Not suitable for comparison 5% or more below target or previous years performance

Within 5% of target or previous years performance

On target / Achieved direction of travel

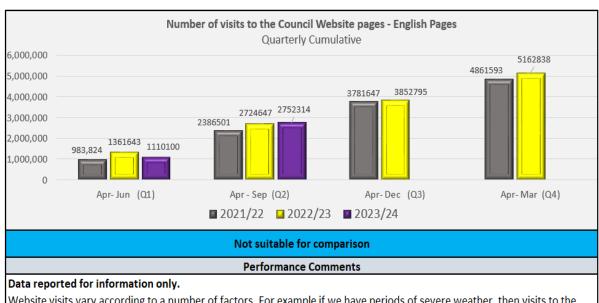

Well Being Objective 2 - All communities are thriving and sustainable

1.

Website visits vary according to a number of factors. For example if we have periods of severe weather, then visits to the website will increase e.g. members of the public checking for possible school closures.

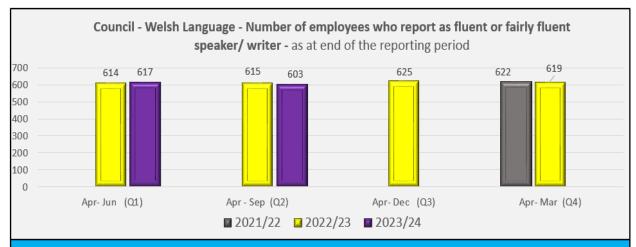

2.

Website visits vary according to a number of factors. For example if we have periods of severe weather, then visits to the website will increase e.g. members of the public checking for possible school closures.

<u>Well Being Objective 3</u> - Our local environment, culture and heritage can be enjoyed by future generations

3.

Not suitable for comparison

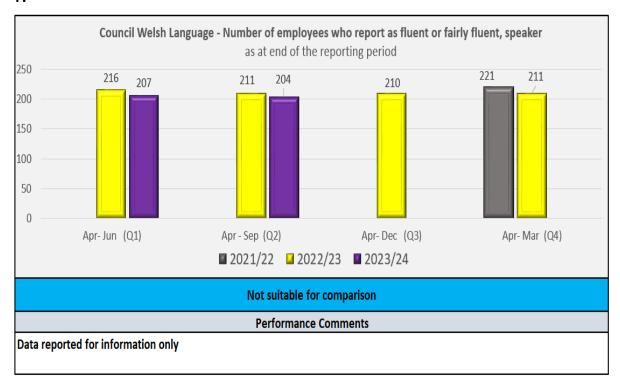

Performance Comments

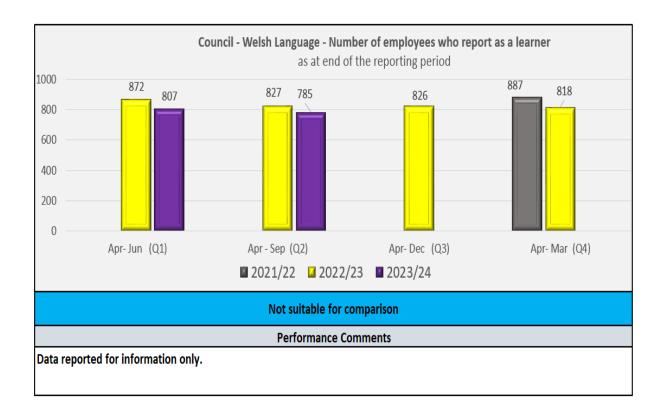

The Welsh Language Officers' Group continues to support the implementation of the Welsh Language Standards, review compliance of the Standards and promote and raise the profile of the Welsh language. As part of the action plan, the group continues to work to enhance the number of Welsh speaking employees through a number of initiatives.

