### 1. COFNODION Y CYFARFOD BLAENOROL

Cymeradwyo cofnodion y cyfarfodydd canlynol:

- 16 Ebrill 2021
- 14 Mai 2021

### 2. CRAFFU CYN PENDERFYNU

Dewisodd y pwyllgor graffu ar yr eitemau canlynol ar agenda Bwrdd y Cabinet:

Deddf Teithio Llesol (Cymru) 2013: Ystyried y gofynion ar gyfer yr Ymgynghoriad ar y Map Rhwydwaith Teithio Llesol Drafft (MRhTLI) ar gyfer Castell-nedd Port Talbot a'r gweithdrefnau cyhoeddi/ymgyngori sydd i'w rhoi ar waith

Roedd yr adroddiad a ddosbarthwyd yn darparu Map Rhwydwaith Teithio Llesol (MRhTLI) drafft ar gyfer Castell-nedd Port Talbot i'r Aelodau ynghyd â'r gweithdrefnau ymgynghori ar gyfer yr ymgynghoriad arfaethedig sydd ar ddod.

Esboniodd swyddogion ei bod yn ofynnol adolygu MRhTLI y cyngor bob tair blynedd; bydd angen cyflwyno'r map i Lywodraeth Cymru i'w gymeradwyo gan Weinidogion erbyn 31 Rhagfyr 2021. Nodwyd bod gan deithio llesol ystyr penodol yng Nghymru; roedd y llwybrau hyn ar gyfer teithiau pwrpasol beunyddiol i leoedd fel y gwaith a'r ysgol, ac nid oeddent yn cynnwys teithiau a wnaed at ddibenion hamdden neu gymdeithasol. Hysbyswyd yr Aelodau fod dwy elfen i'r map:

- Llwybrau presennol – y llwybrau a oedd eisoes yn bodloni safonau teithio llesol a bennwyd gan Lywodraeth Cymru a'r hyn y mae'r cyngor eisoes wedi rhoi cyhoeddusrwydd iddo fel llwybrau addas
- Llwybrau'r dyfodol – y llwybrau a oedd yn ddyheadau'r cyngor am y 15 mlynedd nesaf; yr oeddent naill ai'n welliannau i lwybrau sydd eisoes yn bod neu'n nodi llwybrau newydd i'w hychwanegu at y rhwydwaith

Tynnwyd sylw at y ffaith nad oedd ymrwymiad wedi'i roi ar y cyngor i ddarparu'r MRhTLI; yn hytrach, offeryn oedd hwn yn y bôn i wella'r gwaith o flaengynllunio llwybrau teithio llesol.

O ran y fethodoleg a ddefnyddiwyd, nodwyd bod yr MRhTLI wedi'i ddatblygu drwy'r cydweithio rhwng Sustrans ac Awdurdodau Lleol ar draws y rhanbarthau; roedd hyn yn sicrhau bod cysondeb o ran ymagwedd ar draws ffiniau gweinyddol gan fod y llwybrau teithio llesol yn cysylltu rhwng y Bwrdeistrefi Sirol.

Hysbyswyd y Pwyllgor fod y tîm wedi cynnal ymgynghoriad cychwynnol ar ddiwedd 2020/ddechrau 2021, sef cam cyntaf y broses; cafodd y tîm ymateb hynod o dda o hyn (derbyniwyd dros 2,500 o ymatebion). Soniwyd mai diben yr ymgynghoriad cychwynnol oedd ymgysylltu â'r cyhoedd a chael eu barn ynghylch yr hyn a oedd yn dda a'r hyn a oedd yn wael am y rhwydwaith yng Nghastell-nedd Port Talbot ar hyn o bryd.

Dywedodd swyddogion y bu archwiliad yn ddiweddar o'r llwybrau presennol sydd ar gael; Roedd 10 llwybr wedi'u hychwanegu at y rhestr o lwybrau presennol yn dilyn yr archwiliad. Nodwyd y bu elfen hefyd o gasglu gwybodaeth a mapio teithiau a oedd yn edrych ar ba deithiau oedd yn cael eu gwneud a beth oedd y manau gadael a phen pob siwrne.

Esboniwyd mai cam olaf y fethodoleg fydd blaenoriaethu'r llwybrau, a fydd yn cael eu cwblhau ar ôl yr ymgynghoriad nesaf; bydd yn nodi'r

llwybrau a drefnwyd o ran dyheadau tymor byr, canolig a thymor hwy i'r cyngor.

