## **Regeneration & Sustainable Development Cabinet Board 12<sup>th</sup> April 2019**

### **Report of the Head of Property & Regeneration Simon Brennan**

#### **Matter for Decision**

#### **Wards Affected:**

All wards

#### **Establishment of the Local Project Board for Neath Port Talbot**

#### **Purpose of Report**

To approve the establishment of a Local Project Board, to be called 'Local Regeneration Programme Board', for Neath Port Talbot to provide leadership and accountability for strategic regeneration programmes and projects impacting in the local area.

#### **Executive Summary**

#### **Background**

The Welsh Government's Targeted Regeneration Investment (TRI) programme commenced in April 2018 and aims to support projects that promote economic regeneration – creating jobs, enhancing skills and employability and creating the right environment for businesses to grow and thrive – with a focus on individuals and areas most in need to ensure prosperity is spread to all parts of Wales. The TRI programme builds on the substantial experience and regeneration activities delivered through the previous Welsh Government Vibrant & Viable Places funding programme 2014 – 2017.

The Welsh Government criteria for accessing TRI funding requires that a Regional Plan for Regeneration is developed by local authority partners

which identifies the priority projects and actions to be delivered through the TRI programme. The South West Wales Regional Plan for Regeneration has been developed in agreement with the four local authorities in Neath Port Talbot, Swansea, Carmarthenshire and Pembrokeshire, and has been approved by the Welsh Government.

Governance arrangements to deliver the TRI programme require that Local Project Boards are established in each of the local authority areas comprising public, private and third sector partners and will be responsible for local partner engagement, project development and assessment, and local financial and output monitoring. The Local Project Boards will report to the Regional Project Board (Regional Regeneration Directors Group) which will have responsibility for regional strategic project prioritisation, management of the regional financial allocation and outcome monitoring.

It is proposed that the Local Project Board for Neath Port Talbot will cover all strategic regeneration programmes delivered within the County Borough and will be called the 'Local Regeneration Programme Board'. The regeneration programmes to be covered by this Board include:

- European Structural and Investment (ESI) funding programmes (including Building for the Future)
- Valleys Task Force
- Neath Port Talbot led City Deal projects
- Neath Port Talbot strategic projects and programmes

### **Financial Impact**

There are no financial impacts associated with this report.

### **Equality Impact Assessment**

There are no equality impacts associated with this report.

### **Workforce Impacts**

There are no workforce impacts associated with this report.

## Local Regeneration Programme Board

### Terms of Reference

#### **Purpose**

The Local Regeneration Programme Board for Neath Port Talbot provides leadership and accountability for regeneration programmes and projects impacting in the local area.

It is a partnership comprising representatives from the public, private and third sectors working together to maximise the benefits of regeneration projects to improve the economic prosperity of the county borough.

The Board will be responsible for:

- Ensuring the successful delivery of regeneration projects and programmes in accordance with grant conditions, including achieving outputs, outcomes and financial management;
- Maximising the wider regeneration impacts of the projects and programmes to the wider community in terms of economic, social and environmental benefits, including monitoring community benefit clauses;
- Ensuring the effective monitoring and evaluation of the regeneration activities;
- Ensuring the coordination of the delivery of the regeneration projects and programmes with other developments in the area;
- Promoting Neath Port Talbot's regeneration programme's aims and achievements;
- Promoting effective engagement and involvement of stakeholders in the regeneration process;
- Ensuring linkages between employability programmes and regeneration activity;
- Acting as the Local Project Board for the Welsh Government Targeted Regeneration Investment (TRI) programme.

## **Membership**

Deputy Leader, Cllr Anthony Taylor – Chair  
Cabinet Member – Cllr Annette Wingrave