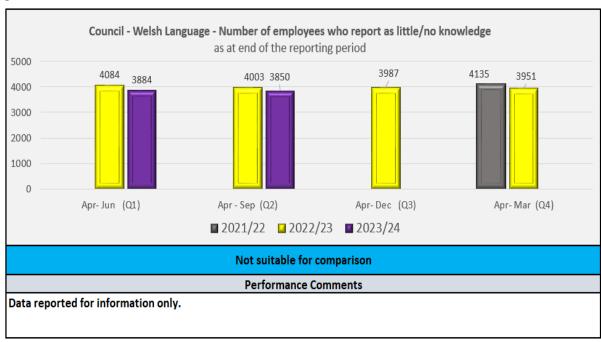

Examples include the creation of two Yammer groups - one to enable Welsh speakers to chat and provide peer support and another for all employees to access information, help and support as well as promotional material; publicising Welsh Language Rights Day; availability of language courses along with help and support for learners and those looking to increase confidence in using their language skills. Further information can be found in the Welsh Language Standards Annual Report 2022-2023 which is published on our website https://www.npt.gov.uk/30360

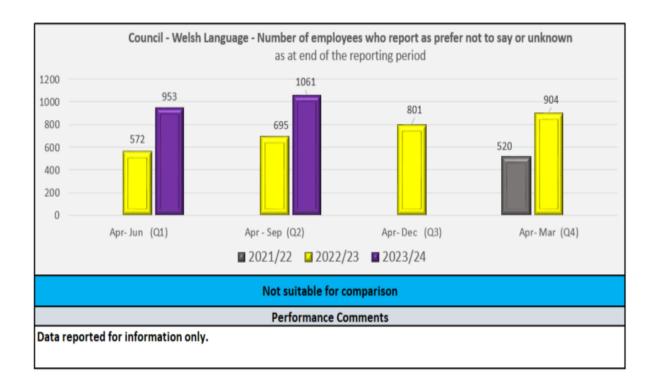

The Welsh Language Promotion Strategy has been revised during 2022/2023 with the aim to ensure that the Welsh language is visible in our communities and used by an increased number of people in their daily lives. To realise this the strategy focusses on three themes: to increase the numbers of Welsh speakers, to increase the use of Welsh and to create a favourable environment for these to happen. Working in partnership with our local Fforwm laith and local communities opportunities to learn, improve and use the language will be promoted to all in Neath Pot Talbot, particularly staff. The Strategy was adopted by Council on 12 July and is published on our website https://www.npt.gov.uk/30359

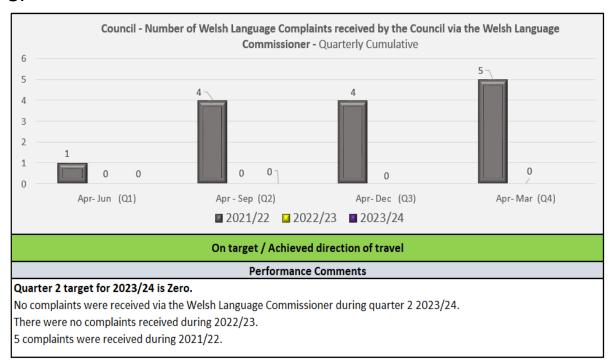

This performance comment covers the other Welsh Language measures below. This data is reported as information only and quarterly from 2022/23.

