### **Report of the Director of Finance & Corporate Services**

**H. Jenkins**

**Matter for:** Decision

**Wards Affected:** All Wards

**Report Title - Third Sector Grant Funding – Award of Grants for financial year 2020/21**

#### **Purpose of Report**

1. To present Members with the outcome of the third sector grant applications for 2020/21 and to seek approval on the award of grants to those organisations recommended for funding in Appendix 1.

#### **Executive Summary**

2. Assessments were undertaken for a total of 28 applications received this year as set out in appendix 1 and 2.
3. The applications were assessed by the Third Sector Grants Group, whose membership is made up of Directorate representatives already involved in the grant funding process and are responsible for the administration of the Scheme.
4. Organisations reapplying for funding also completed a monitoring form as part of their application in order to assess they can continue to deliver quality provision in line with their current grant agreements.
5. Appendix 2 contains those organisations not recommended for funding.
6. Appendix 3 contains the eight Strategic Partners awarded grant funding for a three year period: 1 April 2019 to 31 March 2022.

## **Background**

7. The application process for 2020/21 grant funding opened on 12 August and closed on 4 October 2019.
8. Grants awarded under the Scheme have been for 12 months or for a maximum of three years.
9. The grants which have been provided for three years are to partners the Council has identified as Strategic Partners. There are eight Strategic Partners and new three year grants were approved by Cabinet in December 2018 for these organisations covering the period 1 April 2019 to 31 March 2022.

## **Monitoring Arrangements**

10. The eight Strategic Partners listed in appendix 3 are required to complete a monitoring form by end of April 2020 for the first year; in year two, two six monthly monitoring forms no later than 31 October 2020 and 30 April 2021 and the same for year three (no later than 31 October 2021 / 30 April 2022).
11. These organisations also completed monitoring forms at the end of their 3 year funding period last year to evidence they can continue to deliver quality services in line with their grant agreement. The Third Sector Grants Group have monitored the end of year returns and were satisfied with performance to date and recommend the recipients continue to receive their funding.
12. All other 2019/20 grant recipients are required to submit evidence of outcomes and performance achieved by end of January 2020, with the exception of those organisations reapplying this year for funding (as mentioned in paragraph 4 above).

## **Assessment of Grant Applications for 2020/21**

13. The Group used the relevant assessment criteria, to ensure consistency and equity in the assessment of the applications received.
14. Those applications that are recommended for approval in appendix 1 have satisfied some or all of the criteria contained within Principle 1 of the revised Scheme and have also demonstrated their commitment to a number of the eight areas listed below (a to h).

15. Organisations bidding for core funding are also expected to demonstrate their commitment to helping the Council implement its Corporate Plan in the following eight areas:
- a. Promote the take up of the Council's on-line services through the Switch brand and help people to access those on-line services (digital assist support);
  - b. Encourage participation in Council and local community-run events to support well-being;
  - c. Leverage in additional funding;
  - d. Promote the Council's Community Directory (Dewis Cymru) so that there is a good understanding of all the services that are available within the local area and how to access them;
  - e. Encourage the identification and development of local early intervention and prevention services and facilitate access to those services;
  - f. Support, inform and promote the Council's priorities;
  - g. Contribute to engagement and communications campaigns to improve understanding within communities of the Council's priorities and services;
  - h. Where appropriate, provide a physical space that can facilitate co-location of workers from across the public service to provide more integrated services that respond to the needs of local people and communities.

## **Financial Appraisal**

16. One of the principles of the Third Sector Grant Funding Scheme is that the amount of funds available will vary in line with the Local Government Settlement for the preceding financial year. In 2019/20 the final settlement for Neath Port Talbot Council showed a year on year increase of +0.7%. It is therefore proposed in this report that the Third Sector Grant Budget for 2020/21 be increased by 0.7% and the same increase is provided to the grant payable to our Third Sector Strategic Partners
