The Welsh Language Standards

The Welsh Language Standards (No.1) Regulations 2015 imposed on County Councils and County Borough Councils, national parks and Welsh Ministers a range of standards of conduct in respect of the Welsh Language. The standards were grouped into the following areas:

- service delivery
- policy making
- operational
- promotion
- record keeping

Under the Welsh Language (Wales) Measure 2011 the Welsh Language Commissioner was permitted to apply standards, that were considered reasonable and proportionate, along with imposition dates (dates by which compliance was required) to these bodies.

The Challenge

The Council lodged a challenge to 54 standards in January 2016 on the grounds they were unreasonable and disproportionate in terms of timescale, staffing levels, or the additional finances required to comply. As a consequence, and in accordance with section 60(2) of the Welsh Language (Wales) Measure 2011, the requirement for the Council to comply with these standards has been postponed until:

- a) the Commissioner has determined whether or not the requirement is unreasonable or disproportionate, and
- b) the council's rights to appeal are exhausted.

The challenge process has been lengthy and demanding. However, during 2017-2018 ongoing dialogue with the Commissioner's representatives helped clarify the interpretation of the standards as applied to the Council.

Consequently, we were able to reassess our position and were able to identify a number standards with which we were able to comply as well as standards which, with some modification, were workable in practice.

As a result during 2017-2018 the majority of standards being challenged were determined, including a few which were not applied. Following further meetings with the Commissioner's representatives during the latter part of 2017-2018 issues with the remaining standards were resolved. The Commissioner's final determination was received on 28 April 2018.

The compliance notice that was valid during 2017-2018 is attached at **Appendix 1** for information. This compliance notice also identifies which standards remained part of the challenge and are therefore not part of this report.

Implementing the Standards

The Council has ultimate responsibility for the implementation of the standards, with the Chief Executive having responsibility for ensuring arrangements are in place to secure compliance. In addition, we recognise that each member of staff has a role to play in the successful implementation of the standards.

The Heads of Service Equality and Community Cohesion Group has responsibility for overseeing the implementation of the standards and consists of representatives from each of the Council's directorates along with the Cabinet Member for Corporate Services and Equality.

A Welsh Language Officer Group was re-established in 2016 in order to support the administration and implementation of the standards, to help with the early resolution of any issues that may occur and to support staff in the delivery of services in accordance with the duties placed on the Council.

The Group has been instrumental in establishing processes for capturing language preference, identification of appropriate text for use in email signatures, etc., as well as being the driver for both internal and external awareness campaigns.

Welsh Language Officer Group actions are reported to the Heads of Service Equality and Community Cohesion Group, and are in turn reported at individual directorate management teams for action/information.

During 2017-2018 the Council's Policy and Resources Scrutiny Committee and Cabinet Board were responsible for keeping the implementation of the standards under regular review and were responsible for monitoring performance against the standards. With the decommissioning of the Policy and Resources Scrutiny Committee and Cabinet Board from May 2018 responsibility has passed to Cabinet and Cabinet Scrutiny Committee.

All information and support materials relating to the implementation of the Welsh Language Standards are available on the intranet and can be accessed by all staff. What is required from staff in implementing the requirements of the standards is publicised through Corporate Management Group, directorate management teams, team meetings as well as through the Council's usual internal publicity mechanisms, e.g. the internal newsletter, 'In the Loop'.

Meeting the Service Delivery Standards

During the latter half of 2017-2018 we began working with Menter Iaith Castell-nedd Port Talbot to identify areas for improvement in implementing of the standards. Menter Iaith Castell-nedd Port Talbot has undertaken an audit of the 20 most visited pages on our website and our main telephone line, undertaken mystery shopper exercises across a number of service areas, is helping develop a Welsh dictionary of commonly used terms and phrases used in social media and is providing advice and support in the development of the Welsh Language Promotion Strategy.

At the time of writing this report, a draft report has been received from Menter Iaith Castell-nedd Port Talbot following the undertaking of the above audit with feedback being generally positive. The majority of service users who took part in the audit felt that they were able to use their language of choice and felt that steps had been taken to improve the front line services over recent months. While this was particularly true of the main telephone a number of people were less satisfied when they required specific information or expertise and were transferred from the front line operator to a department; it was often the case that the conversation could not continue through the medium of Welsh. Menter Iaith has acknowledged that 'this is completely understandable when considering that less than 10% of Neath Port Talbot County Borough Council's employees are Welsh speakers'.

