Note: For further detail see Pitch lighting calculations PDF

Do not scale this drawing or the computer digital data.
Use Consultant to be notified of any discrepancies
in figured dimensions.
Contractor must check all site dimensions.
This drawing is copyright and is for use on this site only.
This Drawing shall be used for pricing purposes and to highlight
extent of works only. This drawing shall not be used for installation
purposes. Contractor shall provide their own coordinated working
drawings prior to start on site.

- Notes**
1. All lighting columns to comply with BS5546:40.
 2. All lighting columns to be in aluminium with anodised finish,
continuously tapered or centrally extended with an
appropriate spot for the proposed fitting. See lighting
legend above for exact luminaire details.
 3. All lighting columns, bollards & floodlights to be installed to
the manufacturers recommendations, instructions & details.
 4. An earth electrode shall be installed to the last column in
each circuit or branch circuit & shall be connected to the
adjacent lighting column.
