1. Introduction

This report details the projected forecast outturn position of the Joint Committee and the Portfolio Investment Fund. The Financial Monitoring Report presents the City Deal Accounts in a detailed format, in line with Carmarthenshire County Council’s financial management system. The report summarises the current forecasted financial outturn position, at the year end.

2. JOINT COMMITTEE – Forecast Outturn Position

2.1. Supplementary Information

The outturn position includes ‘Top Slice’ of Government Grants in terms of income. On receipt of government grants, 1.5% of this will be utilised to support the PMO and the direct administration functions of the Portfolio. Any contribution from Government grants utilised within the financial year will be transferred to a ring-fenced reserve at year end, for utilisation in future years.

A detailed breakdown of the Joint Committee financial outturn position is included in Appendix A.

2.2. Joint Committee and Accountable Body

The Joint Committee and Accountable Body expenditure forecast is estimated at £181k. This is in respect of democratic support, support of the portfolio monitoring officer and legal fees in respect of the funding agreements. Internal audit has been forecasted but is scheduled to be undertaken later within the financial year. The Accountable Body expenditure is attributable to service provision by the Portfolio Section 151 Officer to the Swansea Bay City Deal and the annual external audit review by Audit Wales.

2.3. Joint Scrutiny Committee

The Joint Scrutiny Committee expenditure consists of democratic services and related costs, provided by Neath Port Talbot County Borough Council. This has been forecasted at £29k.

2.4. Portfolio Management Office

To the period ended 31st March 2022 the expenditure is estimated at £644k. The PoMO demonstrates one vacancy to date, which is expected to commence occupation in August 2021.

Rents and service charges in respect of office space total £23k, fees including consultancy and gateway reviews have been forecast at £19k and conferences, Marketing and advertising forecasted at £76.5k in respect of event promotion, website updates, bi-annual conferences, business engagement events. Central Recharges of £28k has been included to contribute to Carmarthenshire County Council as the host Authority's costs for supporting the PoMO. These include payroll, Pensions, Creditors, Debtors, Human Resources support, Information Technology Support, financial systems support, Chief executive administration support, employee support and all necessary insurances.

2.5. Provision for Unwinding

This is an annual provision for the unwinding of the PMO toward the end of its five-year operational requirement.

2.6. Income

Total income for the year demonstrates £822k. This consists of partner contributions (£50k per partner) £400k and anticipated drawdown of 'Top Slice' of £422k from the dispersed grant awards.

2.7. Financial Monitoring - Statement of Balances

The prior year (2020/21) balance carried forward in reserve demonstrates £215k. Currently the estimated year end position of the City Deal accounts demonstrates a deficit of £92k. This is as a result of a change in presentation of the “Top Slice” slice and a timing effect due to reduced grant being dispersed to projects within the year. This concludes in an anticipated reserve of £123k at year end.

3. PORTFOLIO INVESTMENT FUND – Provisional Forecast Outturn Position

3.1. Portfolio Investment Outturn Position

The overall estimated investment position is demonstrated at £1.238bn over the fifteen year life of the portfolio. The original heads of terms that the region signed up too comprised of an investment of £1.274b, and as such currently the City Deal is presenting an underinvestment in the region of £37m (3%). Investment in the region has increased from the previous quarter due to the reprofile of the Swansea Campuses project (Quarter 4 2020/21 - £1.148b).

Revenue Requirement

There is currently an estimated revenue requirement of £55m (4%) to deliver the city deal projects. This will be supported through the use of the Local Authorities flexible capital receipts directive, and alternative public and private sector commitment. The revenue requirement has decreased compared with the prior period (Quarter 4 2020/21 - £76m) due to detailed budget being reprofiled for the Swansea Campuses project.

Appendices: These will be included within the report.