Cafwyd trafodaeth ynglŷn â'r ffaith nad oedd y cyngor wedi ymrwymo i ddarparu MRhTLI. Mynegodd yr Aelodau bwysigrwydd egluro y byddai'r cyngor yn hoffi gweld pob llwybr yn cael ei ddarparu er nad oedd wedi ymrwymo i wneud hyn. Eglurodd swyddogion fod y cyngor wedi ymrwymo i wella'r rhwydwaith flwyddyn ar ôl blwyddyn, fel rhan o gynllun uchelgeisiol hirdymor, a oedd yn gysylltiedig â chynhyrchu'r map; yn ystod cyfarfod o'r Grŵp Cyfarwyddwyr Corfforaethol, teimlai'r Prif Swyddogion fod angen pwyslais ar y pwynt nad oedd y cyngor wedi ymrwymo i ddarparu'r pecyn llawn gan nad oedd y cyllid ar gyfer cyflawni'r cynllun wedi'i gynnwys o fewn cyllidebau presennol ac nad oedd gan y cyngor yr adnoddau i gyflawni'r holl ddyheadau a gynhwyswyd yn y cynllun.

Mynegodd yr Aelodau eu pryderon ynglŷn â chynnal a chadw llwybrau beicio sy'n cael eu rhannu ar hyn o bryd ar draws amryfal gyfrifoldebau ac adrannau, gan ddibynnu ar leoliad y llwybrau. Soniodd yr Aelod Cabinet dros Adfywio a Datblygu Cynaliadwy nad dyma'r unig faes lle'r oedd adrannau'n cydgyfarfod, a chadarnhaodd ei fod yn rhwystro llawer o brosesau.

O ran potensial derbyn cyllid cynnal refeniw, dywedodd yr Aelodau ei bod yn bwysig sicrhau bod unrhyw arian ychwanegol yn cael ei ddefnyddio yn y manau cywir a'i flaenoriaethu'n gywir, gan fod cyllid yn cael ei rannu'n eithaf eang ar hyn o bryd. Esboniodd swyddogion fod cyllid yn broblem sylweddol a bod gwaith cynnal a chadw wedi creu pwysau wrth symud ymlaen; po fwyaf o lwybrau a gynhwyswyd o fewn y rhwydwaith teithio llesol, mwyaf o waith cynnal a chadw yr oedd angen ei wneud. Soniodd swyddogion fod y ffordd y sefydlwyd cyllid Llywodraeth Cymru ar hyn o bryd yn golygu nad oedd y cyngor yn derbyn arian refeniw i fodloni'r gofyniad hwnnw a dim ond gwariant cyfalaf yr oedd yn ei gael. O ran cyflawni'r cynlluniau, nodwyd bod y cyngor yn ddibynnol ar gyflawni'r cynllun drwy ddatblygu, boed yn uniongyrchol fel rhan o gynlluniau a gyflwynwyd, er drwy gyfraniadau Adran 106, neu fod ganddo'r llwybr i ennill cyllid drwy broses ymgeisio flynyddol gan Lywodraeth Cymru

Gofynnwyd a ellid rhoi mwy o bwysau ar Lywodraeth Cymru i gael mwy o gyllid er mwyn i'r cyngor gyflawni'r dyheadau a nodir yn y cynllun. Rhoddodd swyddogion eu sicrwydd eu bod mewn cysylltiad parhaus â Llywodraeth Cymru o ran cael mwy o gyllid i gyflawni'r agenda teithio llesol; Roedd Llywodraeth Cymru wedi darparu llawer

o gyllid neilltuedig dros y blynyddoedd diwethaf, ond byddai'r cyngor yn parhau i geisio gwariant cyfalaf a gwariant refeniw. Anogwyd yr Aelodau i gysylltu â'r Aelod Cabinet dros Gyllid gan fod ganddo gysylltiadau yn Llywodraeth Cymru a gallai lobïo am wahanol fathau o gyllid.

Gofynnodd yr Aelodau a fyddai gwelliannau i rai o'r llwybrau cludiant cyhoeddus, yn dilyn y cyhoeddiad a wnaed gan Lywodraeth Cymru y byddai mwy o arian yn cael ei glustnodi i Drafnidiaeth Cymru. Nodwyd y byddai angen cyfeirio'r ymholiad penodol hwn at y Pennaeth Peirianeg a Thrafnidiaeth, fodd bynnag o ran cynllunio a datblygu cludiant cynaliadwy, roedd yn hanfodol integreiddio'r elfennau trafndiaeth a chreu lleoedd; roedd angen edrych ar gludiant a'r agenda teithio llesol gyda'i gilydd fel rhwydwaith integredig, yn hytrach nag ar wahân. Esboniwyd bod datblygiadau ar raddfa fwy yn gofyn am syniad ehangach o sut y byddai'r gwahanol elfennau'n cydfynd â'i gilydd; y cysylltiadau a'r cysylltwaith, nid yn unig o fewn y safle ei hun ond sut mae'r safle'n cysylltu â chymunedau o'i amgylch. Cadarnhaodd swyddogion y byddent yn gweithio gyda'r gwahanol adrannau trafndiaeth o fewn yr Awdurdod ac yn edrych ar y Cynllun Datblygu Lleol.