'When we look at the number of measures that Neath Port Talbot had appealed against we were worried that no services would be available through the medium of Welsh however things like having a bilingual phone operator have improved things, and although the service isn't perfect we can see that there are small improvements.' **NPT resident**

Menter Iaith report indicated that generally service areas responded to correspondence, both written and email correspondence, in a timely manner however there were some services that did not respond. We are looking into this as a priority to understand the reasons for this situation and to ensure that procedures are in place to improve response times.

On receipt of Menter Iaith Castell-nedd Port Talbot's final report we will consider appropriate mechanisms to fully address the findings of the audit which will ensure that further improvements are made.

Translation

Translation, including timescales and costs, has been a major consideration for the Council since the implementation of the standards. The volume and logistics of translating all relevant documents and materials has placed a significant burden on services which is likely only to increase over the coming years. As there are a limited number of Welsh speakers employed in the Council who are confident in their written skills this has placed additional pressures since the implementation of the standards on the Welsh Translation Unit, a shared service with the City and County of Swansea.

Costs associated with translations increased during 2016-2017 when the standards were first implemented. While there has been a substantial reduction in costs during 2017-2018 it is anticipated this will be reversed during 2018-2019 when the requirements of standard 41 take effect and various time bound documentation require revision.

	2016-2017	2017-2018
Total cost of translations (where able to be identified)	£72,009	£57,579

Correspondence

Letterhead templates include the standard text 'We welcome correspondence in Welsh and will deal with Welsh and English correspondence to the same standards and timescales' which reflects the requirements of the relevant standards.

Language preference

In order to establish a person's language preference, email signatures now contain the text 'If you would like to use Welsh when dealing with the Council please click [here](#)'. The hyperlink links to an online form which, when completed, automatically registers a person's language preference on a database which services can access and utilise. This was introduced in April 2017 but as at end of March 2018 no one has registered to receive correspondence/telephone calls in Welsh. This change to the signature and establishment of the database was communicated to staff via the Council's internal newsletter in May 2017.

Main telephone number

During 2017-2018 there were 1,303 (1.04%) recorded calls to the Welsh language service via the main telephone number. The total number of calls received for the same period through our main telephone number was 125,094. The Council's performance in answering Welsh language calls compared to English language calls during the period:

	2016-2017		2017-2018	
	Welsh Calls	English Calls	Welsh Calls	English Calls
Average time to answer	18 seconds	21 seconds	23 seconds	18 seconds
Abandoned rate (adjusted for calls abandoned within 5 seconds)	10.8% (139 of 1,280)	3.71% (5,371 of 144,785)	15.1% (197 of 1,303)	2.64% (3,302 of 125,094)

Calls in comparison with 2016/17 have remained broadly similar in number; 1,280 compared to 1,303 in 2017-2018. A small increase in abandoned calls was due to the slight reduction in overall calls which has resulted in an increase in our abandoned percentage.

For comparative purposes the time taken to answer between Welsh and English calls and the lesser number of available bilingual officers means that wait times may be slightly higher and as a result abandoned calls can be slightly higher as a percentage. The much smaller number of calls can mean that percentages are affected to a greater degree compared to the remainder of the Contact Centre demands where call numbers are in the tens of thousands.

Direct Line Telephone calls

As the requirements of the standards in relation to answering direct line telephone calls mirrored established practice and procedures within the Council there was little adjustment required other than staff reminded of the procedures through guidance notes, team meetings and other internal publicising methods.

The employee directory has been updated during the year to identify staff who are able and willing to use their language skills to help provide services to the public in Welsh either in their own area of work or more generally across other services. As at the end of March 2018 the number of staff identified with Welsh language skills in the employee directory was 94, more than double the number for the previous year.

Social media

In response to the Welsh Language Standards, corporate Welsh language Twitter and Facebook accounts have been created. As at 31 March 2018:

	31 March 2017	31 March 2018
<u>Twitter</u>		
English corporate account -	10,705 followers	11,937 followers
Welsh corporate account -	98 followers	160 followers
<u>Facebook</u>		
English corporate account -	4,783 followers	6,337 followers
Welsh corporate account -	22 followers	27 followers

In addition individual service areas have their own social media accounts; 80 in total.

