# HEALTHY RELATIONSHIPS FOR STRONGER COMMUNITIES STRATEGY

# **Purpose of Report**

To seek authority to consult on the draft revised 'Healthy Relationships for Stronger Communities Strategy'. This document is Neath Port Talbot County Borough Council's ("The Council") and Swansea Bay University Health Boards ("The Health Board") joint response to the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 ("The Act").

# **Executive Summary**

In 2015 the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 was intruded, which placed a duty on local authorities and health boards to produce and publish a local strategy for the local authority area and then to take reasonable steps to achieve the objectives set out in the local strategy.

In 2017, Neath Port Talbot's first 'Healthy Relationships for Stronger Communities' strategy was prepared. This was a 3 year strategy,

overseen by the VAWDASV Leadership group. A revised strategy was prepared for 2020-2023. Significant progress has been made across all areas of VAWDASV related support and services.

A draft revised strategy has now been prepared for 2023-2026.

The objectives within this revised strategy mirror those in the original strategy, but the actions within them are new, to be delivered on over the next 3 years.

Due to the Covid-19 pandemic, some of the actions of the earlier strategy have been carried forward.

Attached, at Appendix 1 is the revised Strategy which has been developed and approved by a strengthened multi-agency partnership, chaired by the Strategic Manager for Partnerships & Community Cohesion.

# **Background**

The Act aims to improve arrangements for the prevention of gender-based violence, domestic abuse and sexual violence; improve arrangements for the protection of victims of such abuse and violence; improve support for people affected by such abuse and violence; and requires the appointment of a National Adviser on gender-based violence, domestic abuse and sexual violence.

The Act created a number of new responsibilities for local authorities in Wales including a duty to prepare and public a strategy for the local authority's area, jointly with the relevant health board.

In order to meet the requirements of the Act, the former Domestic Abuse Strategy Group (DASG) was disbanded and replaced by a new multi-agency Leadership Group. There has been sustained senior commitment to the Group over the last 6 years and significant progress has been made on all aspects of the strategy.

This commitment has continued with the development of the revised strategy for 2023-2026. As with the original strategy, this revised Strategy follows the structure of the Welsh Government's National Strategy for Violence Against Women, Domestic Abuse and Sexual Violence, enabling the local partnership to demonstrate its contribution to delivering the national policy objectives established by the Welsh Government. It includes all of the areas of activity that are set out in various statutory guidance documents, but most importantly, it identifies the strengths and challenges for this area and sets out a series of achievable actions to help us to achieve our long term vision:

"To prevent and eradicate violence against women, domestic abuse sexual violence by promoting equality, safety, respect and independence to enable everyone to live from abuse and the attitudes that perpetuate it."

# **Key Objectives**

There are seven objectives set out in the Strategy:

# 1. Communications & Engagement

Increase the reports of Violence Against Women, Domestic Abuse and Sexual Violence in Neath Port Talbot, through awareness raising and challenging attitudes

# 2. Children & Young People

Increase awareness in children, young people and adults of the importance of safe, equal and healthy relationships and empowering them to positive personal choices.

# 3. Perpetrators

Increase the focus on holding those who commit abuse to account and supporting those who may carry out abusive or violent behaviour to change their behaviour and avoid offending

# 4. Early Intervention & Prevention

Make early intervention and prevention a priority – To reduce the number of repeat victims and reduce the number of high risk cases

# 5. Training

Relevant professionals are trained to provide effective, timely and appropriate responses to victims and survivors

#### 6. Accessible Services

Provide all victims with equal access to appropriately resourced, high quality, needs-led, strength-based, intersectional and responsive services across Wales.

#### 7. Courts & Criminal Justice

Increased focus on improving the recognition of and responses to violence against, women, domestic abuse and sexual violence in all criminal justice proceedings

#### Consultation

A wide range of stakeholders were consulted during the development of the Strategy. It is proposed that a further 2 week consultation and engagement exercise be undertaken to ensure that Strategy has wide support.

The form of consultation will include an on-line survey, face to face consultation with survivors, and distribution of the draft Strategy through various partnership networks, including the Area Planning Board, Community Safety Partnership and the Public Services Board.

# **Financial Impact**

There are no new identified recurring revenue resources identified to support the new duties and responsibilities summarised in this report.

Consequently, any proposed changes will require a refocusing of existing resource or acquisition of new funding streams.

# **Integrated Impact Assessment**

The Equality Act 2010 requires public bodies to "Pay due regard to the need to:

- eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act;
- advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
- foster good relations between persons who share a relevant protected characteristics and persons who do not share it."

The subject of this report is legislation that is aimed at gender-based violence and consequently the impact should be positive as far as the protected characteristic of gender is concerned.

Local research also identifies children as being affected by domestic abuse and consequently the impact of the legislation is likely to be positive for the protected characteristic of age.

An Integrated Impact Assessment has been developed and will be updated following the consultation and will be available when the final strategy is presented to Cabinet Board for approval.

# **Workforce Impact**

The Act & Strategy has resulted in a new workplace Domestic Abuse Policy and the introduction of Safe Leave, for staff who are affected by any form of VAWDASV.

The Act continues to impact on commissioning activities that fall within the scope of the Act, which in turn may have particular workforce implications e.g. the requirement to deliver training that meets the requirements set out in the National Training Framework.

Other workforce impacts identified will be reported to Members when progress reports are made.

# Legal Impact

The preparation and publication of a strategy will ensure the Council discharges its statutory duty as required within the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015.

# **Crime and Disorder Impact**

The Council has a legal duty under Section 17 of the Crime and Disorder Act 1998 to carry out all its various functions with "due regard to the need to prevent Crime and Disorder in its area".

The strategy will assist the Council in discharging it duty to prevent gender-based crime and disorder in its area.

# **Risk Management**

There is a risk of non-compliance with the duties introduced by the Act if sufficient resources are not provided to local authorities to cover the costs of the associated activities.

This risk has been mitigated by ensuring proposed actions within the Strategy can be delivered within existing resource, albeit there is a continued need to refocus how those resources are best used, and work closely with partners to explore the potential to draw in additional funding.

#### Recommendations

It is recommended that:

1. The Interim Head of Housing & Communities is authorised to commence a two week public consultation exercise on the draft Strategy attached at Appendix 1, and the outcome of that consultation be reported back to the Cabinet.

# **Reason for Proposed Decision**

To provide the formal authority to the relevant officer to take the actions necessary to secure compliance by the Council with the duties under section 5 (1) of the Violence Against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015.

# Implementation of Decision

The decision is proposed for implementation after the three day call in period.
