1. That Democratic Services Committee prepare advice for Council in respect of a review of the Constitution of Neath Port Talbot County Borough Council. To ensure it is fit for purpose and meets all legislative requirements, including, where applicable an analysis of the risks and impacts of progressing/not progressing any options considered.

2. That proposals developed by Democratic Services Committee be brought back to Council for consideration.

6. **Urgent Items**

Because of the need to deal now with the matter contained in Minute Number 7 below, the Mayor agreed that this could be raised at today's meeting as an Urgent Item pursuant to Section 100B (4) of the Local Government Act 1972.

Reason:

Due to time element.

The Leader updated Council that Cllr. J. Warman, Deputy Mayor had been discharged from hospital after his recent fall and council wished him a speedy recovery.

7. **Covid 19 - Verbal Update**

The Leader of Council gave Members an update on the escalating situation in regard to Covid 19. Cases had increased to 389.4 per 100,000 and currently Neath Port Talbot was third highest in Wales. Track and Trace had identified that a major contributing factor in this rise was people not adhering to the advice on not mixing.

Concern was expressed by Council that some of the guidance being issued was not clear and caused confusion. Future communications issued needed to be simple and clear. It was highlighted that all residents of Neath Port Talbot and Swansea had received a Covid 19 information leaflet and Welsh Government were looking at undertaking a similar campaign across Wales. Also, work has been undertaken by the regional communications group to link into groups who work with vulnerable groups to ensure that Covid 19 information is made available.

Discussion took place on whether it was possible for the data on Covid 19 to be made available to all ward Members on a weekly basis. It was explained that the data belonged to the Health Board and was considered by the Welsh Government and then shared with

Local Authorities, by the time it was circulated it was already out of date due to the constant changes in the information collected. As a result the information would not assist Members at ward level. Members were asked to continue to promote the Covid 19 guidance in their communities.

In addition, a rise has been identified in secondary schools as a result of the recent school holidays, where children were seen not adhering to social distancing and continuing to mix in groups. As a result schools would remain open until the end of term to enable schools to continue to manage children and young peoples' behaviour while on school premises in adhering to the Covid 19 guidance. Council was also informed of the recent excellent report from the Health and Safety Executive inspection of Neath Port Talbot County Borough Council schools in relation to implementing Covid 19 guidance. This report would be circulated to Council if possible.

Council heard of the work that Margam Orangery has been undertaking to try to assist couples with alternative plans for weddings as a result of the Orangery being made a mass vaccination centre.

Forthcoming Retirements

The Leader advised Members that this was the last meeting of Council that Mr. S. Phillips, Chief Executive, would attend due to his impending retirement. The Leader paid tribute to the work undertaken and commitment Mr. Phillips had to improve the outcomes for communities in Neath Port Talbot while he was Chief Executive and wished him a long and happy retirement. This was supported by Members. Mr. Phillips, responded and wished the authority, members and his successor Mrs. K.Jones well for the future.

The Leader also advised Members of the forthcoming retirement of Mrs. B. Austin, Personal Assistant to the Chief Executive. The Leader and Mr. S.Phillips thanked Mrs. Austin for all the support she had given them over a number of years and wished her a long and happy retirement. This was supported by Members. Mrs.B.Austin was appreciative of the comments given by Officers and Members at today's meeting.

27 JANUARY 2021

REPORT OF THE DIRECTOR OF FINANCE AND CORPORATE SERVICES

SECTION A – MATTERS FOR DECISION

WARDS AFFECTED – ALL

COUNCIL TAX REDUCTION SCHEME 2021/22

Purpose of Report

1. This report sets out the proposed Council Tax Reduction Scheme for 2021/22 which needs to be adopted by Council by 31st January 2021. It also makes proposals relating to discretionary areas within the proposed scheme.

Background

2. Council Tax Benefit was replaced in April 2013 by a Council Tax Reduction Scheme more commonly known as Council Tax Support.
3. As Members are aware the UK Government funding for the scheme was reduced by approximately 10% as compared to their funding level for the previous Council Tax Benefit Scheme. However, since 2013/14 the Welsh Government has continued to provide an additional £22m on top of its base funding of £222m to enable financial support up to 100% of the council tax bill to be made available for eligible claimants.
4. The Welsh Government made regulations for a national scheme for Council Tax support. However, the obligation remains upon the Council to adopt a scheme.

5. The cost of the Welsh Government scheme currently exceeds the £244m funding made available by the Welsh Government with the remaining funding requirement having to be built into this Council's budget considerations.

Current Position

6. The current Council Tax Reduction Scheme ends on 31st March 2021 and a new scheme must be adopted for 1st April 2021.
7. As Members are aware the Council provides Council Tax support to circa 17,500 households within the County Borough, of which approximately 12,500 receive full support and pay no Council Tax. The remaining 5,000 households receive partial support to pay for their Council Tax. During this year there has been an increase of some 500 claimants due to the Covid pandemic.
8. Although the Local Government Finance Act gives Welsh Ministers discretion to allow Welsh local authorities to determine the contents of schemes themselves, the Welsh Government have approved an extension to the existing national framework for the provision of Council Tax Support in Wales. This is to avoid what has been termed a "postcode lottery" whereby eligibility for a Council Tax reduction and the size of the Council Tax reduction for particular groups could be different in different council areas. This extension provides up to a "100% support scheme" for 2021/22.
9. The Council Tax Reduction Scheme in Wales is set by Regulations made under Schedule 1B of the Local Government Finance Act 1992 (as inserted by the Local Government Finance Act 2012). On 26th November 2013 the Wales Government approved the Council Tax Reduction Schemes and Prescribed Requirements (Wales) Regulations 2013 and the Council Tax Reduction Schemes (Default Scheme) (Wales) Regulations 2013.
10. These regulations are further amended for 2021/22 by the Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2021.
11. These regulations amend the 2013 CTRS Regulations plus the annual updates since then to uprate financial figures used to

calculate entitlement to support to paying council tax in line with Welsh Government policy. These include:

Up-rating figures for 2021-22

Personal allowances in relation to working age, and carer and disabled premiums

The financial figures in respect of these allowances have been amended and have increased in line with the cost-of-living rises. The convention is to up-rate most elements in line with the Consumer Price Index figure for September from the previous year (2020), which is 0.5%.

However for some personal allowances such as for pensioners the Pension Credit Standard Minimum Guarantee is up-rated by earnings whilst other additional pensions and increments are up-rated by prices.

Non-dependent deductions have also been up-rated.

Additional Consequential Amendments

In addition to up-rating the financial figures, this statutory instrument makes a number of consequential amendments to the 2013 CTRS Regulations. These ensure the 2013 Regulations remain up-to-date and fit for purpose.

Amendments related to the Windrush Compensation Scheme

This compensation scheme is designed to compensate individuals who have suffered loss in connection with being unable to demonstrate their lawful status in the United Kingdom. The proposed amendments to the 2013 CTRS Regulations make provision that compensation payments made under the Scheme will be disregarded from capital when determining an applicant's eligibility for a reduction and the amount of that reduction.

Universal Credit Run-On Disregard

Entitlement to Universal Credit (UC) ends when a person (or mixed-age couple) reaches the qualifying age for state pension credit.

From this point, claimants can instead claim pension-age benefits such as Pension Credit (PC).

Previously, claimants who reached state pension age during the assessment period risked there being a gap between their last UC payment and their first PC (and other pension-age benefits) payments. DWP is taking steps towards a smoother transition from UC to pension-age benefits, with no risk of gaps in entitlement for claimants. To achieve this, DWP is making additional UC run on payments to cover the entire month in which a claimant reaches pension-age. For some claimants, depending on which date within the month they reach this age, there will be an overlap in the receipt of this UC run-on payment and pension-age benefits.

The proposed amendments to the 2013 Regulations make provision that any 'additional income' resulting from such an overlap is not to be considered as income when determining eligibility for a pension-age council tax reduction in Wales.

