Neath Port Talbot Public Services Board Half Year Progress Update

## **Purpose of the Report:**

To enable the Scrutiny Committee to exercise the powers to scrutinise the work of the Public Services Board (PSB) set out in Section 35 of the Wellbeing of Future Generations (Wales) Act 2015 by providing the Committee with a progress report on how the Public Services Board is working towards its Well- being Objectives of the NPT Well-being Plan 2023-28 during the first half of the year 2024-25.

## **Executive Summary:**

Section 36 of the Well-being of Future Generations (Wales) Act 2015 places a duty on public services boards to:

"improve the economic, social, environmental and cultural wellbeing of its area by contributing to the achievement of the wellbeing goals (S36(1)).

A public services board's contribution to the achievement of the goals must include (S36(2)):

- a) assessing the state of economic, social, environmental and cultural well-being in its area
- b) setting objectives that are designed to maximise its contribution within its area to achieving those goals, and
- c) the taking of all reasonable steps by members of the board (in exercising their functions) to meet those objectives

In 2022, the Neath Port Talbot Public Services Board published its Well-being Assessment, discharging a) above. The Well-being Plan 2023-28 was published on 4<sup>th</sup> May 2023 discharging b). The PSB are now in the process of delivering on the Plan discharging c).

The PSB has adopted Neath Port Talbot Council's well-being objectives for its Well-being plan 2023-28 and agreed on a governance structure of new and existing partnerships to support delivery. There are six workstreams delivering on the four well-being objectives and they currently provide six monthly detailed highlight reports to the Board which then inform the PSB Annual Report, published in July each year.

The May to October 2024 highlight reports are attached as appendices and a summary of progress for this period is as follows:-

#### All our children have the best start in life

An Early Years, Children and Young People's Plan for NPT has been published. Work is underway to develop partner led delivery groups for each of the priorities in the Plan where action plans will be developed.

- The Curriculum for Wales is now rolling up to Year 9 in schools.

## **Background:**

The Wellbeing of Future Generations (Wales) Act 2015 places a duty on local authorities, health boards, fire and rescue services and Natural Resources Wales to establish a Public Services Board in each local authority area to improve the economic, social, environmental and cultural well-being of its area.

The Neath Port Talbot PSB was established in 2016.

The PSB is made up of the following membership:

#### Statutory partners:

- Mid and West Wales Fire and Rescue Authority
- Natural Resources Wales
- Neath Port Talbot County Borough Council
- Swansea Bay University Health Board

#### Invited participants/ other partners:

NPT Council for Voluntary Service
Town and Community Councils
South Wales Police
Police & Crime Commissioner
Department of Work and Pensions
Swansea University

Tai Tarian
Coastal Housing
Pobl Group
NPTC Group of Colleges
National Probation Service
Welsh Government

The current Neath Port Talbot Well-being Plan was published in May 2023.

## **Financial Impacts:**

There are no additional resources allocated to the Public Services Board to help implement the Plan, consequently, partners are required to work together to identify how proposed steps can be moved forward.

## **Integrated Impact Assessment:**

Prior to publication of the NPT Well-being Plan in May 2023 an Integrated Impact Assessment was undertaken to assist the Council in discharging its legislative duties (under the Equality Act 2010, the Welsh Language Standards (No.1) Regulations 2015, the Well-being

of Future Generations (Wales) Act 2015 and the Environment (Wales) Act 2016).

### **Valleys Communities Impacts:**

The steps in the Well-being Plan are being delivered across Neath Port Talbot communities.

#### **Workforce Impacts:**

The four areas for focus set out in the well-being objectives will have implications for the workforces of all of the organisations who participate in the Board's work.

As the well-being objectives are the same as those featured in the Council's Corporate Plan the impact should be a positive one for the council workforce as there will be a collaborative approach to the issues identified which will help maximise the impact we are able to make.

## **Legal Impacts:**

This report enables the Cabinet Scrutiny Committee to exercise the powers to scrutinise the work of the Public Services Board as set out in Section 35 of the Wellbeing of Future Generations (Wales) Act 2015.

## **Risk Management Impacts:**

Failure to deliver on the Well-being Plan could potentially lead to the Future Generations Commissioner exercising his powers to conduct a review into the extent to which the Board are meeting duties under the Act which could lead to action also by Welsh Ministers. This could impact on the Council reputationally and also lead to additional resources being required to meet the duties.

### **Crime and Disorder Impacts:**

The Council has a legal duty under Section 17 of the Crime and Disorder Act 1998 to carry out all its various functions with "due regard to the need to prevent Crime and Disorder in its area". Wellbeing Objective 2 assists in discharging this duty.

# Violence Against Women, Domestic Abuse and Sexual Violence Impacts:

The Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2016 places a new general duty on local authorities to have regard (along with all other relevant matters) to the need to remove or minimise any factors which increase the risk of violence against women and girls or, exacerbate the impact of such violence on victims. Well-being Objective 2 assists in discharging this duty.

#### Consultation:

There is no requirement to consult on this item.