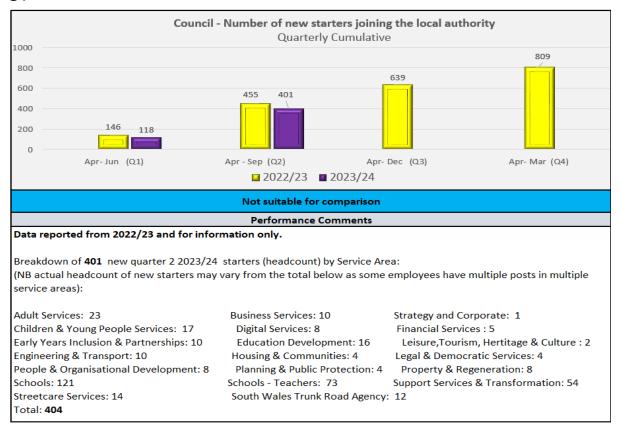

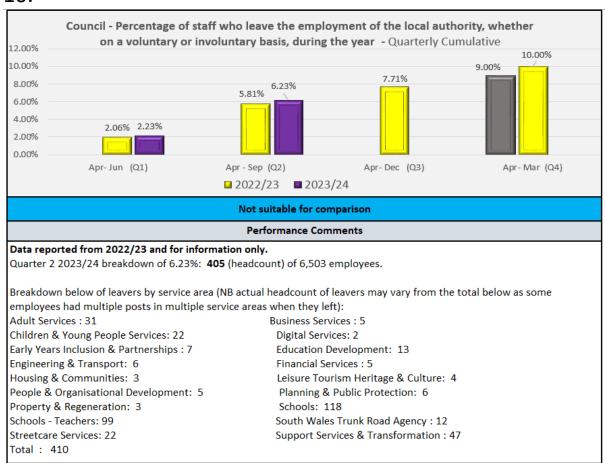

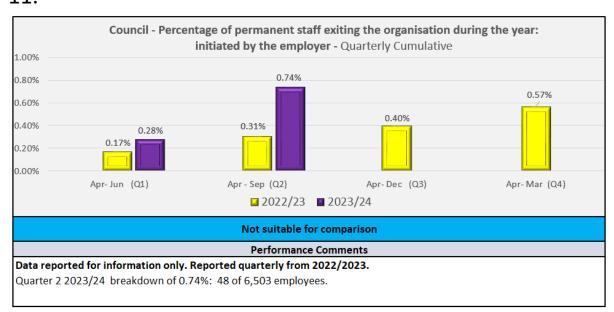

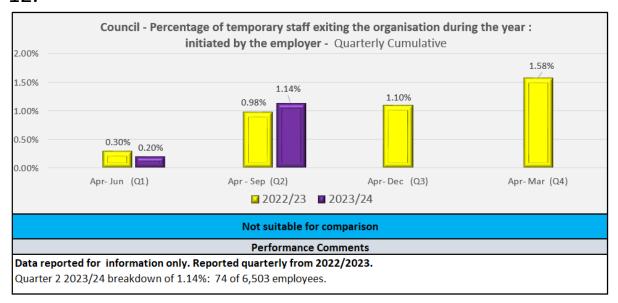

Well Being Objective 4 - Jobs and Skills

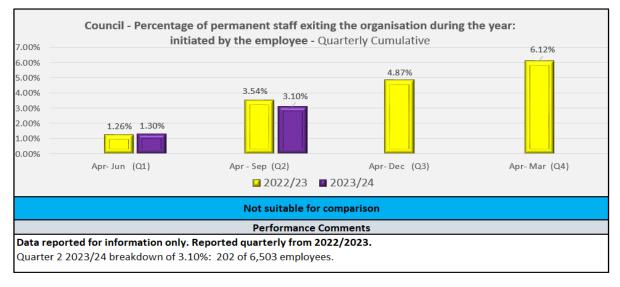

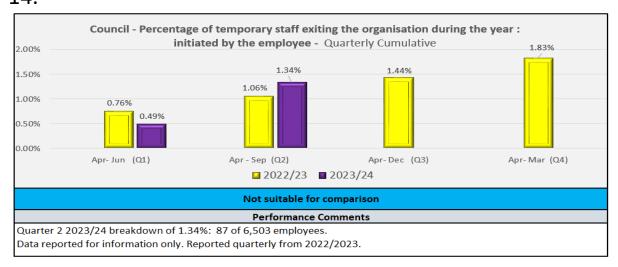

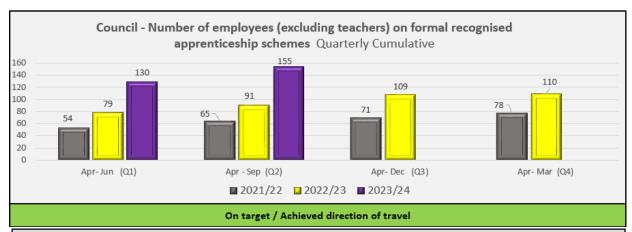

13.

Governance and Resource (cross-cutting)

Including Planning & Performance, Workforce Management, Financial Resources, Democracy, Community Relations, Asset Management and Commissioning & Procurement.

Performance Comments

Target for 2023/24 is to increase the number of apprenticeships.

This is a Corporate Plan measure.

There are currently 155 employees on apprenticeship schemes during quarter 2 2023/24. This has increased compared to quarter 2 2022/23 figure of 91.

