Converting a social worker post to e deputy manager post will add additional management oversight to the team.

The cost of the converting the post will be met by the current deputy manager reducing their working hours thereby increasing the deputy management support in the team from 0.8 FTE to 1.8 TFTE

The conversion will result in a cost saving in the staffing budget

The post would be ring-fenced to applicants within the looked after children's team so that no individual is placed 'at risk' as a result of the change.

If no one is appointed to the post of deputy manager from within the looked after children's team then the change will not go ahead until such a time when there is a natural vacancy within the social worker positions in the team – and at this point the vacancy would be advertised as a deputy manager post. This means that there is no risk associated with any individual.

The change has no impact to service delivery or to stakeholders but will have a positive impact on the management, delivery and development of the service.
