<b>WARD:</b>	Port Talbot

**Mrs Mowbray** (for and on behalf of Mr and Mrs P Soderstrom) has written in with further submissions which raised concerns over the accuracy of the plans and omitted southern elevation, including the position of the required new door. She has also raised questions regarding the Notice served on the adjoining neighbour.

In response, the following comments are made: -

- The agent has submitted an amended plan which includes the southern elevation, and now identifies the location of the new access door, and the obscure glazed bedroom window. Accordingly, condition 2 shall be amended to refer to the following drawing: -
  - Drawing no. PL001 Revision 16 (29.9.16)
- The neighbour has been advised that 'Notice' was served on them on 12<sup>th</sup> February 2016 because the guttering was shown to overhang their property. The plans have since been amended to remove the overhanging guttering, such that Notice is no longer technically required. The neighbour has advised the owner of their objections to development on, over or under their land, but has been advised by Officers that these are private legal matters outside the scope of planning control.
