	The committee received an overview of the review of the Library Service in Neath Port Talbot as detailed in the circulated report.						
	Service in Neath Fort Taibot as detailed in the circulated report.						
	Clarification was given that the proposal to move the library						
	headquarters to Ynysmaerdy School would not impact on other						
	libraries in the area. As the headquarters would be a storage						
	facility and would be an Education Library Resource Centre for						
	Swansea and Neath Port Talbot.						
	The committee heard that the review was a comprehensive one						
	which included community libraries. As a result officers would be						
	meeting with all community libraries in January 2020 to find out						

what support they needed going forward. Members asked that their appreciation be given to library staff, communities (who took

commitment and dedication they had shown over the past few

over the running of libraries) and volunteers for all the

years in ensuring the library service continues to thrive.

Following scrutiny, the Committee was supportive of the proposals to be considered by Cabinet Board.

Information was received on the the proposal to establish a specialist provision for secondary age pupils with autistic spectrum disorder (ASD) at Dwr y Felin Comprehensive School as detailed in the circulated report.

It was highlighted that 17 consultation responses were received all of which expressed support for the proposal.

The school would receive additional funding to support the proposal. Specialist staff would be recruited which would benefit all schools, by sharing their knowledge and practice as the strategies for children who are not statemented are the same.

Concern was expressed at the plan to allow the bus bringing children to this specialist provision into the school yard as there were already issues with vehicles accessing this area. Officer explained that measures had been put in place to ensure children's safety and that the children would be supervised in the controlled area on arrival and departure.

Following scrutiny, the committee was supportive of the proposals to be considered by cabinet board.
