TREASURY MANAGEMENT MONITORING 2023/24

Purpose of Report

1. This report sets out treasury management action and information for 2023/24.
2. This report will also be forwarded to the next Governance and Audit Committee in line with the Council's Treasury Management Practices Scrutiny arrangements.

Rates of Interest

3. Over the past 18 months, the cost of living has risen sharply. The speed of this increase is called the 'rate of inflation'. It is the job of the Bank of England to keep this rate around their target of 2%, however, it is currently above this – mainly due to the higher price of goods coming in from abroad along with the increase in the cost of energy.
4. To reduce the rate of inflation, the Bank of England increase their interest rates. Since March 2022 the interest rates have increased as per below:

Effective Date	Bank Rate
16 th March 2022	0.75%
5 th May 2022	1.00%
16 th June 2022	1.25%
4 th August 2022	1.75%
