### **REPORT OF THE HEAD OF LEGAL SERVICES**

#### **MATTER FOR INFORMATION**

#### **WARDS AFFECTED: ALL**

#### **Public Services Ombudsman for Wales Annual Letter and Report 2016/2017**

##### **Purpose of Report**

1. To advise Members of the receipt of the Ombudsman's Annual Letter and the publication of his Annual Report.

##### **Background**

2. In recent years the Public Services Ombudsman for Wales ("the Ombudsman") has adopted the practice of sending an annual letter to each local authority which comes within his jurisdiction. A full copy of the letter and Factsheet is reproduced for Members at Annex 1.
3. Comparatively little commentary is required on the Annual Letter. The number of service complaints received by the Ombudsman is set out in Section A of the Factsheet. As compared with a national local authority average of 39 complaints (adjusted for population) there were 38 complaints against this Council. Therefore the number of complaints received is more or less what one would expect from the population size of the Council area. This is to be welcomed. However it should be noted that we are no longer a direct provider of general housing – a function which generally attracts some complaints and the number of complaints has increased from 33 last year.
4. The mix of complaints is dealt with in Section B of the Factsheet. The numbers in the various categories are similar to the Welsh average overall. The numbers are slightly higher for roads and transport and I have offered to review the cases with the Directorate.

5. The percentage of cases requiring intervention from the Ombudsman is comparatively low (see Table D).
6. In the remainder of this report I look at the annual report of the Ombudsman for the financial year 2016/17. I have reproduced at Annex 2 the Executive Summary from the Ombudsman's report intended to give Members a flavour of the business handled by the Ombudsman's office in the year in question. It is to be noted that there is an overall decrease in the number of Code of Conduct complaints against county and county borough councils. Overall, cuts in public expenditure create an environment in which there can be a mismatch between public expectations and the service which can be provided. This will make it even more important to deal promptly with any complaints which arise and look for practical and achievable solutions.
7. While the number of Code of Conduct complaints against members of county and county borough councils fell between the financial year 2015/16 and 2016/17, however, there was a marked increase in the number of complaints against community councils.
8. Annex 3 contains the statistics for all county and county borough councils in Wales in relation to service complaints. This table deals with cases closed rather than cases received.
9. Annex 4 contains statistics relating to code of conduct against members of county and county borough councils complaints in Wales.

Dear Mr Phillips

### **Annual Letter 2016/17**

Following the recent publication of my Annual Report I am delighted to provide you with the Annual Letter (2016/17) for **Neath Port Talbot County Borough Council**.

Overall my office's caseload has increased by 13% this year, with public body complaints seeing a 3% increase.

Once again there has been a further rise in the percentage of health complaints, from 36% to 38%. Housing (13%), social services (9%) and planning and building control (8%) remain other significant areas of complaint.

The number of code of conducts complaints decreased by 14% from 2015/16 and I am particularly pleased about this as historically my office experiences a surge in complaints in the year leading up to local elections.

It is concerning that of the 18 local authorities that agreed with my office to implement recommendations, only 10 of them complied 100% within the target time set. My office will be looking closely at compliance levels over the coming year.

During 2016/17, I produced six public interest reports and one 'special report'. All but one of the investigations were health related and, worryingly, three of the cases were against the same hospital – Ysbyty Glan Clwyd run by Betsi Cadwaladr University Health Board. The special report, issued against Hywel Dda University Health Board for failing to implement my recommendations following an early resolution, was the first of its kind against a health board but underlines the need to comply with commitments made through early resolution in the same way as I would expect for recommendations arising from upheld complaints.

The remaining public interest report related to a local authority's role in overseeing the savings of looked after children.

Earlier this year I issued a thematic report entitled [Ending Groundhog Day: Lessons from Poor Complaints Handling](#). This highlighted cases from across devolved public services in Wales where investigations by public bodies have been inadequate and failed the service user. The report emphasised the need for effective governance across the Welsh public sector, robust staff training and improved methods of data collection. If you have not considered the report I would encourage you to do so.