Integrated Impact Assessment

12. The Welsh Government has previously compiled an Equalities Impact Assessment following its consultation. A local Equalities Impact Assessment has previously been carried out by this Council in 2012 and 2013. Those consultations assisted the Council in satisfying the public sector equality duty as set out in the Equality Act.
13. The approved national scheme, within the Prescribed Requirements Regulations, provides some limited discretion for the Council to apply additional elements that are more generous than the national scheme.
14. As the Welsh Government has introduced a standard scheme other than for 3 discretionary items as set out below they have determined there is no need for each Council to carry out a separate consultation process in relation to individual schemes. This is provided that there is no proposed change in relation to the discretionary elements. It is confirmed that there are no proposed

changes to the discretionary elements for the 2021/22 Council Scheme as set out below.

- (a) The ability to backdate the application of council tax reduction with regard to late claims prior to the standard period of three months before the claim;

that there is no increase in the backdate period for pensioners and working age claimants from the standard 3 months contained within the prescribed scheme.

- (b) The ability to increase the standard extended reduction period of 4 weeks given to persons after they return to work where they have previously been receiving a council tax reduction that is to end as a result of their return to work;

that there is no change to the standard 4 week extended reduction period contained within the Prescribed Scheme.

- (c) Discretion to increase the amount of War Disablement Pensions, War Widows Pensions and War Widower's Pensions which is to be disregarded when calculating income of the claimant;

The National Scheme provides for the first £10 per week of this income to be disregarded.

to continue to disregard the above-mentioned pensions income in full.

Financial Implications

- 15. This Council's total budget for Council Tax Support in 2020/21 is £18.748m. The Welsh Government's Provisional Settlement for 2021/22 provides funding of £15.977m, a reduction of £224k compared to the current year. The projected budget cost for 2021/22 amounts to £19.8m which will result in circa £3.9m having to be fully met from the Council's budget.

Legal Implications

16. The Council is obliged to make a Council Tax Reduction Scheme under the Prescribed Requirements Regulations. Although the legislation provides for a default scheme to apply in the absence of the Council making a scheme, the Council is nevertheless under a statutory duty to adopt its own scheme, even if it chooses not to apply any of the discretionary elements.

Risk Implications

17. The Council needs to manage the cost of Council Tax Support within its budget. The amount of Welsh Government support is provided on a fixed basis rather than the demand-led basis of support to council tax benefit. Any variation in Council Tax support costs will have to be met by this Council.

Recommendations

18. It is recommended that Council approve the following in relation to establishing its Council Tax Reduction Scheme for the 2021/22 financial year:
 - Adopts the Council Tax Reduction Schemes and Prescribed Requirements (Wales) Regulations 2013 as further amended by the Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2021
 - Approves the retention of the existing discretionary elements in relation to the Prescribed Scheme:
 - (a) That no increase in the backdate period for all claimants be applied from the standard 3 months contained in the Prescribed Scheme.
 - (b) That no increase in the extended reduction period for all claimants be applied from the standard 4 weeks currently contained within the Prescribed Scheme.

- (c) Apply a 100% disregard for War Disablement Pensions, War Widows Pensions and War Widower's Pensions for all claimants.

Reason for Proposed Decision

19. To establish a Council Tax Reduction Scheme for 2021/22 in line with legislation and regulations.

Implementation of Decision

20. The decision is for immediate implementation.

Background Documents

21. Council Tax Reduction Schemes and Prescribed Requirements (Wales) Regulations 2013 as amended by the Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2015, amended by the Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2016, amended by the Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2017 ("Uprating Regulations"), amended by The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2018 ("Uprating Regulations") and further amended by The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2019. Further amended by The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2020. Further amended by The Council Tax Reduction Schemes (Prescribed Requirements and Default Scheme) (Wales) (Amendment) Regulations 2021.

Impact Assessment - First Stage

1. Details of the initiative

Initiative description and summary: Council Tax Reduction Scheme 2021/22.

The Welsh Government has previously consulted and put in place a universal scheme across Wales for the provision of financial support to the most financially disadvantaged citizens to help them pay their Council Tax. Since 2013/14 the Welsh Government has provided £244m to the 22 Local Authorities in Wales to adopt a standard scheme of financial support. This is to avoid what has been termed a "postcode lottery" whereby eligibility for a Council Tax reduction and the size of the Council Tax reduction for particular groups could be different in different council areas. The continued extension of this scheme into 2021/22 provides up to a "100% support scheme" for eligible taxpayers. As in all years since 2013/14 Neath Port Talbot Council's Council Tax Reduction Scheme (or support scheme) will be in line with the standard Welsh Government Scheme and does not propose any change to the 3 Discretionary elements of the scheme as asset out in paragraph 14 of the report.

 - The 2020/21 budget for Abbey Primary has been reduced by £2.424m. The £2.424m has been re-profiled into 2021/22 to reflect the profile of works required on site.

- The 2020/21 budget for Cefn Saeson has been increased by £2.924m to reflect site works progressing ahead of schedule. The £2.924m will be funded from resources earmarked in 2021/22, 2022/22 and 2023/24.
- A £1.737m budget had been included in 2020/21 in relation to improvement works at Hillside Secure Unit. However, £1.637m of this has now been re-profiled into 2021/22 due to works on site being delayed as a result of COVID 19.
- A budget of £1.9m had been included in 2020/21 for Cefn Coed Valley Landscape Park. This has been reduced to £200k in 2020/21 due to ongoing issues in agreeing a suitable scheme with the Welsh Government.

- A budget of £1.049m has been added in 2020/21 for HWB IT equipment for schools. Of this £1.049m, £745k is funded through Welsh Government HWB grant with the remaining £304k being NPT's contribution to the scheme.
- A budget of £3.184m had been included in 2020/21 for DFG's. However, £1.784m of this has been re-profiled into 2021/22 due to works being delayed as a result of COVID 19.

Additional Capital Funding

5. As part of the 2018/19 Welsh Government settlement announcement, an additional £5m of un-hypothecated funding was allocated over 3 years. Of this £5m, £1.180m was spent in 2019/20 with £3.830m originally planned to be spent in 2020/21. However, £2.304m of this original 2020/21 budget has been re-profiled into 2021/22 to reflect planned spend.

Additional Schools Capital Maintenance Grant

6. In March 2019 Welsh Government allocated an additional £1.9m to fund school maintenance works, £360k was spent in 2019/20 and the balance planned for 2020/21 and 2021/22. The original

2020/21 budget of £1.671m has been reduced to £889k with the balance being re-profiled to 2021/22.

Also in January 2020 Welsh Government announced a further allocation of £1.9m which was planned to be spent in 2020/21 and 2021/22. The original 2020/21 budget of £1.928m has been reduced to £685k with the balance being re-profiled to 2021/22 to reflect planned spend.

Impact of COVID

7. The Covid pandemic has resulted in increased costs for some contracts due to the requirement to provide increased facilities on sites i.e. additional welfare provision to facilitate social distancing. Currently these increased costs are being met from existing budget resources.

Report Title: Strategic Equality Plan 2020-2024: Actions to meet the Equality Objectives

Purpose of Report

1. To consider the adoption of the actions developed to meet the equality objectives prior to their publication as part of the Strategic Equality Plan.

Executive Summary

2. The Council's Strategic Equality Plan, including its equality objectives and actions to meet them, was intended to be published in April 2020 but the coronavirus outbreak delayed this.
3. The Equality and Human Rights Commission suspended statutory requirements to publish Strategic Equality Plans until October 2020 due to the outbreak of the pandemic.
4. The period of the first lockdown and other events that took place during this time provided an opportunity to reconsider our equality objectives and actions taking into account evidence provided to UK and Welsh government committees; research findings on the impact of the coronavirus outbreak and the reported concerns of members of Black, Asian and minority ethnic communities in direct response to that and the consequences of the Black Lives Matter movement.
5. In light of the above, the equality objectives, which had been consulted on earlier in the year, were deemed to be an accurate reflection of those areas that cause concern, distress and anguish for many in our communities. Consequently the Council's Strategic Equality Plan, including the Equality Objectives, (**Appendix 1**) was adopted by Council on 23 September 2020.

