Swansea Bay City Deal Internal Review

Terms of Reference and Programme

Review Team:

Jo Hendy - Pembrokeshire County Council (Lead)

Anne-Marie O'Donnell – Neath-Port Talbot County Borough Council

Caroline Powell – Carmarthenshire County Council

Nick Davies - City & County of Swansea Council

Introduction& Background

At the request of the Joint Committee an Internal Audit team, which includes representatives from the four partner Local Authorities, was requested to undertake an internal review of the Governance arrangements for the Swansea Bay City Deal. The request arose out of concerns around the suspensions of senior staff at Swansea University and the concerns in relation to the Life Science and Well Being Project (Delta Lakes project) which forms part of the Swansea Bay City Region Deal.

Carmarthenshire County Council as the Accountable Body for the Swansea Bay City Deal are responsible for the provision of Internal Audit for the Programme. To avoid any perceived conflict of interest, the Joint Committee agreed that Pembrokeshire County Council would lead the internal review. This Section 151 Officer for Carmarthenshire County Council agreed with this approach and will be engaged and updated regularly updated throughout the review.

Interdependencies between Reviews

Following concerns about the Life Science and Well Being Project, a number of reviews have been commissioned.

UK Government and Welsh Government have commissioned an independent review into the arrangements in place for the Swansea Bay City Region Deal which will cover all the projects. All parties agreed the Terms of Reference for this review in December 2018.

Wales Audit Office will be undertaking a review specifically into the Life Science and Well Being Project.

Carmarthenshire County Council have commissioned a Legal Review of the procurement process followed in respect of the Life Science and Well Being Project .

The Joint Scrutiny Committee has also requested a review.

A meeting will be held between representatives of the UK Government, Welsh Government and the Lead Officer for the Internal Review with a view to synchronising both reviews and avoiding duplication of effort.

Purpose and Scope of the Internal Review

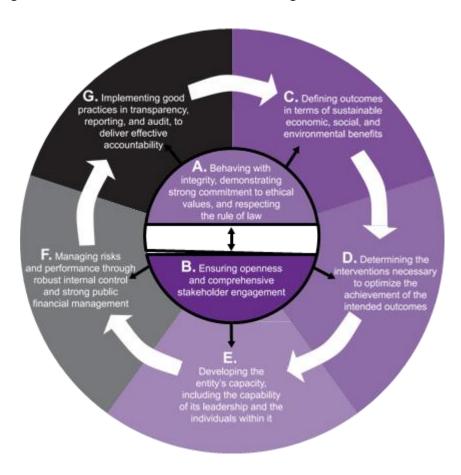

The purpose of the internal review is to provide independent assurance to the Joint Committee that the governance arrangement in place for the Swansea Bay City Region Deal are robust and follows best practice to ensure the confidence of all stakeholders and the delivery of the Programme while acting in the public interest at all times.

In order to provide structure to the review, the CIPFA/SOLACE Delivering Good Governance in Local Government Framework 2016 will be used as the basis for evaluating the governance arrangements for the Swansea Bay City Deal. The CIPFA/SOLACE Framework was updated in 2016 to align with the 'International Framework: Good Governance in the Public Sector' and to reflect the changing environment in which Local Authorities operate. CIPFA/SOLACE guidance notes for Welsh Authorities published in November 2016, assist

Local Authorities and associated organisations such as Joint Boards, Partnerships and other vehicles through with Local Authorities in Wales now operate, to review the effectiveness of their own governance arrangements by reference to best practice.

The diagram below taken from the International Framework: Good Governance in the Public Sector (CIPFA/IFAC, 2014) and incorporated into the 'CIPFA/SOLACE Delivering Good Governance in Local Government Framework, illustrates the various principles of good governance in the public sector and how they relate to each other.

Achieving the Intended Outcomes While Acting in the Public Interest at all Times

The attached Internal Audit Programme defines how the Internal Review will assess the effectivness of the governance arrangements of the Swansea Bay City Deal against the principles of good governance. The Audit Programme identifies the behaviours and actions that demonstrate good governance, as defined within the core and sub-principles within the Delivering Good Governance in Local Government Framework, and what will be considered and reviewed to evaluate the effectiveness of arrangements in place.
