period immediately preceding the first day of his/her notice period. If an employee's remuneration is variable, a 12 weekly average will be calculated. Sections 220 to 229 and Section 234 of ERA 1996 further define the calculation of a "week's pay".

Note 2: "Qualifying" generally means aged 55 years, or over, with 3 months' membership of the Local Government Pension Scheme (LGPS). The definition of "qualifying" is covered by LGPS Regulations and may change as a result of future legislative changes.

Note 3: To use the statutory redundancy table in Appendix A, firstly look up the employee's age and number of years' continuous service with the Council (& its predecessor authorities). Where the two intersect on the table, this is the number of weeks' pay which becomes payable. The "week's pay" to be used to calculate the lump sum statutory redundancy payment will be in accordance with statutory provisions (maximum of £508 per week with effect from 6th April 2018).

7. Declaration - based on above assessment (tick as appropriate):

A full impact assessment (second stage) is not required	X
Reasons for this conclusion	
<p>A full impact is not required as there is no impact on any protected group as a result of this report – the Pay Policy Statement reflects pay decision already taken, and is simply a statement summarising those decisions. It also has no negative impact on bio-diversity or the Welsh Language. However, it should be noted that, in determining pay and remuneration, the Council complies with relevant employment legislation, including the Equality Act 2010, the Part Time Employment (Prevention of Less Favourable Treatment) Regulations 2000, Fixed Term Employees (Prevention of Less Favourable Treatment) Regulations 2002, Agency Workers Regulations 2010 and where relevant, the Transfer of Undertakings (Protection of Earnings) Regulations. The Council has sought to ensure that there is no pay discrimination within its pay structures and that pay differentials can be objectively justified primarily through the use of an equality proofed job evaluation mechanism which directly relates basic pay to the requirements, demands and responsibilities of each job role.</p>	

A full impact assessment (second stage) is required

December 2019

Report of the Head of Human Resources

Matter for Information

Review of Standby

1. Purpose of the Report:

The purpose of this report is to seek Member approval to increase the rate paid to employees whilst on standby from £1.03 per session to £1.52 per session.

2. Background:

The current rate for standby was agreed and implemented as part of the 2010 Workforce Strategy Agreement. The rationale behind the review at this time was to harmonise standby payments across all services within the Council as payments associated to existing standby arrangements differed between services and were seen as benefiting different groups of employees. This review ensured that all employees were treated equally for carrying out the same work for the same period of time and as the standby payment is paid in recognition that the employee is expected to be available to respond to a call for the specified time period, all employees are providing the same service and as such receive equal payments regardless of their substantive post. The payment will only differ based on the hours required by the different standby rotas.

3. Current Position

It has been indicated that there is currently a concern in relation to employee participation in statutory and non - statutory stand by services that the Authority provides. At present an employee's participation on a stand - by rota is on a voluntary basis and they are able to withdraw from the relevant rota by providing 14 days' notice to ensure that sufficient time is available to put a suitable replacement in place. Concern received from Service Managers relates to statutory services being placed in a vulnerable position due to a lack of employee participation due to the current rate of payment for stand by remaining static since the review of 2010. Where there is a potential for employees to withdraw from the stand by rota, this would put additional pressure on employees who are prepared to participate, in that the frequency would be increased. At present there are no contractual arrangements in place with existing employees to participate with stand by duties.

4. Financial Appraisal

The cost of Stand by for 2018/19 inclusive of pay/national insurance and pension contributions totalled £257,000. The projected increase as set out in this report to £1.52 per hour is estimated to cost an additional £174,000. £151,000 of this is paid by the Council, with £23,000 funded by Welsh Government to SWTRA.

It is proposed that this increased amount is funded by the additional budget provision in 2020/21.

5. Integrated Impact Assessment

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act, the Welsh Language Standards (No.1) Regulations 2015, the Well-being

of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016. The first stage assessment, attached at appendix 1 has indicated that a more in-depth assessment is not required. A summary is included below:

“A full impact is not required as there is no impact on any protected group. It also has no negative impact on bio-diversity or the Welsh Language”.

6. Valleys Communities Impacts:

No implications.

7. Workforce Impacts

This proposal impacts on all employees of the Council who are required to participate on a standby rota. This proposal will have a positive impact as the rate of standby is increasing.

8. Legal Impacts

No implications.

9. Risk Management Impacts:

This proposal reduces the risk of services not being able to provide services 24/7, particularly during the winter gritting period. By increasing the rate for standby, the agreement made with the Trade Unions provides for Service areas to determine when a new post is created or a post becomes vacant whether there is a need for standby to be contractual for this post. For existing employees, where there is a business case to do so, standby is made contractual to ensure the resilience of the services. Individual business cases will be developed in consultation with the trade unions, as required.

10. Consultation:

There is no requirement for external consultation on this item. However, full consultation has taken place with the joint trade unions

at the Local Government Services Forum and they have AGREED the proposal, a signed copy of which is attached as Appendix 1.

11. Recommendations

It is RECOMMENDED that Members APPROVE the increase in the rate paid to employees whilst on standby from £1.03 per session to £1.52 per session.

FOR DECISION.

12. Appendices

Appendix 1 – Signed Agreement between Neath Port Talbot Council and local recognised trade unions under the National Joint Council for Local Government Services (“Green Book”).