6. However, it was also clear that the actions required further review and following a period of reflection and activity over recent months the actions have been revised and can be found at **Appendix 2**.
7. The actions, and the identified measures, will be reviewed early in 2021 to ensure they fit with and are embedded into a comprehensive approach to recovery. Consequently, timelines for actions, and any new or amended measures, will be added when the detail of the work becomes clearer.
8. Council is now being asked to adopt the actions developed to meet the equality objectives prior to their publication as part of the Strategic Equality Plan.

Background

9. Under the Equality Act 2010 the Council is required to have due regard to the need to eliminate unlawful discrimination, harassment and victimisation, advance equality of opportunity and foster good relations amongst and between people of different protected groups; the Public Sector Equality Duty.
10. In Wales, specific duties have been introduced under the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 to help public bodies carry out the Public Sector Equality Duty. Under these regulations we along with other public bodies have a duty to develop equality objectives and produce a Strategic Equality Plan containing the equality objectives and other information.
11. Draft equality objectives and proposed actions were developed during 2019-2020 and were subject to period of public consultation between 16 January and 20 February.
12. While it was intended to present the Strategic Equality Plan, including the equality objectives and actions to Cabinet and then to Council for adoption the outbreak of the pandemic prevented that taking place.
13. With the Equality and Human Rights Commission suspending the requirement to publish Strategic Equality Plans until October 2020 there was more opportunity to review the equality objectives and actions in light of unfolding events.
14. Consequently the Strategic Equality Plan, including the equality objectives, was adopted by Council on 23 September with an assurance that actions would follow before the end of the year.

The Development of Actions and Recent Events

15. Since the outbreak of COVID-19 it has become increasingly apparent that while all communities have been affected, Black, Asian and minority communities have

been affected disproportionately in matters of health, as key workers, with the severe effects on employment as well as in relation to accessible education for children and young people.

16. The brutal killing of George Floyd on 25th May 2020, along with other events in our recent history as well as the devastating impact the pandemic has had on Black, Asian and minority ethnic communities has brought into sharp focus the deep seated attitudes and behaviours that remain towards people from these communities.
17. As a consequence it was recognised that the actions originally identified, in existing strategies/plans, to meet the equality objectives would need to be reviewed to ensure we fully address the impact of these events on our local communities.
18. Additional actions have been developed, with the involvement of our workforce and Black, Asian and minority ethnic communities, to sit alongside the original
19. We recognise that this is not the end of our work. Not only do we need to implement and make progress but we are mindful that they, like our ever changing society and circumstances are not set in stone. They will be reviewed on a regular basis to ensure they remain relevant and appropriate to the needs of our communities.
20. Following Cabinet in December a slight amendment has been made to one of the actions to better reflect the Council's position in relation to employment contracts; the removal of reference to 'zero hours' contracts and the inclusion of 'casual and temporary contracts'
21. However, the actions, and the identified measures, will be reviewed early in 2021 to ensure they fit with and are embedded into a comprehensive approach to recovery. Consequently, timelines for actions, and any new or amended measures, will be added when the detail of the work becomes clearer.
22. Following Cabinet in December a slight amendment has been made to one of the actions in the employment equality objective to better reflect the Council's position in relation to employment contracts; the removal of reference to 'zero hours' contracts and the inclusion of 'casual and temporary contracts'.
23. Council is now being asked to adopt the actions developed to meet the equality objectives prior to their publication as part of the Strategic Equality Plan.

Financial Appraisal

24. The equality objectives as included in the Strategic Equality Plan, will be met by those actions already identified in existing strategies/plans, or those due to be developed, as well as by a small number of new actions newly identified to address the impacts of the coronavirus pandemic, the BLM movement and other instances of identified race inequality.

Integrated Impact Assessment

25. An impact assessment was undertaken in relation to the equality objectives which assisted the Council in discharging its legislative duties (under the Equality Act 2010, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016.
26. The impact assessment that accompanied the Strategic Equality Plan remains extant and is at **Appendix 3**.

Valleys Communities Impact:

27. The actions will contribute to projects supporting the valley communities.

Workforce Impact

28. Staff have been involved in the development of the newly identified actions, some of which will affect them directly, and it is anticipated that this participation will continue.

Legal Impact

29. The actions have been developed to meet the requirements of the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011.

Risk Management

30. We have a legal duty under the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 to develop actions to meet the equality objectives and publish these, alongside other information, in a Strategic Equality Plan. Failure to do so could lead to a compliance notice from the Equality and Human Rights Commission, an independent statutory agency which was established under the Equality Act 2006.

Crime and Disorder Impact

31. The Council has a legal duty under Section 17 of the Crime and Disorder Act 1998 to carry out all its various functions with “due regard to the need to prevent Crime and Disorder in its area”.
32. The actions contain specific proposals to prevent and address hate crime and domestic abuse thereby assisting us in discharging the crime and disorder duty.

Violence Against Women, Domestic Abuse and Sexual Violence Impacts

33. The Council has a legal duty under Section 2(1) of the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 when exercising relevant functions to ‘have regard (along with all other relevant matters) to the need to remove or minimise any factors which:
 - (a) increase the risk of violence against women and girls, or
 - (b) exacerbate the impact of such violence on victims.’
34. The actions contain specific proposals to prevent and address domestic abuse thereby assisting us in discharging this duty.

Consultation

35. This item has not been subject to external consultation, although a period of public consultation was undertaken as part of the development of the Strategic Equality Plan between the 16 January and 20 February 2020. In addition, local equality groups, as represented on the Council’s Equality and Community Cohesion Group have been involved in the development of these actions.

Recommendations

36. It is recommended that Council adopt the actions developed to meet the equality objectives and authorise the Head of Human and Organisational Development to publish the actions as part of the Strategic Equality Plan.

Reason for Proposed Decision

37. To meet the statutory requirements set out in the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011.

Implementation of Decision

38. The decision is for immediate implementation.

Introduction

The Strategic Equality Plan, including the equality objectives and associated actions, was to be presented to Cabinet in April 2020.

However, as a result of the outbreak of COVID -19 this was not possible due to executive reporting arrangements being disrupted and many of our workforce having been redeployed to other service areas to support the Council's response.

Furthermore, at the end of March 2020, the Equality and Humans Rights Commission suspended statutory deadlines for publishing Strategic Equality Plans and equality objectives until October 2020.

The response to the outbreak by key workers in all services across the public sector was, and continues to be, phenomenal. However, it became increasingly apparent as weeks went on that while all communities were being affected, Black, Asian and minority communities were being affected disproportionately; in matters of health, as key workers, with the severe effects on employment as well as accessible education for children and young people.

The various reports and meetings over recent months have not only supported original opinion but are exploring in depth the devastating impact the pandemic has had on our Black, Asian and minority communities. At an early stage in the outbreak we recognised that the Strategic Equality Plan and equality objectives would need to be reviewed to address the impact the pandemic was having on our local communities.

The brutal killing of George Floyd on 25th May 2020, followed by the understandable international outcry and condemnation, other events in our recent history as well as the disproportionate effect COVID-19 outbreak experienced by members of the Black, Asian and Minority Ethnic communities brought into sharp focus the deep seated attitudes and behaviours that remain towards people from these communities.

In his address to Council in July 2020, the Leader gave a commitment to initiate a fresh look at how we work with our Black, Asian and minority ethnic communities in Neath Port Talbot to achieve equality, equity and social cohesion and to bring about societal change to demonstrate that Black Lives Matter.

This accentuated the need to further review the equality objectives, and actions. Following consideration of the most recent relevant papers and research available it was considered that while the equality objectives remained relevant further consideration of more relevant actions was required.

In light of this, an involvement programme is being developed to ensure that the experiences and concerns of members of the Black, Asian and Minority Ethnic communities in the Neath Port Talbot are fully taken into account in the revision of actions to meet our equality objectives.

Who we are

Neath Port Talbot is located on the coast between Swansea to the west and Bridgend to the east. Neath Port Talbot also shares boundaries with Carmarthenshire, Powys, Rhondda Cynon Taf and the Brecon Beacons National Park. Covering an area of over 44,217 hectares, the physical characteristics of the County Borough is broadly divided into the coastal corridor and the Valleys.