I continue to place importance on the improvement function of my office. Last year I assigned Improvement Officers to several bodies and this will continue in 2017/18. In engaging with these bodies we hope to see ongoing improvements in complaints handling, learning and putting things right, along with the governance arrangements necessary for continuous improvement.

I am hopeful that the National Assembly will shortly be introducing new Ombudsman legislation that will help drive up standards. It is important that Wales continues to adopt best practice in complaint handling and public service improvement and does not get left behind.

In reference to your local authority, the number of complaints received by my office has increased from 33 in 2015/16 to 38 in 2016/17. Roads and Transport (9) was the highest area of complaint followed by Environment and Environmental Health (6) and Adult Social Services (5). PSOW intervention was required in only 8% of cases.

You will find below a factsheet giving a breakdown of complaints data relating to your Local Authority. This year we have included a new set of statistics regarding Ombudsman interventions. These include all cases upheld by my office as well as early resolutions and voluntary settlements.

This correspondence has been copied to the Leader of the Council for consideration by the cabinet. I will also be sending a copy to your contact officer within your organisation and would again reiterate the importance of this role. Finally, a copy of all annual letters will be published on my website.

Yours sincerely

Nick Bennett

Public Services Ombudsman for Wales

David Michael, Contact Officer

# Annual Report Executive Summary

A summary of the 2016/17 Annual Report of the Public Services Ombudsman for Wales

INNOVATION  IMPROVEMENT  INFLUENCE

I am delighted to be able to report substantial progress in the activities of the office over the past year, with specific reference to our three year strategic themes of innovation, improvement and influence, which have led to substantial increases in outcomes for complainants and, I hope, positive impacts on public services.

In terms of innovation the office made further progress on compliance, ensuring that recommendations for improvement are implemented and that we ensure that the learning from complaints is acted upon.

The improvement function has started well. All Improvement Officers have developed specific action plans for the relevant bodies in jurisdiction this has led to a number of specific improvements in their complaint handling cultures.

One area of particular improvement was the improvement on timescales – with a move towards complainant centred timescales. The establishment of the Code Advisory Group has meant the proactive oversight of code of conduct complaints, and a seven per cent reduction in cases taking longer than six months.

I was delighted that my first thematic report on Out of Hours services led to a peer review by the Welsh Government to be implemented throughout 2017. I produced a further thematic report Ending Groundhog Day, Lessons from Poor Complaint Handling in March 2017.

In 2016/17 there was a further increase in the use of Voluntary Settlement, an increase of some 26% per cent on the previous year. However, whilst this can lead to speedier resolution for complainants and cheaper processes for public services, it is important that Early Resolution is not seen as some form of easy escape for bodies in my jurisdiction.

I published six public interest reports in the course of the year, three of which were in relation to Betsi Cadwaladr University Health Board, a number of health reports also related to Out of Hours services.

In May 2016 I issued a Section 22 report against Hywel Dda University Health Board when it failed to comply with an Early Resolution agreement. I expect the same level of compliance to an Early Resolution as with a recommendation emanating from an investigation.

In terms of our influence and collaboration with other bodies inside and outside Wales, 2016/17 was a busy year. We implemented joint Internal Audit arrangements with the Older People and the Children's Commissioners and also implemented payroll arrangements for the Future Generations Commissioner. I was also delighted to participate in Wales Audit Office events on complaints in both North and South Wales. Memoranda of Understanding were signed with a number of Commissioners and Healthcare Inspectorate Wales.

During 2016/17 we submitted a Regulatory Impact Assessment to the Finance Committee and I am very hopeful that the legislation will now be taken forward in 2017/18.

Finally, 2016/17 was a year of not just positive activity, but of positive outcomes. Despite the challenge of increasing workloads the number of complainants who received a positive outcome from my office, either through voluntary settlement or an upheld complaint, increased by 16 per cent!
