

Impact Assessment - First Stage

1. Details of the initiative

Initiative description and summary: The Civic Square area is in a prominent location between the Princess Royal Theatre, Port Talbot Civic Centre and the Aberavon Shopping Centre. The area is currently paved with a fountain and raised plant beds at its centre, which is outdated and serves no purpose at this key location. The proposed scheme will include replacing the existing surface materials with new, more modern, durable and attractive materials. The scheme will also provide electric power supply units within the repaved area that can be used to accommodate events such as markets and special events that would otherwise rely on generators. This ease of access to a power supply could result in events such as Christmas parades, Summer carnivals, seasonal markets and even ice rinks and an outdoor cinema using the easily accessible space. New street furniture including seating and bins will also be provided to encourage the area to be used as a communal space within the town centre. This refurbishment scheme will provide a focal point of the town centre and an area of outdoor amenity space that will be heavily used by locals and visitors to the town.

The project aims to support our local businesses by increasing footfall in our town centre, making it a more attractive place in which to live, travel, work and enjoy recreational time.

Service Area: Property & Regeneration

Directorate: Environment

2. Does the initiative affect:

	Yes	No
Service users		x
Staff		x
Wider community	x	
Internal administrative process only		x

3. Does the initiative impact on people because of their:

	Yes	No	None/ Negligible	Don't Know	Impact H/M/L	Reasons for your decision (including evidence)/How might it impact?
Age		x			L	The nature of the improvements will have no impact on this characteristic.
Disability		x			L	The scheme will ensure inclusive access through design, which will maintain access for people with mobility issues.
Gender Reassignment		x			L	The nature of the improvements will have no impact on this characteristic.
Marriage/Civil Partnership		x			L	The nature of the improvements will have no impact on this characteristic.
Pregnancy/Maternity		x			L	The nature of the improvements will have no impact on this characteristic.
Race		x			L	The nature of the improvements will have no impact on this characteristic.
Religion/Belief		x			L	The nature of the improvements will have no impact on this characteristic.
Sex		x			L	The nature of the improvements will have no impact on this characteristic.
Sexual orientation		x			L	The nature of the improvements will have no impact on this characteristic.

4. Does the initiative impact on:

	Yes	No	None/ Negligible	Don't know	Impact H/M/L	Reasons for your decision (including evidence used) / How might it impact?
People's opportunities to use the Welsh language		x			L	In line with the Council's Corporate Plan and Welsh Language policy, all signage at the site (temporary and permanent), any public communications regarding the project, to include press releases, social media posts, site

						hoardings etc. will be translated into Welsh and will be released with no time delay.
Treating the Welsh language no less favourably than English		x			L	As above

5. Does the initiative impact on biodiversity:

	Yes	No	None/ Negligible	Don't know	Impact H/M/L	Reasons for your decision (including evidence) / How might it impact?
To maintain and enhance biodiversity	X				L	The addition of green planting as part of this project will enhance biodiversity within the town centre.
To promote the resilience of ecosystems, i.e. supporting protection of the wider environment, such as air quality, flood alleviation, etc.	x				L	As above

6. Does the initiative embrace the sustainable development principle (5 ways of working):

	Yes	No	Details
Long term - how the initiative supports the long term well-being of people	x		The overall aim of the project is to create a better place to work, live and enjoy recreational time. The project will improve the attractiveness of the town centre and will provide a versatile space for a wide range of events

			that will not only increase footfall in the town centre, thus supporting our local businesses and increasing economic prosperity for the town but will also support the well-being of residents, who will be able to visit the town centre to enjoy a wide range of events with their families and friends.
Integration - how the initiative impacts upon our wellbeing objectives	x		Following on from above, the project will contribute to Well-being Objective 2: to improve the well-being of all adults who live in the county borough, as well as, Well-being Objective 3: to develop the local economy and environment, so that the well-being of people can be improved, as outlined in the Corporate Plan (2017-2022).
Involvement - how people have been involved in developing the initiative	x		<p>During the development phase of the project, consultation was carried out with the following groups:</p> <ul style="list-style-type: none"> • Economic Strategy Board for the Swansea Bay City Region • South Wales Public Services Board • Port Talbot Business Improvement District / Viva Port Talbot <p>All feedback collated was positive and the Boards will each be providing a written letter of support.</p>
Collaboration - how we have worked with other services/organisations to find shared sustainable solutions	x		As above.
Prevention - how the initiative will prevent problems occurring or getting worse	x		In a post Covid-19 economy, it is believed that the project will lead to increased footfall in the town centre, which will support our local businesses and boost economic prosperity.

7. Declaration - based on above assessment (tick as appropriate):

A full impact assessment (second stage) is not required	<input checked="" type="checkbox"/>
Reasons for this conclusion	
In line with Neath Port Talbot IIA screening form guidance, it has been determined that a full assessment is not appropriate in this instance, as the scheme will have a low impact on protected characteristics.	

A full impact assessment (second stage) is required	<input type="checkbox"/>
Reasons for this conclusion