According to the Census 2011 Neath Port Talbot has a resident population of 139,800 and has the 11th highest population density of the 22 local authorities across Wales. The expected growth in population, an increase of about 5% (7,000) by 2021, appears to be borne out with the 2018 mid-year estimate of 142,906 people living in the county borough. This estimate includes nearly 31,500 people over the age of 65.

The Welsh Index of Multiple Deprivation (WIMD) 2019 identified that 15.4% of local super output areas (areas with a population of 1000) in Neath Port Talbot are in the top 10% of the most deprived areas in Wales. The WIMD is designed to identify those small areas where there are the highest concentrations of several different types of deprivation

According to the 2011 Census, black and minority ethnic groups account for 2.1% of the population compared to 4% in Wales.

Data from schools indicates that the proportion of pupils from ethnic minority backgrounds (non-white British) is 6.16% compared to the all Wales percentage of 11.41%.

At the 2011 Census, of those people indicating a religion, faith or belief, 57.7% described themselves as Christian, 33.8% indicated that they have no religion, 7.3% did not state a religion and those remaining were Buddhist (0.2%), Hindu (0.1%), Jewish (0%), Muslim (0.4%), Sikh (0.1%), other (0.4%).

Neath Port Talbot has the third largest Gypsy and Traveller Community in Wales. There are two authorised gypsy traveller caravan sites in the county borough with an estimated population of 236.

At the time of the Census, 2011, over three quarters (77.7%) of adults living in Neath Port Talbot considered their health was either good or very good, which is very similar to the average across Wales. 10.5% of adults surveyed felt that their health was poor or very poor, which is a little higher than the average across Wales (7.6%).

There are high levels of chronic health conditions such as heart disease, diabetes and respiratory disorders in the county borough with 28% of the population having a limiting long term illness compared to 22.7% across Wales (Census 2011).

The provision of unpaid care in Neath Port Talbot is 14.6% (Census 2011), the largest percentage in Wales.

Structure of the Council

Within Neath Port Talbot there are 42 electoral divisions returning 64 elected members and we operate a cabinet model of local government with a Leader who is supported by nine cabinet members (the Executive). Decision making is organised among the Cabinet and four Cabinet Boards. Scrutiny Committees monitor the performance and decisions of the Executive and make reports and recommendations which advise the Executive and the Council as a whole on its policies, budget and service delivery.

Each of our eight Cabinet Members have responsibility for a broad range of matters. The cabinet member for corporate services and equalities is our designated Equality Champion while the cabinet member for adult social services and health is our designated Older Persons' Champion. Further cabinet members have portfolios which are associated with the equalities agenda, for example, children, education and community safety.

The importance we give to equalities is reinforced by the fact that policies and plans relating to equalities and the Welsh language are amongst the limited number that require approval by full Council.

A senior management group consisting of the Chief Executive, Assistant Chief Executive and Corporate Directors oversees the strategic management of the Council's business. Heads of Service have individual operational responsibility for services as well as providing strategic support to senior management.

Our corporate Equality and Community Cohesion Group, with a membership consisting of senior officers of the Council, the police and representatives of local equality groups, organisations and communities, aims to:

- address issues and concerns that are identified by the various communities
- promote cohesiveness and provide mutual support for the communities in Neath Port Talbot
- keep under review key external equality-related developments, such as equality standards, codes of practice and legislation
- ensure Council policies are accessed by all
- raise the profile of equalities throughout Neath Port Talbot County Borough
- recommend corporate equality documents for approval
- monitor progress on the implementation of corporate equality policies and action plans within directorates
- share expertise and experience, in order to support other group members in the task of taking a lead in equalities

This group has been instrumental in the development of our equality objectives.

The Legislative and Strategic Context

The Equality Act 2010

The Equality Act 2010, brought together and replaced previous anti-discrimination legislation, simplified and strengthened the law, removed inconsistencies and made it easier to understand for everyone. By implementing the Act our aim is to work towards creating a fairer society, improving public services, addressing entrenched inequalities and ultimately improving people's lives.

The Council, along with other public bodies, is required under the Act to have due regard to the need to eliminate unlawful discrimination, harassment and victimisation, advance equality of opportunity and foster good relations amongst and between people of different protected groups (known as the Public Sector Equality Duty).

The protected groups, or characteristics, are:

- age
- gender reassignment
- sex
- race
- disability
- pregnancy and maternity
- sexual orientation
- religion and belief
- marriage and civil partnership (but only in respect of the need to eliminate discrimination)

Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011

In Wales, specific duties have been introduced to help us carry out the public sector duty and these include the production of a Strategic Equality Plan (SEP) and the development and publication of equality objectives.

Welsh Language Measure 2011

The Measure gave the Welsh language official status in Wales, established the role of the Welsh Language Commissioner, created a procedure for introducing duties in the form of language standards and made provision regarding promoting and facilitating the use of the Welsh language amongst other provisions. The Welsh Language Commissioner's role is to promote the Welsh language, and improve the opportunities people have to use it, by emphasising the language's official status in Wales, and by placing standards on organisations.

Welsh Language Standards (No1) Regulations 2015

These Regulations, imposed on county councils and county borough councils, national park authorities and Welsh Ministers, include a range of standards of conduct in respect of the Welsh language. The standards were grouped into the following areas:

- service delivery
- policy making
- operational
- promotion
- record keeping

A [Welsh Language Standards Annual Report for 2019-2020](#) has been produced, in accordance with these Regulations, which details how we have complied with the standards during the year.

Well-being of Future Generations (Wales) Act 2015

This legislation places duties upon the Council to set well-being objectives and to work in a sustainable way to achieve a fairer and more equal Wales. The Council has recently revised its integrated impact assessment tool to assist officers in weaving together all of the duties that arise in relation to equality.

Socio Economic Duty

The Welsh Government's proposed introduction of the socio economic duty will require us, along with other public bodies, to do more formally. We already consider the impact of policy decisions on socio economic grounds to an extent through our existing Integrated Impact Assessment tool. There is no doubt that inequalities are widening so it would make sense in that context for us to be really clear about where the main impacts of decisions we make are falling. Those who are poorest are being disproportionately affected by a number of changes and we are working with the Bevan Foundation and local partners to draw this out a lot more clearly prior to decisions being taken. The Socio Economic Duty will come into effect in Wales on 31 March 2021.

Welsh in Education Strategic Plan

The aim of the Welsh in Education Strategic Plan (WESP) is to outline the Council's plans for Welsh medium education in the county borough, moving primary and secondary schools along the linguistic continuum to provide a measured and considerable increase in the level of Welsh medium education.

NPT Armed Forces Covenant

We are very aware that veterans of the armed forces who, by the very nature of their service involvement, can experience poor mental health and/or physical disabilities. Their experiences not only affect the individual but also impact on family and friends, straining relationships, causing distress, sometimes leading to even more critical situations for all concerned. The strain on family life is not confined to families of veterans but can be experienced by families of those currently serving in the armed forces.

As part of our commitment to this work we have signed the UK Government's Armed Forces Covenant and encourage our strategic partners to do so too. Locally, we have signed an Armed Forces Community Covenant with the armed forces community in the county borough and our local strategic partners. Signatories to the Covenant agree to help support to the local armed forces community and make it easier for service personnel, families and veterans to access the help and support available. In addition, the armed forces community is encouraged to do as much as it can to support its community and promote activity that integrates the service community into civilian life.

Digital Inclusion

Whilst the Council's Smart and Connected Digital Strategy aspires to exploit the potential of digital technologies for local people and our economy, the strategy explicitly recognises that there are significant number of people who are not on-line. In 2020 the Council was recognised by Digital Communities Wales for the work it is doing as an agency and in partnership to address digital exclusion. Many of those who are digitally excluded share protected characteristics. For example, those who are elderly, in poor health, disabled or on low incomes are more likely to be digitally excluded than others in the general population. We must ensure that as we innovate and harness digital technologies and data sciences to improve the effectiveness of our organisation that we do not leave people behind. Our action plan developed in support of the Digital Inclusion Charter commitments sets out how we will do this.