During 2017-2018 recognising the increasing need to provide a more spontaneous service on our corporate social media accounts as well as in response to a breakdown in previously established processes we established a Media Content post. This has helped ensure that our corporate Welsh language social media accounts are as proactive as well as responsive to posts as possible.

As a result of resource constraints and the restrictions on recruitment, our capacity to provide a service through individual service area social media accounts in both Welsh and English is limited. Planned posts are available bilingually but the language used in spontaneous posts is dependent on the language skills of the member of staff responsible for posting to the account. However, with the establishment the Media Content post as well as developing a dictionary of commonly used terms and phrases we expect to see a gradual increase in the number of Welsh language communications.

Website updated and bilingual

As part of the Council's ongoing drive for clearer and more accessible information, work continues to be undertaken to update and streamline the website as well as to ensure that the content for which the Council is responsible is bilingual.

100% (1,103 webpages) of our webpages were bilingual as at 31 March 2018, compared to 99.9% (1,095 of 1,096) as at 31 March 2017.

During 2017-2018 there were 2,845,526 hits on our website, with 24,192 (0.85%) of these on the Welsh webpages; this compares to 2016-2017 where there were 2,838,679 hits with 21,230 (0.75%) of these on the Welsh webpages.

Public meetings and events

Since its first Welsh Language Scheme, the Council has been committed to the use of Welsh at public meetings in those areas where the language is predominant, with simultaneous translation where necessary. Procedures for arranging such meetings have been long established and largely remain unchanged. However, the more detailed requirements of the standards have necessitated some revisions which have been included in the revised staff guidance.

While the number of public events held by the Council has reduced over recent years procedures for arranging events remain and, as with the procedures for arranging public meetings those for arranging public events have been updated to reflect the standards and have been publicised to all staff.

Reception areas

Staff at our reception areas in both Neath and Port Talbot Civic Centres wear badges identifying them as Welsh speakers/Welsh learners. However, there are instances when a Welsh language service cannot be provided at reception areas, due to the absence of these staff members, and alternative arrangements are in place to

provide a Welsh language service. All staff are aware of these arrangements which utilise staff from other service areas as identified in the employee directory which is available on the intranet.

Although the standard relating to the provision of a Welsh language reception service was subject to challenge, during 2017-2018 15 people (0.02%) wished, and were able, to conduct their enquiry through Welsh, out of a total number of 65,259 enquiries, this compares to 26 people (0.03%) out of a total number of 71,589 enquiries in 2016-2017.

Meeting the Policy Making Standards

The revised equality impact assessment form and guidance continues to be used when developing policies and strategies and both are available to staff via the Equality Impact Assessment page of the Performance Hub on the intranet.

Following the local government elections in May 2017, as part of their induction elected members undertook training on a variety of topics including equality; the focus of the sessions were Introduction to the Equality Act 2010, Effective decision making, Welsh Language Standards and Members' roles and responsibilities. The sessions included a specific section on the equality impact assessment process taking into account the requirements of the Equality 2010, the Welsh Language Standards and requirements in relation to consultation (both legislative and good practice).

The impact assessment form and guidance was once again revised towards the end of 2017-2018 to take into account the further legislative requirements of the Wellbeing of Future Generations (Wales) Act 2015 and the Environment Act 2016. The revised assessment process is due to be introduced in September 2018 following targeted training sessions for those staff who have responsibility for developing policy and strategy and writing the accompanying decision reports for Cabinet/Cabinet Boards. Elected members will also receive training to become familiar with the new requirements and to reinforce the existing equality and Welsh language requirements

Grants

Relevant staff have been made aware of the requirements in relation to grant applications and application forms and/or information relating to grant applications have been updated to meet the requirements. The Third Sector Grant 2018-2019 application forms and supporting material have been revised to reflect the requirements of the Welsh Language Standards with the first monitoring reports to include these requirements due in January 2019.

Meeting the Operational Standards

The Operational Standards relate primarily to the human resources functions and the internal administration of the Council. A number of these standards reflect commitments expressed in the previous Welsh Language Scheme; training, language requirements and advertising of posts. However, in some instances the requirements of the standards exceed previous commitments, particularly in relation to the human resources functions.

