How far do you agree that the above priorities will support us to progress the Economic Well-being of the region?

Please let us know if there are any amendments, including additions, that you would like to see in regards our priorities to meet the Economic Well-being objective

The obsession with Net Zero is doing damage to the economy. Yes, it's important, but a balance needs to be struck.

Rolling back on the net zero objectives. As a small percentage of the small percentage on the UK we are in no economic position to be subjecting local people to impoverishment in pursuit of these questionable targets.

I am being forced to work in the Quays as not staff when It is more than reasonable to do my job from home atleast three days a week . Waste of money having it open ? Waste of money , fuel me driving there ? It's a computer desk job . It's supposed to be hotdesking but my colleagues are forced in 5 days a week . Why? That's not good for the environment either pointless driving. I'm looking for another job. It's really silly.

Bigger use of the waterfront for local and visitor use

Prioritise economic justice and equity, eg remove barriers to many disabled, neurodivergent and non-graduates to applying for funding and starting/growing businesses

How far do you agree that the above priorities will help us move forward with the Regional Transport Plan for south west Wales?

Please let us know if there are any amendments, including additions, that you would like to see in regards to our priorities to meet the Regional Transport objective.

Regional transport plan needs to include improvements for all methods of travel not just cycling. The varying needs of our communities need to be considered.

I would prefer an approach that allows us to compete with other countries on a level playing field. "Sustainable" is good but not if it kills the country.

Decades of employment decline in the inner regions away from the more populated North East and South East of the country has led to a reliance and personal transport to fulfil the needs of the working age population. The concentration of funding to support transport in these areas has been at the detriment of rural inhabitants. The focus needs to be on a sustainable, affordable and reliable transport network in the West and Mid west of Wales. Penalising the use of the congested M4 through tighter and tighter restrictions and penalising the use of personal transport by levying excessive charges parking, etc is harming the economy.

Bus travel is an issue, seem to be a lack of buses in rural areas.

Needs a more forceful approach as the reality is transport is being cut not improved; do we really think 75% move to electric cars by 35 is a good measure what is this based on

Prioritise those who face barriers in accessing public transport, cost of driving, positioning of electric charging stations (most aren't suitable for wheelchair users) Improve public engagement so people can contribute their knowledge and not just do things like this exercise.

How far do you agree that the above priorities will support us to progress the strategic development plan across the region?

Please let us know if there are any amendments, including additions, that you would like to see in regards to our priorities to meet the Strategic Development Plan objective.

Work can start without final guidance from Welsh Government

Start the development before the guidance. It can always be adapted if necessary but will save time

I would prefer you you listen to the electorate and represent their wishes rather than follow your own agenda.

Plan it quicker and more effectively. Have someone accountable for projects not working. Make sure it's being done. Etc etc worked on multiple projects for multiply funds and it's a joke.

Interested in the measures we will be setting just measuring new jobs and businesses is not enough we need to be looking at these jobs and businesses lasting long term. Also set real measures on attracting larger enterprises, this seems as real issue as over the years they have dwindled away

make sure expertise includes the design of inclusive engagement and collaboration processes & systems

If yes, please explain why:

The above question is politically correct nonsense.

The plan will cause a Negative impact on the area. With rising costs and council Tax, little or no heavy industry high paying jobs. The transport plan is non workable, encouraging tourism to use Public Transport then closing down routes or cancelling Public Transport at short notice due to rain. Putting wind farms offshore will have an adverse affect on Rivers and the fisheries.

I cannot practice or invest time in my religion fully because the quays is inadequate for this

Why are disability and age missing from this? As an older, disabled person, your plan will impact my life because I am reliant on the kind of infrastructure that requires coordinated public body action.

Who knows. More nonsense!

Why is the Welsh government going there, as a gay man we have after a long bloody war, we finally are accept by the majority, there will always be some who will never accept us, that is mainly in our eyes, some of those who takes what the bible says as the whole truth. religion has held back our fight to be equal , not just here, but all around the world. The Welsh government should keep they nose of this, as everything it does, sets Wales further back to the rest of the UK. Better if the Senedd spends its time on repairing the damage they have done, here already in Wales. The majority of gay people including me are quite happy, and do not want these clowns in the Senedd touching this and messing up our lives again

What effect do you think our our Draft Corporate Plan priorities for 2024-2025 will have on: (People's opportunities to use the Welsh Language)

What effect do you think our our Draft Corporate Plan priorities for 2024-2025 will have on: (Treating the Welsh language no less favourably then the English language)

Please give the reason(s) for your response to question 8:

Again, PC nonsense.