Assessment and training

Integrated impact assessment

We have reviewed and revised our equality impact assessment process to include our new legal duties introduced by the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016 as well as maintaining the focus of equalities and the Welsh language. Our aim was to develop a more integrated approach when assessing the impact of our policies and services not only on people who share protected characteristics but also on the wider community, both now and in the future.

With the introduction of the new Integrated Impact Assessment process we developed a training programme on to ensure our staff fully understand the why as well as the how to undertake assessments, the importance of consultation and involvement as well as recognising the wider sustainable development principle.

The Council's Executive and Non-Executive/Regulatory Report Guidance was also updated to reinforce current and reflect new legislative requirements. This update of the report guidance also provided an opportunity to reinforce the way in which impact assessments are reported to members.

A review of the impact assessment process and the success of its implementation was due to be undertaken in May 2020 but this has been delayed due to the pandemic. The review will be rescheduled as soon as is practicable.

Completed integrated impact assessments form part of decision reports and as such are published on our website as part of the reports pack for Cabinet or the relevant Cabinet Board. The intention of the Integrated Impact assessment is that members have a good understanding of how decisions proposed to be taken impact on people who share protected characteristics or other factors.

Training

Training is an important element of our work, not only in helping us meet our equality objectives but also as a key feature in the personal development of employees and elected members. As a result, our training programme has focused on areas that are new and those that remain challenging for the Council as a whole.

We continue to work to ensure that all staff and elected members are aware of their roles and responsibilities and are suitably trained when planning and delivering services. Over recent years we have had huge workforce changes as a result of austerity measure, e.g. loss of significant numbers of experienced staff and a moratorium on recruitment. With this and the ever changing dynamics within our communities as a result of inward migration and external forces, e.g. Brexit, we are conscious that gaps remain in our understanding and knowledge and so we continue to seek out appropriate training to address this.

A range of equalities related training has been delivered to our staff and staff from partner organisations. These sessions have included most recently mandatory training on violence against women, domestic abuse and sexual violence, dyslexia awareness, equalities in the workplace, hidden disabilities and making reasonable adjustments, unconscious bias, hate crime, modern slavery and human trafficking, ethical employment and welsh language amongst others. We have also held training for staff who have responsibility for undertaking integrated impact assessments.

Equality matters have also been included in other seemingly unrelated areas such as complaints officer and performance management and performance appraisal for managers training amongst others.

Our Equality Objectives

- Education** – to ensure children and young people are the best they can be
- Health and Wellbeing** – to promote wellbeing and good mental health and tackle mental health stigma and discrimination
- Employment** – to ensure our workforce is more reflective of our community, our policies are fair and equitable and gender pay gaps are reduced
- Participation** – to ensure services are accessible for all and people and communities are able to better influence decisions that affect them
- Living standards** – to work to reduce poverty and support independent living

Developing our equality objectives

With continuing austerity, increasing unease as a result of the national political and economic climate, the impact of various national policies combined with rising levels of poverty, hate incidents and the increasing awareness of mental health issues we have been acutely aware of the impact these have on our communities.

However, even against this backdrop we have made a lot of progress in developing our understanding of the issues and there are some good pieces of work being delivered which are having a positive impact for people within our communities:

- We started work on understanding what poverty issues are having the most significant impact on local people and held our first 'Poverty Symposium' event in September 2019. The event helped to identify opportunities for improving the way that services and support are delivered to people on low incomes across Neath Port Talbot.
- Universal Credit - its roll out is having a significant impact on those of our residents who may already be dealing with long term health problems, disability or unemployment and we have been working with our partners to provide help and advice to those adversely affected.
- We have commissioned Policy in Practice, who use household level data to understand and track the impact of the welfare reforms on residents, to help us determine who will be most significantly affected by the cumulative impact. The focus of our work going into 2020-2021 is to use the information to target the roll-out of the Childcare Offer and to direct some of our employability efforts towards specific groups of people.
- National Participation Charter - our Youth Service and The Think Family Partnership were the first in Wales to sign up to the National Participation Charter and have received the coveted National Participation

Kitemark for the way they encourage children and young people to have their say in the design and planning of the services they deliver.

- Youth Mayor – the young people of Neath Port Talbot elected their first ever Youth Mayor and Deputy Youth Mayor, who will be the voice for all children and young people across the county borough and will also shadow the Mayor of Neath Port Talbot at a number of pre-determined Civic duties.
- Safe Leave Policy - in continuing with the implementation of our 'Healthy Relationships for Stronger Communities Strategy' we became the first local authority in Wales to implement a 'Safe Leave' policy for staff who are affected by any form of Domestic Abuse, allowing them the opportunity to access support services, legal advice, alternative housing or medical help in a safe, planned way.

In addition our wellbeing objectives and improvement priorities in the Corporate Plan reflect our commitment to address the issues we face in Neath Port Talbot. Our vision and values set the standard for our work:

- We want our county borough to be a place where everyone has an equal chance to get on in life – a place where people want to live, learn and work and bring up their family
- We will celebrate diversity in all of its forms and work tirelessly for greater equality in all of our communities.

This is further expressed by our commitment in this iteration of our Strategic Equality Plan:

'To reduce inequality and tackle the causes of inequality'

The Equality and Community Cohesion Group, consisting of senior officers of the Council, the police and representatives of local equality groups, organisations and communities has been instrumental in the development of the draft equality objectives and proposed actions.

In developing the equality objectives we considered various national and local research findings; latest data available to the Council and issues raised by local equality groups during meetings of the Equality and Community Cohesion Group.

Local research was carried out with members of the Black and Minority Ethnic (BME) community, people with experiences of low income, disabled people, members of the Gypsy and Traveller community and communities in general. A number of common threads were identified throughout the process, including hate crime/incidents, poverty and barriers when accessing services, which have been incorporated into the equality objectives.

Evidence and data

The following are some of the key documents referred to in the development of the equality objectives:

Is Wales Fairer? - The Equality and Human Rights Commission's '[Is Wales Fairer?](#)' Report has been a key source of data to inform the development of the draft equality objectives. It is the most comprehensive review of how Wales is performing on equality and human rights. The Report focuses on six themes: Education, Health, Personal Safety, Living Standards, Employment and Participation and these appear to reflect those areas which have been highlighted locally. As a result we have adopted these themes for our draft equality objectives.

Healthy Relationships for Stronger Communities Strategy - The revised Healthy Relationships for Stronger Communities strategy outlines the priority areas and strategic direction around healthy relationships and the implementation of the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 within Neath Port Talbot. Developed with a wide range of partners and survivors with the aim of tackling all forms of violence in relationships, the achievable actions will help us to achieve our long term vision:

*“To prevent and eradicate gender based violence by promoting: equality; safety; respect; and, independence to enable **everyone** to live free from abuse and the attitudes that perpetuate it.”*

Chwarae Teg Fair Play Employer Scheme - We are working with the Chwarae Teg as part of the [Fair Play Employer Scheme](#). The Scheme supports organisations to develop gender equality action plans, using analysis of available workforce data, consideration of employer practices, matched to evidenced best practice recommendations, including actions to reduce gender pay gaps. Chwarae Teg has assessed our gender equality policies and practices, including a survey of staff and awarded us the Silver Award for Gender Diversity. This award recognises that the Council has a clear commitment to making a difference to the recruitment, retention and progression of women in the workplace.

Neath Port Talbot Poverty Symposium - A multi-agency Poverty Symposium was held in September 2019 and brought together practitioners from a range of organisations, to identify opportunities for improving the way that services and support are delivered to people on low incomes across Neath Port Talbot. The event explored the causes of poverty, the impact of welfare reform, the day-to-day experiences of poverty in our communities, the increase in poverty in working households and the relationship between income and well-being.

The information from the Poverty Symposium is being used to inform the development of a multi-agency strategy to outline what needs to be done to improve the lives of those living on a low income in Neath Port Talbot.