Collective Agreement

1. Principles

The principles under which this collective agreement have been negotiated and agreed are summarised below in the form of joint commitments:-

- (a) To ensure resilience in standby for statutory and non-statutory services
- (b) To monitor the agreement to ensure it remains fit for purpose
- (c) There will be no variation from this or earlier local collective agreements without proper discussion and negotiation with the recognised trade unions

2. Parties to the Agreement

The parties to this collective agreement are Neath Port Talbot County Borough Council and the recognised trade unions, UNISON, GMB and UNITE

3. Employees covered by the agreement

The employees covered by the agreement are those employed under the NJC for Local Government Services, National Agreement of Pay and Conditions of Service (Green Book).

4. The effect of the Collective Agreement

The contract of employment of each employee covered by this agreement has a clause (contained within the Statement of Particulars of Employment) that in simple terms says "any amendments to your terms and conditions will be notified to you by giving appropriate notice, or by collective agreement through recognised trade unions".

The parties to this Agreement intend that the revised standby rate to £1.52 per hour will be incorporated into the employees' terms and conditions of employment by virtue of this clause from **1st December 2019**.

5. Implementation

The implementation date for the payment of the revised standby rate of £1.52 per hour is 1st December 2019.

Service areas will determine when a new post is created or a post becomes vacant whether there is a need for standby to be contractual for this post. If there is a need for contractual standby, this will be included in the recruitment documentation and the contract of employment.

The implementation of the change to the contractual position whereby standby becomes contractual for existing employees, will be following a robust Business

Case being provided by the service manager. Following this the contractual change will be made in line with the Council's Management of Change in Partnership Policy and Procedure.

6. Commencement and Duration

The provisions of this Agreement will have effect from 1st December 2019.

7. Review

This collective agreement can be reviewed by either party by giving one month's notice and a reasonable explanation for the need for the review.

Signed on behalf of the joint trade unions:

HEAD OF HUMAN RESOURCES

Impact Assessment - First Stage

It is essential that all initiatives undergo a first stage impact assessment to identify relevance to equalities and the Welsh language as well as an evaluation of how the proposal has taken into account the sustainable development principle (the five ways of working); an incorrect assessment could ultimately be open to legal challenge.

The first stage is to carry out a short assessment to help determine the need to undertake a more in-depth analysis (the second stage).

Relevance will depend not only on the number of people/service users affected, but also the significance of the effect on them.

When completing the first step you must have regard to the following:

- Does the initiative relate to an area where important equality issues have been, or are likely to be, raised? (For example, funding for services to assist people who are victims of rape/sexual violence or individuals with particular care need; disabled people's access to public transport; the gender pay gap; racist or homophobic bullying in schools)
- Is there a significant potential for reducing inequalities, or improving outcomes? (For example, increasing recruitment opportunities for disabled people).
- Does the initiative relate to instances where opportunities to use the Welsh language are likely to be affected or where the language is likely to be treated less favourably? (For example, increase the number of Welsh speakers moving from/to a certain area; closing specific Welsh language services or put those services at risk services;
- Does the initiative relate to the improvement of economic, social, environmental and cultural well-being? To what extent does the initiative prevent things getting worse? (For example, funding for services to assist in cultural well-being; changes in policies that promote independence and/or assist carers)

1. Provide a description and summary of the initiative.
Identify which service area and directorate has responsibility for the initiative.

2. Identify who will be affected by the initiative.
If you answer **Yes** to service users, staff or wider community continue with the first stage of the assessment
If you answer **No** to service users, staff or wider community or **Yes** to 'Internal administrative process only', go to **Question 5 – sustainable development principle**.

3. Using relevant and appropriate information and data that is available to you think about what impact there could be on people who share protected characteristics; whether they are service users, staff or the wider community.

Some things to consider include:

- transport issues
- accessibility
- customer service
- cultural sensitivity
- financial implications
- loss of jobs

Definitions of impacts (either positive or negative):

- High – likely to be highly affected by the initiative
- Medium - likely to be affected in some way
- Low - likely to be affected by the initiative in a small way
- Don't know - the potential impact is unknown

You **must** provide reasons, and indicate what evidence you used, in coming to your decision.

4. Using relevant and appropriate information and data that is available, think about what impact there could be on opportunities to use the Welsh language and in treating the language no less favourably than English.

Definitions of impacts are the same as in **Question 3**.

The classification 'Don't Know' should be categorised as 'High Impact' in both questions 3 & 4.

5. Consider how the initiative has embraced the sustainable development principle in accordance with the Section 7c of the Well-being of Future Generations Act 2015.

Give details of the initiative in relation to the 5 ways of working:

- **Long term** - how the initiative supports the long term well-being of people
- **Integration** - how the initiative impacts upon our wellbeing objectives
- **Involvement** - how people have been involved in developing the initiative
- **Collaboration** - how we have worked with other services/organisations to find shared sustainable solutions;
- **Prevention** - how the initiative will prevent problems occurring or getting worse

6. The most appropriate statement must be selected (and the relevant box ticked) based on the first stage of the assessment and an explanation of how you have arrived at this decision must be given.

In addition a summary of the how the initiative has embraced the sustainable development principle must also be included.

Where the first stage of the assessment indicates that a more in-depth analysis is required the second stage of the assessment will need to be completed and this will need to be started immediately.

A first stage assessment must be included as a background paper for all Cabinet/Cabinet Board/ Scrutiny Committee Reports.

Where the first stage assessment is completed by an accountable manager it must be signed off by a Head of Service/Director.
