TREASURY MANAGEMENT MONITORING 2024/25

Purpose of Report

1. This report sets out treasury management action and information for 2024/25.
2. This report will also be forwarded to the next Governance and Audit Committee in line with the Council's Treasury Management Practices Scrutiny arrangements.

Rates of Interest

3. After a higher level of inflation over the past couple of years, in May we saw this level reduce back down to the Bank of England's target of 2% - the first time it has been at this since July 2021. Since May it has dropped further.
4. Our Treasury Management advisors, Link Group, sets out a view that once it is evident that the Bank of England has been successful in controlling the level of inflation, they expect interest rates will start to fall. This started on 1st August 2024 where they reduce the base rate to 5%.

5. They are currently projecting base rates as follows:

- Dec-24: 4.50%
- Mar-25: 4.00%