Community Cohesion Survey - This survey, undertaken with residents of Neath Port Talbot during 2019, provided insight into the dynamics within our communities. It highlighted the complexities of people’s feelings and experiences particularly when accessing public sectors services, engaging with people from other backgrounds and as victims of hate incident/crime. It was also apparent that underlying issues of austerity and multiple deprivations contributed to negative views and positions.

Stickability: Supportive Services for Gypsy and Traveller Communities in Neath and Port Talbot - This community-based evaluation, conducted in early 2019, to explore the question ‘What could be different in how

Neath Port Talbot (NPT) local area services support local Gypsy and Traveller communities'? Commissioned by the Council and undertaken by Wales School for Social Care Research at Swansea University, the research sits in the context of a commitment to better understand and respond to the disadvantage and exclusion faced by Gypsy and Traveller communities. Interviews with both local community members and service providers have provided invaluable insight which is currently being considered to determine how best to address issues.

Community Profile - The aim of the community profile exercise was to understand the makeup of BAME (Black Asian and Minority Ethnic) Communities in Neath Port Talbot and any issues and challenges that they experience. The exercise involved analysing census data and data collected by Neath Port Talbot schools, as well as extensive work engaging with communities across the county borough. Various issues/concerns were raised during the exercise and these are being addressed through the work of the NPT BME (Black and Minority Ethnic) Community Association as well as informing the Strategic Equality Plan.

Time to Change Wales Campaign Employer Pledge - Time to Change Wales is a national campaign to end the stigma and discrimination faced by people with mental health problems. By committing to the [Time to Change Wales Campaign's Employer Pledge](#) the Council has publically declared that we as an organisation want to step up to tackle mental health stigma and discrimination. The associated action plan provides a framework for us to support employees with their mental health as well as support for training and access to a range of resources.

Smart and Connected - A Revised Digital Strategy - Our [Smart and Connected Strategy](#) focuses on three strategic priorities: transforming the way we deliver our functions/services and increasing use of the Council's on-line functions/services by residents; contributing to the development of favourable conditions for economic growth in the county borough and embracing a "digital first" approach to the way we support our workforce.

A key element of the strategy is to reduce digital exclusion - something that impacts on people who share protected characteristics

Making Wales the best place in the world to grow older - This [strategy](#) sets out the Older Person's Commissioner's vision of older people in Wales and her priorities for 2019-2022. The Commissioner's vision of Wales as '...the best place in the world to grow older' is supported by three priorities: taking action to end ageism and age discrimination; stop the abuse of older people and enable everyone to age well.

Making Money Work - This research, undertaken by Toynbee Hall and Tai Tarian, provided an insight into people's lived experience of being on low income in Neath Port Talbot. The findings and suggested solutions have played a key role in the work being undertaken as part of the anti-poverty agenda, with participants continuing to be involved.

Council's Website Audit - We commissioned a disability audit of the top ten most frequently used web pages to identify how we can improve access to services for those residents who have disabilities. A report on the findings has since been received and work is being undertaken to address the issues identified.

Community of Practice - The first Community of Practice (CoP) on Involvement and Engagement event was held in September 2019. The Community of Practice was established not just to consult with but to involve our communities and partner agencies from the outset in the work that we do to help us shape proposals before wider public consultation exercises. The event gathered over 28 key partners with representatives of range of groups including, children and young people, carers, people with disabilities, Welsh speakers and partnerships.

Equalities in Employment - Our latest [Annual Equalities in Employment Report](#) provides information collected and published as part of our legal requirements under equality legislation. This annual snapshot, disaggregated by protected characteristics and by specified categories, provides an overview of our workforce.

Gender Pay Gap - In our latest [gender pay gap report](#) the difference between the average pay of the men and women who work in the Council was 3.93% as at March 2019. Although reduced from 4.21% (March 2018) we were committed to reducing this further and so joined Chwarae Teg's Fair Play Employer Scheme in February 2019, to support us in delivering gender equality in our workplaces and achieve all the benefits of a truly

balanced workforce. With Chwarae Teg's support we have developed a Gender Equality Action Plan, which includes specific actions to reduce the Council's Gender Pay Gap.

Welsh Language - Working to meet the requirements of the Welsh language standards is key to our work and while we do not always get it right we are committed to the principle of the Welsh Language Measure 2011. Providing a Welsh language service with a limited number of Welsh speakers is challenging. However, we are continually looking at ways to overcome this in order to provide a more effective and responsive service. Our [Welsh Language Standard Annual Report 2019-2020](#) provides additional information on how we are meeting the standards while progress for the period October 2018-September 2019 on the Welsh Language Promotion Strategy can be found in the [progress report](#).

United Nations Convention on the Rights of the Child - This international agreement sets out the civil, political, economic, social and cultural rights of every child, regardless of their race, religion or abilities. We continue to be mindful of the requirements of the Convention particularly when developing our policies and services. A child's basic right to be protected from violence and abuse, to receive an education that enables them to fulfil their potential and to express their opinions and be listened to have formed the basis of our work.

NPT Armed Forces Covenant – As part of our commitment to the [Armed Forces Covenant](#), our Armed Forces Covenant Liaison Officer (who works across Neath Port Talbot, Swansea and Bridgend) has been key to the various initiatives and projects undertaken in the county borough and regionally; these included the Neath Port Talbot Mayor's Armed Forces Festival, armed forces awareness training, armed forces village and flag raising at the Wales Air Show.

As part of our Healthy Relationships for Stronger Communities Strategy, we are working with representatives from local organisations who support victims of domestic violence and our armed forces community to better understand and support victims and perpetrators amongst families of a serving member of the armed forces or a veteran. We have recognised that women from Commonwealth countries who have married service personnel

may experience particular difficulties in their relationship and are working with BAWSO (an organisation that supports women of ethnic backgrounds who experience domestic abuse) to better understand the issues.

Improvements to our understanding of the impact and manifestation of Post Traumatic Stress Disorder has been a feature in our training programme and as a consequence appropriate reasonable adjustments at our reception areas have been identified to improve accessibility.

Neath Port Talbot Corporate Plan – our [Corporate Plan](#) sets out our vision and describes the kind of Council we want to become. To achieve our vision, we have set ourselves the following three ambitious well-being objectives:

- To improve the well-being of children and young people: *“All of our children and young people have the best start in life, so they can be the best they can be”*
- To improve the well-being of all adults who live in the county borough: *“Everyone participates fully in community life – socially and economically”*
- To develop the local economy and environment so that the well-being of people can be improved: *“The whole of Neath Port Talbot county borough will be a vibrant, healthy and safe place to live, work and enjoy recreational time”*

Monitoring and Review

Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 requires the Council to publish an annual report of progress made in meeting its equality objectives. The first annual report on this new Strategic Equality Plan, will be for the period 2020-2021 with an anticipated publication date in Autumn 2021.

As our Corporate Plan contains actions and improvement priorities that complement those identified to meet the equality objectives, we will report on progress against these Plans simultaneously in order to provide a more holistic assessment of progress.

The annual report will be reported to Cabinet Scrutiny Committee and Cabinet and once approved will be published on our website and communicated using a range of different media in line with our Corporate Communications and Community Relations Strategy. The annual report will be made available in alternative formats on request.

The corporate Equality and Community Cohesion Group, consisting of representatives of local equality groups, the police, officers and members of the Council, will be responsible for keeping the equality objectives and actions under review as well as monitoring progress.

We will develop appropriate performance indicators to measure the outcomes for each objective and these will be published along with actions to meet the objectives later in the year. Performance indicators will be kept under review to ensure that they are remain fit for purpose.

Report Title: Strategic Equality Plan 2020-2024

Integrated Impact Assessment

1. A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act 2010, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016. The first stage impact assessment has indicated that a more in-depth assessment was required.

An overview of the Integrated Impact Assessment has been included below in summary form only and it is essential that Members read the Integrated Impact Assessment, which is attached to the report at Appendix 3, for the purposes of the meeting.

