

Impact Assessment - First Stage

1. Details of the initiative

Initiative description and summary:

Commercial Property Grant to part fund external improvements to 11 Wern Road, Ystalyfera. External improvements to involve the replacement of a traditional painted hardwood shopfront, that is in a very poor condition, with a similar painted hardwood and aluminium shopfront with bi-folding doors, to this two-storey mid-terrace that is in use as a coffee shop to the ground floor, with residential above. The proposed works will improve the energy efficiency of the building as well as improve the appearance of the building and therefore the surrounding area, enabling the coffee shop, which is a valuable community asset, to continue serving the locality.

6. Does the initiative embrace the sustainable development principle (5 ways of working):

	Yes	No	Details
Long term - how the initiative supports the long term well-being of people	X		The proposed improvement to the external appearance of 11 Wern Road will improve the appearance of Ystalyfera in the long-term and so improve the quality of life for those that use it.
Integration - how the initiative impacts upon our wellbeing objectives	X		The proposed work supports business to grow the local economy and attract new investment to the area. (NPTCBC Corporate Plan 2019-2022 3.1.3)
Involvement - how people have been involved in developing the initiative		X	The design changes to the building were selected by it's owner in consideration of the enjoyment of the building by it's potential users.
Collaboration - how we have worked with other services/organisations to find shared sustainable solutions		X	The project is not of sufficient scope or scale to require the involvement of other services or organisations.
Prevention - how the initiative will prevent problems occurring or getting worse	X		The proposal will reduce the rate at which the building will deteriorate in condition and appearance, as well as contribute towards reducing the rate at which the overall appearance of Ystalyfera deteriorates in condition and appearance. Potentially the people that use an area will treat it better, in

			terms of reduced rates of vandalism, graffiti and litter, if they consider the quality of their environment to be good or improving.

7. Declaration - based on above assessment (tick as appropriate):

A full impact assessment (second stage) is not required	√
Reasons for this conclusion	
<p>The proposal is to grant fund part of the cost of external improvement to a single building. The initiative embraces sustainable development by improving the condition, appearance and energy efficiency of the built environment, supporting business to grow the local economy and attract new investment to the area. The initiative does not, however, have a significant impact on any specific group of people so a full impact assessment is not required.</p>