Only a small portion of thr populas speak Welsh. Outside of the local authority and TV there is no benefit to learning or speaking the language.

Too much resourse being used to prioritise the second language. Costing lives when dealing with medical based communication and money when dealing with civil based communication

You haven't numbered the Questions , on the mobile phone there are no numbers.

not enough detail to be able to answer positively

I'm assuming you've got to do those by law, even though the priorities don't mention them

It always comes down to this, the Welsh language, a language that only 15 % speak or understand. Money as been wasted on this, the priories of the Welsh Language is a waste of money & time. Its education Wales needs, anyone who wants to learn how to speak, understand or read Welsh can do so in Evening classes as such, I do not think that our language needs to be on a draft corporate plan

In your opinion, what **positive effects** would our our Draft Corporate Plan priorities for 2024-2025 have on people's opportunities to use the Welsh language?

Why would it have any effect whatsoever?

None

Hopefully none. It's ridiculous that that's a priority. One in three school aged children live in poverty. Sort that out first. I'm all for the Welsh language but people's health and food come first.

Who knows? Even more nonsense!

None what so ever, it as mean that English speaking Welsh people are now being treated as a 2nd class person, we are mean to be feel as 2nd class Welsh people, due to us not using Welsh, its being ram down our throats, by those useless clowns in the Senedd

In your opinion, what **positive effects** would our our Draft Corporate Plan priorities for 2024-2025 have on treating the Welsh language no less favourably than the English language?

None

cost less. more effcient public services especially when dealing with authority controlled organisations. the amount of parts to this question as example? Too much emphasis on the importance of the Welsh language. A view not widely supported

Don't care.

Ditto, more difficult to answer questions!

You should be asking that question, the other way around, those clowns in the Senedd are now treating the 85%of us as 2nd class, we are now deny working in the civil service if we cannot speak Welsh, or want to learn it, without those, we are now unable to work in the civil service here in Wales, but we are allow to work anywhere else in the UK, apart from our country of birth. This is the Welsh government again singling out non Welsh speakers

In your opinion, what **adverse effects** would our our Draft Corporate Plan priorities for 2024-2025 have on people's opportunities to use the Welsh language?

Any benefit would only be for a small proportion of the people, which is unfair.

Don't care.

Ditto, not enough information has been given to make sense or answer these questions!

Nothing, people are leaving Wales now, if they want to work in private section, and do not speak Welsh or want to learn it, just to get a job

In your opinion, what **adverse effects** would our Draft Corporate Plan priorities for 2024-2025 have on treating the Welsh language no less favourably than the English language?

Id you priorities the Welsh language over the majority English speaking populas it will cause a negative impact and also br detrimental to tourism.

Dont care

Ditto again

As far as I can see the Welsh government is treating the English speaking Welsh people far less favourably then those who speak Welsh

How do you think our Draft Corporate Plan priorities for 2024-2025 could be developed or revised so that they would have positive effects, or more positive effects on people's opportunities to use the Welsh language?

The Welsh language has no monetary value to it, thats why people learn English or Cantonese. Why push the Welsh language it doesnt benefit the region in any way.

Dont care.

Make the Welsh language offer explicit in the priorities

Ditto

You can't, thanks to those clowns in the Senedd the damage is done, the majority of us see this promote by the clowns as a step too far

How do you think our Draft Corporate Plan priorities for 2024-2025 could be developed or revised so that they would have positive effects, or more positive effects on treating the Welsh language no less favourably than the English language?

The fact you are trying to push the Welsh language tells you all you need to know aboutthe proposal / Plan.it will noy bring prosperity to Wales in any way shape or form.

Dont care

Use easy language . Drop the jargon . Drop the platitudes.

Same answer as 8. g

How do you think our Draft Corporate Plan priorities for 2024-2025 could be developed or revised so that they would not have adverse effects, or would have less adverse effects on on people's opportunities to use the Welsh language?

Why does it matter, nobody is going to invest in Wales just for the opportunity to learn Welsh

Fwy o gyfle i ddysgu Cymraeg

Ditto

When over 3 quarters of us do not understand Welsh we don't need opportunities to used Welsh, English to the majority of us, is what we speak in Wales, yet those clowns are wasting public money on promoting the used of Welsh

How do you think our Draft Corporate Plan priorities for 2024-2025 could be developed or revised so that they would not have adverse effects, or would have less adverse effects on on treating the Welsh language no less favourably than the English language?

Drop the Welsh language

Fwy o Gymraeg

Ditto

Just stop wasting money & time, allow people to work in the civil service in Wales, no matter if they speak English or Welsh