The development of an employee portal has enabled staff to update/edit their existing details e.g. name, address language skills and other personal information. This portal has enabled staff freedom to update personal information instantaneously and at a time convenient for them. The portal is available to staff via the internet, on mobile phones and other devices.

Polices

All polices as identified within the standards have been translated and have been made available for staff to access via the Human Resources section on the Intranet.

Information and support

Support documentation which includes for example, email signatures, staff guidance, the compliance notice and how to access the translation services, are available on the Welsh Language Standards section of the intranet. The Human Resources pages which include information on policies, job vacancies and other related documentation are also available on the Intranet.

Various articles providing advice and support for staff on meeting the requirements of the standards have been included in the Council's internal newsletter 'In the Loop' during 2017-2018; including reminders on the use of

bilingual email signatures and out of office messages, online language training courses and the information on the language preference form and database.

The Welsh Language Officer Group has been instrumental in establishing processes for capturing language preference, identification of appropriate text for use in email signatures, etc., as well as being the driver for awareness campaigns both internally and externally. In addition, advice and support in the implementation of the standards is provided by representatives of the Group; there is a shared understanding of issues and an ability to work together to find solutions and whenever necessary to escalate the matter to the Heads of Service Equality and Community Cohesion Group for resolution.

Assessing Welsh Language Skills

Language skills continue to be captured for new starters via the job application form. The employee portal has been developed which enables employees to update a range of information in their Human Resources record; including their Welsh language skills. However, this form of skills assessment remains very subjective and therefore is not necessarily accurate, particularly with underrepresentation of skills. In order to address this we are considering introducing a more structured language assessment process which while still self-assessed will provide clearer guidelines on which to base the assessment.

The number of employees with Welsh language skills is as follows:

	2016-2017	2017-2018
Fairly fluent Welsh speaker and writer	181	174
Fairly fluent Welsh speaker	131	126
Fluent Welsh speaker and writer	425	429
Fluent Welsh speaker	101	94
Welsh learner	716	748

Staff who identified themselves as fluent/fairly fluent speakers were asked to indicate their ability and willingness to use their language skills in their own, or any service area, in order to provide a service to members of the public if required to do so; 101 members of staff did so.

Recruitment

We have worked to ensure the recruitment process is available in Welsh, from application forms and supporting documentation to the interview process itself. Recruitment advertisements have been available in Welsh and published in accordance with the requirements of the standards; 'where Welsh language skills are essential, desirable or need to be learnt you must - (a) specify that when advertising the post, and (b) advertise the post in Welsh.'

Vacant posts

During the year all new or vacant posts have been assessed for the need for Welsh language skills via a 'post details form' which is submitted by managers to, and recorded by, the Workforce Information Team. Details as to the number and category of posts assessed for language skills can be found below.

The number of new and vacant posts that were advertised during 2017-2018 were categorised as:

	2016-2017	2017-2018
Welsh language skills were desirable	79	174
Welsh language skills were essential	15	36
Welsh language skills were not necessary	313	641
Welsh language skills needed to be learnt when appointed to the post	0	3

During 2017-2018 there was a significant increase in the number of posts advertised, 854 as opposed to 407 in 2016-2017; however, these posts included casual, seasonal and temporary contracts.

As seen above, during 2017-2018 there were well over double the number of posts advertised where Welsh language skills were essential or desirable compared to 2016-2017.

2017-2018 saw the first posts designated where learning Welsh was a requirement of appointment.

Computer software

While Welsh spell checking software is available via Microsoft Windows, a number of Cysgliad software licences have been purchased during the year for individual users and we are looking to purchase a council wide licence.

Welsh language training

The Training & Development section of the intranet, which aims to provide information and guidance on Welsh language training and development opportunities, the Welsh language chat group 'Sgwrs' and the Active Offer, More than Just Words etc., remains under development.

To date, four cohorts of the 10 week (20 hour) 'Introduction to learning Welsh' courses have been made available for staff interested in learning Welsh, including managers. 51 staff from the local authority and commissioned social care providers have been enrolled with 32 successfully completing the course.

'Welsh for Adults' courses have also been made available for staff which offer training from entry to advanced level. The cost of attendance is met by training budgets, and day release to attend is provided. 23 staff have enrolled on a 'Work Welsh' course which enables beginners to learn simple Welsh phrases and greetings, designed specifically to use in a working environment.