Trafododd y Pwyllgor ddarparu beiciau trydan a'r hyn a ddisgwylir ohonynt. Nodwyd y byddai defnyddio beiciau trydan yn ehangu cwmpas y llwybrau y gellid eu defnyddio, ond roedd her i gael lefel sylweddol o gyllid gan Lywodraeth Cymru; hyd yma, canolbwyntiwyd ar yr ardaloedd adeiledig lle gellid sicrhau'r enillion uwch o deithio llesol. O ran MRhTLI Castell-nedd Port Talbot, sylweddolodd Swyddogion bwysigrwydd edrych ar sut y gellid gwella cysylltiadau mewn ardaloedd adeiledig ond hefyd sut y gellid gwella'r cysylltiadau rhwng aneddiadau, yn enwedig yng nghymunedau'r cymoedd; yr her wrth symud ymlaen oedd sut y byddai'n cael ei gyflawni. Ychwanegwyd y gallai'r beic trydan wella'r achos a'r cyfiawnhad i allu darparu'r llwybrau hirach.

Ar ôl i'r cyhoedd gymryd rhan yn yr ymgynghoriad, pwysleisiodd yr Aelodau bwysigrwydd sicrhau bod ymatebion Swyddogion mor gywir â phosib a'u bod yn cynnwys y manylion perthnasol er mwyn i'r cyhoedd ddeall safbwynt y cyngor mewn perthynas â llwybrau penodol. Aeth yr Aelodau ymlaen wedyn i ofyn a oedd rhestr flaenoriaeth ar gyfer darparu llwybrau, ac os felly, sut y sefydlwyd hyn. Mynegwyd pryderon arbennig ynglŷn â darparu llwybrau yng nghymunedau'r cymoedd.

Cadarnhaodd swyddogion fod elfen flaenoriaethu i'r fethodoleg, ar ôl yr ymgynghoriad a chyn i'r MRhTLI gael ei gyflwyno i'w gymeradwyo gan weinidogion, ac roedd y tîm yn blaenoriaethu'r cynlluniau'n ddyheadau tymor byr, canolig a hwy; roedd elfennau amrywiol yn gysylltiedig â chanfod beth oedd angen bod ar frig y rhestr flaenoriaethau gan gynnwys asesu'r gallu i gyflawni cynllun a chostau. Ychwanegwyd bod gan Lywodraeth Cymru fatrics i'w ddilyn a oedd yn ei gwneud yn ofynnol i Swyddogion ymchwilio i ffactorau fel dwysedd y boblogaeth, y pellter i leoliad addysg, y pellter i safleoedd cyflogaeth, hamdden ac iechyd. Cadarnhaodd swyddogion y gallent ymchwilio i gwmpas y meini prawf a phenderfynu a allai meini prawf y cymoedd fod yn wahanol i'r rheini ar y coridorau arfordirol oherwydd y pryderon a fynegwyd gan aelodau.

Yn dilyn ymatebion swyddogion, cynhaliwyd trafodaeth fer mewn perthynas â'r Ganolfan Ragoriaeth Fyd-eang ar gyfer Rheilffyrdd. Dywedwyd bod potensial, er y tu allan i'r broses gynllunio, i ddefnyddio manteision cymunedol fel ffordd i Aelodau drafod â datblygwr; gellid ystyried hyn er mwyn helpu i ddarparu rhai o'r llwybrau nad ydynt efallai tua pen uchaf y rhestr flaenoriaethau.

Dywedwyd ei bod yn bwysig rheoli disgwyliadau'r cyhoedd ac anfon y negeseuon priodol mewn perthynas â theithio llesol. Soniodd swyddogion eu bod wedi cael trafodaethau'n ddiweddar â chydweithwyr yn y Tîm Cyfathrebu ynglŷn â hyrwyddo'r gwahanol raglenni gwaith; roedd gan y Tîm Cyfathrebu rôl bwysig o ran sicrhau bod y cyhoedd yn cael eu hysbysu'n gywir.

I gloi, dywedodd Swyddogion eu bod yn cydnabod y cyfyngiadau a phryderon yr Aelodau, a rhoesant sicrwydd bod teithio llesol yn rhywbeth y bydd y cyngor yn ymdrechu ac yn ymrwymo i'w wella drwy'r blynyddoedd; cafwyd ymrwymiad clir gan Lywodraeth Cymru a byddai'r cyngor yn ceisio bod mor uchelgeisiol â phosib.

