

# **NEATH PORT TALBOT COUNTY BOROUGH COUNCIL**

## **Environment and Highways Cabinet Board**

29 October 2015

### **Report of the Head of Engineering & Transport**

D. W. Griffiths

#### **Matter for Decision**

**Wards Affected:** All

#### **Draft Road Safety Strategy 2015-2020**

#### **Purpose of Report**

- 1 To seek permission to consult on the Road Safety Strategy 2015 - 2020
- 2 To formalise Road Safety delivery for 2015 - 2020 in line with the UK Government Strategic Framework for Road Safety and the Welsh Government Road Safety Framework for Wales

#### **Executive Summary**

- 3 The Neath Port Talbot Road Safety Strategy 2015 - 2020 outlines our statutory responsibility under the Road Traffic Act 1988, whilst evaluating our current statistical performance against set Welsh Government targets.
- 4 Also included is an in depth analysis of the challenges we face from an all Wales perspective, with a proposed delivery model of interventions for Neath Port Talbot for the next five years.

#### **Background**

- 5 In response to the UK's Government Strategy the Welsh Government produced their Road Safety Framework for Wales in July 2013 and whilst central Government did not announce specific road safety targets the Welsh Government Minister for Economy,

Science and Transport set the following National Targets to be achieved by 2020:

- A 40% reduction in the total number of people killed and seriously injured on Welsh roads based on the average figures for 2004-08, resulting in 562 fewer killed and seriously injured casualties
- A 25% reduction in the number of motorcyclists killed and seriously injured on Welsh roads based on the average figures for 2004-08, meaning 64 fewer motorcyclists killed and seriously injured casualties.
- A 40% reduction in the number of young people (aged 16-24 years) killed and seriously injured on Welsh roads based on the average figures for 2004-08, meaning 139 fewer young people killed and injured casualties.

6 We recognise therefore that we must continue to maintain a high profile on road safety and casualty reduction work and increase effective measures to cut road traffic casualties. This Road Safety Strategy aims to build on the success of services provided to date by focusing on areas that have been identified locally as priorities:

- Road Safety Education and Training for Children, Learner and Young Drivers/Passengers
- Motorcycle casualties, particularly young moped riders and adult riders on larger bikes
- Vulnerable Groups – Older Drivers, Pedestrians, Cyclists
- Local Businesses – those driving for work

### **Financial Impact**

7 There are no direct financial implications. The Strategy is funded via Road Safety Revenue, Welsh Government Grant and income generation

### **Equality Impact Assessment**

8 In order to assist the Council in discharging its Public Sector Equality Duty under the Equality Act 2010, an Equality Impact Assessment Screening Exercise has been carried out. The

Screening Exercise concluded that there is no requirement to carry out an EIA.

### **Workforce Impact**

9 There are no workforce impacts in respect of this report.

### **Legal Impact**

10 Road Safety is a statutory responsibility for Local Highway Authorities with section 39 of the 1988 Road Traffic Act placing a duty to prepare and carry out a programme of measures designed to promote road safety; conduct studies into accidents on roads, other than trunk roads within their area; take appropriate measures to prevent such accidents including the dissemination of information and advice relating to the use of the roads; the giving of practical training to road users; the construction, improvement, maintenance or repair of roads for which they are the highway authority.

The Strategy when implemented will discharge our legal duty.

### **Risk Management**

11 There are no significant risks in adopting the Strategy which positively aims to reduce the risk of casualties on the County Highway network.

### **Consultation**

12 The Strategy document will be the subject of external consultation utilising the public facing consultation portal 'Objective', alongside Members, Neath Port Talbot Assembly Members, Police and Fire and Rescue Service, Youth and Older Persons Council, NPT Approved Driving Instructor Association, RoSPA and the Go Safe Camera Partnership.

### **Recommendations**

13 That having considered the report that authority is granted to consult on the Draft Road Safety strategy 2015 - 2020.

## **Reason for Proposed Decision(s)**

- 14 To obtain feedback from the consultation process in order to inform and finalise a Road Safety Strategy 2015 - 2020 for adoption by Council

## **Implementation of Decision**

- 15 The decision to consult will be implemented after the three day call in period.

## **Appendices**

- 16 Appendix 1 – Draft Road Safety Strategy 2015-2020

## **List of Background Papers**

- 17 Road Traffic Act 1988 (Section 39)
- 18 UK Government Strategic Framework for Road Safety 2011-2010
- 19 Welsh Government Road Safety Framework for Wales 2013-2020
- 20 Welsh Government Statistical Report
- 21 Police Recorded Stats 19 data