The 'Sgwrs' group, for staff who speak/are learning Welsh in order to encourage the use of Welsh in the workplace, at home and in the community, has not met 2017-2018. However, during the coming year we will be looking to re-establish the 'Sgwrs' group with the aim of it being self-directed in future.

Several publications are available for loan from the Learning, Training & Development Team; they include phrasebooks, course books, dictionaries and story books. The Training Department have also promoted a list of various apps available for learning Welsh and about Welsh drawn up by the Welsh Government.

Welsh Language awareness courses continue to be provided to Social Services employees involved in providing assessments in relation to social work students and mandatory Welsh language awareness training continues to be provided for all social work students hosted by the Council.

The development of the Welsh language awareness e-learning course is well underway with the aim of it being available to access by September 2018.

Information for new employees

Managers are responsible for ensuring that induction for new employees includes Welsh language awareness, the requirements of the Welsh Language Standards, along with informing them of the existence and location of support materials and tools to help meet the requirements of the standards.

Meeting the Promotion Standards

The promotion standards were included in the Council's challenge but as it was recognised that the Council cannot be solely responsible for maintaining or increasing the number of Welsh speakers in the area, these standards were determined during 2017-2018.

In developing a Welsh Language Promotion Strategy we continued to take a cross party approach which had been the foundation of the Council's approach to the Welsh Language Standards process. An elected member Task and Finish Group was established in January 2018 at the request of the Cabinet Member for Corporate Services and Equality (whose responsibilities include Welsh) to develop a strategy. Over the subsequent months the Group has, with the advice and support of Menter Iaith Castell-nedd Port Talbot, developed a draft Welsh Language Promotion Strategy, which at the time of writing this report is out for consultation. Following consideration of consultation responses and appropriate revision of the Strategy it is anticipated that a final version will be presented to Cabinet for approval in August 2018.

Complaints

There have been five complaints received during 2017-2018; three relating to compliance with the Service Delivery Standards, one relating to the use of Welsh when dealing with the Council Tax section and one relating to correspondence during the consultation on the WESP. Three complaints were received via the Welsh Language Commissioner and the other two direct to the relevant service area.

Complaints received via the Welsh Language Commissioner:

June 2017 – related to parking ticket machines which were considered not to provide a fully functioning service in Welsh. This has been disputed by the Council but the Commissioner's intention is to determine against the Council and impose an enforcement action to replace the machines to meet the Commissioner's interpretation of standard 60. The Council continues its dialogue with the Commissioner on this complaint.

November 2017 – related to a failure to respond to a tweet on the Welsh corporate Twitter account. We responded to the Commissioner’s request for evidence indicating the lack of response was not deliberate but due to a number of factors and processes, including the establishment of a Media Content post, have since been put in place to rectify the position. We await the Commissioner’s determination.

December 2017 - related to English only posts on individual service social media accounts. We are committed to meeting our obligations under the Welsh Language Standards however, because of the resource constraints and the restrictions on recruitment, our capacity to provide a service through these accounts in both Welsh and English is limited. With the establishment of the Media Content post and with ongoing work to develop a Welsh dictionary of commonly used terms and phrases we expect to see a gradual increase in the number of communications that fully meet the Standards. We consider that this approach is reasonable and proportionate in our local circumstances. We await the Commissioner’s determination.

Other complaints:

Council Tax – a person was not offered the opportunity to converse in the medium of Welsh, an apology was given and staff reminded of the procedures should customers wish to converse in the medium of Welsh.

Welsh in Education Strategic Plan (consultation) – comments were submitted in Welsh but the requested reply acknowledging receipt was in English only. In addition the email signature was not in accordance with the Council’s standard text. The service apologised for the oversight with an assurance that the staff had been reminded of the requirements of responding to Welsh correspondence and email signatures had been updated.

Challenging Future Duties

On 15/01/2016 the Commissioner received applications from Neath Port Talbot County Borough Council under section 54(2) Welsh Language (Wales) Measure 2011.

As a consequence, and in accordance with section 60(2) of the Measure, the requirement on Neath Port Talbot County Borough Council to comply with standards **22, 41, 61, 62, 64, 84, 86, 99, 100**, has been postponed until:

- a) the Commissioner has determined whether or not the requirement is unreasonable or disproportionate, and
- b) Neath Port Talbot County Borough Council's rights to appeal are exhausted.