Yn dilyn craffu, roedd y pwyllgor yn gefnogol o'r cynigion i'w hystyried gan Fwrdd y Cabinet

### 3. **BLAENRAGLEN WAITH**

Nododd yr Aelodau'r Blaenraglen Waith Craffu Adfywio a Datblygu Cynaliadwy ar gyfer 2021/22.

Cytunwyd y dylid trefnu Gweithdy Blaenraglen Waith Craffu Adfywio a Datblygu Cynaliadwy ar gyfer cyfnod yr hydref.

### Regeneration and Sustainable Development Cabinet Board

#### Report of the Head of Property & Regeneration Simon Brennan

17<sup>th</sup> September 2021

**MATTER FOR : Information**

**WARD(S) AFFECTED: All**

#### **Update on the Council's Action Plan following Examination by Audit Wales into the Council's Regeneration Service as part of its Well Being Objectives**

#### **Purpose of Report**

To inform Members of the updated Regeneration Action Plan.

#### **Executive Summary**

To inform Members of the updated Regeneration Action Plan following an examination undertaken by Audit Wales.

#### **Background**

As part of the Well Being of Future Generations (Wales) Act 2015, Audit Wales undertook an examination for the Audit year 2019/20 into the Council's Well-Being Objective **'We Will Deliver Strategic Regeneration Programmes'**

Following fieldwork undertaken by Audit Wales, the main findings were as follows:-

- The Council is seeking to deliver long term improvements to well-being through its Regeneration projects, but it could clarify its ambition and identify measures of success.
- The Council is designing its Regeneration activity to help tackle Social, Economic, Cultural and Environmental decline.

- The Council is seeking to deliver a range of benefits through its Regeneration activity, but could strengthen the links with the Public Services Board's wellbeing objectives.
- The Council is actively looking to work with partners when it delivers its Regeneration projects, but it needs to assess the effectiveness of its collaborations going forward.
- The Council has taken steps to engage with some stakeholders, but it needs to enhance and extend its approach to involvement.

In response to this the Council identified a number of Actions and submitted its **Action Plan** to Audit Wales, which was accepted and approved by the latter.

This matter was referred to Members in the Regeneration and Sustainable Development Cabinet Board Report on the 14<sup>th</sup> May this year. The purpose of this report, therefore, is to inform Members of the updated version of the Action Plan.

**These updates can be found in the Action Plan (Appendix 1) attached in the right hand column titled 'Status.'**

**Also attached as Appendix 2, is an example of a Communications Strategy.**

### **Financial Impact**

The examination undertaken by Audit Wales has been delivered within the budget allocated for audit and inspection work.

### **Integrated Impact Assessment:**

A first stage impact assessment has been undertaken to assist the Council in discharging its legislative duties (under the Equality Act 2010, the Welsh Language Standards (No.1) Regulations 2015, the Well-being of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016.

The first stage assessment has indicated that a more in-depth assessment is not required. The Assessment is attached as an appendix

## **Workforce Impact**

There are no workforce impacts associated with this report.

## **Legal Impact**

Under the Local Government (Wales) Measure 2009 (the Measure) and Well Being of Future Generations (Wales) Act 2015, the Auditor General for Wales is required to carry out audit work of the Council's business as agreed in the audit programme, and to assess whether the Council has made proper arrangements for securing economy, efficiency and effectiveness in the use of its resources.

## **Risk Management**

There are no risk management issues associated with this report.

## **Consultation**

No external consultation has been required.

## **Valleys Communities Impacts**

No Implications.

## **Recommendations**

Having had due regard to the first stage of the Integrated Impact Assessment, it is recommended that Members note the updated Action Plan.

## **Reasons for Proposed Decision**

In order that the Council is compliant with its obligations to the Auditor General for Wales.

## **Implementation of Decision**

The decision will be implemented after a 3-day call in period.

## **Appendices**

The Updated Action Plan, and an example of a Regeneration Communications Strategy.

## **List of Background Papers**

None.

## **Officer Contact**

### Delivering Strategic Regeneration Programmes Wellbeing of Future Generations Examination

#### Action Plan

	Recommendation	Target date	Action	Who	Status
Tudalen 19	<p><b>1 The Council will develop a Strategic Regeneration Plan in the format recommended in the WAO report</b></p>	<p>October 2020</p>	<p>The Council has previously linked its Regeneration programme to National and Regional Strategies. There is a recognition and a clear need for the Council to develop a Strategy that is owned by, and relates directly to Neath Port Talbot itself.</p> <p>The team has already begun work to implement this Strategy. On a national level it will relate to the Welsh Government Action Plan, and at a Regional level to the Swansea Bay City Region Economic Regeneration Strategy. However, it will be unique to, and reflective of, the economic conditions and circumstances within the Borough, and set out how the Regeneration Strategy will address and impact these. It will mirror the 7 National Well-Being Goals, and how these can benefit</p>	<p>Regen. Team.</p>	<p>The team have produced a draft Economic Recovery Plan, are currently working with consultants SQW to develop this strategy. SQW have delivered a similar plan for the South West Wales Region, but are now tasked with enhancing the Council's draft proposals, in order to properly reflect the current circumstances effecting Neath Port Talbot, its communities and its businesses, and develop a short / medium and long term for its Economic recovery going forward. This will form the basis of the Council's future Regeneration Programme.</p>