As a result of widespread changes in circumstances since March 2020 due to the global pandemic, the killing of George Floyd and the intensification of the Black Lives Matter movement it has been apparent that a refocus of our work was necessary. This being the case the equality objectives and actions were reviewed taking into account evidence of the impact the pandemic has had/continues to have on Black, Asian and minority ethnic communities and others who share protected characteristics. Although the equality objectives were deemed relevant the proposed actions did not adequately address the current situation.

Consequently the latter stages of the impact assessment has concentrated on the equality objectives including the subsequent conclusion.

The whole ethos of the Strategic Equality Plan and the equality objectives is to eliminate discrimination, harassment and victimisation as well to advance equality of opportunity between different groups. The equality objectives were developed with this in mind and as such will help address inequalities experienced by members of our various communities.

As a result of our continued work on improving the availability and quality of our services through Welsh there is potentially a positive impact in relation to opportunities to use the Welsh language.

There will be no adverse effect on biodiversity or Eco-system resilience

There will be a positive impact in relation to the Wellbeing of Future Generations as the equality objectives have been developed in line with the five ways of working.

Integrated Impact Assessment (IIA)

This Integrated Impact Assessment considers the duties and requirements of the following legislation in order to inform and ensure effective decision making and compliance:

- Equality Act 2010
- Welsh Language Standards (No.1) Regulations 2015
- Well-being of Future Generations (Wales) Act 2015
- Environment (Wales) Act 2016

1. Details of the initiative

	Title of the Initiative: Strategic Equality Plan – Equality Objectives
1a	Service Area: Corporate Policy Unit
1b	Directorate: Chief Executive’s Office
1c	<p>Summary of the initiative:</p> <p>The Strategic Equality Plan contains the Council’s Equality Objectives along with information on how the Council will address equality issues, promote equality amongst staff and the public as well as meeting the legal requirements of the Equality Act 2010 and the Public Sector Duties 2011.</p> <p>The first stage in the production of the Strategic Equality Plan is the development of the objectives along with the identification of associated potential actions. With the implementation of the objectives our aim is to reduce and tackle the causes of inequality.</p>

1d	<p>Who will be directly affected by this initiative?</p> <p>Those who share protected characteristics of age, race, disability, sex, sexual orientation, gender reassignment and religion/belief.</p> <p>It is likely that carers and possibly women who are pregnant/on maternity may be affected indirectly.</p>
1e	<p>When and how were people consulted?</p> <p>Initial Development – an event was held with the Community of Practice for Engagement and Involvement to obtain an insight into what was important to the groups they regularly engage with. The feedback from this event, along with the themes from the ‘Is Wales Fairer?’ was to be considered by the various groups as part of a pilot with the Community of Practice, however no feedback was received.</p> <p>Based on both quantitative and qualitative evidence draft objectives were developed by the Equality and Community Cohesion Group.</p> <p>Public Consultation</p> <p>Public consultation on the Council’s draft equality objectives and potential actions was undertaken from 16 January to 20 February 2020.</p> <p>View could be submitted via a self-completion questionnaire published on the Council’s web site and via a consultation packs, including a hard copy of the questionnaire, in libraries and civic centres</p> <ul style="list-style-type: none"> • promotion via a press release • promotion via the Council’s corporate social media accounts messages • promotion and engagement via the Equality and Community Cohesion Group • promotion and engagement via Community of Practice on Innovation and Engagement
1f	<p>What were the outcomes of the consultation?</p> <p>Initial Development – the pilot engagement work with the Community of Practice unfortunately did not provide feedback to help shape the objectives. However, using evidence already available and pertinent to the local need, including data held but the Council, local and national initiatives, recent local research findings, national research as well as people’s lived experiences, it has been possible to draft equality objectives. However, these will be tested during the public consultation.</p> <p>Post Consultation</p>

A total of 46 responses were received all via the online survey, with:

- 44 in English and 2 in Welsh
- The majority of responses (where indicated) came from Port Talbot and the surrounding area.
- A high majority of respondents agreed/strongly agreed with each of the equality objectives.

Given the level of support for the equality objectives from respondents it was not considered necessary to make amendments.

Had circumstances remained unchanged some amendments to the proposed actions would have taken place. However, as circumstances have now overtaken the process the proposed actions are no longer considered relevant and will not be included in the Strategic Equality at this time.

25.08.20

In response to the disproportionate impact of the pandemic on Black, Asian and minority ethnic communities along with the stark realities of injustices brought to the world's attention over recent months a review of the equality objectives and proposed actions have been undertaken.

Taking into account evidence and reports widely reported as well as the views of the local BME Community Association it is considered that the equality objectives remain relevant but actions to meet them in the current circumstances required further development.

2. Evidence

What evidence was used in assessing the initiative?

Data available from the Census 2011 - attached

Various local regional and national research documents; for example Community Profile - NPT BME Community Association; Community Cohesion Survey; Smart and Connected - A Revised Digital Strategy; 'Making Money Work (people's lived experience in Neath Port Talbot)' – research undertaken by Toynbee Hall and Tai Tarian; 'Is Wales Fairer?' – Equality and Human Rights Commission.

3. Equalities

a) How does the initiative impact on people who share a **protected characteristic**?

Protected Characteristic	+	-	+/-	Why will it have this impact?
Age	✓			<p>It is anticipated that the impact will be positive on children and young adults, as well as older people.</p> <p>Children and Young People – working to improve educational attainment, non-attendance and exclusions as well as to address bullying in schools will ensure pupils will achieve their full potential. The challenges faced by many prior to school is a key factor to achievement. By working to meet the objectives we and, where appropriate, our partners will endeavour to reduce obstacles to learning as well as ensuring children and young people and their families are supported throughout their school life to have the best outcomes possible.</p> <p>Older people – our aging population is increasing and our work as an individual organisation and in partnership to support people remain independent for as long as possible is anticipated to have a positive impact. As a result of the implementation of actions under the various objectives positive impacts for older people are likely.</p> <p>Post consultation</p>

			<p>The positive impacts in relation to children and young people were echoed by respondents; predominantly in relation to education.</p> <p>The matter of age discrimination was identified and although not explained it is assumed this is in relation to employment (as it was linked to equal pay).</p> <p>The aim of the equality objectives is to improve children and young people's opportunities and outcomes. It is anticipated that the employment objective will address real and/or perceived discrimination through adherence to and development of relevant policies and practices.</p>
Disability	✓		<p>Working with partners to tackle hate incidents/crimes will help provide safer and more inclusive communities which will impact positively on those who have been subject to such victimisation due to their disability.</p> <p>By focusing on mental health within the workplace we will provide support for those who experience mental health and help remove the stigma associated with it.</p> <p>Access remains an issue for many but by working with groups to identify where improvements can be made, for example to our website and our committee rooms as well as in the digital arena we will be able to tackle and help reduce inaccessible services and communication.</p> <p>Post consultation</p> <p>Respondents highlighted positive impacts on their or their families' lives. The objectives would provide opportunities for many. Actions to meet the objectives will be key to ensure that positive impacts are realised.</p>
Gender reassignment	✓		<p>It is anticipated that the objectives will impact positively on the trans community – by helping dispel negative attitudes through awareness raising, opportunities for greater participation and community cohesion.</p> <p>Post consultation</p> <p>While some respondents identified there being positive impacts for this characteristic no details as to why were provided. The majority of respondents considered there would be no impact for them or their families.</p>
Marriage & civil partnership		✓	<p>Impacts on this group is unknown at this time but will be tested during consultation.</p> <p>Post consultation</p>

