

Impact Assessment - First Stage

1. Details of the initiative

Initiative description and summary:

The UK Shared Prosperity Fund (UKSPF or the Fund) is a central pillar of the UK government's ambitious Levelling Up agenda and a significant component of its support for places across the UK. It provides £2.6 billion of new funding for local investment by March 2025, with all areas of the UK receiving an allocation from the Fund via a funding formula rather than a competition.

To access its allocation, Neath Port Talbot is required to set out measurable outcomes that reflect local needs and opportunities. These should then inform the interventions we wish to deliver and we are able to choose from investment across three investment priorities of communities and place, local business and people and skills.

These interventions will be set out in a local Investment Plan which will feed into a regional investment plan and then submitted to the UK government for approval.

This first stage IIA relates to the development of the Neath Port Talbot Local Investment Plan.