			<p>Neath Port Talbot itself, whilst also incorporating the Council's own Corporate Plan. In addition, it will be accountable to, and will demonstrate how it will resource and implement the 5 Ways of Working as set out in the Future Generations Act.</p> <p>The Strategy will form the basis of the Council's future Regeneration and Economic Development programmes.</p>		
2	<p><b>The Council will undertake a review of resource, resilience and succession planning for the regeneration team</b></p>	July 2020	<p>The Council has always recognised the importance of the Regeneration Programme and the work of the Regeneration team. However, the team is quite modest in size when compared to other neighbouring Authorities, and can often be stretched. The Authority is already addressing this, and two temporary posts have been created to specifically deal with the Welsh Government's Foundational Economy Project. In addition, in principle and subject to approval, at Corporate level, it has been discussed as to whether two further permanent members of staff are to be added to the team, in particular to support Town</p>	<p>Corporate Directors/ Head of Service/ Regen.&amp; Econ.Dev. Manager.</p>	<p>Unfortunately, due to the Covid pandemic, the Foundational Economy Project has been delayed, and the two posts relating to that project have therefore not been created.</p> <p>The Regeneration team has not recruited any new staff itself, and has been operating with one unfilled vacant post, which going forward will presumably be addressed.</p> <p>However, the two town centre support officers' posts have been filled.</p> <p>The Regeneration and Economic</p>

			<p>Centre Regeneration and Covid-19 Recovery.</p> <p>Furthermore, the Regeneration &amp; Economic Development Manager is having discussions with members of both teams to explore how they can work across team boundaries in times of greatest demand.</p>		<p>Development teams, despite, and partly because, of the pandemic are now working more closely together than ever. Regular 'Teams' meeting are held to ensure that there is cohesion and collaboration between the two sections.</p>
3	<p><b>The Council will expand the role of the Local Project Board to oversee the regeneration programme and provide a basis for consultation and challenge</b></p>	July 2020	<p>The Local project Board has met several times and has been well attended. Particularly encouraging has been the attendance from outside bodies, and especially those from the private sector. To date their main input has been around the TRI projects, and their approval or otherwise, and they have challenged the Council in a constructive way around several of the projects that have been put in front of them for consideration. It is therefore extremely important going forward, that this group is suitably expanded to increase the number and diversity of outside attendees, to broaden the input. In addition, the remit of the Group will also be expanded, to cover a wider scope of projects.</p> <p>We will continue to review the</p>	Regen. Team	<p>Due to the pandemic, the Project Board no longer meets in person, but there is still regular contact between Members of the group, both internally and externally, and consultation and feed-back continues remotely. The group has not yet been expanded, but this will be addressed once restrictions are lifted, and regular working practices are resumed.</p>

			group, and consult with them in order to shape our Regeneration programme going forward.		
4	<b>Council to review and expand measures of success and performance indicators for regeneration projects and performance – to be included in the Strategic Regeneration Plan</b>	Oct. 2020	At present, the only performance indicator directly linked to Regeneration within the Corporate Plan is in respect of number of jobs created/safeguarded. We acknowledge that this is an inadequate tool of measurement, if we are truly going to monitor and assess our outputs, benefits and impacts on our communities as a consequence of our Programme and Strategy. We need our PI's to be far more wide ranging and holistic, whilst at the same time ensuring that they are truly measurable. They have to move away from just the blunt 'jobs created' indicator, and look more in depth at links between Regeneration projects and other less obvious benefits, that will reflect our wider impact, such as levels of inward investment, new start-ups, occupancy rates, social value captured through contracting etc Many of these PI's are already captured by the Council's	Regen. Team	<p>This issue has already been addressed, and examples include several of our recently completed and ongoing Regeneration projects such as the Former Plaza Cinema, Harbour Court, 8 Wind Street and the Bay Technology Centre.</p> <p>Each project has its own set of outcome indicators, and the projects have been monitored and evaluated in this regard from the start of the project, and quarterly progress reports are produced.</p> <p>Regular project team meetings are held to identify and maximise opportunities, and these processes will be adopted for future projects going forward.</p>

