**Subject:** RE: Minor Variation – Corner house, Neath

Good afternoon,

In accordance with the four licensing objectives, I have concerns regarding the variation for the reasons stated below:

The prevention of public nuisance:

The reduced background noise levels during night time hours make it more likely that amplified music will cause a disturbance. Noise sensitive receptors are at greater risk of disturbance due to the reduced background levels after 23:00pm.

Allowing amplified music outdoors past the current licensable hours increases the likelihood of noise outbreak causing disturbing to nearby sensitive receptors.

Kind regards,

**Calum Lewis**