Since April 23 – September 23 (Q1+Q2) we have had 45 new starts of which 10 are Apprentices Posts and 35 are internal staff upskilling breakdown:

1 x Level 3 Vehicle and Maintenance Repair - Environment

Total of Withdrawals

2 x Withdrawn Level 4 Management – Environment

1 x Withdrawn Level 5 Management – Environment

Overall sickness rates for quarter 2 2023/24 have very slightly increased per employee, compared to the same period last year. The quarterly figure of 5.89 is made up of 31739.03 FTE Sick days / 5388.54 FTE Employees.

FTE = Full Time Equivalent

The top 5 reason for sickness are:

Stress Related 4179 FTE sick days
Bereavement / Grief Reaction 2250 FTE sick days
Post Op 1437 FTE sick days
Coronavirus Covid-19 Confirmed 1240 FTE sick days
Other Mental Health Related 1099 FTE sick days

COVID accounts for 4.3% of all absence for quarter 2 2023/24 (six months data), compared to 17.7% for the same period last year.

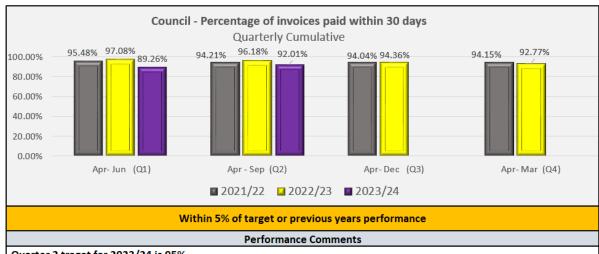

17.

rtarget / Acmeved direction of trave

Performance Comments Quarter 2 target for 2023/24 is to increase online payments where possible.

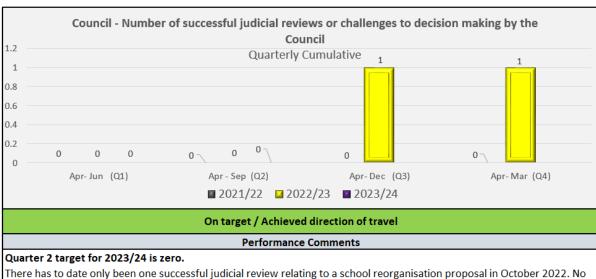

Online payments have increased by 5% when comparing quarters 1 and 2 for 2022/23 to those of 2023/24. There are a range of factors for this increase which include increased online council tax payments and increased purchases of green sack and bulk collection bookings.

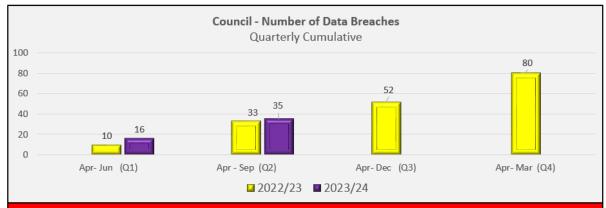

Quarter 2 traget for 2023/24 is 95%

For the 2nd quarter 1st April 2023 to 30th September 2023 the number of invocies received was 47,244 of which 43,507 were paid within 30 days. This is below the target of 95%, due to the introduction of consolidated payments from Social Services being posted directly in our financial information system (FIS), therefore a backlog of invoices were processed in the first quarter and part of the 2nd quarter reducing the target %..

19.

further challenges have been made.

5% or more below target or previous years performance

Performance Comments

The quarter 2 target is to reduce breaches.

There has been one data breach which has been considered by the Council's Data Breach Panel, which was subsequently notified to the Information Commissioner's Office and to date the Council awaits contact from them on their consideration of this referral. It related to a document from the Council's Council Tax section being issued to the wrong address which contained some sensitive data and in the interests of full transparency, even though the document was retrieved, it was felt appropriate for a referral to be made.

All other breaches have been considered low level in line with the Council's Data Protection Policy where information may have been sent to the wrong email address, but subsequently recovered or confirmed deleted. The breaches are of a low level which have involved incorrect email addresses or letters not reaching intended destinations. All officers who handle personal data undergo training in respect of data protection and are reminded on a regular basis of the importance of ensuring data protection is paramount in service delivery.

Data reported from 2022/23.