			Corporate Performance Management System, but they need to be more directly related to the Regeneration Strategy, and its evaluation.		
5	<b>The contribution of individual regeneration projects to the Wellbeing goals will be assessed and monitored</b>	July 2020	<p>The 7 National Well-Being goals are essentially the fundamentals as to why we are promoting Regeneration as a primary objective in Wales, but just as importantly, in Neath Port Talbot. It is possible that in an endeavour to secure funding and deliver projects, that we can sometimes lose sight of these underlying objectives.</p> <p>Going forward, the 7 goals need greater prominence and form part of the reasoning and objectives of not only our overall programme, but of individual projects as well. In future, they will be a constant source of reference throughout every stage of the project, from inception, through to design, completion and beyond.</p> <p>We will ensure that they are critically assessed and monitored as part of the Project Management function of the team.</p>	Regen. Team	<p>In addition to the monitoring and evaluation referred to above, there is a specific section relating to Well-Being goals.</p> <p>The Bay Technology Centre for example, will be fully evaluated for its economic and social impacts by external consultants, which is an exercise that we have funded from the grant. Whilst we couldn't afford this for all future projects, nevertheless, it will provide a template, which will further enable us to undertake our own internal project evaluations.</p> <p>In respect of our Property Enhancement Development Grants and Sustainable Living Grants, which form part of the Targeted Regeneration Investment programme, each project has to identify the benefits it will provide in terms not only in</p>

					terms of outputs, but also how the scheme will contribute to the Well Being of Future Generations Act and Environment Acts, as well as how it will improve the economic, social, environmental and cultural well-being within NPTCB
6	<b>The Council will promote demonstrable integration of its regeneration programme with the wellbeing objectives of the Public Services Board</b>	July 2020	As part of our more inclusive approach to Regeneration going forward, it will be essential that the team form closer links to the PSB, in order that we may share our proposals at an early stage, to both inform and gain critical appraisal. It will also ensure that we are aligned to our common objectives in terms our Well-Being goals and the Future Generations Act. As part of the Covid-19 situation the team has already Chaired sub-groups of the PSB in order to co-ordinate an Economic Recovery Plan across the Borough, and these new relationships must now be maintained and grown.	Senior Management Team	<p>The Regeneration &amp; Economic Development Manager and Business Team Co-ordinator continue to Chair the Economic Forum Sub-Group, which in turn feeds into the PSB Economic Forum, which they also both attend, together with the Head of Property &amp; Regeneration.</p> <p>The PSB Co-ordinator has also been seconded to form part of and shape the work being undertaken by the consultants, SQW, in order to enhance the linkages between the PSB and Regeneration more generally.</p> <p>The Regeneration Team's Heritage Officer is a member of the PSB's Green Infrastructure and Culture &amp; Heritage Groups.</p>
7	<b>The Council will promote integration</b>	July 2020	Although the Council's two main Employability Programmes,	Senior Management	Despite best efforts, promoting integration between the Council's

	<b>between the employability projects currently being delivered</b>		<p>Workways+ and Communities for Work, remain in separate Directorates, namely Environment &amp; Regeneration and Education respectively, the fact that they are now both working out of shared accommodation at the Workstation has inevitably resulted in the two working more collaboratively together. Likewise, the unfortunate circumstances surrounding employment and Covid-19, and the subsequent response to it, have also meant that there has been a far more joined-up approach to Employability.</p> <p>Two derelict buildings behind the Workstation are to be renovated in order that the two programmes can utilise them as training facilities, and this again will only strengthen the partnership.</p>	Team	<p>Employability Programmes remains difficult. A plan is currently being formulated to attempt to achieve a joint marketing plan, whereby all of the Council's Employability projects will offer a joined-up service to the unemployed members of our communities, which is being funded by Workways+. At a time when unemployment and economic inactivity remain high, supporting a stream-lined service is of paramount importance.</p> <p>Whilst the two buildings at the rear of the Workstation are nearing completion, the emergence from restrictions as a result of the pandemic will dictate its future use.</p>
<b>8</b>	<b>Potential Community Benefits will be considered at an early stage for each project.</b>	July 2020	<p>Community Benefits are of the utmost importance to the Regeneration team and the wider Council. This is demonstrated in the creation of a designated post to concentrate on the issue.</p> <p>Currently there is sometimes a time lag or a lack of synchronicity between Project Management and</p>	Regen. Team	<p>Regeneration officers will discuss Community Benefits with the Economic Development team's Community Benefits Officer as soon as a funding application is being considered, in order to assess targets for outcomes and benefits.</p>