			While some respondents identified there being positive impacts for this characteristic no details as to why were provided. The majority of respondents considered there would be no impact for them or their families.
Pregnancy and maternity		✓	<p>Impact on this group is unknown at this time it but will be tested during consultation. However, it is possible that there will be positive indirect impacts as a result of our work to promote wellbeing and good mental health, to ensure our employment policies are fair and equitable and to reduce poverty.</p> <p>Post consultation</p> <p>While some respondents identified there being positive impacts for this characteristic no details as to why were provided. The majority of respondents considered there would be no impact for them or their families.</p>
Race		✓	<p>It has been apparent from the various pieces of national and local research that members of the BME Community have encountered negative experiences from being victims of hate crime/incidents, to language barriers when accessing services. By addressing the personal safety and living standards objectives it is likely that the community will be impacted positively.</p> <p>In addition it is likely that the education and health and wellbeing objectives will have positive impacts for children and young people and their families while the employment objective will ensure we have policies and practices in place to encourage a workforce that better reflects our communities.</p> <p>Post consultation</p> <p>Respondents highlighted positive impacts on their or their families' lives. While objectives would provide opportunities for many actions to meet the objectives will be key to ensure that positive impacts are realised.</p> <p>However, one respondent commented that 'As a non-Welsh person living and working in Wales, I already feel discriminated against by Welsh Government policy and practice'. It will be incumbent on the Strategic Equality Plan and the equality objectives to address such feelings to ensure opportunities are afforded to all regardless of their race or other characteristics and to ensure communities do not become divisive.</p>

Religion or belief	✓		<p>Working more closely with our faith communities we will be in a position to better understand issues faced as a result of their faith which will improve the support, advice and service we are able to provide.</p> <p>Post consultation</p> <p>While some respondents identified there being positive impacts for this characteristic no details as to why were provided. The majority of respondents considered there would be no impact for them or their families</p>
Sex	✓		<p>The objectives aim to address the inequality experienced by many due to their sex. Our work in relation to gender pay will help alleviate and in time eradicate the imbalance between the genders as well as providing a foundation for future work in relation to unequal pay gaps.</p> <p>Although it is predominantly women who experience domestic abuse in NPT the number of male victims is increasing and it is recognised that there is limited support and advice available to them. This has been identified in the Healthy Relationships for Safer Communities Strategy that is currently being revised.</p> <p>The gap in educational attainment between boys and girls, at its most basic level, is continuing. By working with schools we aim to put in place support and practices to address as well as ensuring families are also supported.</p> <p>Post consultation</p> <p>Respondents highlighted positive impacts on their or their families' lives; gender pay equality was cited by respondents (where identified) as the reason.</p> <p>While objectives would provide opportunities for many, actions to meet the objectives will be key to ensure that positive impacts are realised.</p> <p>However, the majority of respondents considered there would be no impact for them or their families.</p>
Sexual orientation	✓		<p>Our evidence indicates that the number of reports of hate crime/incidents for this particular group remains high, which appears to be supported by the responses received in the Community Cohesion Survey. It is anticipated that the implementation of the objectives will have a positive impact in helping reduce the numbers of instances.</p> <p>Post consultation</p>

				While some respondents identified there being positive impacts for this characteristic no details as to why were provided. The majority of respondents considered there would be no impact for them or their families.

Tudalen90

b) How will the initiative assist or inhibit the ability to meet the **Public Sector Equality Duty**?

Public Sector Equality Duty (PSED)	+	-	+/-	Why will it have this impact?
To eliminate discrimination, harassment and victimisation	✓			The whole ethos of the Strategic Equality Plan is to eliminate discrimination, harassment and victimisation as well to advance equality of opportunity between different groups the implementation of the Plan will certainly progress this. Our commitment to engagement with different groups and communities in the development of the objectives has allowed greater understanding between groups, a shared sense of purpose, and a sense of increasing confidence to reduce inequality and tackle its causes.
To advance equality of opportunity between different groups	✓			
To foster good relations between different groups	✓			

What action will be taken to improve positive or mitigate negative impacts?

Consultation is required to identify any actual impact and to explore potential mitigating actions for consideration

4. Community Cohesion/Social Exclusion/Poverty

Tudalen91

	+	-	+/-	Why will it have this impact?
Community Cohesion	✓			Working with our various communities we will help provide support and assistance to those who experience isolation and exclusion due to language barriers, encourage community activities and events and help people participate via appropriate forms of engagement to ensure their voices are heard in the development of policies.
Social Exclusion	✓			It would appear from available research, that the many facets of social exclusion are either a direct or indirect consequence of a small number of circumstances, for example access to public transport and digital services etc., low income or debt, isolation or limited opportunities. The various actions to meet the objectives go some way to help resolve these issues and provide opportunities for members of the various communities in Neath Port Talbot to take an active role (as far they may wish to) for their own benefit as well as for the community in which they live/associate with.
Poverty	✓			Addressing the causes and consequences of poverty will be a key feature of our work over the next few years especially based on the feedback from the Poverty Symposium and the various research projects undertaken locally and nationally. Over recent years we have become increasingly aware of the various aspects of poverty within our area and have identified work streams to address some of these; our work to address adverse childhood experiences is one such work stream.

				<p>The development of an Anti-Poverty Strategy will provide a structured approach for our work and identify areas where greatest impacts can be made for those most in need.</p> <p>The soon to be introduced socio economic duty will provide further impetus for this work and we will ensure we are able to meet its requirements.</p>

Appointment of Standing Deputy Returning Officer

Purpose of the Report:

To appoint Rhys George (Electoral Services Manager) as the Standing Deputy Returning Officer.

Background:

These responsibilities being prescribed in statute and Electoral Commission Guidance.

The Wales Electoral Co-ordination Board (WECB), co-ordinated by the Electoral Commission, has recommended that Returning Officers appoint a standing deputy – not least because there has been a significant turnover recently of Chief Executives/Returning Officers and other senior staff dealing with elections across Wales but also to ensure to good practice and safe contingency planning so that powers can be exercised in the absence of a Returning Officer.

The Constitution of Neath Port Talbot Council does not delegate the function of appointing a Standing Deputy Returning Officer to the Returning Officer and therefore a decision of Council is required.

Background:

The Council elects a mayor and deputy mayor to preside over Council proceedings and discharge the duties of the First Citizen each year.

3. WELSH GOVERNMENT FUNDING AND POLICY ANNOUNCEMENTS

Members received a verbal update on the current position regarding Welsh Government funding and policy announcements, including grants to small businesses, Economic Resilience Fund and NNDR business rates relief, from the Director of Finance and Corporate Services.

It was noted that Welsh Government were looking at making further grant awards to different bodies and organisations in the coming weeks, in addition to the £24.4 million already paid out to 2221 organisations.

An update was given on the funding to the Council and the services it provides (local government finance funding):

- £30 million was made available initially (£7 million for free school meals, £10 million for homeless and £13 million for general services),
- £40 million further was made available for the social care hardship fund to end of May,
- £33 million further for free school meals until end of August,
- £3 million for IT for vulnerable children who have no access to technology.

Further Welsh Government funding announcements were expected shortly.

Members noted that £500 would be paid to care workers by the Welsh Government – it was anticipated this money would go directly to the residential care providers for distribution, as the service was no longer provided in house within the Council. Eligibility for the payment was as yet unclear, but further updates would be provided to Members when available.

£63,000 had been reimbursed to the Council from the Welsh Government for the month of March for increased expenditure due to the Covid 19 pandemic, and a claim for £814,000 had been submitted for April.

Information had been submitted via the Welsh Local Government Association to the Welsh Government regarding loss of income and the impact on Council Tax support and collection – the Director was awaiting clarification re any possible funding to come out of this.

A budget monitoring review would take place before the end of May to identify the consequences of these issues on Council budgets. The Director advised Members that an early budget monitoring report would be presented at the next meeting of Cabinet for discussion.

Decision:

Officers in Attendance:

S.Phillips, A.Evans, A.Jarrett, H.Jenkins, N.Pearce, K.Jones, C.Griffiths, D.Griffiths, H.Jones, C.Morris, M.Roberts, C.Jones, C.Furlow-Harris, S.Blewett, A.Manchipp, C.Davies and T.Davies

Invitee: Councillor M.Harvey (Scrutiny Committee Chair)

1. That further to the completed consultations, the previous in principle decision to convert the Materials Recovery and Energy

Centre (MREC) to a transfer station with enhanced recycling capability, be confirmed;

That a revised structure in respect of staff to implement a transfer station, with enhanced recycling capability, be presented to Personnel Committee for decision, and that appropriate notices of change and/or redundancy be provided as deemed appropriate by the Personnel Committee (with any new roles being subject to Local Government Terms and Conditions);