			<p>Community Benefits. It is recognised that this cannot continue, as ultimately, it is to the detriment of our residents and business communities. Going forward therefore, there will be a much greater emphasis to ensure that the Community Benefits officer is engaged at the earliest possible stage, including inception, and regardless of project size.</p>		<p>Community Benefits are being scored by the C.B. Officer at the tender stage of any project, and the C.B. officer will meet the Project Management team and successful contractor at the beginning of each project in order to establish objectives, targets and outputs. The officer attends project progress and working group meetings from the outset</p>
9	<p><b>The Council will develop an internal and external communications and stakeholder engagement strategy to ensure integration and involvement with other areas of the Council and with external stakeholders.</b></p>	July 2020	<p>In a similar way to the above, as well as the Community Benefits officer, we will ensure that all other related Departments and Directorates within the Council are engaged at the earliest possible time for each project. Going forward, the Regeneration Team will ensure that there is an 'Inception Meeting' of the wider Project Team across the Council. In addition, it will invite involvement from outside partners, such as RSL's, NRW and relevant community groups, as appropriate. Critical to this objective, will also be the involvement of our Communications Team. It is essential, that going forward, consultation is not just seen as a</p>	Senior Management Team	<p>The Regeneration Team has adopted individual tailored Communication Strategies for each of its major projects, to ensure that they best reflect the aims and objectives of that particular development.</p> <p>Appendix 2 attached is an example of how this has been put into practise and is a Communications Strategy that relates to the refurbishment of the previously unoccupied listed building at 8 Wind Street in Neath.</p>

			<p>necessary requirement of the Planning Process, but is a genuine attempt and action, in order to gain the input of as many internal and external partners, including the public and community groups, as possible, into each project, at an early stage. This early engagement will not only secure the wider views of relevant professionals but will also reduce the delivery risk associated with each project. With this in mind project meetings have already commenced at senior management level to ensure full Directorate ownership for strategic projects. A Communications Strategy needs to be an integral part of our process, and be given greater prominence than at present.</p>		
10	<p><b>The Council will consider how to expand future collaborative actions with external organisations in deliver regeneration objectives.</b></p>	July 2020	<p>The Regeneration team are already taking steps towards greater integration and involvement of external organisations via such bodies as the Project Board, and more recently, the PSB. However, it has to become even more engrained, as part of the future culture of the</p>	Regen. Team	<p>As previously mentioned, post-pandemic, the team will be looking to increase the membership of the Project Board.</p> <p>Whilst consultation is very often quite difficult due to the very short periods of notice</p>

			<p>service to ensure that we maximise the benefits to our citizens and communities. We must therefore expand further on our objective of integration, inclusion and consultation, in order to fulfil their expectations in line with our own Corporate Plan, the National Well-Being Objectives and the Future Generations Act.</p>		<p>given to submit funding applications, a recent example of effective consultation and collaboration however, was demonstrated during the application process of the Levelling Up Fund. Here, consultees included the two local MP's, the Public Service Board, the Business Improvement District, and the City Deal Economic Strategy Board.</p> <p>In respect of our Property Enhancement Development Grants and Sustainable Living Grants, depending on the nature of the project, then the following are a list of consultees :-</p> <ul style="list-style-type: none"> <li>• Welsh Government</li> <li>• Local Members</li> <li>• Town Councils</li> <li>• BID</li> <li>• Senedd Members</li> <li>• Local Project Board (including external private sector partners and RSL's)</li> <li>• Regional Board (comprising Swansea,</li> </ul>

## **Introduction**

The aim of the project is to bring back into economic use, a listed building in Neath Town Centre (designated as a Valleys Taskforce Strategic Hub), to provide essential office accommodation that will house both new and existing SMEs, create local employment and business support opportunities, as well as attracting further economic investment to the local area.

The project will support the regeneration of Neath town centre and its surrounding areas in line with the aims and objectives of the Building for the Future operation. It is aligned to the Neath Integrated Territorial Strategy and the regional Swansea Bay City Region Economic Regeneration Strategy. In addition, it delivers against a number of Welsh Government initiatives including the Valleys Taskforce, Prosperity for All: Economic Action Plan, Vibrant and Viable Places Programme, the Tackling Poverty Agenda and the Well-being of Future Generations Act.

## **Background**

Neath is an old Market town situated on the River Neath and has existed as a settlement since the Romans established a fort here in the AD 70s.

8 Wind Street is a vacant listed building, occupying a prominent location within the main pedestrian retail area of Neath town centre. The building is also situated within the Neath Town Centre Conservation Area on Wind Street, just opposite Church Place and the historic St. Thomas' Church square.

The current building was constructed in 1868 by Lloyds Bank, to replace a previous building thought to be a bank or Registry office with C18 origins. The three storey building has a strong connection with the Registrar's Office in Neath and accommodated this service from the mid 1900's until 1970. It saw a change of use in 1970 when the Registrar's Office relocated.

The building has three storeys and a basement. The building is attractive having been built of dressed stone and has Victorian sash windows and a panelled double door entrance at each end of the building fronting Wind Street. There is a small forecourt enclosed with plain iron railings at the front.

Its central location makes it very accessible and convenient and is within short walking distance of both Neath Railway Station and Neath Bus Station.

The refurbished building would provide a key employment site within the town centre, complementing other facilities and services in the area.

## **Project Aims**

The aims of the project are:

- To bring a historically important building back into economic use.
- Aesthetically improve a building that comes to view as soon as you enter Neath Town Centre, thus improving the perception of the town, increasing footfall, attracting visitors and encouraging investment.
- Provide office accommodation for new and existing SMEs.
- Provide business accommodation that will promote and attract entrepreneurship and enterprise by providing onsite business support through Enterprise Clubs and Networking Events, as well as creating jobs and training opportunities, attracting further investment, all the while boosting the self-image of the town.

## **Strategy and Approach**

The overall strategy and approach will be to devise a joined up communications plan that supports the delivery of the operation throughout its lifetime.

Effective communication will be important in supporting the project's success, which will be delivered by Neath Port Talbot County Borough Council's Communication team.

This strategy defines the scope and responsibilities of the communications team and the protocols the team will work to, particularly with regards to funding partner branding, media and public enquiries. In particular we will:

- Identify perceptions and potential issues around the project
- Identify and define audiences and stakeholders
- Develop tailored messages for audiences and stakeholders
- Raise awareness of project plans and milestones
- Communicate consistently and regularly
- Generate positive PR

## **Communication Objectives**

Develop project-related communications that will satisfy all stakeholders, including our funders, contractors, NPT residents, businesses and visitors to:

- Raise awareness of the project and gain local and national press coverage via tactical press announcements and media activity

- Ensure all stakeholders are aware of the aims and objectives and benefits of the project
- Engage with relevant stakeholders throughout the life of the project
- Reassure stakeholders that potential and unlikely disruptions will be kept to a minimum
- Celebrate project successes where possible
- Work together to keep all stakeholders informed
- Ensure local people, businesses and media are aware of the benefits of the project through employment and supply opportunities
- Promote the commitment of the Council to the local area's regeneration
- Promote the commitment of the Welsh Government and the Welsh European Funding Office to improving Welsh towns and cities through their respective funding programmes

## **Tactics**

Communications tools and tactics have to be relevant to each specific target audience identified in the stakeholder analysis. Different tools will work for more than one target group; however, the following will form the broad basis for the communications action plan. Specific target groups will be addressed in more detail in the action plan:

### **The Community:**

- **Exhibitions** – exhibitions at local events will offer a comprehensive range of information relating to regeneration projects across Neath Port Talbot, encompassing the redevelopment of the building..
- **Website** – The Council's main website ([www.npt.gov.uk](http://www.npt.gov.uk)) and business website ([www.npt-business.co.uk](http://www.npt-business.co.uk)) will feature all related press releases and associated newsletters
- **Corporate social media sites** will be used to share project updates, press releases and relevant media stories. Platforms used will be Facebook, Twitter and LinkedIn
- **Site notices and guardrail banners** will be erected in public areas with scheme information, including funder logos

### **Business Engagement:**

- Articles in **NPTCBC e-business newsletter/business bulletins** are targeted at the local business community and will promote all stakeholders involved, including the Welsh Government and the Welsh European Funding Office. It will also promote the Council's wider regeneration objectives
- **Events** specifically targeting the business community, such as NPT business club and 'meet the buyer' events will be held to promote business specific issues including local sourcing of materials and services and local labour.

### **The Media:**

- Proactively target media with **regular press** in accordance with project milestones and progress updates
- Plan regular **human interest stories** such as local sourcing of materials/labour, apprenticeships, progress updates, etc.
- **Features** (Construction industry, careers, environmental issues etc.).
- **Media communications plan** to be established with responsibilities/lead identified for each story/issue

### **Responsibilities and Protocol**

NPT's Corporate Communication Business Partner in liaison with the Contractor (once appointed) will be responsible for the implementation of this Communications Strategy. Progress will be reviewed at regular meetings and reported to Welsh Government on a quarterly basis.

Promoting the support from the EU's Structural Funds Programmes, provided through the Welsh Assembly Government, is a condition of grant. This support will be properly acknowledged throughout all project documentation and other publicity and information material, including electronic material. All communications relating to the redevelopment of the building will follow Welsh Government and WEFO's branding guidelines.

All press releases and any branding (e.g. signs, banners) will be sent to Welsh Government's Homes & Places Dept for sign-off prior to release and/or publication.

### **Action Plan**

A media communications plan/forward planner will be created by the Corporate Communication Business Partner and circulated when it becomes available. The plan is organic and will evolve as milestones and news occurs.
